BOWLING RANCH

RED ANGUS

Spring 5TH ANNUAL
BULL SALE

THURSDAY - APRIL 10, 2025 | NOON
AT THE RANCH NEAR NEWKIRK, OK

Welcome to our 5th Annual spring bull sale! We have an outstanding set of bulls with excellent EPD profiles again this year. We rely heavily on AI & ET breeding to achieve the highest quality of bulls to offer our customers.

The bulls we are offering this spring were developed here on the ranch. They were started on a 14% high roughage ration, consuming 3% of their body weight, and all of the grass hay they wanted. The bulls are BSE tested within 30 days of the sale and will be ready to work without melting on you.

The pictures displayed in the catalog are a good representation of the bulls and as they develop, they look better every day. Please come see them for yourself on or before sale day. Videos and the sale will be available online. Our pre-sale lunch will be great, as always.

As a special incentive for our commercial customers, we are offering 20 red and red baldy commercial pairs in our sale this year. Their calves are red baldies with one round of shots and ready to travel. Take advantage of the hybrid vigor by maximizing the best traits of Hereford and Red Angus genetics with a selection from this set of cattle.

Mrs. Bowling, Kris Young, Tee Worley, LaMecia Stidham, our excellent day crew and I have been dedicated to developing this sale selection for our customers. We sincerely appreciate your interest in Bowling Ranch cattle.

Sincerely,

Tim B Stidham

Manager, Bowling Ranch

Tim Stidham

Kris Young

Welcome to the 2025 Spring Bull Sale at Bowling Ranch.

As you evaluate the offering in the following pages, you'll see one of the deepest, stoutest sets of bulls from both the Hereford and Red Angus breeds. Nancy, Tim and the crew have made significant investments in some of the top donor cows you'll find anywhere in the country. Resulting from this, you'll find some of the most maternal, elite, high accuracy genetics that will go out in the country and sire some of the best replacement females around. In addition, there are many new AI sires that have been introduced to mix in both elite calving ease or powerful growth sires.

As we've witnessed over the past several months, we have entered into, and are on the front end of a resurgence in the commercial cow/calf industry. As cow numbers across the country have hit 50+ year lows, we have begun a massive build back in cow numbers. The time is now for selecting the type of genetics that will yield both the top replacement females for in-herd use, but also the type of commercial bred & open heifers that will top most auctions in our region.

The Hereford & Red Angus bulls in these pages are bred for that purpose. There is no longer any doubt as to the premiums red and black baldies gather, and we will continue to see that climb throughout this next cattle cycle. Whether calves get marketed at weaning, or they are retained thru the feeding process, these genetics are designed for today's industry. Pay close attention to the feedout data on the Red Baldy calves that Bowling Ranch has enrolled in various programs. They are pasture mates to the bulls selling in this sale, and in each program they were involved in, they excelled. That translates into big time premiums for today's ranchers.

All of the bulls in these pages are strong aged and ready for heavy service. They are designed for one thing: increasing profitability for our commercial cow calf producers.

If at any time you have any questions, or I can be of service, please do not hesitate to contact me.

Blackwell, OK — 30 minutes from the ranch
Holiday Inn Express 580-363-1700

... SALE VIDEOS ...

Videos will be available on the bulls selling in the sale a couple weeks before sale day. All bulls and females will be penned and on display sale day. To view videos of each bull selling, please visit our website, BowlingRanch.com.

... TERMS OF SALE ...

All cattle sell under the suggested Terms and Conditions of the American Hereford Association and the Red Angus Association of America.

... BID LIVE ON ...

Can't make the sale?

Watch it live and bid in real-time on LiveAuctions.tv

... FOOD ...

A complimentary lunch will be served at 11:00 a.m.
Lunch sponsored by:

Thank you to Nancy Mills, Vice President
and Ag-Commercial Lender.

... INSPECTION OF THE CATTLE ...

All of the bulls will be on display Wednesday, April 9th
and Thursday morning before the sale.

... DELIVERY ...

Free delivery on purchases of bulls over \$5,000.

... GUARANTEE ...

All bulls sold through the sale are guaranteed to be satisfactory breeders for the first breeding season following the sale. All bulls selling have been semen evaluated, scrotal measured and given a breeding soundness exam. If there is a reproductive problem, contact us immediately and a replacement bull will be provided if available or a credit equal to the animal's purchase price minus salvage value will be issued for the replacement of one animal. This guarantee does not cover illness or death to the animal. There will be livestock mortality insurance available on sale day at the settlement table at the buyer's expense.

... HEALTH ...

