## Schedule of Hereford Events

<b>Friday, March 13, 2026</b>	
12:30 p.m.	Hereford Parade
7 p.m.	Dinner & THA Annual meeting Building D • James E. Ward Ag Center
<b>Saturday, March 14, 2026</b>	
8 a.m.	Sale Cattle Viewing
11:30 a.m.	Tennessee Beef Agribition Hereford Sale
<b>Sunday, March 15, 2026</b>	
9 a.m.	Agribition Junior Steer and Heifer Show Open to all juniors. Horned and Polled Herefords Show Heifers purchased by juniors in this sale are eligible to show.

*Funding for this Hereford Agribition Sale is provided by the Tennessee Agricultural Enhancement Program, Tennessee Department of Agriculture,*  
[www.picktnproducts.org](http://www.picktnproducts.org)

**Absolutely NO DOGS permitted on the James E. Ward Ag Center grounds.**

**Held in conjunction  
with the 38th Annual**

**Terms:** Cash unless arrangements are made with owners before the sale. Settlement should be made promptly with the cashier at the close of sale.

**Bidding:** After an animal is in the sale ring, it will be sold to the highest bidder. The auctioneer will settle all disputes relative to bids.

**Announcements:** Any correction given from the auction box on sale day will be considered the same as though printed in this sale catalog.

**Delivery:** Delivery is the buyer's responsibility, but all consignors will assist with delivery if possible.

**Guarantee:** All animals of breeding age are guaranteed breeders. All untried animals are guaranteed to be without known defects, but nothing further. Animals failing to breed after a trial of six months may be returned to the farm of the seller, in good condition. The seller reserves the right to try said animal for six months and if it proves to be a breeder, to return it to the buyer at his expense. If the animal proves to be a non-breeder, satisfactory exchange will be made or purchase price refunded.

All bulls will have passed a breeding soundness exam performed by a veterinarian within 30 days of sale day and they also will have had a negative trichomoniasis test and BVD-PI negative test. Each animal

will be at the purchaser's risk as soon as sold and can be moved after the settlement has been made.

Other guarantees or considerations than the above will be considered on the basis of accepted policies and practices recommended by the American Hereford Association. THA and sale management act only as agents between buyer and seller, any guarantees will strictly be handled between seller and buyer.

**Health:** All cattle will have proper health certificates.

**Load out:** Cattle are available for load out as soon as the sale has concluded and settlement has been made. Please check your settlement sheet with the owner or other sale representative to be sure you have the correct animal.

**Liability:** It is understood that the Tennessee Hereford Association will not in any way whatsoever be responsible for injury, accidents to animals, consignors, purchasers or visitors who attend this show and sale nor for any accidents that might happen prior to or after the show and sale.

**Registrations/Transfers:** All animals will be transferred at seller's expense to the buyer per instructions given to sale clerks. Proper breeding statements will be given when transfers are made.

**TENNESSEE BEEF AGRIBITION Junior Heifer & Steer Show**

**SUNDAY, MARCH 15, 2026 • 9 A.M. (CDT)**

An open to the world junior heifer and steer show will be held in conjunction with the 38th Annual Tennessee Beef Agribition. The Agribition is held at the James E. Ward Agricultural Center, 945 E. Baddour Parkway, Lebanon, TN 37087 (615-449-9077). The junior show will start with steers followed by heifers. Two rings of heifers will show at the same time, and breeds will not be rotated.

**The rules for the event are as follows:**

1. Breed association rules for junior shows will apply to each respective breed.
2. No pre-entry is required. Entry forms will be available on Saturday.
3. Due to limited parking facilities, all trailers must be parked in the designated parking area. On Saturday, Junior cattle will be allowed in the stalls when sales are complete and sale cattle are removed. There will be no parking around the barns.
4. All junior cattle should be on the grounds and processed by 5:00 p.m. on Saturday, March 8th. Heifers and steers will be processed Saturday from 2:00 until 5:00 p.m. CST. All heifers purchased from late afternoon sales should be entered ASAP.
5. \* ***There will be a \$20 per head entry fee at the 2026 event.*** \* All classes will be placed through fifth place, and premiums will be paid for 1st - 5th. The top five overall heifers and top five overall steers will pay \$1000, \$800, \$600, \$400 and \$300.
6. Heifer and steer breed show order will be determined at or after check-in. Shows will be available for the following breeds: Angus, Charolais, Gelbvieh/Balancer, Hereford/Polled,

Hereford, Shorthorn, Simmental, and AOB. Any breed having a sale will qualify to have a junior breed show. All other breeds may qualify for a junior show by paying \$500.00 (Shorthorn Plus, Simmental Percent, Red Angus, Black Hereford, Black Hereford Percent, Limousin, Chiangus, etc.) This money will be used for trophies and banners. Steers will show first. Show order will be a-z.

