## Welcome friends to sale number 8.

As I write this, we've just come through calving during January and February. We've dealt with about everything mother nature could throw our way! We survived pretty well, and I love to see all those little calves running and playing when we unroll hay in the pastures. We are fortunate to be in the cattle business.

It is an exciting time in the industry. With inventories low, demand remains strong and prices are at or near record highs. It is certainly time to move out under producing cows and replace them with quality females to continue to support this strong market. You can search all over, but I don't think you will find a much better offering than what our friends have brought to this sale. Surely, our best ever.

We appreciate your interest in our cattle and your support of our sale. If you need more information or have any questions, please give us a call.

*Ben Clifford*

### Terms and Conditions:

**PURCHASE:** Each animal will be at the purchaser's risk as soon as sold and can be moved after settlement has been made.

- This cow's lineage runs deep as one of the building blocks of K3 Cattle.
- Her great-grandams both have proven genetics on the top and bottom side.
- U3 was the second Hereford I bought and has several daughters still in production for us. In addition to producing many daughters who are still in production, 142 also produced a herd bull that is a cornerstone for us.
- We believe she will carry on the family tradition of producing quality, herd building cattle.

- We are excited to introduce Nation to our herd bull line-up!
- Nation is a bull we have raised and shown with great success. He's big, stout, rugged, big-middled, big-hipped, and packs a lot of muscle. Smooth as a cat on the move and is sure to pass on beautiful udders to his daughters, just like his mother's.
- His dam – Walker Belle 332 526C 882F – who we purchased from Walker Herefords, Tennessee, has produced the calf that makes it to the top each year.
- His sire – Churchill BR 5J Nationwide 179 – has sired many great calves that garner the attention of cattlemen from near and far.
- All our bred heifers and pairs in the sale have been pasture exposed to Nation and based on his calves we have on the ground so far, you sure won't be disappointed.
- Homozygous Polled
- Act. BW 75 lbs.; Act. WW 852 lbs.
