WELCOME TO OUR 56TH ANNUAL PRODUCTION SALE!

It is our pleasure to welcome you to our 56th annual sale. Your presence will be appreciated on Saturday, April 20, 2024 to view the offering, enjoy lunch and meet with other good cattlemen. If you cannot attend, please view our website or participate on DV Auction online or make arrangements by telephone.

It has been a year of memorable events that have affected all of our lives and the ranching business. A long winter with an extra amount of snow and much wind put a lot of stress on the cows. During calving again, a lot of cold, snow and wind making calving difficult. Created death loss, frozen ears and most notably frozen tail tips. Early summer rains gave us extra grass that was really washy and a lot of grow and maybe not much punch. Real wet up to mid-summer, then hot and dry along with some of the most humidity ever. Summer weather created a big fly problem that caused the cattle to bunch up all day long. In November, 18 inches of snow and a lot of wind. January brought us more snow and two days of -77 wind chill.

Weaning weights were down because of the weather circumstances. We did have a period of stress after weaning that caused the calves to slow gain for a period of time. Since then, the true value of the Hereford Breed has come through with their compensatory gain. Will be a little greener at sale time, but sure in good breeding condition.

Many cattle are sold on a first impression. We like to produce cattle that will present a good profile, be fault-free, pigmented, wide based, long down the spine, good muscle shape with strong performance and carcass numbers.

Just remember that the Hereford Breed excels in feed conversion, docility, longevity, and reproduction. Our white face is identifiable in all cross-breeding programs.

Past support of customers is most appreciated and we want to make your purchasing experience as easy as possible. Our highlight each year is to welcome new cattle producers and the opportunity to assist in their evaluation and buying needs.

The cattle are available for viewing anytime and our cowherd will be close by. We look forward to seeing you on sale day or participating online. Stop by for lunch and visit with other good cattlemen.

Uniquely made with his immense muscle shape, deep side, strong top and ideal look. Fully pigmented and up fronted. From a superb cow family and a mother with perfect udder. All calves so far out of heifers have been born unassisted. His daughters look fantastic at all owners. Yearlings give you the 3-D look with muscle shape and above average frame.

Top growth, milk and carcass prospect. Shows excellent side view length, wide backed and deep and full quarter. Marked right, smooth fronted with his head up. Different pedigree, massive made and has pigment. First calf crop ratioed 108 at weaning. Since then, they have grown, developed wide, long backs and exhibit a good looking profile. Many are at the top-end of the gain data. Co-owned with Mmnaks. Limited semen available.

Rancher's type of bull with a long side, thick back and correct made. First calves at all owners are exciting. From a good cow family with some top-end carcass numbers. Calves at birth have a lot of look to them ...red eyes, marked right, long made, thick top and good muscle shape. We have calved heifers from him, all unassisted. As yearlings, they have grown well, reports of good carcass data and large scrotal. First daughters have calved with good udders and all calves born unassisted. Co-owned with Holden, Van Newkirk and Churchill. Semen available.

His calf crops confirm him as one of our great breeding bulls! A son, 308 purchased by Hoffman and Buck, was Supreme champion Hereford bull in Denver 2020. Offspring are deep, thick and wide with a soft-look rib cage; show good bone, extra muscle, correct with a lot of eye appeal. Production numbers are almost ideal with low BW and powerful growth. Carcass data is above average with plenty of milk. Used on heifers with great success. Daughters, maybe his best asset, have calved with ideal udders, efficient with good mothering ability. Some of the sale's best are out of his daughters. Owned with Baumgarten. Semen available.

Massive bull that was competitive in the Show Ring. Free moving, clean front, long sided, full rib, wide back and exhibits ideal muscle pattern. Shows eye appeal with smooth shoulder, correct feet and leg structure, good markings, pigmented eyes and the ability to show presence. Dam is a fantastic cow with a good udder, correct made, trim fronted, marked right and productive. Calves have arrived and initial evaluation is very positive in many breeding programs. So far on the ranch, calves come early with low BW and eye appeal. Co-owned with Hoffman, Buck and Shaw. Limited semen, contact Hoffman.

