Directions to the Sale

Go East on Illinois State Highway 16 heading out of Shelbyville. The United Producers barn is located on the North side of Highway 16.

ATTENTION JUNIORS...

While you are shopping for this year's heifer at today's sale, remember the Heart of America Hereford Association offers awards for heifers purchased out of this sale. In order to qualify, your heifer will have to win one of the following:

PRIZE MONEY

CHAMPION: **\$50**
RESERVE CHAMPION: **\$25**
CLASS WINNER: **\$15**

One show per exhibitor per show season. Please contact Kevin Babbs if you have won any of the above so we can get you paid, and we can recognize you at the sale.

Terms of the Sale

Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids. All cattle are to be paid for by the purchaser immediately after the sale.

Guarantee

Cattle sell under the terms and conditions of the American Hereford Association. **EPD's are current as of 10-9-25.**

Liability

Each animal will be at the buyer's risk as soon as the animal is sold. Precautions will be taken for the welfare of the cattle sold. Neither the owner nor the sale staff can be held responsible for accidents.

Registration Certificates

It is the buyer's responsibility to give the clerks the correct name and address for transferring purchased animals. Certificates will be mailed from the American Hereford Association at the seller's expense.

Health

Health papers will be furnished for each animal sold.

Catalog Material

All announcements at the sale by the owners or the auctioneer concerning the cattle will take precedence over statements in the sale catalog.

Kevin Babbs, as sale manager, acts only as an agent for the sellers and has no responsibilities other than those involved in conducting the sale.

LiveAuctions.TV

Real-time bidding is available via the internet for this sale. Register to bid and view sale online at www.liveauctions.tv.

This big footed, well-balanced Polled Hereford bull combines eye appeal with performance and proven genetics. Backed by the proven Benton bull, his calves speak volume and this one adds value to the bunch. This sound bull has great disposition and will be the calving ease bull you're looking for to complete the package. Make sure to check this guy out on sale day. *Consigned by Three Tree Cattle Company - Ethan Maxey, 7856 Arnold Rd, Luka, IL 62849, 618-292-4342*

Excellent EPD bull, in the top 1-2% of the breed, across the board. His birth EPDs are guaranteed to make you sleep better during calving season. His mother has a perfect udder, with the right shape and sized teats, along with being a smaller framed female who breeds back immediately, making him a sire that will yield highly reproductive, feed efficient progeny. This is a bull you don't want to miss out on. *Consigned by Seward Land & Cattle - JD Seward, 119 N Seip Rd, Rockville, IN 47872, 765-592-2648.*

An excellent F803 son that goes back to our maternal sib to Genesis the C60 cow, top 20% CE with top growth EPD's 2% WW and 4% YW, out of an Acclaim daughter with a quality udder that has weaned another good bull prospect this year. Top maternal numbers 4% MM, 1% MG, 3% MCE, 26% and 33% TEAT and UDDER scores. Top carcass as well, 2% MARB, 4% CHB. I feel like you have to appreciate the level of accuracy that go along with those numbers as well. Generations of ultrasound and DNA testing data have helped to validate our progress in herd improvement. I believe his numbers and accuracy are high enough to make the CHB sire list next April. Consigned by Warfel Family Farm - Charles Warfel, 13301 N 320th St, Casey IL 62420-3003, 217-549-8784.

This eye-appealing bred heifer will add style and productivity to your herd. Sired by the Kottkamp Caesar bull, she's one of a few daughters available due to his untimely passing. Her dam is an attractive, nice-uddered cow, that consistently raises heavy calves at weaning. Disposition on this heifer and her 2 siblings is over the top gentle. AI 6/25/24 to EFBEEF X651 Tested A250 and pasture exposed 8/2/25 - 10/1/25 to EFBEEF E018 TESTED G456 *Consigned by Seward Land & Cattle - JD Seward, 119 N Seip Rd, Rockville, IN 47872, 765-592-2648.*

To tighten up our calving window we decided to hold this heifer back for an early 2026 calf. The dam of this heifer is probably one of the stoutest cows that we've ever owned. Her sire has been very maternal in his progeny. She was A.I. bred to Churchill Jack Frost (44567107) for an approximate due date of 1/30/2026. Pasture exposed to WW Universal 1330(44537181). *Consigned by West Wind Herefords - Kyle Yoder, 2356 N 1230 East Rd Edinburg, IL 62531, 217-565-3275.*

The first Tried N True daughter we've sold. Looking at this pedigree, it stacks 4 prominent sires to come out of the Ellis Farms program X651, CEO, Cost Cutter and A250. With the efficiency of Cost Cutter and the efficiency of the Tried N True sire group through the NRSP makes an interesting combination. Also the females C60, W489 and F807 that has done an excellent job for us. Good spread from CE to YW EPD's with top 10% MCE, 8% MM and 10% MG, with top 1% MARB and CHB of 205. Certainly one I hate to let go of. Calved a bull calf Sept. 9, 2025 by WFF TNT B05 LEONIDAS L02. Breeding available information sale day. *Consigned by Warfel Family Farm - Charles Warfel, 13301 N 320th St, Casey IL 62420-3003, 217-549-8784.*

