Big League Genetics

VOLUME VI

SATURDAY, NOVEMBER 9, 2024

12 noon CST

Double Seven Ranch Sale Facility, Fort Cobb, Oklahoma

GPS address: 10191 County Road 1260, Fort Cobb, OK 73038

Dear Friends,

I would like to take this opportunity to welcome you to the Sixth Annual Big League Genetics Sale and thank you for your interest in our cattle. We invite you to come join us Saturday, November 9th, at the Double Seven Ranch near Fort Cobb, Oklahoma. We are excited to welcome old and new friends to this sale, as we feel this set of cattle is one of the best sets we have assembled.

This is the largest offering of mature females ever offered in a Big League Genetics Sale. With the national cow herd at an all-time low and with a very good market, we felt it was time to share more of the fruits of our labor. Through our extensive ET program, we have put together an impressive set of young females who are in the prime of their productive lives and are stacked with the best genetics we can assemble. We are offering an exciting set of females that include future donor prospects in the ET heifer calves and herd bull prospects that are all out of our best donors, an excellent set of young spring splits with mostly heifer calves and a herd bull prospect, bred heifers, fall pairs, heavy bred and embryos. These females are the freshest and newest genetics we have to offer, and we look forward to your evaluation of them.

The past few years, I have been fortunate to be at the ranch quite a bit more with my position at the University of Oklahoma baseball program and have enjoyed my time with Amber and our three boys, Jaxon, Eli and Hunter. They work so hard and spend all their free time making it possible for us to continue to live our dream of raising Hereford cattle. With saying that, I know that none of this would be possible without the hard work and commitment of my wife, Amber, and all she does around here with the boys' and my hectic schedules.

This also wouldn't be possible without so many people who have helped us throughout the years, and we are grateful to each of you. I want to say a special thanks to the Pribil and the Birdwell families. We have held our Hereford Heritage Bull Sale together for 12 years, and we will host the 13th one here at our ranch again in February 2025. Not only do these families have tremendous cattle that are closely aligned with our breeding philosophy, but they are close friends, and we appreciate the confidence they have in us by continuing to join in our Big League Genetics Female Sale. Last but not least, I want to say a special thanks to John and Mona Loewen. They are family and mean the world to Amber and me. When I first started in the cattle business, John Loewen took me under his wing and mentored me, and for that I am grateful. His program's genetics can be seen throughout the sale offering.

With that said, our cattle program and our breeding emphasis are focused on females. Every breeding decision we make at Double Seven Ranch is to create unique females—from genetics, to numbers, to phenotype. As you will see, we focus on udder and teat quality and expect nothing less than the best.

The sale cattle will be available for viewing by the afternoon of Thursday, November 7th, or you can view them at each respective operation's ranch anytime before then—just give us a call and we'll be glad to show you around. We hope you enjoy the sale just as much as we enjoy hosting it, and we look forward to seeing each of you November 9th or before. If there is anything we can assist you with, please don't hesitate to let us know.

- Cord Weinheimer, Hereford World (830) 456-3749
- Colton Pratz, Oklahoma Cowman (405) 385-1054

ABSENTEE BIDDING

If you would like to place a bid on any lot but will not be able to be with us, please feel free to contact the owners, the sale manager or any member of the sale staff. Bidding will also be available to registered bidders online at **LiveAuctions.TV**.

Videos online prior to sale day at LiveAuctions.TV

SALE TERMS AND CONDITIONS

Payment by cash or good check will be required for purchases before leaving the premises. Each animal will be sold to the highest bidder, and the auctioneer will settle any disputes as to bids.

HEALTH

A licensed veterinarian will be on hand sale day, and all cattle will be accompanied with proper health certificates for immediate shipment.

GUARANTEE

All cattle sell under the recommended terms and conditions of the American Hereford Assn. (www.hereford.org) and will become the responsibility of the purchaser as soon as sold.

TRUCKING

Truckers believed to be reliable will be available for hire sale day. We will be happy to assist with trucking arrangements for the most economical delivery of your purchases.

LIVESTOCK INSURANCE

Livestock mortality insurance for your purchases will be available sale day at the clerk's desk.

EPDs

Expected Progeny Differences (EPDs) are statistical predictions, or estimates, of expected performance of future progeny, not guarantees of performance. EPDs are updated weekly by the American Hereford Assn. The EPDs printed in this catalog were current 9/13/24. Up-to-date EPDs may be viewed online at www.hereford.org. Most of the EPDs printed are genomically enhanced, indicated by this symbol:

ANNOUNCEMENTS

All announcements made at the sale by the owners or the auctioneer will take precedence over printed material.

