*Three generations of family.
More than 75 years on the land.*

Back where it began—

Herefords

Welcome to Six Mile Creek Cattle Co.!

On behalf of our entire family, welcome to **The Exclusive—Volume 5** Female Sale. We sincerely appreciate your interest in our program and invite you to join us October 18 as we offer a group of females that represents years of planning, selection and commitment to the Hereford breed.

For us, this sale is about much more than selling cattle. It is another chapter in a family story that began more than 75 years ago. The Rubes family farm began on May 9, 1949, when my grandparents, Ed and Pearl Rubes, purchased the farm and began raising Hereford cattle. My father, Edward Rubes, took over the operation around 1978 and continued building upon what his parents had started.

As the third generation of the Rubes family to care for this land, I felt a strong desire to return to where our cattle story began—Herefords. What started with my grandparents has grown into a passion for building a Hereford program our family can be proud of.

Over the years, we have worked hard to assemble genetics and females that fit our vision: *Cattle that are functional, predictable, structurally sound and capable of performing where it matters most—in the pasture.* We want cattle with the kind of stoutness, maternal ability, longevity and soundness that allow them to go to work for commercial cattlemen and registered breeders alike. We believe good cattle still need to be practical cattle—the kind that can raise a calf, maintain themselves and contribute to a program year after year. We have been fortunate to purchase genetics from outstanding Hereford breeders along the way, and we are grateful to those who have helped us improve our herd.

Today, Six Mile Creek represents something especially meaningful to me. It connects the cattle my grandparents raised, the farm my father carried forward, and the opportunity our family now has to build something that can continue for generations. This offering represents cattle we believe in. We have tried to be thoughtful about the females we retain, the genetics we introduce and the cattle we offer for sale.

Our goal isn't simply to produce *more* cattle—it's to produce *better* cattle.

We are proud of this offering and even more proud of the family and friendships that have grown around this operation. The cattle business has introduced us to some tremendous people, and those relationships are one of the greatest rewards of raising Herefords.

Whether you are a longtime customer, fellow breeder, commercial cattleman, neighbor or are visiting Six Mile Creek for the first time, thank you. Your interest in our cattle and confidence in our program mean more to our family than we can adequately put into words.

We invite you to come spend the day with us, look through the cattle, visit with friends and enjoy some Oklahoma hospitality.

We look forward to welcoming you to Six Mile Creek Cattle Co. Sunday, October 18.

Mark Rubes

Six Mile Creek Cattle Co.

Dear Hereford Friends,

On behalf of the entire Curry Family, we would like to welcome you to **The Exclusive—Volume 5** hosted with Six Mile Creek. We are overwhelmed with our customers' support from the previous sales and by the many customer success stories from the females that went on to compete and produce at every level across the country.

Our family is honored and blessed to have spent 30 years in the Hereford business. Our experience and passion for the breed drive us to improve our herd's genetics year after year, using some of the best Hereford genetics in the country. We are committed to producing functional, high-quality cattle that can compete in the show ring and become productive females in the pasture. We also work to meet the needs of the commercial industry by offering stout, functional commercial bulls as well as elite bulls for registered breeders.

As a small family operation, we have been fortunate to raise national champion bulls and females. Ever since CH High Roller 756 ET gained national recognition, we've also been blessed to produce bulls such as CH Hired Gun 184 ET and CH Premier 233, which have been used successfully across the country. We believe these bulls represent the quality we strive for. The females in this offering are among the stoutest and deepest set we have ever offered, and we believe they can help build a lasting legacy for your program.

We all know the amount of time, effort, and dedication that goes into breeding and selling purebred cattle. We would like to thank everyone who has been involved in the preparation of this sale. We are grateful for the help and support.

The Curry Family would like to personally invite everyone out to The Exclusive in El Reno, OK on October 18th. We appreciate you taking the time to view the catalog and the interest we have received thus far!

ONLINE BIDDING **LiveAuctions.TV**

Live internet bidding will be available to registered bidders on the LiveAuctions.tv site. Be sure to register two days prior to the sale.

SALE TERMS & CONDITIONS

TERMS: Cash or good check. Cattle will be sold to the highest bidder. The auctioneer shall settle any disputes as to bids. All cattle are to be paid for by the purchaser during or immediately following The Exclusive and will not be released until after settlement has been made. Each animal will be at the purchaser's risk immediately after it is sold.

HEALTH: The health of the cattle selling is excellent. Each animal will be accompanied by an individual health certificate for immediate interstate shipment.

GUARANTEE: Each animal will sell under the American Hereford Association's Recommended Terms of Sale for Auctions (www.hereford.org).

