FANTASTIC FEMALE SALE

Welcome back to our 2nd Annual 7 Oaks & Friends Fantastic Female Sale. As we continue to rebuild our program we are pleased with the results. Our offering this year is an example of the direction we are heading.

I have always believed in the power of cow families. Whether it's by breeding from power cows or using bulls out of power cows. As you study the catalog, study the cow families represented. I believe you will find many proven, can't miss females that will add power and value to your herd.

On behalf of my family, the Davidson family and our friends we hope you will join us Saturday evening August 16th to view the offering and enjoy a great BBQ dinner down by the lake with live entertainment. Then Sunday August 17th for the 2nd Annual 7 Oaks & Friends Fantastic Female Sale.

available at the clerk's desk.

SCHEDULE OF EVENTS

AUGUST 16

BBQ & live music by the lake, 6:30 PM EST

AUGUST 17

Lunch, 11:30 AM EST

Fantastic Female Sale, 1:00 PM EST

SALE TERMS

All cattle will sell under the standard terms and conditions as recommended by the American Hereford Association. A sale order and supplement sheet with up-to-date information will be available sale day. All announcements made from the block take precedence over printed material in the sale book. The right to one successful flush is retained on all females selling.

HEALTH

The health of the cattle selling is excellent. Each animal will be accompanied by an individual health certificate for immediate interstate shipment.

LIABILITY

All persons who attend the sale do so at their own risk. Neither the owners nor any other persons connected with the sale assume liability, legal or otherwise for accidents or loss of property.

- 12L is a standout female that has always turned heads when touring pastures in Senoia. She's the kind that commands attention — balanced, eye-catching, and built with all the extras. Donor kind!
- Flawless in her phenotype, this female is as functional as she is striking — long-bodied with a deep sweep to her rib, stands on a big foot and hind leg, and is ready to make a major impact.
- A direct daughter of NJW 139C 10W Lexy 10F ET, one of the cornerstone donors in the program. Lexy 10F's progeny sales topped \$70,000 in 2024 alone, and 12L might be the most complete one yet.
- Retaining the right to 1 future flush at the buyers convenience and seller's expense.
- P.E. 12/8/2024 to 2/8/2025 to SHF Edward J359 L213.
- Checked Safe 8 Months.

- 112M is a standout female that brings extras in terms of length of body, rib shape, and striking phenotype.
- Super functional and structurally sound — she's built right from the ground up with balance and eye appeal.
- Another impressive daughter of our leading donor, Lexy 10F, whose influence continues to elevate our program.
- The kind of female that turns heads in person and is sure to be on many short lists come sale day.
- Maternal Sib to Lot 1, 3A and 3B
- Sells Open.

7233 needs no introduction to the Hereford breed — she's made a lasting impact in every herd she's entered. This big, stout daughter of 4013 is one of the most fertile cows we've ever had the opportunity to own. She's a true embryo-producing machine, and that's the only reason she's being offered — we simply can't keep up with how productive she is.

We have multiple progeny due out of her this fall and into the spring. 7233 has already made her mark, with daughters working in leading herds across the Southeast, including Blazer Farms, Walker Herefords, Dry Creek Farms, and Burns Farms. We're retaining her Spring 2025 heifer calf to keep her influence strong in our own program.

Sells Open. Ready to Flush.

Added Bonus: Sells with four frozen embryos, two sired by Loewen Sandhill L70 ET and two sired by RMB 8G 1904 Bullseye 188K ET. Stored at Transova, Georgia.

A special genetic opportunity from the famed Julia cow family, sired by the many-time champion and popular sire, Liberty 159H.

For several years, E195 has produced many lead-off females in the Partners In Progress Sale at CES / Predestined. Full sibs to the dam of Lot 7 have been past sale highlights going to Stonegate Farm, Vermillion Oaks Ranch, Colbert Polled Herefords, and K-One Cattle.

The freckles and maternal appeal of S14 quickly makes her a favorite of many visitors. We are proud to partner on her Arsenal son, Armory, with the 7 Oaks family. His first calf crop is very impressive and his service sells.

Terms announced sale day.

- High-level fall bred heifer that's just around the corner from entering production
- Sired by NJW Endorsement, combining elite maternal power with a smooth, angular look
- Built right from the ground up — balanced, correct, and loaded with brood cow potential
- A true asset in the making, bred to bring long-term value and high-quality replacement power to her new owners
- Homozygous Polled
- P.E. 12/8/2024 to 2/8/2025 to SHF Edward J359 L213.
- Checked Safe 7 Months.

This double red eyed female is phenomenal from the profile and built with all the structural integrity to last many seasons! 215's pedigree is nothing short of incredible! She is out of the famous 5139C that had left her mark in the Shaw program, and the highly popular Mandate 66589, who was purchased by ST Genetics for more than \$80,000. Some of the notable offspring out of 5139C is /STRM Fort Payne 44573 that sold for \$17,500 and a \$13,250 pick to Upstream Ranch in the Shaw bull sale. 5139C has over 155 registered offspring. There were 6 half siblings sold in Shaw's February sale that averaged \$6,500. A full brother to 215 sold in the MG/4M bull sale for \$5,250. 215 will truly be a great addition to any herd.

Confirmed bred to 4M MR Trusty Man 719T 192, calving end of September to October 2025.

A fundamentally good kind of female with a balanced genomic script. The 2012 Harvest sire group will go down as some of my favorite yearling cattle I have ever fed. They are wide chested, bold bodied cattle with the tremendous ability to convert low quality forage into pounds. 202's maternal lineage is stacked with powerful and productive mother cows, tracing back to JWR Lori 024T- a proven donor that excelled at the skill sets of grass efficiency and marbling. Dam posts 3WR@103. DOD Maternal Granddam posts 8 BR@95.6, 8 WR@104.3. Homozygous Polled.

P.E. 1/1/2025 to 3/1/2025 to ECR 9170 Endure.

Safe in calf.

Expected calving date 11/3/25.

This young Kelly female is coming with her second calf this fall and has a bright future. 241K is sired by one of the birthweight trait leaders in the industry and backed by the beautiful young female that belongs to our oldest son Ky. The dam of 241K is a moderate statured, big bodied, big footed female that has done well on fescue and stems from a highly phenotypic cow line. 241K ranks in the top 25% for BMI and top 30% for BII indices and is due in September to the promising young Jensen/Innisfail sire Confidence 609K.

AI 12/21/2024 to KJ IF Confidence 609K ET.

• From the moment we laid eyes on “Lynda” we knew she would be something special. Our main goal at All Hours Farms is to produce females that will have a competitive run in the showing then go out and make solid cows—Lynda does just that. There is very little about this female’s pedigree that screams show heifer, but she made one heck of a run landing several Top 5 finishes, many time Champion Hereford, and most notably Champion Cow/Calf Pair at the 2025 Southeastern Regional Hereford Show with her first calf at side. She is open ready to flush at your convenience.

• **Selling the right to one flush to the bull of buyer’s choice. Guarantee of 6 transferrable embryos. Buyer will receive all embryos in the Flush. L668 is Open and ready to flush one’s payment is made.**

This female is a true showstopper and one of the most uniquely impressive individuals in the entire offering. Sired by the popular Churchill Smokey, she commands attention from every angle with her wide-based stance and square hip, combined with elegant extension through her front third and well-defined muscle shape along her top. Her presence and balance make her the kind of female that stands out in the pasture and is destined to be a foundation piece that progressive breeders will want to build their programs around.
