UDY Cattle Company Bull Sale

HEREFORDS, RED ANGUS AND BLACK ANGUS

ROCKLAND, IDAHO

MARCH 11, 2026

LUNCH AT 12 NOON

SALE AT 1 P.M. • ROCKLAND, IDAHO

Location: Sale will be held at our sale barn at the ranch, located 9 miles south of Rockland, Idaho on the west side of Highway 37.

Auctioneer: Butch Booker, Colfax, Wash. 509-989-2855

Special Representatives

Emilee Holt, American Hereford Association 208-965-3130

Landon Andrews, American Angus Association 801-592-7279

Jake Pickering, *Western Ag Reporter* 530-415-5484

Jared Patterson, *Western Livestock Journal* 208-312-2386

Logan Ipsen, *Western Livestock Journal* 916-947-2392

Mark Frisbie, Frisbie Livestock 208-890-4517

Rod Wesselman, Wesselman Livestock 509-750-2185

Terms and Conditions

Terms: The terms of the sale are cash or approved check. Each animal will be sold to the highest bidder and ownership will change when the animal is sold. The auctioneer will settle any disputes as to bids and his decision as to the outcome of each sale will be final.

Interest: Selling one-half interest and full possession in all the bulls. Buyer retains all salvage value.

Guarantee: All Animals are guaranteed breeders. If a problem should occur and an adjustment is required, it will be made with a replacement animal of equal value or credit towards another animal in our next sale. No adjustments will be made after (9) months. All injuries must be diagnosed by a veterinarian.

Volume Discount: Any single buyer purchasing 5 bulls or more will receive a 5% discount. Discounts will not be given on females.

Health: Health certificates will be issued for shipment of cattle anywhere in the United States.

Liability: Everyone attending the sale does so at their own responsibility and without liability, legal or otherwise, on the part of Udy Cattle Company or their employees.

Loading: No cattle will be loaded until after the sale is completely over. We will be glad to assist after this time.

Delivery: Free delivery on bulls only up to a 300-mile radius, as soon as possible after the sale. For distances beyond 300 miles, we will assist in arranging transportation for the animals. \$50 per head credit if you haul, bulls only.

Air Travel: Commuter airlines fly daily into the Pocatello Municipal Airport. American Falls has a paved and lighted strip for private planes.

Overnight Accommodations: American Falls, located 25 miles to the north, has good motels. Pocatello is located 50 miles northeast of the ranch or Malad is located 50 miles southeast of the ranch. Both have excellent accommodations.

For information and reservations

James 208-221-1909 • jamesudy@hotmail.com

Dear Friends and Neighbors,

We welcome you to our 47th annual bull and female sale. Our family has been blessed to be able to do what we love for so many years. We appreciate YOU for making this possible. The friendships are foremost. The phone calls, the visits, the relationships bring so much joy to our family.

It's a privilege to be in the beef business at this time. Protein is at the top of the food chain for nutrition. There is nothing fake about real beef.

Genetics today are, and should be, the number one priority in every cow herd. Udy Cattle Co. is striving every day to improve our genetics through extensive artificial insemination. We AI approximately 400 head each year, using the best bulls that we feel are available.

We are offering 140 bulls and 50 yearling open females this year. Hereford, Black Angus, Red Angus and some F1 bulls and females.

We hope you will join us on Wednesday, March 11th in the beautiful Rockland Valley.

A special thanks to our crew who make this annual event possible: Michael and Aspen, Blaine and Debbie, Jim, Justin, Easton, Justus and Cooper.

Thanks again,

George and Shirley

James and Larissa

HETEROSIS PAYS

Economic and production benefits associated with heterosis are documented by decades of industrywide research in commercial crossbreeding systems.

DIRECT HETEROSIS

Increased performance of the crossbred calf relative to the average of the straightbred parental breeds.

- +1.9% Survival to weaning
- +3.9% Weaning weight
- +2.6% Post weaning gain
- +3.8% Yearling weight
- +2.2% Feed conversion

MATERNAL HETEROSIS

Increased performance of the crossbred cow relative to the average of straightbred females of the parental breeds.

- +3.7% Calving rate
- +3.8% Weaning weight
- +38.0% Longevity
- +17.0% Number of calves
- +25.3% Cumulative weaning weight

Primary crossbreeding advantages are improvement of lowly heritable traits, such as those associated with reproduction, which are difficult to impact through direct selection pressure. Small, net-positive effects in multiple traits affecting commercial cow-calf profitability — pregnancy rate, calf livability, calf health, etc. — yield significant returns that are difficult to measure. Crossbreeding value is most visible in the increased number of calves (lifetime), cow longevity and cumulative weaning weight (lifetime).

HEREFORD HETEROSIS PAYS MORE

Hereford genetics offer more crossbreeding power because they are the least related to other *Bos Taurus* breeds, as documented by the U.S. Meat Animal Research Center (USMARC) 2000 Bull Project. Plus, Hereford's unique, inherent genetic advantages compared to other breeds offer added breed complementarity, especially when crossed with Angus. Hereford advantages include: docility, fertility, feed efficiency in the pasture and feedlot, longevity, and production efficiency.

HEREFORD-SIRED BLACK BALDY FEMALE ADVANTAGES:

- 7% higher pregnancy rate
- More calves weaned per cow exposed

- \$51 more per cow per year in net present value (2009 calculation)
- 3.5% more average rate of return on assets
- 2 pounds less pasture forage per day while maintaining more body condition¹

Black baldy cows require 1 acre less of moderate-quality forage per year compared to straightbred black Angus peers, according to Oklahoma State University research.¹

HEREFORD-SIRED BLACK BALDY STEER ADVANTAGES:

- Heavier weaning weights
- Increased feed efficiency
- Lower cost of gain
- Lower feedlot breakeven
- \$28 per head less feed cost across finishing period

Based on feed efficiency alone — breed differences documented by the USMARC — Hereford has a \$51 per head advantage over the finishing period, when compared to Angus.² Hereford's economic advantage increases as feed costs rise.

¹On average, Oklahoma State University researchers measured about 2 pounds per day less moderate-quality forage (Oklahoma pasture) intake in the black baldy cows. On an annual basis the black baldy cows would be expected to consume about 725 pounds less forage.

²Calculation based on breed differences for feed efficiency documented by the U.S. Meat Animal Research Center, using current feed costs (Oct. 2022).

NOTES

LiveAuctions.TV – Internet Bidding

Real-time bidding is available via the Internet for this sale. Live audio and live video will allow buyers to bid on animals just as if they were present at the sale. Buyer account must be created prior to the sale. Please visit www.liveauctions.tv to create an account and request a buyer number.