His production and daughters have truly established 697 as a breeding bull. His offspring have eye appeal, great numbers, calving ease and his daughters have good milk flow and udder structure. Fantastic set of BW, growth and milk numbers with outstanding carcass and calving ease. Used on heifers with ideal success. Moderate in his frame, correct made, ideal hair coat, google-eyed and presents a good first impression. His calf crops are outstanding with their solid numbers, eye appeal and structure.

This guy had to raise himself as his mother died shortly after birth. We call him "El Chapo" because he survived to weaning by stealing milk from other cows. Used entirely on heifers with good success. His dam was a great cow with good data. He is deep, thick and stout made. Several super sons sell. Note his carcass numbers.

Goggle-eyed, red scrotum and red to his toes. Curly haired, square made, extra volume and bone. Wide-level top, big hip and wide pin set with a long side view. This guy is real easy to look at with his deep flank, head up, correct made and masculine look. His offspring in the sale are worth looking at. Co-owned with Van Newkirk. Semen available from owners.

Massive two year old, real long sided bull that is thick and strong topped. Full eye pigment. Curly haired and really has a masculine look. His wide back shows muscle shape and carries down to wide and deep quarter. Has good bone and is free moving. You have to appreciate his complete balance with a volume look. First calves have arrived and look great. Co-owned with Churchill. Semen available.

CONDENSED AMERICAN HEREFORD ASSN. EPD DEFINITIONS

CALVING EASE – DIRECT (CE) ...indicates the influence of the sire on calving ease in females calving at two years of age.

BIRTH WEIGHT (BW) ...indicator trait for calving ease measured in pounds.

WEANING WEIGHT (WW) ...estimate of pre-weaning growth measured in lbs.

YEARLING WEIGHT (YW) ...estimate of post-weaning growth measured in lbs.

MATERNAL MILK (MM) ...milking ability of a sire's daughters is expressed in pounds of calf weaned.

MATERNAL MILK & GROWTH (M&G) ...reflects what the sire is expected to transmit to his daughters for a combination of growth genetics through weaning and genetics for milking ability.

MATERNAL CALVING EASE (MCE) ...predicts how easily a sire's daughters will calve at two years of age.

MATURE COW WEIGHT (MCW) ...MCW EPD was designed to either increase or decrease mature size of cows in the herd.

UDDER SUSPENSION (UDDR) ...represents an assessment of udder support.

TEAT SIZE (TEAT) ...the assessment of teat length and circumference

SCROTAL CIRCUMFERENCE (SC) ...best estimate of fertility for semen quantity and quality and indicates early puberty in sons and daughters.

SUSTAINED COW FERTILITY ...a prediction of a cow's ability to continue to calve from age three through age twelve, given she calved as a two-year-old.

DRY MATTER INTAKE ...predicts the daily consumption of pounds of feed.

CARCASS WEIGHT (CW) ...indicates pounds of hot carcass weight, if harvested at the same age constant endpoint.

RIB FAT (FAT) ...reflects differences in adjusted 365-day, 12th-rib fat thickness. Negative FAT EPDs are expected to produce leaner progeny.

RIBEYE AREA (REA) ...reflects differences in an adjusted 365-day ribeye area measurement based on carcass and ultrasound measurements.

MARBLING (MARB) ...reflects differences in an adjusted 365-day marbling score (intramuscular fat, [IMF]) based on carcass and ultrasound measurements.

BALDY MATERNAL INDEX (BMI\$) ...a maternally focused index that is based on a production system that is geared to identify Hereford bulls that will be profitable when used in a rotational cross with mature commercial Angus cows.

BRAHMAN INFLUENCE INDEX (BI\$) ...a maternally focused index that is based on a production system that uses Brahman x Hereford cross cows.

CERTIFIED HEREFORD BEEF INDEX (CHBS) ...a terminal sire index that is built on a production system where Hereford bulls are mated to mature Angus cows and progeny will be targeted for Certified Hereford Beef to allow for optimum end-product merit. This index has no emphasis on fertility.

FULL DEFINITIONS POSTED INSIDE STUBER RANCH SALE BARN

TERMS AND CONDITIONS

TERMS — Terms of the sale are cash. Every animal will be sold to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in catalog information sale day take precedence over printed material in this catalog. All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Neither Stuber Ranch nor any person connected with this sale assumes any liability, legal or otherwise.