BREEDING GUARANTEE: All animals are guaranteed to be breeders with the exception of (a) calves under 12 months of age at time of purchase; (b) any female that is placed in an embryo transplant program and subjected to super-ovulation; or (c) gross negligence on the part of the buyer. Females sold as safe in calf have been examined by a competent veterinarian or have been guaranteed safe in calf through a blood test. Open females are guaranteed to be without calf. Any agreement with respect to embryo transfer production shall be a separate agreement between buyer and seller.

EXPECTED PROGENY DIFFERENCES (EPDs): EPDs are updated weekly by the American Hereford Association. The EPDs included were from the 9/14/26 evaluation of the AHA. The most current EPDs can be viewed online at www.hereford.org. EPDs that are genomically enhanced are indicated by this symbol: 

LIVESTOCK INSURANCE: Insurance for your purchases will be available sale day.

ANNOUNCEMENTS: Announcements made sale day from the auction block will take precedence over statements in the catalog or other advertising. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

LIABILITY: All persons who attend the sale do so at their own risk. Neither the owners, the sale managers nor any other persons connected with the sale assume liability, legal or otherwise, for accidents or loss of property. As the sale manager, Layton Auction Services, LLC has no responsibilities other than those involved in conducting the sale.

Note on Lots 1-12 & 14-23

The sellers of these heifers will reserve the right to one successful flush at their expense and the buyer's convenience.

In the event that a heifer is later resold, the seller will still reserve the right to a successful flush.

Congratulations to our Customers!

Full sister to Lot 1

NCC RHEA 2058

Full sister to Lot 1

- Saylor 6016 is the complete package of elegance and power with a proven pedigree of champion show females. This CH High Roller daughter is beautifully refined through her front one-third with a smooth, angular shoulder design that blends seamlessly into a bold, expansive center portion. From there, she transitions into a big top and a square, stout hip design. She is supported with an excellent set of feet and legs with an ideal set and angle that allows her true flexibility and grace when you set her in motion. With her balance and eye appeal, structural integrity and power, this February heifer has all the correct tools to be highly competitive in the show ring and a true asset in production.
- Her donor dam, NCC Saylor 001, has been a prolific donor for Perry Show Cattle and the Norvell Family. Full sibs to Saylor 6016 include NCC Saylor 3019, the 2025 JNHE Reserve Grand Champion Bred-and-Owned Female for Saylor Norvell; NCC Rhea 2058, 2024 Cattlemen's Congress Grand Champion Polled Female, 2023 JNHE Reserve Grand Champion Bred-and-Owned Female and 2024 Tulsa State Fair Champion Breeding Heifer and Champion Bred-and-Owned for Madilyn Norvell; and PCS NCC Gaia 3008, 2024 NWSS Grand Champion Polled Female and 2025 FWSS Reserve Grand Champion Polled Female, shown by Colyer and GKB. Saylor 001 is a Catapult out of HAWK Enuff Brittany 504 and is a maternal sister to the highly decorated NCC 743 Brecken C1857 that was Grand Champion Female at the 2017 JNHE, 2017 NAILE, 2017 American Royal and 2018 FWSS for the Bell Family and is currently a donor for Showtime Cattle, Suttles and Day Ridge Farms.
- 6MC Saylor 6016 is one of the top show and donor prospects to sell when you combine her elite phenotype with her powerful, proven championship pedigree. She will be a fun one to show if you like hanging banners.
- Ranks in the top 5% for YW; top 6% for M&G and CW; top 7% for WW.
- Sells open.

lot 2

The Melissa Mays

— Full or maternal sisters sell as Lots 2, 3 & 4 —

H GM 249 *Melissa May* 4159
Dam of Lots 2-4

Melissa May 4159 is a proven producer of impressive show females at Six Mile Creek that has produced the featured Lot 1 heifer in our past three sales. Five daughters have sold through The Exclusive to average \$23,100 and have gone on to have highly decorated show careers for the Rosson, Williams and Creamer families in Texas. 4159 is a moderate framed, super functional female that is extra deep bodied and stout hipped with structural integrity and udder quality. Her daughters selling as Lots 2-4 are the same type and kind as their sisters; they will be highly competitive show heifers and productive females in the pasture.

- 6009 is a striking female sired by the now-deceased Six Mile Creek herd sire American Classic, a proven sire of national champions and high sellers. This Melissa May 4159 daughter combines an elegant look with a square hip design and a big, sweeping rib cage that is supported by a powerful and ideal hind leg in a sound structured, flexible design. Her unique color pattern will get an extra look every time she hits the tanbark, and she has the quality to push her to the top. Coming from a proven mating that is no stranger to the backdrop, she will be a highly competitive female and a lot of fun for her new owner to campaign.

