Welcome to **PRIME**  **FUEL** !

OR TP DESERT PRIME

THE CATALYST THAT PROPELS TOMORROW!

His popularity continues for these reasons:

-  **HIGH OCTANE DEMAND** → With sons selling in herds from Maryland to Utah; Texas to Montana, and all points in between; Desert Prime has a larger following than any sire we've used in our 122 years!
-  **HIGH OCTANE CARCASS** → A rare package that ranks at the very extreme of excellence with a top 1% status in BOTH REA (muscling) and marbling!
-  **HIGH OCTANE MATERNAL** → Again a phenomenon of superiority in BOTH milk and milk + growth!
-  **HIGH OCTANE POUND POWER** → Breed leading data in BOTH weaning and yearling; a trait leaders in BOTH scrotal circumference and maternal calving ease!
-  **HIGH OCTANE QUALITY CONTROL** → Sires more eye pigment, more conservative markings and more uniformity that gives you the **MAXIMUM PROFIT OPPORTUNITY!**
-  **HIGH OCTANE SURETY** → Has a unique record of proven "stacking" ability as we have mated him and his sons to own daughters and granddaughters. Additionally, he is negative for all known recessive traits and a large majority of his progeny are genomic enhanced!

DESERT MART

GENERAL INFORMATION

TERMS AND TRANSPORTATION

Each animal will be sold to the highest bidder and the auctioneer will settle any disputes as to bids. Terms are cash at the time of purchase or one-half down and the remaining balance due at the time of delivery. If you so desire, we will care for your purchase for up to 30 days at our risk and our expense. It is our desire to make all deliveries and receive any remaining payments prior to December 22, 2024. Free delivery on the bulls anywhere within the continental United States on total bull purchases of \$5,000.

If you bring your own trailer and health certificates can be written sale day, there will be a \$125 rebate per bull you haul home. Note: Due to changing health requirements on bulls, please check your state's health requirements; if there are any questions, contact us so that we may assist you with delivery.

GUARANTEE AND LIABILITY

Customer satisfaction is our primary concern. Every effort has been made to ensure complete genetic prepotency and purity. All sale cattle are guaranteed free of known genetic recessives. All coming twos and fall yearlings have been fertility tested and scrotal measured by our veterinarian. Every bull selling carries our guarantee: If a bull fails in any way to meet your expectations for two full years from time of purchase, (1) send him to the auction barn and

notify us of the salvage check; (2) then at your option we will either replace the bull; or (3) you will receive the difference between the purchase price and the salvage check as credit in our next bull sale. All cattle that have horns will be so designated. The same goes for cattle that are polled. Scurred cattle will also be identified. Bulls with scurs do not have real horns and should not sire cattle with horns any more than a smooth polled bull would. All persons attending the sale do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents or further guarantees.

WINTERING ARRANGEMENTS

At buyer's option, all older bulls will be wintered at a cost of \$100/head/month. Since each individual carries the 2-year guarantee, seller assumes full risk.

HEALTH

All sale cattle will be health approved to go to any state, however, certain states may require additional health tests which may not be able to be written sale day.

ACCOMMODATIONS

Excellent accommodations are available in Buffalo, Casper and Kaycee. For assistance with motels or additional travel, please call 307-738-2443.

Bid Online!
If you are unable to attend the sale, you can register to watch or bid online through The Livestock Link by following these instructions:

- Visit our website, www.thelivestocklink.com
- Click the "Auctions" tab
- Click on "Click Here to Register" below "USER-LOGIN"
- Enter your e-mail address and password, and fill out all your contact information
- Fill out your Banking Information. If you are only viewing the sale and do not wish to bid, this information can be left blank.
- Check the checkbox at the bottom of the page that says "I'm not a robot" to prove you are a real person
- Click "Register" at the bottom of the page
- You will receive an email with a link to activate your account.
- **Please register to bid at least 24 hours in advance of the sale.**
- Contact Aaron Friedt at (701) 590-9597 for help or with any questions.

You will receive an email when you are approved for bidding. All applications will be reviewed and processed promptly. You will receive a bidder number only after you have made a purchase in the sale, and that number will only be used at that sale. When the sale is completed, please contact the sale owner or manager for instructions of payment and delivery of your purchase.

To use our service, you must have access to High Speed Internet.

Questions?
Contact Aaron Friedt at (701) 590-9597 or Jared Peterson at (605) 641-7573
www.TheLivestockLink.com

Dear Cattle Producers,

Welcome to our 43rd Annual Production Sale, the DESERT ★ MART

PRIME FUEL *Sale*

When a highly valuable launch takes place, only a high-octane fuel will produce the desired results! In the same way, cattle programs of today are way too valuable to settle for anything less than the most explosive genetic fuel. That is exactly where this unique bull offering comes in. Just CONSIDER their following CREDENTIALS:

★★★ EXPLOSIVE DEPENDABILITY ... nearly every bull has been genomically evaluated. This ensures genetic purity to correct parentage, correct DNA foundation and data superiority. They are true leading-edge power sources!

★★★ EXPLOSIVE ATHLETESISM ... this year's group represents the very highest EPD value for ribeye area (muscling) to be found in the entire Hereford breed; as many of them rank at the top 1%! Please note these incredible values as you study the catalog.

★★★ EXPLOSIVE OUTCROSS POTENTIAL ... these guys are "Power-Stacked" like no others! By strategically building a unique gene-pool rich in super-charged excellence (such as **King Ten**), rest assured that they will ignite progress when used on other pedigrees and other breeds!

In summary, to our wonderful past repeat customers and friends as well as so many new and interested parties we simply want to supply your highest expectations! Our product, our guarantee and our unbending integrity are your reliable fuel for the future!

