Katie Colyer 208-599-2962

Accommodations

Silver Legacy Resort, 407 N. Virginia St., Reno, NV
Room Reservations, 800-455-4770; Group Code: SRWSH5

Terms and Conditions

Bidding: Each animal offered for sale will be sold to the highest bidder. Each bid shall constitute an offer to purchase, and the final bid shall constitute a binding contract between buyer and seller. The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

Terms: Terms of the sale are cash or bankable check (U.S. funds), unless prior arrangements have been made. All settlements are to be made with the clerks of the sale immediately following the conclusion of the sale.

Identification: Seller offers each animal with a readable tattoo corresponding to registration. Buyer agrees to check tattoos for accuracy.

Handling and Risks: Each animal will be purchaser's risk as soon as sold.

Rights and Obligations: In the event of default in any part of the Terms and Conditions covering the sale by either the buyer or seller, it shall be the responsibility of the buyer or the seller to instigate any action necessary to bring about a fair settlement of any claims arising from this sale and to be responsible for any and all costs involved therein. The sale management assumes no responsibility, legal or otherwise, for the failure of either seller or buyer to fulfill their obligations.

Announcements

Any changes from printed information of any kind will be announced from the auction block and such announcements shall take precedence.

Registration Certificates

A certificate of registration and transfer will be furnished for each animal at no cost to the buyer.

Liability

All persons attending the Western National Show and Sale do so at their own risk. Neither the sale manager, board members of the Western States Hereford Association or any person involved with the management of the show and sale assumes any liability, legal or otherwise, for any injury or damages.

Delivery

Sale management will assist in making delivery arrangements of the sale animals to the new purchaser's destination at the least possible cost. Delivery will not exceed \$500 per lot to a central location within the United States if arrangements are made by the sale manager. All such deliveries will be at the buyer's risk.

Livestock Mortality Insurance

Insurance will be available.

Health and Guarantees

- A certified Nevada veterinarian will be on site to handle sale cattle health.
- All bulls will be tested for Brucellosis, Trichomoniasis and appropriate health papers will be available for immediate shipment. All females are officially Brucellosis vaccinated. Cattle selling to any area that requires additional testing will have to complete tests prior to shipment.
- All females selling safe in calf will have been tested within 30 days by an accredited veterinarian, and a statement of proof will accompany the health papers.

WESTERN STATES HEREFORD SHOW

Schedule of Events

Monday, Dec. 1

Cattle can arrive at the Reno Livestock Events Center
Inside stalling will be available after 12 p.m.

On behalf of the Western States Hereford Committee, it is a pleasure to welcome you to our annual sale in conjunction with our other activities in Reno. We pride ourselves on being a stand-alone Hereford event that hosts generations of Hereford families, enthusiasts and supporters to Reno every December.

From our open show, junior show, new futurity, scholarships and activities ... you will be energized with fun for the whole family as we get together.

We've put together an exciting offering of top-level Hereford genetics as well as our annual semen sale to support the gathering here in Reno. Take a look, raise your hand and add to your future with genetics in Reno.

*Sincerely,
Western States Hereford Committee*

Introducing the ...

WESTERN STATES HEREFORD FUTURITY

Welcome to the Western States Hereford Event in Reno! We're excited to introduce our new futurity which will be a unique opportunity for juniors who invest in genetics sold in the Reno sale.

Genetics offered in this sale and purchased by juniors, will be eligible to show in our Futurity Show in the coming years as well as the Junior Show in Reno. Cattle bought in the sale, progeny from those cattle and embryos bought in the sale are all eligible and welcome to show in our futurity moving forward. Be sure to get a Junior buyer number before the sale.

This is an exciting opportunity to be part of the Futurity with Western States Hereford Association, build your herd and win some extra cash along the way!