- This female is a true powerhouse female with exceptional mass, depth of body and rib shape. She is a square hipped female that is level from her hooks to her pins and travels freely on a big, square foot with a near perfect hind leg, correct angles and flexibility. She does all of this in a striking design with a proven, powerful pedigree and the look of a future donor after her successful show career. The two full sisters selling as Lots 2 and 3 while having differences are both loaded with quality and eye appeal.

- Homozygous Polled
- This Red Kingdom daughter out of 4159 is a big time show heifer and future donor that brings it all together in an eye-appealing and structurally correct design. She blends refinement through her head and neck with an extra deep, soft and square built body. Her muscle shape and skeletal design are ideal, and she moves out freely with grace and power. 6019 is unique, as she is the only Red Kingdom daughter out of 4159 in existence. We feel this mating has powerful potential to show and to produce in the pasture.

- This powerful polled February Premier daughter is a beautifully designed female that is loaded with power, balance and style. She is a big hipped, wide bodied and big footed female with a sound structural design. The mating of Premier on High Roller daughters is a potent and proven cross, and this one has the added benefit of having two shots of the Rainbeau 411 donor in her third generation. Stella 603 also offers top tier growth that securely ranks in the top 1% of the breed. Her impressive look and style combined with her breed-leading performance solidifies her value as a powerful producer after her successful show career is concluded.
- Ranks in the top 1% for WW and YW; top 2% for CW; top 7% for M&G; top 8% for REA.

BR *Brielles Grace* 4092 ET

Dam of Lots 9 & 10

The donor dam of Lots 9 and 10, BR Brielles Grace 4092, is a full sister in blood to BR Anastasia, one of the most dominant females ever produced at Barber Ranch, and is also a maternal sister to Belle 4082, the dam of the influential sire BR Belle Air 6011. One of 4092's first daughters by American Classic is Brielle's Grace G47, a \$60,000-valued female that raised the 2026 Junior National Hereford Expo Grand Champion Polled Female, shown by Harper Starnes. A 4092 daughter by Hired Gun commanded \$47,000 last spring in the T/R Cattle production sale. These females will not only make highly successful show heifers but also highly successful production females.

Lot 13 – a definite “Memory Maker” in the spring 2025 show rings!

“Exclusive” Sale Feature & Future Donor!

- Selling 1/2 embryo interest. Possession negotiable.
- BK VC Memory Maker 463M ET is an elite female and a standout offering for Six Mile Creek. She is powerfully designed with added bone, impeccable structure and a tremendous neck set that transitions smoothly into her beautiful head and neck. Her bold center body shows extra depth and spring of rib, giving her the look and build of a high-impact donor prospect.
- This daughter of the king of the ring Marksmen built a decorated show career for Miranda Hansen. Her accomplishments include Champion Female at Houston, Reserve Horned Female at Oklahoma Youth Expo, and multiple division champion honors—adding further confidence in her future production value.
- Her donor dam, BK Enchanting Points 7522E, was the 2019 JNHE Grand Champion Horned Female for Victoria Chapman. She is sired by the proven phenotype producer CRR 5280 and out of the legendary Kool Aid Points 1218, who has produced 11 national champions by six different sires. Memory Maker is also a maternal sister to Tripp Lewis's \$370,000-valued BK VC Kissy Missy 2042K, the 2023 JNHE Grand Champion Horned Female. 463M is backed by true power in the blood and a proven championship pedigree.
- Memory Maker has already proven herself in production. Her first natural calf, an impressive Stinger-sired bull calf, was purchased privately by Perry Show Cattle at her side this summer and is one to watch in the future.
- This is an opportunity to partner with Six Mile Creek on an exciting young donor with proven production, a championship pedigree plus the phenotype and build to become an integral part of the program.
- A.I. 5/24/26 to KJ 8037 Arrowhead 755N ET.
 Checked safe A.I.
 P.E. 6/1/26 to 8/8/26 to Harvie Statement ET 149N.

- Homozygous Polled
- EXR Lady 1016 is a powerfully constructed Endure daughter with added volume and style. She is backed by a productive Wildcat daughter and stems from a moderate and beautiful uddered donor female, Miss W193 W19 140, who worked in the Walker and McGuffee programs. Individually, 1016 is a short marked, dark red and fully pigmented female, which only enhances her value. Her mating to the Genex roster member On Demand should result in highly demanded progeny.
- Ranks in the top 2% for REA; top 7% for CHB; top 8% for CW; top 9% for BMI; top 10% for BII; top 11% for Udder; top 17% for SCF.
- A.I. 5/24/26 to Bar JZ On Demand. Checked safe A.I.
 P.E. 6/1/26 to 8/8/26 to Harvie Statement ET 149N.