Individual health papers will be provided for shipment interstate.

... LIABILITY ...

All persons attending the sale do so at their own risk. The owners and sale staff assume no liability for property loss or accidents that may occur.

THE HISTORY OF ...

Bowling Ranch is located at the foot of the Flint Hills and the top of the Osage Hills, which is on the Oklahoma-Kansas Stateline in far Northeast Kay County, Oklahoma. However, the ranch originated in Grant County, OK in the Pond Creek-Jefferson areas in the early 1900's. Levi Bowling, our founder, joined the American Hereford Association in 1904. In that time period, the Hereford breed was the king of all the cattle breeds! Today the registered herd consists of 600 Hereford & Red Angus cows, plus a commercial herd of 750 Hereford, Red Angus & Red Baldies.

Our Mission is to produce high performing sires for commercial producers. High performance begins with genetics. Bowling Ranch has an extensive AI and ET program that incorporates industry leading genetics. Most importantly, the performance behind these bulls is based on real world data.

In 2024, approximately 60 Oklahoma cattle producers donated a steer to the Oklahoma Cattlemen's Foundation for their 2024 Steer Carcass Challenge. The Bowling Ranch Red Baldy steer was #1 in Average Daily Gain, achieving an impressive gain of 5.78 points per day. In addition, he ranked #2 for Carcass Index and was the overall Reserve Champion. This remarkable performance underscores the superior genetics and management practices we have been striving for at Bowling Ranch.

In addition, our results in 2024 in the Hereford Feedout Program are on the opposite page. Both of these examples of Real-World data are examples of how the bull featured in this catalog are designed to maximize profitability for our customers in today's beef industry.

C 105Y LADY DOMINO 4038 — Dam of Lot 1

- What a way to lead off a sale offering! 3306 is sired by the \$325,000 Guardian bull that was the high seller in the 2022 National Hereford Sale. As one of the top Genesis sons on record, he posted an incredible 924 lbs. WW with no creep.
- On the maternal side his donor dam, 4038, was the first calf by the immortal cow, 1311. A tremendous uddered female with great pigment, she was Bowling Ranch's choice of ET females in 2017, and has made a great impact on the program. 4038 combines to maternal powerhouses with the 1311 cow and 105Y. These first four bulls are all ET sons of the great 4038, and their daughters will be some of the most highly sought after females each and every year.
- In addition to his tremendous phenotype, 3306 offers a curve bending EPD profile with 6 traits in the top 5% of the breed, along with his MARB EPD in the top 10%. Individually, he was a high scanning bull, rationing 113 for REA and 104 for IMF.

SHF GERBER 001A E001 ET — Dam of Lot 27

- Kicking off our Fall Hereford division is the Guardian son that is out of one of our young donors from Sandhill Farms. She's the dam of the next three bulls, and this year features her first progeny.
- With 7 traits in the top 10% of the breed, 3402 offers explosive growth, excellent UDDR & TEAT along with a high MARB & CHB...all wrapped around breed avg for calving ease. He is the #1 WW EPD bull in the offering.
- Homozygous polled.

- Leading off our Fall division is this Pie Asset son.
- We purchased his dam from Bieber Red Angus and she immediately went into our donor program. She boasts an impressive MPAA of 110, and is poised to take our Red Angus program to new heights.
- 3600 is a great calving ease prospect with a huge spread to his growth numbers.

BOWLING RANCH Sale Location Directions:

... SALE LOCATION ...

Bowling Ranch is located 3 miles south of Silverdale, Kansas on the Kansas/Oklahoma state line.

GPS Address: 1) **Don't trust this GPS address** — 9101 East Stateline Road, Newkirk, OK
2) **Best to GPS Silverdale, KS then drive south**

From the East (Cedar Vale, KS): From Cedar Vale, travel 22 miles West on US166 to 141 road. Turn left (South) onto 141 Road for 2 miles, West on 296 Road for 1 mile, South again on 141 Road into Silverdale, KS. The Ranch is located 3 miles South of Silverdale.

