

Celebrate

Maryland

2026

Sunday, **September 27th**

Snader Farms | New Windsor, MD

Welcome

On behalf of the Maryland Angus and Hereford Associations we would like to welcome you to the 2nd Annual Celebrate Maryland Event Sale! We are happy to be, once again, bringing our 2 breed associations together to showcase some great cattle and genetic opportunities!

We believe that both Angus and Hereford breeders have come together and put their best foot forward. This year we are excited to offer some super high-quality proven females as well as many bred heifers and open heifers that combine both phenotype and genotype. Our primary goal of this sale is to offer females that would make great additions to any herd and thrive in any environment they go. However, as a consignment sale, we are also proud to offer some exciting steer and genetic lots that could provide opportunity as well.

Lots will be available for viewing Saturday September 26th and we look forward to hosting everyone for some food and fellowship that evening with a meal provided by the Maryland Angus Association. On sale day, Sunday September 27th, the Maryland Hereford Association will provide another meal beginning at 11am before the sale starts at noon.

As you will see in the next pages of this catalog, the sale committee is super proud of the set of cattle we have to offer. There is truly something for everyone. We would once again like to thank our sale committee for their help in making this a success and we look forward to gathering with everyone on sale weekend!

Kelsey Stabler & Kim Crone

Please visit <http://Liveauctions.tv> to create an account.

Sydney Tuckwiller, 913-221-3705

TERMS AND CONDITIONS:

Cash or Check. Each animal and lot will be sold to the highest bidder. The auctioneer will settle any disputes as to bids. All cattle must be paid for by the purchaser immediately after the sale and before any animal is released.

All animals in this sale become the immediate property of the buyer once they are sold. All buyers are expected to recognize the fact of their ownership and either accept full responsibility or insure their animals before leaving the sale.

The animals will be fed and cared for after the sale for a reasonable amount of time at the buyer's risk.

Delivery. The sellers will make every attempt to assist buyers in hauling.

Animals will be transferred to the buyer at the seller's expense. Cattle will not be transferred until paid in full. Each buyer must give the clerk his proper name and address for making any transfers. Any calf born after the sale will be the responsibility of the buyer to register. Purchaser will be responsible for obtaining AI certificates to register calves resulting from females carrying the service of bulls not owned by the seller.

Any changes in breeding dates will be announced on sale day.

Any female selling safe in calf or with a calf at side is considered to be a breeder with no further guarantee. All females who have been serviced but have not been checked safe in calf carry no guarantee of this breeding. If any open heifer calf fails to breed the seller must be notified Oct. 1, 2026. Otherwise, the animal is no longer guaranteed. Females cannot be guaranteed if they are subjected to estrus synchronization or superovulation treatment. We understand that when something goes wrong that both the buyer and seller have losses. The seller will make every attempt, within reason, to stand behind our cattle.

All cattle selling, except states that require testing, will be able to have interstate papers available by the veterinarian on site. For cattle selling to states who require testing, these cattle will be tested following the sale by the seller's veterinarian. Upon test results, arrangements can be made for shipping between the buyer and seller.

Announcements at the sale ring by the owners or the auctioneer concerning the cattle will take precedence over statements in this sale book.

All persons who attend the sale do so at their own risk and the owners, managers, and Snader Farms assume no liability, legal or otherwise, for any accidents that might occur.

Here is a two-year-old sired by the ever-popular Red River out of a daughter of the breed leading \$600,000 high selling bull C Miles McKee. She is a deep bodied, elegant, feminine female with a tremendous udder and a great pedigree that is ready to go to work in your herd. Pasture exposed to GGSC Landmark 23L ET from 5/21/26- present. Sells with a standout heifer calf at side sired by RST Final Print 0016.

Grimmel Girls Show Cattle, Jarrettsville, MD | Jacob & Michelle Wolfrey 540-336-2617

This is a moderate framed long sided female that checks all the boxes in terms of build and look. She is sired by Trademark, a Marksman son that is doing big things in Saskatchewan for Arthur Polled Herefords. She has a beautiful udder and is doing a phenomenal job raising her first calf. Pasture exposed to RW KLD Ruger 109 7029 ET from 4/29/26 - 6/28/26. Confirmed safe in calf to RW KLD Ruger 109 7029 ET due approximately 2/15/2027. Sells with a sharp made heifer calf at side sired by the popular RST Final Print 0016.

This cow is one of the first Herefords I bought and she does what she is supposed to every year. She's halter broke and comes with an udder that you could only dream about on a beef cow. She sells alone only because her heifer calf injured her leg as a young calf. Sells bred to our new herd bull from Burns Farm that we are very excited about.

