- Evaluate her calf first, then recognize her as a true producer. She has a perfect udder with small teats. Not many "trask cattle" with this type of pedigree, true grass type. Her heifer calf is reason enough to buy them. Sells with a heifer calf at side.
- Consigned by Fowken Farm, Jonesville, SC  
 Norris 864-219-0182, Rogers 864-426-3281, Greg 864-426-7337

- This female is truly a functional cow in all ways. Sound feet, good struture, good udder and teats, along with pigment on both eyes. Bred for performance and fleshing ability. A combination that really works for southern cattle. Herd bull prospect on her side.
- Consigned by Fowken Farm, Jonesville, SC

- Cow/Calf Pair, Three in one: Bull Hill Tammie 2337, Reg. #4795734: Here's a fancy three-year-old with tremendous earning potential ahead of her. She ranks in the top twenty percent of the breed for weaning and yearling growth, and top 30 percent for milk, marbling and ribeye. She's backed up by a 106 MPPA dam, as well as sound udder and foot design. Her heifer calf at side, Bull Hill Tammie 5535, born 1/12/26, BW: 82 lb., is sired by Feddes Resolve C31 3225, Reg. #4787642, a phenomenal young outcross son of Feddes Blockana Y63-C31, the all-time highest value donor in the Feddes program.
- Bred AI to Feddes Amsterdam 3212, Reg. #4787662, on 2/26/26. Study your lesson and seize the opportunity.
- Consigned by Bull Hill Farm, Gray Court, SC

- Pregnant Registered Recipient, Bull Hill Susie 9065, Reg. #1364784, compiled a 108 MPPA and 109 WW Ratio on twelve natural calves, in addition to being a prolific ET donor in our program. 9065, along with her dam, and many half-sisters, have created quite a solid reputation in herds across the Southeast. Combining her powerful brood cow phenotype and performance with the genetic potential of Brown PRA Patriot G6291, Reg. #4141830, who ranks in the top 1% for ProS and Herdbuilder indexes and top 7% for Gridmaster index, should yield exciting results! Recipient female is a five-year-old registered Red Angus, Reg. #4447927, due on 11/14/26. Calf's projected EPDs and Indexes: 113 ProS, 86 HB, 27 GM, 9 CED, .8 BW, 73 WW, 116 YW, 40 Milk, 4 ME, 21 STAY, .2 MARB, 24 CW, .38 REA.

- A female you'll want to study, L636 is an impressive first-calf heifer backed by performance. She ranks in the top 11% of the Red Angus breed for growth traits and in the top 1% for Heifer Pregnancy, combining pounds and fertility in one package. As a daughter of Alamo, she offers the kind of genetic balance that adds value across the board.
- She sells with a bull calf at side sired by Pie Cadillac 3289, born 1/21/26.
- Pasture exposed to CBOY Laken J55 from ??/26 to ??/26.

- A female that commands attention, J520 is a daughter of Franchise that has proven her value in production. Last year she raised a bull calf that posted an impressive 757 lb. adjusted 205-day weight. Built on a foundation of sound feet and an excellent udder, she combines phenotype and performance with a 103 MPPA. A dependable, high-quality female you'll want working in your herd.
- Pasture exposed to Andras Lincoln K016 from 1/3/26 to 3/7/26.
- Lot 16A: N877, Here's a unique opportunity to get in early on proven genetics. N877 is the first daughter of the widely popular Feddes Resolve 3225 to be offered, making her a standout from the start. With pedigree strength and eye appeal, she represents a chance to add something special to your program.

- Whether you're building a program or strengthening an established herd, G385 deserves serious consideration. She combines performance and phenotype with structural soundness, highlighted by excellent feet and a picture-perfect udder. Ranking in the top 11% of the Red Angus breed for HerdBuilder, she has proven her value at CBOY Red Angus with multiple daughters working in production.
- At side is a standout daughter of Pie Cadillac that reflects the strength and consistency of this female.
- Bred AI to Mushrush Top Secret M126 on 12/24/25, then pasture exposed to Andras Lincoln K016 from 1/3/26 to 3/7/26.
- Lot 17A: N829, Here's a high-quality daughter of Pie Cadillac with the kind of power and performance breeder's demand. Backed by strength on both sides of her pedigree, she combines that genetic potential with an eye-catching, competitive phenotype. A female with the look and lineage to make an impact.

- Looking for a female that can move an operation forward? This Domain daughter combines performance and phenotype in a proven package. G396 records a 102 MPPA, with two daughters working in the Country Boy Red Angus herd and a herd bull prospect slated to sell this fall. Females like this don't come around often.
- Bred AI to Mushrush Top Secret M126 on 12/23/25, then pasture exposed to Andras Lincoln K016 from 1/3/26 to 3/7/26.
- **Lot 18A:** N396, Here's an exciting young bull with a lot of upside. N396 will be the first registered son of Andras Lincoln K016 ever offered, and he represents that opportunity well. Backed by a strong cow family and a promising young sire, he has the kind of pedigree and presence to add value to any program

- Our donor dam, Damar Oh Baby 2R B064, needs no introduction. She has played a pivotal role in our story — from hanging banners to becoming a cornerstone of our breeding program and one of our most profitable donors. We felt combining her with the power and genetic strength of Mann Pinnacle 712 was a move worth making. We're excited about the potential this mating holds. Now let PR3S Oh Baby M368 help write the next chapter of your program's story.
- Breeding information available sale day. Videos can be found on Presnell Red Angus Facebook page.