- Natural calf out of our mainstay donor 1C. Two daughters of 1C produced division champion bulls last year in Reno, including the up-and-coming herd sire purchased by Colyer and GKB, CC 133J 25K Lifetime 15M. Sired by our Churchill Desperado son 35L, who is producing smooth shouldered, angular, attractive cattle. His dam is another of our top donor females. We always commit to bring a great one to the sale, and she might be our best. Sure to become a foundation female within anyone's herd.
- Retaining two (2) flushes at buyer's convenience and seller's cost.

- Powerful and elegant, she's been a favorite since day one. Massive bodied and hipped yet still attractive and cowy. Both sides of this pedigree have cow families we believe in and still use. We had a fair bit of success with her mother in 2022 and believe this heifer is a better replica of her. Big opportunity here!
- Retaining the right to one future flush at the buyer's convenience and our expense.

- This June-born female ties it all together — balance, shape and athleticism. She's level from the ground up, stays smooth and collected on the move, and reads with the kind of presence that demands attention. With High Roller, Montgomery and Diana in her pedigree, she's built to compete and built to last.

- Gemini 546 offers a wide variety of opportunities. She comes to you in a well-balanced package. Huge hiped, big boned and very correct on her feet and legs. Deep sided, red to the ground with fully pigmented eyes. She comes stacked with a rock solid pedigree, sired by the many time National Champion Stellplug Gunsmoke 222 ET. Her dam, Gemini 506, has been a leading donor in our program for several years. She is an own daughter of the super female Gemini 89T, top selling female from the Topp program in North Dakota. Her genomic enhanced EPD profile boasts above average yearling growth and ranks her in the top 20% of the breed for 6 traits and the CHB Index. Bid and buy with confidence!
- This heifer is very quiet and has already been shown. First time showman approved.

- 5042 comes from the top of our replacement heifers and we're excited to share these genetics with you. For those who need more maternal and balance, with an extra shot of carcass, this is the heifer for you. Mandate daughters continue to make great cows and leave a mark on the breed, she'll sort herself off as a top producer and her numbers back her phenotype.

- Here's a chance to own a phenomenal Sherman daughter. Sherman is arguably one of the most prolific and breed improving Hereford bulls in the world. If you don't have Sherman daughter, you need one. If you have one, you need more.
- Being out of a Sensation cow, this lovely lady is as close to pure Churchill genetics and you can acquire outside of Manhattan, Montana. Here's an economical way to get into those genetics, seeing that you can't get them from Churchill anymore. The Sherman influenced cattle were the most sought after group in the Churchill Dispersion.

- Snickers is Reno Royalty at its best. A descendant of the great National Champion, C Snickers 4045, whose full sisters Candy Cane and Eye Candy also shared National Champion titles. A three quarter sister just commanded \$17,000 in Gohr's Crown Jewel Event in September. Her sire, Gohr Ultimatum, is a former Show Bull of the Year. An added bonus is that this female is confirmed pregnant to the crowd favorite champion and high selling bull from last year's National Nugget Sale here in Reno, WR 6077 Cowboy Justice 4L (P44475458), pasture exposed from 4/28/25 to 7/1/25.
- A great looking, dark red female who will find fans in the show ring and then dazzle them in production. You can't go wrong with the consistency of this cow family. This is a big time opportunity to obtain a world class bred heifer with a stacked pedigree right from the heart of the Gohr show string.

- This great female needs to be with a breeder that raises and sells Hereford Cattle. She has too much to offer the breed to stay with us as we have moved focus to our black herd. She is bred to one of the industry's most exciting young herd sires, SHF Legion H315 L060. Be one of the first to have a Legion x Arlo, this is a can't miss mating and will be an asset to any herd.
- Bred AI on 6/7/25 to SHF Legion H315 L060. Confirmed safe to AI Sire 9/22/25.

- Herd sire prospect! Radar is one of the first Gunsmoke sons to sell in the country! We are excited about this young bull as he is rugged and heavy muscled, yet super soft middle, huge footed and easy to be around. Look at his figures and he's in the top 25% in 5 columns including BW, REA and CHB. Whether you are turning him out on commercial cows or purebred, this bull is certain to add dimension and look to his calves. His dam is a beautifully added, highly productive female that is easy fleshing, feminine and good footed.
- Selling full possession.