Pasture exposed to 44632888 3/25/26 to 7/1/26.

We offer a maternal sister to our high selling bred heifer in last year's Celebrate Maryland sale out of Genex's phenotypic standout Boyd's/Myers Mindset M750. He's a son of Hoover No Doubt and out of the famous Thomas Butterfly family, known for their flawless structure and maternal power. Her dam is a full sister to PDV Princess Kira who earned many banners for Gordon Clark during her show career. Her Dam, Kallie 459F is a can't miss producer for us. AI bred to Tehema Tahoe B767 1/20/26 and then exposed to PDV Gold Rush 706L. Examined safe. It won't take long to get a return on this one!

You won't find one more elegantly built than this one! The Tahoe Daughters are some of the most sought-after females of the breed. Their ability to combine performance and phenotype is unsurpassed. Top that with an attractive Scaara dam that possesses width and perfect udder you have as much maternal potential as anyone could ask for. To add icing on the cake, she's bred to PVF Capone 2104! She was ultra-sounded as a heifer. This is truly a great opportunity to own elite showring genetics. AI'd to reg # 20567999 on 4/1/26. Due 1/18/27.

Clark Boys West, Gretna, VA | Tim Clark 434-250-6635

A truly balanced female with exceptional structural integrity, eye appeal, and brood cow presence, this Fortunate Son daughter represents the kind of quality that is hard to part with. Backed by one of the most proven cow families in the breed, she is out of the legendary SCC SCH Phyllis 890 "Tommi who has produced many champions. Her Maternal Grand Dam is SCC Phyllis 051 who is a legend in the Angus show cattle and was named the 2021 ROV ET Dam of the Year. Her dam was a division champion at the National Junior Angus Show and has continued to prove her value in production by raising multiple standout daughters, making this female's pedigree as dependable as her phenotype. She is bred to Riverstone Vegas 49H, due January 16, 2026. We believe the Vegas mating will enhance her balance, look, and functionality while adding the style and quality needed to produce a competitive Angus show prospect. Whether you're looking to compete in the show ring or build the foundation of an elite cow family, this female offers the genetics, phenotype, and mating to move your program forward.

AI'd to Riverstone Vegas 49H (20320127) on 4/8/26. Confirmed safe to AI.

An awesome bred heifer that offers a ton of generating potential. We love this one's build and functionality, while still offering the right kind of body shape and power, we believe she can transfer all the good she combines for generations in an operation. She's bred to PVF bulletproof due to calve 12/31/26.

This heifer is a cumulation of what I am trying to do on my small operation, a combination of good production genetics with a hint of a little progression of show type genetics mixed in. Her mother has been an excellent producer for me with 3 quality calves including her. Her dam is home grown and, in the herd, producing for me still and thanks to the Forbes family that I purchased Conservative from. He gives you small calves at birth that jump right up and grow and continue like this heifer has done. Breeding info to be available prior to sale day.

This gentle, long-spined January-born heifer boasts a star-studded pedigree including Leachman Saugahatchee 3000C, Coneally Black Granite, and the great Champion Hill Georgina family. Her SAV Sensation 5615-sired dam was acquired for \$10,000 in 2023, while a package of heifer sexed Silveiras Style maternal half-sister IVF embryos recently sold for \$900/ea. Due mid-January to RC Luchesse L101, admired son of the well-proven Tehama Patriarch F028, her heifer sexed** first pregnancy is sure to improve her in every way and carry on a lineage of maternal greatness. PE to a red white-faced Simmental sire, JR Indian Outlaw 102K, ASA# 4154561. AI'd to RC Luchese L101. Confirmed safe due 1/18/27. Pasture exposed to ASA # 4154561.

Washington Pearl 286 is an exciting daughter of the proven calving ease and phenotype sire Sadler Hemisphere 2528, backed by the powerful Washington Pearl cow family. Her dam, Washington Pearl 084, is a productive daughter of PVF Marvel, combining maternal strength, eye appeal, and genetic consistency that have made the Pearl family a standout in the Washington Farm program. This attractive young female offers an ideal blend of style, structural correctness, and substance. She is show broke and well devised whether headed to the show ring, breeding pasture, or donor pen. Washington Pearl 286 represents a unique opportunity to invest in a young female backed by elite genetics and a proven cow family with a bright future ahead.

If you're shopping for donor driven genetics, don't overlook this one. She exemplifies the kind of genuine cow power that's hard to manufacture. Combining the proven maternal strength of the Carlie family with the added power and substance Montgomery consistently stamps into his offspring, she is bold-made, big-bodied, rugged in her skeleton, and still gets out and moves with flexibility and ease. Built to make the kind of productive, powerful cows every program need, and the type that will leave a lasting mark on any breeding operation.