*Proud Supporters of*  
**South Carolina  
 Hereford Cattlemen**

Great beef begins with hardworking ranchers and strong agricultural traditions.

The Goodwin Group Holdings family of Save A Lot stores is proud to partner with the farm families who raise Hereford cattle across South Carolina. Your dedication helps bring high-quality beef from local pastures to the communities we serve.

We proudly recognize the South Carolina Hereford Association and extend our sincere thanks to the cattlemen whose commitment keeps this tradition strong.

- Pretty marked and thick with plenty of eye pigment. This heifer has good balanced EPDs and her dam is a Long Range 242G daughter from the FPH program.
- She has never been exposed and sells open ready to breed.

• A daughter of our exciting young donor, L1G/Kip Ms Revolus 'Star' K114 is stamped with her dam's look, design, and structural integrity. We invested \$30,000 in Star, and she delivered — successfully campaigned by the Goecke family, earning banners across the country, highlighted by her Bred and Owned Champion title at the Junior Red Angus Nationals. Sired by EGL GCC Red Eagle E7194, this mating stacks power, presence and proven genetics. Big league potential here — don't miss it. A maternal sister sold privately this fall for \$8,500. Videos can be found on Presnell Red Angus Facebook page.

• The H/H Moonbeam 2150 x Mann Red Box 55C daughters were in high demand this year and for good reason. They caught the eye of every visitor who walked through. Attractive, sound-structured and good-tempered. They offer all the essentials of a top-tier replacement heifer. Here's your chance to own the last flush mate. She may be a little greener today, but she carries the same quality and genetic punch as her sisters. A worthwhile investment with a bright future ahead. Two full sisters sold privately for \$4,500 this fall. Videos can be found on Presnell Red Angus Facebook page.

• The youngest heifer in the lineup, but certainly not the least. We love the style and pizzazz Duff Rizz 22271 consistently stamps into his calves, and this one is no exception. She comes from serious earning power — a full sister to her grandam and great-grandam, both of whom commanded north of \$20,000 at the Cloud 9 Dispersal. Elegant through her front third, long-bodied, and bold-ribbed, she ties together look and lineage in a big way. Don't overlook, her upside is tremendous. Videos can be found on Presnell Red Angus Facebook page.

## 46 PICK OF 2025 OPEN HEIFERS

- This year we will again be offering pick of the herd in the CBOY Red Angus fall heifer crop consisting of 100+ plus head of Red Angus females. All heifers are born between September 1, 2025, to November 31, 2025. These heifers will be sired by bulls such as Pie Cadillac, Feddes Eastwood, CBOY Laken, WSM Playmaker, PIE Captain, Feddes Amsterdam, C-Bar Red Barron, Berwald Confident Propulsion, Feddes Silver Bow, 5L Foreman, HXC Grindstone, RREDS MR Rushmore, Andras Linclon, Feddes Resolve and more! Whether you're an established Red Angus producer or someone just starting an operation there is a heifer that will surely fit any operation. Heifers will be weaned and vaccinated before pickup ensuring the smoothest transition possible. Heifers will be available for pickup June 1, 2026.

  - Very calm and gentle and comes from a line of great maternal attributes. Sired by SB All About Jazz (P44272210) This will make a great replacement heifer for your herd.
  - Consigned by Young Cattle Co., Hodges, SC  
Mike and Catie Young, youngcattlecosc@gmail.com

# 2026 South Carolina Hereford Association Hall of Fame and Sale Dedication

Donnie King and Rickey King never made a conscious decision to become involved with Hereford cattle – they were born into it. Their Dad, John L. King, Jr., purchased his first Herefords in 1946, which was 9 years before Donnie, the oldest brother, was born. The brothers agree that their Dad never asked them what they wanted to do when it came to farm work. His approach was “this is what we are doing and this is when we are doing it.” While the farm and the cattle have never been the primary vocation for any of the King family – it has always been the glue that held the family together and kept them close and working toward a common goal. It was a great way to grow up – having direction and purpose. Donnie and Rickey will both be quick to tell you that the lessons they learned growing up on a small Hereford farm in southern Greenville county has served them well both in their work and their family life.