GUARANTEE — Every animal in this sale is, to the best of our knowledge, free from any disease or defect. Any known defect will be called at sale time. All animals are guaranteed breeders. If an animal fails to breed after a trial of six months, it may be returned to the seller if in good condition and in compliance with North Dakota Health Regulations. The seller reserves the right to try said animal for six months, and if it proves a breeder, return it to the buyer at the buyer's expense. If the animal proves to be a non-breeder, either an animal of comparable rank will be substituted or credit given in a future sale on an animal for animal basis. We assume no liability, legal or otherwise, to make any further compensation to the buyer. No other warranty of any nature is expressed or implied.

DELIVERY — Delivery will be made in groups of five registered animals or on purchases of \$5000 or more to central points up to 300 miles. We will cooperate with buyers on delivery of all cattle regardless of number or distance. **NO DELIVERY provided on commercial cattle.**

ABSENTEE BIDS — Anyone wishing to bid who cannot attend the sale may place phone or mail bids by contacting Roger or Duane Stuber, or any listed sale representative. DVAuction is also a bidding option. Sight-unseen purchases are at the buyer's approval upon receiving the animals.

HEALTH — Stuber herd health is excellent. North Dakota is Bovine Brucellosis-Free and accredited Bovine Tuberculosis-Free. Females are officially calfhood Bangs vaccinated. Individual health papers will be furnished for shipment anywhere. All cattle are on a complete preconditioning program.

PERFORMANCE — Cattle are on a complete performance evaluation program with records kept on about every thing that can be measured. We will provide any extra information you may need. We are recognized by the American Hereford Association as a **Gold Star Breeder.**

ULTRASOUND — Sale cattle will be ultrasounded and data provided on a supplement sheet and on our website. There is a strong correlation between ultrasound measurement of yearling breeding cattle and the actual carcass measurement of their progeny. We have years of ultrasound data and all sale cattle have carcass EPDs. If you desire, that information can be provided.

Catalog prepared by Lezlie Moore 605/683-4800.

Really gives you a stout first look with his real wide quarter and high pins. Head up, clean fronted, volume made and deep sided. Sheath up, a lot of rib capacity with a big hip. His dam has the start of a real good production record. This one deserves a good look.

Attractive look in his big body. Correct made, strong top-line and carries his head up on a smooth made shoulder. A volume prospect with good bone. Full eye and scrotal pigment. Good carcass and growth numbers.

STUBER COMMERCIAL HEIFERS

SELLING:
60 COMMERCIAL HEREFORD HEIFERS (Home Raised)
40 BWF F1 COMMERCIAL HEIFERS (Home Raised)

The commercial heifers selling are home raised from our commercial cow herd. Most of the black baldy heifers come from our first calf heifers and will be F1's. These are a fancy set of brood making females with milk, muscle and enough growth. They have been wintered on a growing ration with their future use in mind and will be in just the right condition. They should weigh in the 825 to 900 lb. range. All are Bangs vaccinated and have had their preconditioning procedures. **They will also have all of their breeding shots given to them by sale day. NO DELIVERY is provided on the commercial cattle, but we will be more than happy to work out arrangements with you.**

STUBER RANCH PROUD TO SPONSOR COLE ELSHERE

Four-Time
National Finals Rodeo
Saddle Bronc Qualifier!

2022 INFR ... Cole, Kyndra & Everley with Andy & Donella Elshere!

STUBER REGISTERED HEIFERS

This offering of productive females will be as strong as we have ever offered. Their EPD profile is similar to ones we keep. Top-end heifers will be offered from each sire group. You'll find females that are easy to look at, have exceptional EPDs, extra milk, ample pigment and, in most cases, good carcass data. They are "Bangs" vaccinated and have had all of their preconditioning and pre-breeding shots. Heifers are in good condition and ready to breed to your bull of choice or if you *A.I.*, we will offer two straws of semen on any herd bull we own or have partnership on to use on the heifers. If you don't pick up semen at the ranch, you will pay shipping costs. Certificates will be based on cost on the bulls we own alone or the price of certificates that we have on our partnership bulls.
