

Herefords and Angus

THE FALL CLASSIC

2026

NOV. 17

AT THE RANCH 1 1/4 MILE EAST OF ODIN - KS

On behalf of B&D Herefords & Angus, I want to take this opportunity to invite you to our Fall Classic Production Sale. Paired with our Spring Season Opener Sale, this Fall offering has grown to include a great set of strong aged bulls that're ready for immediate turnout.

We continue in unprecedented times in the commercial cattle business. Even with some of the recent volatility in the calf markets, we are still in generational times in the cow/calf industry. All signs point to calf prices staying elevated, and as many of our customers have realized, "pounds pay the bills". Selecting genetics that will maximize profitability at either weaning or yearling time has allowed our bull customers to experience some of their best times yet.

Where we at B&D Herefords & Angus truly pride ourselves is on the maternal side. While the steer calves sired by this bull offering will put you on the top end when you market them, where these bulls set themselves apart is siring replacement daughters. The U.S. cowherd inventory remains at historic lows, and we are starting to see the cowman keep daughters back to build herd numbers. Pay close attention to the data on the bulls selling. We keep a close watch on the maternal production on each one of these dams, and most of these bulls come from cows & cow-families that are strong producers at weaning time. This highly heritable maternal production ensures that the daughters from both our Angus & Hereford bulls will sire females with longevity & strong maternal traits.

As we do in our Fall Classic, we are selling the 5-year-old Fall calving Hereford cows. We don't sift off the top end of these, and are offering many females that are excellent producers, and raise some of our top bulls and females every year. Most all of these will have a calf at side by sale day. New this year is an added set of outstanding Angus registered pairs. With a few of them ET daughters of some of the top Schaff Angus Valley donor cows.

As always, the bulls & cows will sell on video, and we will be live on DVAuction for sale day. We welcome visitors to the ranch anytime to view this set of genetics, and if at anytime you have questions, please don't hesitate to reach out to us.

We'll see you on the 17th!

SPECIAL GUESTS

Oliver Beall, Manager Kansas Hereford Assn.

TERMS

Terms of the sale are cash. Cattle are at buyer's risk as soon as sold, but will be taken care of for a reasonable time.

HEALTH

All cattle will sell with official health certificates and will be tested for TB, PI and Bangs. All cattle are guaranteed breeders. Heifers have been calfhood vaccinated. Bulls are semen and Trich tested.

GUARANTEE

All bulls are guaranteed to be breeders. Bulls selling for \$5,000 or more are guaranteed against breeding injury for the first breeding season, which is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided or if the buyer prefers, credit will be given toward a bull at the following year's sale, less salvage value of the injured bull. Notification must be given to B&D Herefords & Angus, LLC prior to selling the injured bull.

DELIVERY

Volume purchases of \$15,000 or more on bulls are delivered free anywhere in the continental U.S. No delivery will be over \$350 per bull to anywhere in the lower 48.

ACCOMMODATIONS

There are several hotels available in Russell, Kan.

PERFORMANCE

Complete whole herd and AHIR performance records are available on the cattle. Present weight and scrotal measurements will be available sale day.

LIVESTOCK MORTALITY INSURANCE

A representative from American Livestock Insurance Company will be available to assist you with mortality insurance for your purchases.

THIS YEAR WE WILL NOT BE RUNNING THE ANIMALS THROUGH THE RING.

We will have televisions and videos running.
The animals will be on display at the sale site.

DVAuction
Broadcasting Real-Time Auctions

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction — a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding — be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding — If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. We'll handle the rest!

Having troubles?

During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at 402-474-5557.

- Service sire on the registered fall pairs

Take advantage of hybrid vigor by capitalizing on Hereford genetics.

The Maternal Advantage program generates females with added longevity, more docility, increased fertility and more profit per year.

Can be utilized by producers using Hereford bulls on British-based cows or Brahman-based cows in their breeding program.

Producers utilizing the program will have access to a sire EPD summary, added market exposure, replacement selection tools, genetic improvement tools and access to AHA resources, marketing and staff.

Qualifications

- Producers must verify that eligible females are sired by registered Hereford bulls with transferred ownership.
- Participating bull batteries must rank in the top 50% of the breed for Baldy Maternal Index (BMI\$) if used on British-based cows or the top 50% of the breed for Brahman Influence Index (BII\$) if used on Brahman-based cows.

ELLINGSON NAVIGATOR

YOU'VE DONE THE WORK.

Get paid for it.

You've invested in good genetics.
You've kept all the records.

AngusLinkSM combines USDA Process Verified Programs with a Genetic Merit Scorecard that gives buyers confidence in your calves. From age and source verification to cattle care and handling, you choose which programs make the most sense for you.

Group Age & Source: Verifies the group age and source of the cattle

Angus-Sired Genetics: Verifies calves are sired by 100% registered Angus bulls

Non-Hormone Treated Cattle: Verifies cattle have never received hormones

NeverEver³: No antibiotics, no hormones, no animal by-products ever

Cattle Care & Handling: Documents proper management, demonstrates quality commitment

Calf Management: Documents preventative health program

Genetic Merit ScorecardSM: Measures the genetic merit of calves for feedlot performance and carcass merit.

**Optional, not part of the PVP claims*

Easy and affordable, our customer service representatives walk you through the process.