In Christ,
The DESERT ★ MART Crew

The
Innovative ...

DESERT★MART

★ DESERT CARCASS RATIO ★

Finally, a working system that is simple to understand and makes a real-world, comprehensive evaluation of carcass merit.

DCR: 128

Here's How it Works:

1. Add together an individual's ribeye area, marbling score and total carcass value (\$CHB).
 - a. This is done best by assigning a whole number value to the decimal values, example: 0.30 ribeye would change to 30.
2. Compare the individual's added score to the current breed average.
Example Lot 3, the ribeye area on Lot 3 (page 10) would now be 62. His marbling is 19 and CHB\$ is 144. Adding together $62 + 19 + 144 = 225$. Breed average $44 + 13 + 119 = 176$.
3. Divide Lot 3's total score of 225 by the current breed average 176 the result is $225 \div 176 = 128$ or **DCR: 128**. Therefore breed average would be 100% and Lot 3's huge advantage would be 128%!

REAL CATTLE WORK IN THE REAL WORLD!

All the sale cattle have been raised on native range with no creep feed. After weaning, all bulls are developed on a growth ration and long hay with plenty of exercise and exposure to all of Mother Nature's elements.

PERFORMANCE RECORDS

Our herd has been enrolled in the American Hereford Association's TPR Performance Program for over 60 years. We are putting out individual performance information except actual birth weights in the catalog expressed strictly as EPDs. While all the registered cattle have ratio information, the latest research shows that Expected Progeny Differences for young bulls may be as much as nine times more accurate for selections than ratios. Present weights and any additional information requested will be available sale day.

MATERNAL STRENGTH

It has been determined that maternal traits are the most highly valued economic traits in the cattle industry. Milk EPD is the calves' weaning advantage in pounds expected from a bull's daughters through milk production. Milk plus growth EPDs indicate the advantage in pounds that the same daughters will transmit through both their milk and growth qualities. We have been pioneers in stressing the importance of maternal strength. You are assured of superior milking replacements when using bulls with high Maternal EPDs.

CARCASS ABILITY

Possibly no herd has done more long-term documented carcass work. We had the kids 4-H steers tested and are proud to report that of the three steers we have tested by a son of Golden Achiever they have averaged the following carcass excellence:

3 Steers: Backfat: 0.3; Yield Grade: 1.9; Quality Grade: Choice; Ribeye Area: 18 sq.in. We don't believe any breed or any program can produce more superior, consistent carcasses than these!

BIRTH WEIGHT EPD

We are giving each lot an amount of stars above the birth weight EPD box to designate whether bulls can be comfortably used on different kinds of cows. This explanation is as follows:

- ★ Indicates a birth weight tendency for mature cows
- ★★ Indicates birth weight for all cows and larger heifers
- ★★★ Indicates that birth weight should be acceptable for all heifers and cows

UDDER PIGMENT POSSIBILITY (UPP)

Only at DESERT★MART! Again this year, we are indicating UPP with the three rankings of H (high), M (moderate) and L (low). Example: UPP-M would indicate that female progeny from this example lot would have a moderate possibility of possessing udder pigmentation.

SPECIAL NOTE:

Footnotes. Again this year, we are giving a brief description of each lot. This is to provide more insight to those folks who may not be able to attend and bid in person.

- We feel very fortunate to be able to purchase a very large semen package on this top seller (\$130,000) at this year's Churchill sale. He is a square built, super growth bull with the added power of 13 traces to King Ten! Several calves will be coming next year!

Ref. Sire D — Churchill Stanfield 3122L

DESERT ★ MART | REFERENCE SIRE TRIBUTE

KING TEN ... KING GOLD!

King Ten's influence on the Hereford breed has never been any greater than it is today! It is extremely rare to find individuals that are currently winning major championships, dominating data superiority, or commanding the highest sale prices without finding traces back to King Ten.

In order to avoid the negative aspects of extremely tight breeding practices, DESERT ★ MART has utilized numerous different outstanding, proven progeny of King Ten! That is why we can intensely stack his genetics so many times with such a one-of-a-kind demonstration of predictability and explosive power!

For your reference, the following sires plus each lot has listed the traces back to this Historical Sire.

- Act. BW 71 lb.
- Youngest bull in the sale, but note the power! Has 10 total traits; exceptional weaning/yearling/maternal. We close out this year's catalog the way we started; Lot 113's **DCR** is High Octane!!

OR TP Desert Prime... Like No Other!

LOOK AT HIS ACCOMPLISHMENTS:

A CALVING EASE ICON. With over 450 recorded birthweights, his low +1.4 / Birthweight EPD ranks him a proven, accurate sire of trouble-free calving surety.

A FERTILITY ICON. His scrotal EPD makes him a trait leader that ranks in the top 2% of the entire breed. Most of his 450 progeny are naturally sired as he has settled over 60 cows every year.

A MATERNAL ICON. His milking ability is simply incredible with a **TOP 1%** of the Breed in **BOTH** Milk and Milk plus Growth. His daughters are real genetic powerhouses, crossing explosively with all the breed's top sires.

A PERFORMANCE ICON. A breed trait leader in **BOTH** Weaning and Yearling weights. His excellence makes more pounds easy to obtain.

A CARCASS ICON. In a class by himself! **TOP 1%** in carcass weight, ribeye area, marbling ability and CHB value! He **OWNS** carcass superiority!

A POPULARITY ICON. We have never before seen such consistent demand for offspring from a single sire... approximately 150 of his direct sons have sold to average over \$6,700 apiece! The grandsons show a growing popularity as well.

★★★★★
When you consider his accomplishments, the outstanding number and quality of his sons and grandsons being offered in this year's event... you will want this "OCTANE" in your herd!