CMF Miss Rage 2603 is an exciting daughter of GoodTimes, combining eye-catching style, structural integrity, and the kind of genetic flexibility breeders' demand. This female offers a complete outcross pedigree on the dam side. She comes from a powerful Rambur bred female creating a valuable opportunity for a wide range of breeding programs seeking fresh genetics without sacrificing quality. Halter broke and easy to work with, 2603 has the look, disposition, and pedigree to be competitive in the show ring while offering long-term value as a breeding female.

Heath Cattle Co., Keymar, MD | Jeremy Heath 240-508-4674

This calf is freshly weaned and green on picture day, but is coming on strong! He is so correct in his build, square out of his hip and extended in his front 1/3. We think he checks all the boxes and will be a great breed steer project.

We are proud to offer this remarkable bull calf out of our proven donor, Taylor, whose winning legacy at the Junior National Hereford Expo continues to grow. This stout-made, heavy-muscled, big-boned bull combines power with balance and structural correctness, making him an exciting breeding and show prospect. His pedigree is backed by proven performance as a full sibling to Logan Cady's 2026 JNHE Reserve Grand Champion Steer. Opportunities to purchase genetics of this caliber don't come along often. Invest with confidence in a calf backed by championship-producing genetics. Bid with confidence!

Pleasant Valley Farm, Brookville, MD | Kelsey Stabler

1606 is a granddaughter of the 2010 NWSS Grand Champion Female and 2010-11 ROV Show Heifer of the Year. 1606 matches her grandam in type and kind. These heifers will go on to compete in the show ring but also make big bodied, maternal cows. Mated to the popular AI sire, Play It Safe, these embryos are enough of an outcross to offer worlds of breeding potential in the future. Both the top and bottom side of these embryos are stacked with cow families any breeder should seek out for their herd building potential.
3 reverse sort female grade 1 embryos.

Wink Cattle Co., Woodbine, MD | Alexis Winkler 410-782-1269

RW KLD Carlie 2022 8041 continues to prove why she's a cornerstone of our program. This year's Montgomery x Carlie spring calves have consistently impressed us with their extra bone, added muscle, tremendous body shape, and the kind of cow power that still gets out and moves with flexibility and ease. These embryos are maternal siblings to WINK SFF Carlie Sue 2510 ET ("Suey"), who has been campaigning successfully with Ella Campagnari throughout the East Coast. We believe this mating offers the balance of phenotype, power, and maternal value that today's breeders are searching for.

Just like her mother 23B, TVF Renesmee 8E produces great calves every year in production, even the high seller heifer and steer from our first two sales, and the 2nd highest seller in last year's sale! Being out of our original foundation herd sire TVF 45S Millennium 133A her ample amount of bone and powerfulness takes to her calves. We were so impressed with her C 5280 Diversified 6121 ET heifer from last year as that calf turned out to be a top of the class placer at national shows and many time champion Hereford and one supreme for Emily Troyer this year!

3 IVF Sexed Heifer Embryos. Buyer to pay per unit. Buyer to pay all shipping costs. Ships from Trans Ova Genetics in Boonsboro, MD.

Colvery Meadows, Westminster, MD | Colby Dull 717-965-0592

The 6207 cow has been the backbone of our program since she came into production. A fantastic made cow that has put quality into every offspring. We are very excited about a recent granddaughter being crowned Reserve Grand Champion Female at MAJAC and finding her way to the top at other regionals shows for the Mullinix family. The New Heights mating was a decision to generate high functional cattle with look and balance. The resulting animals of this mating will not only compete but will go on to be valuable breeding pieces with a pedigree of champions behind them. Selling 3 sexed female embryos by UDE New Heights guarantee one.

Taylor View Farm, Parkton, MD | Adam Taylor 443-844-0628

DJF Bebe Rikka 23B ET was purchased many years ago as the high selling calf from Deana Jak Farms 2014 sale. As a she was a many champion Hereford heifer leading to her becoming one of our first but lead donor. She's out of the deceased Star Rikka Spirit 179U ET cow and sired by EKS 172R Sir Williams W51. When we first did this mating with ECR Shameless 7586 ET it produced a tremendous bull turned steer prospect that became a many time champion. 23B most recent son to have success is our top bull in our breeding program TVF Musketeer 3M. Just this past year we calved out this embryo mating, and it got us so excited that we cannot wait to get Bebe flushed soon to make more of these embryos. 3 IVF Embryos. Buyer to pay per unit. Buyer to pay all shipping costs. Ships from Trans Ova Genetics in Boonsboro, MD.
