Bid Online at Bid.Live-Ag.com

How to Bid Online:

- » Log into your existing account or create an account by clicking "Register for an Account" button on the bottom of the Bid.Live-Ag.com.
 - » Once logged in, click on the auction you are interested in. Click on the green "Register to Bid" button.
 - » First time buyers and returning buyers will be approved shortly after request is submitted. Register prior to sale day to avoid any delays.
 - » You are not required to register to just watch the auctions.
 - » For questions or help call Live-Ag at (817) 533-6699.
 - » If you are a winning bidder, you will receive an invoice from Pérez Cattle Company.
- *Note: High speed Internet is required.

PÉREZ

CATTLE COMPANY

Fellow Cattlemen,

As we prepare for this year's sale, there has never been more optimism in the cattle market. With the reduced national cow herd numbers and today's historically high cattle prices, the future looks bright for the commercial cow-calf sector. More than ever, the way to maximize profit is by adding pounds to your calf crop with functional, easy-fleshing cattle that perform in real-world conditions.

As you flip through this catalog, you'll notice this offering represents the same kind of cattle that have built our program—sound, practical, and bred to work for commercial cattlemen. These bulls are the kind that thrive in the real world and pass on performance and profitability.

This year, we are excited to not only bring you a powerful group of Hereford bulls, but also to add Angus bulls to the lineup. Both breeds have been carefully selected and developed with one goal in mind: to add value to your program. We believe you'll find this to be the deepest and most consistent set we have ever brought to town.

It's widely recognized that crossbreeding enhances fertility in a cow herd while adding extra performance and efficiency in the feedlot. Heterosis is truly the only free advantage in the beef industry, and these bulls are designed to maximize it for you.

We know you have many options when it comes to sourcing your next herd bull. We are honored and proud that so many of you continue to trust us as your source for quality genetics. Please reach out with any questions about the offering. We look forward to seeing you in Columbus, TX, on Sunday, November 9 at 1:00 PM.

Delivery

FREE DELIVERY ON BULLS for the first 500 miles with purchase of \$5,000 or more in the continental USA.

Guarantees

We guarantee all bulls sold to be sound and healthy breeders. Sight unseen purchases are guaranteed 100%.

Sale Terms

Terms are cash. The cattle will sell under the standard terms and conditions as recommended by the American Hereford and Angus Associations. Announcements from the auction block will take precedence over any catalog information. The animal becomes the property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that animals are properly cared for until delivery to the purchaser. Any death or injury after the animal is sold is at the buyer's risk.

PÉREZ

CATTLE COMPANY

Herd Health

Cattle are current on all vaccinations and will be accompanied with proper health certificates for immediate shipment to most locations in the United States. Any additional tests required for entry into certain states will be performed after the sale at the seller's expense and prior to delivery.

All Hereford cattle are IE, HY, MDF and diluter-free by pedigree.

Bulls will be Trich, semen and fertility tested. All commercial females have been preg-checked safe in calf or sell confirmed open.

Load Out

Load out will take place after the completion of the sale.

Insurance

Mortality Insurance will be available sale day.

Sale Videos & Pictures

Bull videos will be available after October 30th on Bid.Live-Ag.

Supplemental Information

A supplement sheet will be available with complete and up-to-date information on sale day and will be posted online at PerezCattleCo.com

Accommodation & Air Transportation

See inside back cover.

4083 is a powerful, polled Maverick son that leads off our 2025 sale offering. He is 100% pigmented and comes with all the extras—muscle, width, power, and dimension. His dam, 8127, ranks among our most reliable producers with a long track record of generating high-quality calves year after year. Genetically, 4083 offers a strong spread from birth to yearling while excelling in carcass merit. He boasts strengths in both REA and MARB, and reads strong in both CHB and BMI indexes. This is a herd bull prospect built to add quality and consistency in every direction.

4144 is an outstanding Kuper son that combines calving ease and low birth weight with ample performance. Visually, he is impressive with added rib, depth of body, softness of flank, and overall dimension. From the side, you will appreciate his balance, overall design, and structural correctness. Be sure to note his indexes—he charts extra strong in SCF, UDDR, and TEAT quality, and reads progressive in both BMI and BII maternal indexes.

A horned Maverick son that stands out near the top. Visually, he shows balance and correct design, levelness over his top, and squareness of hip, while being sound in structure. In addition, he carries extra shape down his top and flare to his hip. Genetically, he combines a very high CED EPD with a low BW EPD. This bull is well suited for use on heifers or cows needing calving ease while still enhancing quality and muscle.

Another polled Unique son that offers 100% eye pigmentation with extra freckles on his face. From the profile, he is a nicely balanced bull that is long-sided and extended, with an attractive set to his hind leg. Genetically, 4070 offers extra CED and should directly enhance the maternal strengths of his calf crop.

31 PCC 1114 1195J DOMINO 4109

0.75	0.67	0.056	0.61	0.51	79	118	232		

A Confederate 1190 son that looks maternal in his build. Genetically, he reads impressive with his CED of 12 and a -0.9 BW EPD, and charts a 79 on \$M. Visually, I admire him for his attractiveness up through his front end, his flatness of shoulder, and his strength of top line. Look for this bull to work great on young heifers and cows and raise maternally efficient offspring.