This young cow comes from one of our very best cow families. She traces back to Hometown, Victor 33Z, and the great Princess 172P cow from Perks. Her sire has been a staple for us over the last several years. Calabar is a Catapult 109 out of the famous Rachael 58Z donor now owned by GKB in Texas. Calabar has given us too many nice females to count, and this one is a carbon copy of the rest. Moderate size, super correct, big hipped cattle that can really get out and move. She raised a really nice bull calf this year that was one of the heavier calves we weaned. This cow won't miss! Video will be available on Facebook before the sale. Checked safe to RW KLD Ruger 109 7029 ET due 3/6/26. *Consigned by Stollard Polled Herefords - Drew Stollard, 1259 CR 1500 N Sullivan, IL 61951, 309-208-5650.*

Here is an amazing female with the pedigree to back. Her dam was the reserve national champion at jr. nationals, and her calves have sold and competed at the highest level. Her first two calves have been amazing. She is bred to a direct son of 54B (the dam of Deberard and Montgomery) there are many champions in her blood! *Consigned by Split Oaks Farms - Colton Peterson, 2230 County Highway 4, Roanoke, IL 61561, 309-830-7176.*

This young cow out of Perfecto has been a great breeding piece for us. Long fronted, big bodied and sound. She has a perfect udder and has weaned off two of our very best calves the last two years. Tenley showed a heifer out of this cow this past summer that was very successful in the showing. The bottom side of her pedigree goes back to Copper and some of the super nice Lowderman bred females from the last several years. To top it off she is bred to our Sherman son from Churchill Cattle Company. Sherman needs no introduction to Hereford breeders. His progeny were some of the most sought after genetics in the recent record breaking Churchill dispersal. Video will be available on Facebook before the sale. Checked safe to Churchill Sherman 4113M due 4/10/26. *Consigned by Stollard Polled Herefords - Erik Stollard, 1259 CR 1500N, Sullivan, IL, 217-358-6386.*

Adrian is a modern day Hereford breeder's dream. Perfect udder, full pigment, great running gear, desirable phenotype, and an impressive EPD profile. We ask our cows to do a lot, and Adrian is one that flat gets it done. Her dam and grandam both are former Heart of America Sale highlights, now in production at Goldstein Farms. Bred AI on 6/3/25 to HUTH CLC WF Deluxe K016. Pasture exposed to GGSC MGS Ladies Man H09 ET (Full Brother to Montgomery) from 6/11/25 - 9/20/25. *Consigned by Benedict Herefords - Noah Benedict, 605 CR 2300 N Dewey, IL 61840, 217-372-8009.*

35 3 Tree Cattle Honey

Simmental X Hereford

This eye-catching November female blends the power and growth of Simmental with the maternal strength and structural integrity of her Hereford sire. This Benton sired heifer is the kind that had no trouble standing out in the show ring and will transition seamlessly into a productive brood cow. The disposition of this heifer sells herself all day long! She's as kid broke as they come! Don't miss out on this baldie heifer on sale day. *Consigned by Three Trees Cattle Company - Ethan Maxey, 7856 Arnold Rd, Luka, IL 62849, 618-292-4342.*

As I sat down to write this footnote, there are a million thoughts going through my head. Decisions made after hours of searching and researching, positive results, disappointments and hundreds if not thousands of hours work. Remembering when we took Tried N True to do the carcass ultrasound as we ran him out of the chute back on to the trailer, I turned to Phil Ellis and somewhat jokingly said "take a good look right there is the next big thing". He certainly has been for us. With the purchase of our first bred heifer 856C over 30+ years ago to the purchase of Z058 and an interest in CEO, the C60 female in the Loewen dispersal and mating her to Tested X651, all road markers along the way. When I nominated Tried N True for the NRSP (National Reference Sire Program), I had hoped for positive results but the results were far more than I had anticipated. With 31% of his sire group going Prime as well as the reduction in the DMI (DRY MATTER INTAKE) putting his DMI EPD in the top 17%. His MARB EPD is at 1.01 with ACC. of .58. Search the AHA database and compare. Studying his pedigree we felt like there is load of maternal power stacked in those generations along with the carcass added value. The sires U208, X51, Proficient and the females R415, B42, W484 all were donors, and for us the C60, F807 and 25W she was just a gorgeous beef cow. With that thought in mind, we went through the process working with INTERGLOBE and STGenetics to have a batch of sexed female semen produced, and it's through this HOA sale we wanted make that available as well as some conventional. It is stored at INTERGLOBE in Pontiac, Illinois. Purchaser responsible for shipping. *Consigned by Warfel Family Farm - Charles Warfel, 13301 N 320th St, Casey IL 62420-3003, 217-549-8784.*