From the South (Newkirk, OK):

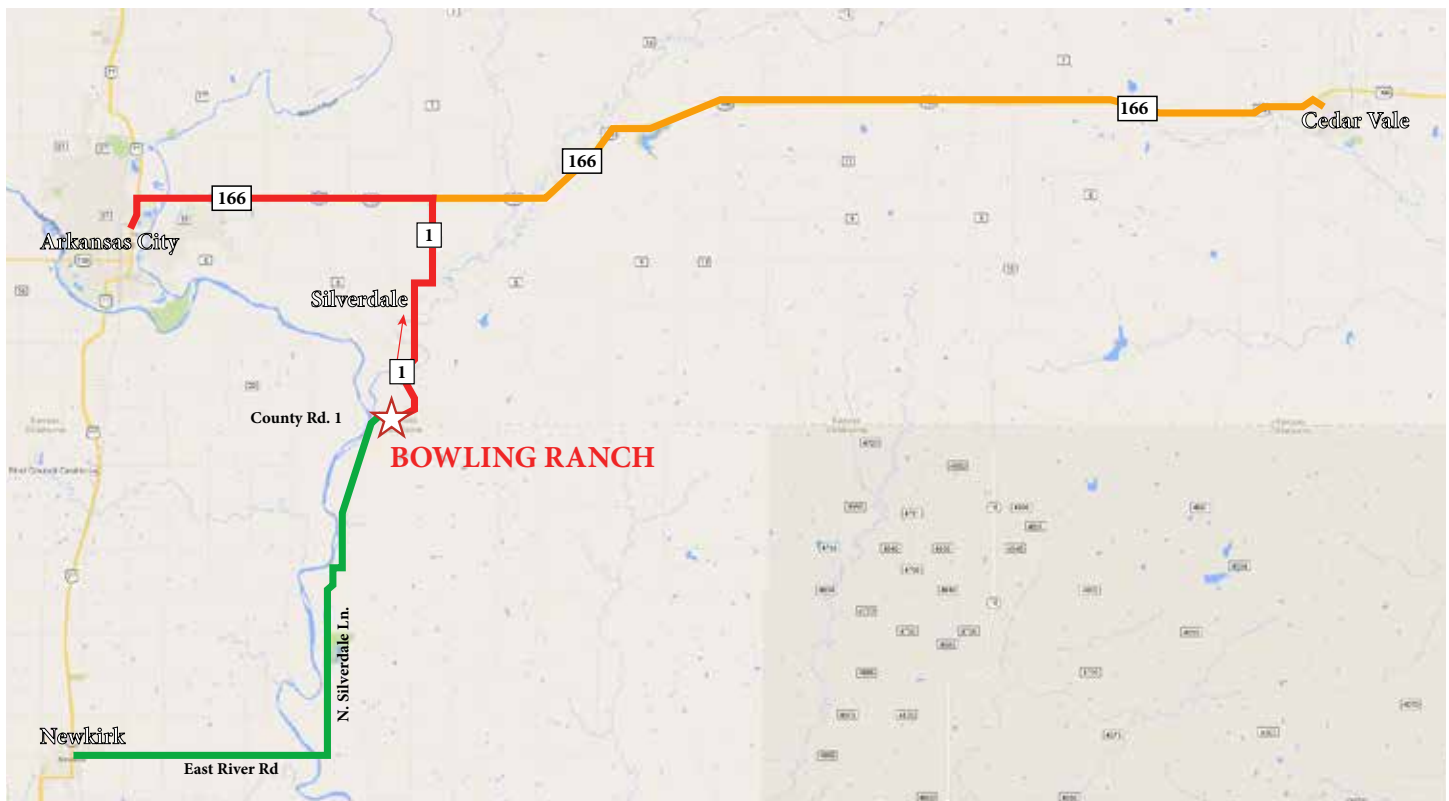

Option #1 — In Newkirk, on US77/Main Street, at the intersection with 7th Street, turn East on 7th Street which becomes River Road. Continue East on River Road 5 miles. After crossing the Arkansas River, turn North on Silverdale Lane (sand/gravel road) for 9 miles to the ranch.

Option #2 — In Newkirk, travel North on US77 to Arkansas City, KS. At first traffic light in Ark City, US77 joins US166 East. Travel East to a roundabout. Refer to the US77/US166 roundabout directions below.

From the North (US77): From Winfield, KS, travel South on US77 to a roundabout. At the roundabout, US77 joins US166 East. Refer to the US77/US166 roundabout directions below.

From the West (I35 in KS): On I35 and at the South Haven/Arkansas City exit, travel East on US166 for 19 miles into Arkansas City. At the first traffic light, turn right (South), remain on US166 East ½ mile to the junction of US166/US77. Turn left (East) and travel to a roundabout. Refer to the US77/US166 roundabout directions below.

US-77/US-166 Roundabout Directions: Exit the roundabout onto US166 East and travel 7 miles East to 141 Road. Turn right (South) onto 141 Road and travel 2 miles, turn West 1 mile on 296 Road, then turn left again (South) onto 141 Road and into Silverdale, KS. The Ranch is located 3 miles South of Silverdale.