All persons who attend the sale do so at their own risk. Neither the owners, the sale manager, nor any other individual connected with the sale assumes liability, legal or otherwise, for accidents or loss of property.

Join us for refreshments Friday afternoon, November 8th, at Double Seven Ranch.

Lunch and refreshments will be available sale day.

The right to one successful flush is retained on all females selling.

- ✓ Top 4% Teat
- ✓ Top 12% Marbling

- Homozygous Polled.
- What an incredible opportunity to acquire this beautiful young donor female sired by the \$80,000-valued Colyer and Jennings Land and Cattle AI sire, C Key West 0065, and out of the proven Double Seven Ranch and Burns Farms donor BF 4013 Posh 12H ET.
- K26 is without a doubt one of the best daughters of Posh 12H in production. You would be hard pressed to find another female that rivals her when you combine her incredible phenotype and impressive numerical profile. Short marked with pigment and loaded with style and balance, she is big topped, long spined, feminine through her head and neck, equipped with a beautiful udder and flawless in her structure.
- Numerically, this young donor excels at growth, maternal traits, carcass and all of the dollar indexes. She is the only female in the breed with her combination of YW, SCF, REA and CHB. The sky is the limit for a young donor of K26's caliber with regard to her future influence on the breed and her income potential.
- K26's dam, BF 4013 Posh 12H, owned with Burns Farms in Tennessee, was our selection from the 2020 Burns Farms and Friends Sale as the coveted Lot 1 female and is, in our opinion, one of the best 4013 daughters in the breed. 12H is packed full of shape and look and has a beautiful udder. Where she sets herself apart is in the fact that she not only excels in phenotype but also excels in her EPD profile that ranks in the top 1% for CHB and top 2% for WW, YW and Marbling. She is a proven producer, as three daughters sold in the May 2024 Burns Farms Female Event to command an average of \$18,500.
- Ranks in the top 1% of the Hereford breed for WW, YW, CW, REA, BMI, BII and CHB; top 2% for Udder; top 3% for SCF and MG; top 4% for Teat; top 12% for Marb.
- Maternal sibs sell as Lots 2A and 2B embryos, 3 and 8.
- Flushed IVF four times to average 11.25 embryos per flush.
- Service observed 2/9/24 to 77 Prodigy 48H L38 ET (Lot 5). Sells safe 9 months.

- Homozygous Polled.
- Take Off is an impressive herd bull prospect that combines the ST Genetics roster member SHF Houston with our Posh 12H donor, who is one of the most impressive 4013 daughters you will ever lay your eyes on. This eye-appealing, sound structured bull with an excellent skeletal design easily handles his massive amount of muscle and depth of body. Additionally, he is bold ribbed with excellent testicular development and a masculine appearance. His genomically enhanced EPD profile combines moderate birth and calving ease with breed-leading growth, superior maternal traits and highly sought after carcass quality.
- Take Off's dam, BF 4013 Posh 12H, owned with Burns Farms in Tennessee, was our selection from the 2020 Burns Farms and Friends Sale as the coveted Lot 1 female and is likely one of the best 4013 daughters in the breed. 12H is packed full of shape and look and has a beautiful udder. Where she separates herself is in the fact that she not only excels in phenotype but also excels in her EPD profile that ranks in the top 1% for CHB and top 2% for WW, YW and Marb. She is a proven producer, as three daughters sold in the May 2024 Burns Farms Female Event to command an average of \$18,500. It takes great females to produce influential herd sires, and we believe that Posh 12H only adds to the breeding potential of Take Off.
- With the combination of genotype and phenotype that he possesses, it is clear to see that 77 Take Off can propel his new owners to new heights in his first calf crop!
- Ranks in the top 1% of the breed for WW; top 2% for YW, MG, Udder and CW; top 3% for CHB; top 4% for Teat and REA; top 6% for SC and BII; top 10% for MCE, Marb, BMI.
- BW 84 lbs.
- Maternal sibs sell as Lots 1, 2A, 2B and 8.

