On behalf of the entire Candy Meadow Farm Family, I would like to welcome each of you to the 28th Annual Cowman's Kind Bull and Female Sale.

Candy Meadow Farms is a multi-generational operation that has been in continuous forward motion for over 70 years. We are grateful for everyone who has been a part of our journey and we are thankful to all the people we have been able to do business with and build friendships with.

For decades we have maintained a strong desire to be the best that we can be in all areas that we touch, as people, as cattlemen, as representatives and as friends. We do not want to give our reputation the need for second chances, so we aim to do the right things every time, and that's how we aim to do business with you.

As for the cattle we're offering, it is our goal and desire that you would find them to your liking. It's our life, we do not row crop, or have any thing else to take away from our focus on the cattle. We hit the floor every morning starting the day after this sale to make a constant evaluation of what we can do to improve on each sale offering. We try to make them problem free, build the best EPD profile and individual performance into each animal. We want that animal to be docile and have the ability to thrive in any environment that's thrown at them.

Your attendance means everything to us, come early, look the cattle over and have lunch with us. If you have any questions that we can help you with do not hesitate to ask. Thank you so much for being a part of our story.

Sincerely,

Rob Helms

The Cowman's Kind XXVIII

A Note About Our Pictures: We pictured our bulls in late October to take advantage of better weather. Our bulls have matured since they were pictured as yearlings, and we hope you can join us on sale day to see how they've grown.

Sale Location: Candy Meadow Farms, Lexington, Tn. Follow Hwy. 412 East approximately 2 miles from the city limits of Lexington, then 5 miles South. (sale signs will be posted). GPS Address: 565 Candy Meadow Farm Rd., Lexington, TN 38351.

Accommodations: Days Inn, Lexington, Tn 731-968-1997
Hampton Inn 731-602-1997

Trucking: Free delivery up to 200 miles on purchases of \$7,500 or more.

Fertility: All bulls selling have been fertility tested and will be accompanied by proper health certificates.

Herd Health: Candy Meadow Farms is a certified and accredited herd. All cattle selling will be accompanied by proper health papers for interstate shipment. Bulls have been vaccinated for 7 way blackleg, IBR, BVD, PI3, BRSV, 5 way Lepto, Vibrio, and have been wormed with Cydectin.

Terms and Conditions: The cattle sell under the suggested Terms and Conditions of their respective Breed Association. Settlement must be made day of sale.

Insurance: Insurance for your purchases will be available at the clerk's desk through James F. Bessler, Inc.

Lunch: A complimentary lunch will be served.

Liability: All persons attending this sale do so at their own risk. Neither Candy Meadow nor any of their employees will be responsible for any accidents that occur.

The Latest Performance Data: Current EPDs, as of February 1, 2025, are included with each lot. Actual birth weights and adjusted 205 day weights are also included.

Practical Bull Development: At Candy Meadow we pride ourselves in producing professional bulls. Among other things this has to do with how the bulls are developed. We feed a high roughage ration in huge runs that insure the longevity, structural soundness, and fertility of our bulls.

Some of our seedstock development strategies:

1. We run our seedstock under the same conditions as any top commercial producer would. Result: Our cow production records are honest and reflect their true genetic potential.
2. The only calves that receive creep feed are on first calf heifers. Result: Production and Performance records are more meaningful for both us and customers.
3. We feed a high roughage ration designed for 3 pounds per head daily gain. Result: Bulls do not get over fat and maintain their body condition better when turned out and are ideally suited for grass consumption.

"Order Your Choices Sight Unseen": If you can't attend the sale and you want to buy, call Rob Helms (731) 571-8213 or Mark Sims (580) 595-0901 and let us select your genetics, or bid online through LiveAuctions! Call us preferably at least a week before the sale. Describe the type of bull(s) or female(s) that you would like and your budget range.

We will bid on and purchase the best animal possible to fit your needs.

You pay only the bid price, just as if you were bidding yourself.

We will call you after the sale, and then you mail a check.

All sight unseen sales are made with a satisfaction guarantee.

Semen Interest: Candy Meadow Farm will retain a 1/3 semen interest in every bull selling. CMF reserves the right to collect semen at CMF's cost and at the buyers' convenience. CMF retains 1/3 of the semen revenue rights for each bull. The buyer owns 100% possession and 100% salvage value.

HOW TO PARTICIPATE ON

LiveAuctions.TV

1

CREATE AN ACCOUNT

Click "Register to Bid" on the top right corner of LiveAuctions.tv. Fill out the required information to bid online. Agree to the terms of service and finish with the "register" button.

2

REGISTER FOR A BUYER NUMBER

From the home page or the "all auctions" page, choose the sale you're interested in. Once selected, click the "request a buyer number" button. Verify your email address with the email verification link. To verify your mobile number, click "send token". Follow the steps to authorize your mobile device and click "submit".

3

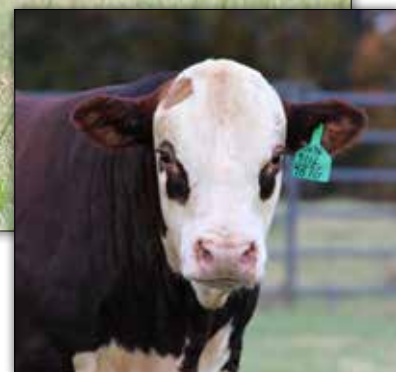

BID SUCCESSFULLY

You will only have to complete the two-step verification process one time. After that, you will be able to immediately request a buyer number on any auction without verification. If you're a winning bidder, your lots will appear in your cart on the bottom of your screen. You will be contacted by the ranch or sale manager for your payment and shipping plans.