Like many other young people who lived on farms across this country the King boys got involved in 4-H and started showing cattle around 1968. At this time Rickey was only 8 years old while 4-H age started at 9. (We had some great County Agents then who helped the King family a great deal.) Both Donnie and Rickey had successful years showing cattle at local shows – primarily at the Greenville, Spartanburg and Upper State Fairs. Their show string started with two heifers and over the years grew to six. Both won two trips to Chicago to attend the International Livestock Show and Rodeo. This was a huge deal for two boys whose yearly vacations consisted of one or two nights in Cherokee or Maggie Valley. Also, during the late 1960’s and early 70’s changes were taking place on the King family farm. Their Mother (Sybil) gave up her chickens – both Donnie and Rickey counted this a blessing. Their Dad also made a change by transitioning the cow herd from horned Herefords to polled. This was not an easy move, but one that the entire family felt should be made.

In 1973, Donnie graduated from high school and that fall attended Anderson Junior College. From there he went to Clemson and graduated in 1977 with a BS degree in Animal Science. While at Clemson, Donnie participated in the Block and Bridle Club and in the spring of 1976 he won the Cattle Showmanship at the Little International. This event was held at the old “Brick Barn” and the judge that day was a Clemson legend – Professor Red Richie. Donnie followed this up by winning the Swine Showmanship in 1977 and still has the trophy to prove it.

After graduation Donnie began his work career as an Assistant County Agent in Kershaw county. He stayed in Kershaw county for 3 1/2 years and then had the chance to attend graduate school while working with the State 4-H Staff at Clemson – a great opportunity. Donnie graduated with a Masters of Agricultural Education degree in 1984, but continued to work on the 4-H staff at Clemson. A major part of his responsibilities was to assist the Extension Animal Science specialists in conducting educational programs and competitive events for 4-H youth in horse, dairy, swine, poultry and beef. He enjoyed this aspect of his job very much.

In 1987, Donnie took a leave of absence from Clemson and he and his wife Pam moved to Columbus, Ohio where Donnie attended graduate school at Ohio State University. He graduated in 1990 with a PhD in Extension Education. Donnie returned to Clemson in 1990 and continued working with the 4-H program until 2000. The final 10 years of his career was spent as a professor in Agricultural Education where he provided leadership to the Adult/Extension Education component of the program.

During his entire work career, Donnie remained actively involved with King’s Hereford. He and Pam for many years would load up every Friday and make the trip home so he could be there all weekend to help his Dad and Rickey with farm work. Donnie and Pam moved back to the farm in 2005 having remodeled Donnie’s grandparent’s home. This allowed Donnie to take on more farm duties especially with is Dad slowing down due to age. Since retiring in 2010, Donnie has remained active with farm work and has taken on more duties at church just completing a 3 year term as a Trustee.

With Rickey’s retirement in 2020 the brothers were making good progress on some needed improvements around the farm. This, however, has slowed considerable due to Rickey’s health issues. Pam has helped to pick up some of the slack and has become very good help at weighing and tagging calves. She would, however, be willing to give this job up to any able bodied individual.

Following high school Rickey received his education from the two prominent technical colleges in our area. He has an Associate of Science degree in Industrial Electricity/Electronics from Greenville Technical College and an Associate of Science degree in Animal Science from Tri-County Technical College. He also attended the American Breeder’s Service program to become a certified “AI” technician. He gave his name to local County Agents to promote his “AI” services after he completed the program. He was in business. His first “AI” client didn’t have a head gate. He said his cow was “tame” and didn’t need one. Rickey soon found out that a head gate was essential! After this episode of chasing a cow around a tree he asked all new “AI” clients, “Do you have a head gate?” Rickey quickly decided he did not want to turn his “AI” business into a one man rodeo! He found that many people did not have head gates so he soon limited his “AI” work to the family cows.

Rickey’s son, John Wiley, named after his two grandfathers, was born in 1992. Rickey and John share the same birthday and a keen interest in shooting sports. John had great success in skeet shooting, winning state and regional titles. Rickey and John traveled around the county for John to skeet shoot in many competitions. At age 15, John won a Bronze medal (in doubles) at the Junior World Skeet Shoot in San Antonio, Texas and later was named a Junior All-American. During this time, he was approached about collegiate scholarships in skeet shooting. His major role on the farm now is checking cows when Donnie and Pam are away on vacation.

Rickey worked for Duke Energy as an engineer and retired in 2020 after 33 years of service. During the latter part of his career he worked through colon cancer, chemotherapy, radiation, and multiple surgeries. He was cancer free for 14 years. In May 2024, during an ER visit for stomach pain, something was found in his hip area. In October 2024, he had surgery to remove cancer from his hip/pelvic bone, which doctors said was caused by the radiation treatments he received previously. Rickey had surgery to replace the pelvic bone with mesh. Since his surgery, he has been busy trying to rebuild his strength and flexibility. He is working on getting stronger and will hopefully walk with only the use of a cane soon. So far, he is cancer free again.

The King brothers are very much appreciative of being recognized by the SC Hereford Association. For them, being selected to the SC Hereford Hall of Fame and the Sale Dedication is a great honor. They are proud to be following in the footsteps of their Dad who was a member of the initial Hall of Fame class in 2013. According to both Donnie and Rickey “the recognition is great but the friendships we have developed and the memories we have made by being involved with SCHA far outweigh any recognition we could receive.”