7. All other breeds (AOB), including commercial heifers and cross-bred steers will compete in AOB classes. AOB heifers will show by weight.
8. **Heifers eligible to show must be born on or after September 1, 2024.** Heifer classes will be based on the futurity system and will be determined after all entries are made. Steers will show by breed with classes determined by weight.
9. Heifers (born on or after 9/1/24) purchased in any of the Agribition sales will be eligible to compete in the Junior Show. **Check the respective breed catalog to see if percentage cattle show as AOB.**

## FUTURITY GUIDELINES

Our sale will sponsor a heifer futurity.

*The Futurity guidelines are:*

- The nomination fee is \$50.**
- Futurity heifers must be nominated by their consignor before they sell in the 2026 Tennessee Hereford Agribition Sale.
- Heifer eligibility rules will be those for the AHA 2026-2027 show season.
- Futurity heifers must be purchased in the Agribition sale by a junior that has not exceeded their 21st birthday as of 1/1/2026 and shown in the futurity class during the 2026 Tennessee State Hereford Show
- Futurity premiums will consist of 100% of nomination fees collected and will be distributed as follows — 50% to Grand Champion, 25% to Reserve Champion, 25% to be divided among remaining entries.

2025 Futurity Winner

- Dark red, goggle-eyed herd sire prospect out of one of the lead donors for our operation. A flushmate sister was a feature of last year's sale, going to Coley Herefords. This bull is so versatile – he's the perfect bull for a set of replacement heifers, a seedstock producer, or a commercial man looking to sell stockers and keep back a few heifers to beef up herd numbers. Checkout his genomic profile, he ticks the box in all the categories and comes from proven pedigrees.

- Red Makers is a unique individual that combines light birth weight, pigmentation and is short red marked.
- He comes from a great cow family and a high quality package. His sire, Green Makers Mark, a light birth weight specialist. His dam, Womack Redneck Lady, is one of the most winningest daughters of Sancho. She has made her way to the winner's circle in such shows as Junior National, Southeastern Regional, Tennessee State Fair, Nashville Fair, Kentucky State Fair and many others.

- 3277L was Brigadoon's choice of females from the Churchill dispersal and the natural calf of the 978G donor now in the GKB program, tracing back to productive maternal greats from the Moler, Cooper, Barber and even Miles City test station program. The proven history behind this pedigree is, I love great cattle and great breeders. It takes years to plan females of this caliber out. After studying this 2-year-old Red Cloud daughter's pedigree and genomic profile, I had to see her in person. She was exceptional, and I decided she needed to help all of us improve cattle here in the Southeast. At the dispersal her heifer calf brought \$18,000, two pregnancies brought over \$9,000 each. Had the Venhuizen not retired, I believe this female would have remained as a foundation block.
- Guaranteed one (1) pregnancy if put in within six (6) months by cert embryologist. Bring a tank to the sale, otherwise these will be stored at TransOva, Lawrenceville, GA
- Consigned by Brigadoon Farm

- Opportunities to own 2-year-olds like 3277L don't come along very often, and the Churchill dispersal was where I found this unique female. Genomically, she's exceptional in her profile and when I saw her in Montana, I knew she belonged in Tennessee. She's exceptionally sound, well-marked, and perhaps the best uddered 2-year-old from the Churchill herd - a true performance bred package! Whether you are a horned or polled enthusiast, this is a great opportunity to get in on the ground floor with females of your own that will have projected traits charting in up to the top 10% or better of the breed and from consistent national winners with strong pedigree backing.
- Guarantee one (1) 60-day pregnancy if put in by a certified embryologist within six (6) months. Embryos stored at TransOva, Lawrenceville, GA.