IF YOU NEED HELP REGISTERING TO BID

- Homozygous Polled
- A topflight Gold Rush son who has been special since day one. His powerful dam is one of the most impressive Hereford cows in the history of Candy Meadow Farm. Legacy's EPD profile is elite. Double-digit Calving Ease EPD with a low birthweight indicated he's safe for heifers as well as mature cows. He ranks high for Mature Cow Weight EPD, Carcass Weight EPD, Marbling EPD and \$CHB. Legacy is unique, his ratios and rankings within the breed are noteworthy, and he's red to the ground, heavily pigmented hide bearing a striking resemblance to his sire Gold Rush.

- Homozygous Polled
- Levi would rank as one of the elite Hitching Post sons born at Candy Meadow Farm. His dam is a beautiful uddered, powerful Endure daughter whose dam is the top producing Dam of Distinction, 97B. Levi ranks high for some very important traits including Scrotal EPD, Sustained Cow Fertility EPD, Carcass Weight EPD, Ribeye EPD, \$BMI and \$BII. His maternal granddam produced a top Gold Rush son who sold in our 2023 sale to Lamberts in California. He's balanced in the flesh, as well as on paper. Levi is dark red, pigmented, with a herd bull look.

- Homozygous Polled
- A unique, big time herd sire prospect sired by Gold Rush.
- His royal dam is a direct daughter of the undisputed carcass king Tested X651 with his granddam X338 also being the dam of Encore Z311. At 12-years-old Encore is still in the top 1% of the breed for Marbling at 0.76 and top 1 % for \$CHB at 215. Landry himself ranks high for Carcass Weight EPD, Ribeye EPD, Marbling EPD, \$BMI, \$BII, and \$CHB which moves him easily into the rare 200 plus ranks.

- Homozygous Polled, 100% eye pigment, dark red.
- Gold Rush was the standout of his calf crop and became a roster member at Select Sires. He dominated the most recent Hereford National Reference Sire Program at Olson Ranch. His sons are performance bulls and his daughters will be his legacy as the udder quality and fleshing ability are prevalent and his sustained cow fertility ranking is in the top 1% of the breed.

- Homozygous Polled
- Another top end high performing Gold Rush son. His stellar dam compiled the following record within the CMF cow herd: 8 at 100.8 for weaning, 7 at 102 for yearling, and 7 at 101 for marbling, retiring at the end of her career in good rig with a quality udder. 885L is a little bigger outlined bull that is conservatively marked and has good eye pigment.

- Homozygous Polled
- Legend is a masculine, powerfully constructed son of the ABS Global member, Trademark. Legends dam has been the matriarch for the last several years compiling the following record: 6 at 108.7 at weaning, 6 at 106.7 at yearling, 9 at 104.2 for ribeye a d 9 at 103.1 for marbling. She has placed sons in purebred herds across the country including Ernst Herefords in Colorado, Olson Herefords in North Dakota, Triple L Ranch in Tennessee, Steinbeck Farms in Missouri, Ridenhour Hereford Ranch in Arkansas, Clifford Farms in Kentucky. She has been flushed numerous times and still maintained her Dam of Distinction honors. Her sons by Merit and Gunsmoke will headline the 2026 CMF Bull Sale. Legend ratioed 112 for weaning, 101 for yearling, and 106 for ribeye. He is dark red and red to the ground, with excellent pigmentation. He's as sure a bet for a herd bull as we've produced.

- Homozygous Polled

- Lennox is an interesting son of the 18-way trait leader F597. His dam stems from the coveted Ann cow family and is a bog, powerful, good uddered Endure that is a 6th generation descendant. 897L ranks high for CE EPD, WW EPD, YW EPD, MCE EPD, CW EPD, RE EPD and \$CHB. His double-digit CE EPD and low BW EPD make him an excellent candidate for heifers as well as cows. Balanced on paper and in the flesh.

- Say When is special and one of the first On Demand's to sell. On Demand came on the scene in the spring 2023 sale season with much excitement, selling to Genex and Hoffman. Just as important, Say When's dam is a 6th generation production-oriented female in the CMF cow herd. Her pedigree is stacked with smooth heat tolerant hair coats, beautiful udders, and the ability and capacity to thrive in a forage-based environment. Say When has the genetic makeup, phenotype and pigment to be an impact herd sire.

The lead-off bull in the Angus division is a son of the \$185,000 ST Genetics member Connealy Commerce. His dam is a rising star in the CMF program, and she just made Pathfinder with an average progeny birth ratio of 4@94, weaning ratio of 4@104 and IMF ratio of 4@116. 358L is a smooth made, deep sided bull that has the looks of a big-time herd sire prospect. In this sale, he ranks as the number 1 bull for Calving Ease Direct EPD, Marbling EPD and \$Grid. He also scanned the highest %IMF.

- The Tahoe sons have been some of the most sought after Angus bulls in our recent sales. Tahoe sired our top bull in 2023 and 2024 and we think 347L has the potential to follow in the footsteps of his paternal brothers. He's long-sided and smooth made. Good choice for use on heifers and cows.

- Tahoe is an all-purpose sire who we have utilized for a number of years now with tremendous success because of his multi-trait excellence, and consistency. He has delivered calving ease, growth, and end-product merit while being known best for his productive daughters with excellent udder quality and adaptiveness to heat and humidity. Tahoe sons and daughters have been problem free, along with easy keeping with longevity.

- An eye-catching two-year-old daughter of the ST Genetics feature, Houston. Her dam was a feature female in our 2024 sale and was admired by many for her body mass, fleshing ability and udder quality. She sells with a heifer calf at side by Kaiser, who was the \$13,000 top selling bull in our sale last year and member of the Final Print x 297D flush that averaged almost \$12,000.
