

LINE 1 LADIES FEMALE EVENT

ELITE FEMALE SALE

SEPT. 25, 2026 • 1 P.M. (MST)

AT THE RANCH

Holden Herefords

WELCOME

We would like to invite you attend our "Line One Ladies Female Event" sale at the ranch. We feel this is an exceptional set of elite Line One females. This is a fantastic opportunity to dip into the heart of our herd and buy females that are capable of taking any program to the next level. We have an outstanding mix of proven donors, top end bred heifers, elite young bred cows, along with all our proven brood cows born in 2018 and 2019. We are also offering a 1/2 embryo interest in some of our very best donors along with pregnant recipients and frozen embryos from some top matings.

2026 has been an exciting year in the cattle business. Calf markets have been through the roof this summer, and the demand for quality Hereford genetics continues to get nothing but stronger. We feel this trend will continue for at least a couple more years, and Herefords will continue to play a large role in the beef business. The demand is out there and it's real. Herefords are back, and we are proud to be in this business and producing this great breed of cattle. Hereford bull sales this spring were off the charts, and it is very exciting to see the demand from the commercial sector for quality Hereford genetics.

We feel this offering is one of our best ever in combining phenotype, EPD's, and of course proven Holden cow power. These females combine years of selection for performance, and EPD's along with phenotype, structure, udder quality, pigment, and fleshing ability. All of the sale cattle have GE EPDs along with being parentage verified and tested for all known genetic defects.

We feel there is an opportunity to find a true foundation female for your operation that can be a true centerpiece of your genetics going forward. Our females have proven that they can produce progeny that excel in the pasture or showring or any direction you want to go. The Line One females have proven time and again that they will cross well with any line of Hereford cattle and add value. They will breed true and produce progeny that are consistent, predictable, and uniform. We know they will work for you and look forward to your accomplishments with them.

The cattle will be on display from September 23rd-25th. We will have a social hour and dinner here at the ranch on the evening of September 24th beginning at 5 p.m. Lunch will be served on the 24th and on sale day. Please come and be our guests, see a fantastic sale offering, and experience beautiful Montana in late summer. For those unable to attend the sale, it will be available to watch and bid online on LiveAg and LiveAuctions.tv

For further information or if we can assist in any way, please give us a call or drop us a text or an e-mail. We look forward to seeing you on September 25th.