Dam	6.4	0.6	62	94	1.2	41	72	8.4	88	-0.006	0.91	0.20

- Merit is a sire that needs no introduction in the Southeast – his success for the TRM has been exciting to watch. I had the chance to see Merit in person this Fall when visiting the bull stud in Alabama and his foot size, added mass, and exceptional growth numbers will be an excellent complement for the color pattern and maternal profile 3277L brings to the table.
- Guarantee one (1) 60-day pregnancy if put in by a certified embryologist within six (6) months. Embryos stored at TransOva, Lawrenceville, GA.
- Consigned by Brigadoon Farm*

- 8132 is a lead donor here at Brigadoon and a full sister to famed donors in the Perez and T/R Cattle Co operations. I haven't marketed her progeny until this year. A daughter sold here at Agribition in 2025 to the Coley Family, and most recently our first online sale featured 2 heifers that commanded \$11,000 and \$10,250 for half interest. The sire of these embryos, Churchill Red Cloud may seem somewhat unknown to some, but he's the herd sire for Coyote Ridge Ranch and sire of the current popular bulls Lifetime and Red Hot for the Colyer and GKB operations. His semen was only offered at auction and is not available on the market currently. It is not expected to be available again soon. This cow does not miss – this mating charts out and should niche very well.
- Guarantee one (1) 60-day pregnancy if put in by a certified embryologist within six (6) months. Embryos stored at TransOva, Lawrenceville, GA.

- Dauntless - showing fearlessness and determination. One of the most unique individuals you will be able to find in the Hereford breed. Dauntless not only excels in his unmatched genotype, but as a true physical specimen as well. There is no other sire in the AHA database that can match his spread of BW to YW and CHBS. It was not necessarily the genotype that drew us to this bull, but rather his dark red color, full pigmentation, extremely wide base/rear, as well as super thick top line. Not only just as a heifer acceptable bull, but as a herd bull in general. The total package that Dauntless offers will be hard to match, and we believe he has the potential to be a program changer.

- Selling two (5) straw packages of conventional semen

- *Consigned by Chapman Land and Cattle Co., Woolfolk Farms, Deer Track Farms and NJB Limited.*

- Our goal has always been to produce cattle that excel in phenotype, genotype, and EPD profile, Full Circle 3511 delivers on all fronts. He was the \$32,000 ½ interest selection by Whispering Wind Farms in Missouri in the 2025 Foundations for the Future Bull Sale. This carefully planned mating was built to create elite seedstock like Full Circle, offering outcross genetics to progressive purebred breeders. He's been heavily utilized in the /W program for his unique pedigree and standout phenotype — a true breeding piece with real-world value.

- Selling (3) Three, (5) Five-Straw Packages of Sexed Female semen

• Marjorie is destined for success in the show ring! She is sound made and long-bodied with straight lines, big bones, and a pretty front. She also has great hair! Gentle enough for a first-time exhibitor. Her sire is a walking herd sire at Hopkins Ranch and is backed by some of the breed's great breeders: Hoffman, Shaw, Buck, and Stuber. Marjorie's dam was purchased as a show heifer and is a beautiful first-calf heifer who won her classes at the Tennessee 4-H Expo and the Tennessee State Fair. She is now doing a great job raising this special heifer. We are confident she will make a tremendous addition to your herd after her show days are done.

- The flush of the 8132 donor to Tomahawk resulted in a group of outstanding heifers, and this July polled female is the sleeper! She was "too green" for our December online sale where her full sister was the high seller to the Shirly family in KY for \$11,000. "Maisie" is exceptionally clean and extended in her neck and how she ties into her shoulder, she's got that true, natural rib shape that is demanded in today's arena. She's backed by cow power in her pedigree, and her genomics will follow her. Her sweet disposition is perfect for that young exhibitor looking for a heifer that is easy to handle, and she fits a unique division that's fun to compete in. Look for this one to have presence at anything from jackpots to state shows with the right care! Futurity nominated.

- This June heifer has a "royal" pedigree - her dam was Champion Cow-Calf at the Tennessee State Fair and her full sister that sold at Agribition has been successful in the show ring as well. Yellowstone offers a quality pedigree, EPDs, and a stylish package that will make for a fun summer show project and a great addition to the herd afterwards. Calfhood vaccinated and Futurity Eligible.

- We are very excited about this American Classic ET daughter. She is dark red with some pigment. Great disposition lots of middle and really cool fronted. She will be very competitive at a national level. She comes from a great cow family, when this heifer is finished showing, she will for sure find her way to your donor pen.

- Show heifer and donor prospect that's conservatively marked and built with the style and structural correctness to stand out in the show ring. This high-calving-ease Deluxe daughter ranks in the top 2% for both CE and BW. She also offers elite maternal quality, being in the top 9% on UDDER and top 4% on TEAT. Attractive, functional, and maternally driven. This heifer has all the pieces to develop into a long-lasting, high-value foundational female. Futurity Nominated sells open.
- Retaining one successful flush of a minimum of 6 transferable embryos at Sellers expense and buyers convenience.