- Prodigy is another herd bull prospect from Double Seven Ranch that offers a unique numerical profile blended with an excellent phenotype and backed by a tremendous cow family. He is the only bull in the Hereford breed with his combination of BW, YW and CHB.
- Individually, Prodigy is a phenotypically pleasing bull that is long made, square in his hip design, big topped and smooth shouldered and balances out extremely well. He has plenty of muscle with structural integrity and is built for the long haul.
- Prodigy combines calving ease and low birth weight with curve-bending growth at weaning and yearling in addition to excellent maternal traits, including top 1% ranks for Teat and Udder. He also offers outstanding carcass potential, ranking in the top 2% for CHB.
- His dam, 77 Captivate 96F 48H, is the \$40,000-valued Lot 1 feature from the 2022 Big League Genetics Sale, now owned with Five J's Cattle Co. in North Carolina. 48H is a calving-ease daughter of Grady that is perfect marked with an incredible build and a beautiful udder. She is an outstanding female that has calving ease, maternal strength and exceptional carcass merit that is hard to replicate.
- Ranks in the top 1% for WW, YW, MG, Udder, Teat and CW; top 3% for CHB; top 5% for BW, Milk, REA and BII; top 6% for BMI; top 13% for SC.
- Maternal sibs sell as the Lot 4 embryos plus Lots 11 and 12.

- Homozygous Polled.
- Combination is a herd bull prospect that is the result of a planned mating that combines two of the best cow families that Birdwell Ranch has produced—the mother of the \$67,000-valued BR Vanguard, 5022, and the \$125,000-valued “Super Cow” 7098. He is currently the only bull in the breed with his combination of SC, REA, Marb and CHB.
- His dam, 7098, certainly needs no introduction, as she was the top selling female in the Inaugural Big League Genetics Sale. Now owned with Churchill Cattle Co., 7098 has gone on to be one of the most influential and prolific cows in the breed and is currently over \$1 million in progeny sales. She has sons working all over the country and selling semen at every major semen company.
- The sire, BR Vanguard, was the top selling bull in the 2020 Hereford Heritage Bull Sale to Slayton Herefords and MGM Herefords. Vanguard has gone on to sire high carcass and high maternal cattle that are the right kind and well marked.
- Individually, Combination is an athletic, well-balanced bull with tremendous bone and substance in a short-marked, dark red package with style. He offers the superior carcass merit and exceptional maternal traits that the market demands.
- Ranks in the top 1% of the breed for Udder, Teat, REA, Marb, BII and CHB; top 2% for MG and BMI; top 3% for Milk; top 4% for SC; top 5% for SCF; top 7% for WW; top 9% for MCE.
- BW 88 lbs.

- Homozygous Polled.
- We lead off the open heifer division with this stunning Churchill Red Cloud daughter out of the Posh 12H donor, who is also the dam of Lots 1–3. M19 absolutely knocked it out of the park on her GE-EPD profile. She has tremendous eye appeal and is correct in her lines, long and square hipped with plenty of shape and impeccable structure.
- Offering breed-leading growth combined with excellent maternal traits and highly sought after carcass merit, M19 is the only female in the breed with her combination of CE, YW, SCF, Udder, Marb and CHB.
- Ranks in the top 1% of the breed for WW, YW and BII; top 2% for Udder, BMI and CHB; top 4% for SCF, CW and Marb, top 9% for SC, MG and REA; top 12% for Teat.
- Maternal sibs sell as Lots 1, 2A, 2B and 3.
- BW 88 lbs.
- Sells open.

- Homozygous Polled.
- Check out the style and balance in this short-marked, fully pigmented donor prospect sired by Cuda Belle whose dam is a full sister to the Double Seven Ranch herd sire Double Steal. M16 is a femininely designed donor prospect that has excellent depth from her flank to her forerib, is correct in her lines and is built for speed. This is one of the first Cuda Belle daughters that Double Seven has had. They feel that she is really special with a different twist to her pedigree, and Reggie will no doubt regret selling this one once she gets into production.
- M16 offers calving ease with rapid growth, strong maternal and excellent carcass traits, ranking in the top 3% for YW and MG; top 4% for WW and CW; top 5% for Marb and CHB; top 8% for Udder; top 10% for REA and top 12% for Teat.

- 31M is one of the first Double Steal daughters to be offered, and what a special female to start off with out of the \$40,000-valued donor 77 Captivate 96F 48H. She reminds us of her mother at this stage in her life, and the best is yet to come. Conservative in her markings, 31M combines power, excellent depth of body, style and balance with impeccable structure.
- 31M also has an impressive numerical profile, offering breed-leading growth and exceptional maternal traits combined with the value-added carcass merit that is in high demand.
- Her dam, 77 Captivate 96F 48H, is the Lot 1 feature from the 2022 Big League Genetics Sale who is owned with Five J's Cattle Co. in North Carolina. She is a calving-ease daughter of Grady that is perfect marked with an incredible build and a beautiful udder. 48H is an outstanding female that combines calving ease, maternal strength and exceptional carcass merit that are hard to replicate.
- Ranks in the top 1% for WW and CW; top 2% for WW, SC, MG and CHB; top 5% for Marb; top 8% for Milk and Udder; top 9% for REA; top 12% for Teat and BII.
- Maternal sibs sell as Lots 4, 5 and 12.
- BW 70 lbs.
- Sells open.