- The freshest and most exciting frozen genetics we have to offer! We loved the New Standard cattle we saw this year and as a result we flushed most of our donors to him this fall. Phenotype and genotype will come together here in what we think could result in a powerful combination. 7528 Has a picture perfect udder, and is producing calves that are attractive, stout, powerful, and extremely sound. Her first daughters have averaged over \$10,000, and she goes back to the Kool Aid Points cow that has become a household name across the country. We hit a homerun on this flush, we can't wait to get some of these on the ground as well! Bid with confidence!
- Offering four (4) IVF Sexed Female Embryos
- Guaranteed one (1) pregnancy if implanted by a certified embryologist.

- We have heavily used Thomas County in our operation. We love the phenotype and genotype he adds to cattle. They are cowy, functional cattle with beautiful udders. This mating was a no brainer for us. We expect this mating to result in power females that will be competitive in the show ring but also make incredible cows in the future. 7528 has a picture perfect udder, and is producing calves that are attractive, stout, powerful and extremely sound. Her first daughters have averaged over \$10,000, and she goes back to the Kool Aid Points cow that has become a household name across the country. Don't miss this opportunity!

- This Reno Highlight gives you the chance to own a daughter from the 2024 Reno Grand Champion Female CMCC Landrie 3075L mated to BK Red River H18. This strategic mating infuses a double shot of Happ Kool Aid Points who is no doubt the most prolific National Champion producer in the breed. The full sib to the dam of these embryos is the popular BK CMCC Happy Points that Fallon showed winning her division at Congress, Denver, Junior Nationals and Champion Female at the Hereford Heritage Show.
- Guarantee one (1) pregnancy if implanted by a certified embryologist.
- Buyer to receive three (3) sexed female IVF embryos housed at Trans Ova.

- It is with excitement and pride we offer this embryo package. We feel Miranda 0335 is the lead female in our program and continues a legacy that the cow family she stems from (Fergie and Miranda) have passed down for more than 20 years. Miranda 0335 is a broody, big hipped and long sided female. She was shown successfully by Madisyn a few years back, including here in Reno, and has continued with her production in the pasture. Stellpflug Next Step was the high selling bull in the Hoffman/Stellpflug Spring Bull Sale. The documentation for this mating will be phenomenal and will rank in the top of the breed for many traits, especially the performance traits!
- Guarantee one (1) pregnancy if implanted by a certified embryologist.

- Another proven mating sired by our senior herd sire, Manhattan. Full sibs to our much talked about lead off pen bull from Denver and newest addition to our herd sire lineup, SHR 8083 Oculus 4061, who fetched \$30,000 for possession and 3/4 semen interest to Twelve Oaks Land & Cattle Co. Ltd., Haroldson's Polled Herefords and Levi Rimke, Canada.

- Maybe the most intriguing mating up for grabs are these maternal sibs to "Brooklyn", sired by the up and coming Colyer herd sire, Lifetime. This mating will produce cattle that have not only incredible phenotype, but also a genomic profile that will push any program to the next level.

- The genetic potential of this mating is remarkable. 9176, daughter of the two-time Fort Worth grand champion bull, Black Hawk Down ET, showcases exceptional breeding when paired with the exciting new herd sire KJ 488G Justice 606M. This combination yields calving ease, low birth weight, and increased growth performance, as well as enhanced sustained cow fertility, maternal milk, marbling, and economic indices.
- Guarantee one (1) pregnancy if implanted by a certified embryologist.

Donation Semen Lots

• This will be an excellent opportunity to purchase the most cutting-edge Hereford genetics available today. We will be featuring semen and certificates on several National Champions and other powerful performance bulls, both horned and polled. Most semen packages will include three straws and one certificate unless otherwise stated. Shipping costs will be paid by the buyer. A listing of the bulls is included. More maybe available at sale time. **Contact Steve Lambert at 530-624-5256 for more information.**