- 89H is a moderate and efficient calf raiser with a beautiful udder. Her sire is the now-deceased Ellison, who was a cow maker. This female's dam is 10Y, a powerful direct daughter of Oksana 33N that was something to spectate in person. 89H's first heifer calf by Trademark sold in last year's sale and commanded \$7,000 as an open heifer. There won't be a lot more of these Ellison daughters offered, so you should take advantage of the opportunity to acquire a young, proven producer of quality in 89H.
- Ranks in the top 1% for Udder & Teat; top 4% for SCF; top 6% for BMI and BII; top 7% for MCE.
- P.E. 2/3/24 to 7/13/24 to RMB Double Steal 120K ET. Sells safe 5+ months.

- 1620 is a unique numbered female that posts a +.95 Marbling EPD that puts her in the top 1% of the breed. She excels not only in marbling, but when you look across the board, she also offers calving ease, superior maternal traits, value-added CW and RE and outstanding dollar indexes. 1620 is the only female in the breed with her combination of MCW, BII and CHB.
- When you study her phenotype, you must appreciate the added shape, dimension and maternal look she possesses along with a beautiful udder. She is a full sister to the \$40,000-valued BR SHF Prime Design 5042 9345 donor female that is currently the No. 6 Marbling EPD animal in the entire Hereford breed.
- Females of this stature that offer 1620's genetic package along with her maternal look and design are hard to replicate and are rarely offered for sale in the prime of their life. Write your own Big League Genetics success story with 1620.
- Ranks in the top 1% of the breed for SCF, Marb, BMI, BII and CHB; top 2% for Udder; top 3% for MCE and MCW; top 4% for Teat; top 5% for BW; top 10% for Milk.

Many cattle sold in our Big League Genetics sales have gone on to have much success through the years. Listed below are a just a few of those success stories....

BR VALIDATED B413 6035 7098

This feature donor sold as Lot 3 in the Inaugural Big League Genetics Sale in 2019, commanding \$62,500 for half interest for a \$125,000 valuation to Churchill Cattle Co. in Montana.

“7098” has become a household name in the Hereford breed, now claiming well over \$1 million in progeny sales...and climbing. She has produced herd bulls and donors alike that are working in programs across the United States. In this offering, her embryos sell as Lot 6 and a direct son sells as Lot 7 along with progeny sired by her sons. Owned by Birdwell Ranch and Churchill Cattle Co.

BR RELEVANT D67 7098 9226

9226 was the first natural born calf out of 7098 and sold as Lot 3A in the 2019 Inaugural Big League Genetics Sale to Atkins Herefords and Hoffman Ranch for \$16,000. While serving as a donor for Atkins and Hoffman, she produced more than \$150,000 in total sales.

This feature donor is currently working in the Stellpflug Cattle Co. program.

68H daughter
by H Wms
Thomas
County 1443.

77 MISS GRADY 60D 68H

68H was purchased as an open heifer for \$10,000 by C&L Hereford Ranch in Ixonia, Wisconsin, in the 2021 Big League Genetics Sale. On September 1 of this year, C&L held their “Maternal Excellence Sale,” with 68H selling as Lot 16 at \$27,500, and her Thomas County heifer calf (also pictured) commanded \$35,000. In that same sale, frozen genetics out of 68H grossed \$17,300. At the end of the day, she and her progeny took in \$79,800. Both dam and daughter are now owned by GKB Cattle.

17G daughter
by Birdwell
Bullanza
7098 0552ET.

77 MISS ELLISON 60D 17G

This marbling giant that scanned an actual IMF of 9.29% and adjusted to 9.37% was a feature female in the 2020 Big League Genetics Sale, commanding \$18,250 to C&L Hereford Ranch and Sand Rock Ranch. 17G and her progeny highlighted the recent C&L Hereford Ranch “Maternal Excellence Sale” in September, raking in a total of \$149,600 in sales.

“Super Cow”

BR Validated B413 6035 7098... million dollar-plus producer pictured at Churchill Cattle Co. in Montana, sold in the 2019 Big League Genetics Sale. Her progeny sell as Lots 6 and 7.
