## Accommodations

Atlantis Casino Resort Spa, 3800 S Virginia St., Reno, NV 89502
Room Reservations, 800-723-6500; Group Code: 2026 Western States Hereford Show & Sale

## Terms and Conditions

**Bidding:** Each animal offered for sale will be sold to the highest bidder. Each bid shall constitute an offer to purchase, and the final bid shall constitute a binding contract between buyer and seller. The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

**Terms:** Terms of the sale are cash or bankable check (U.S. funds), unless prior arrangements have been made. All settlements are to be made with the clerks of the sale immediately following the conclusion of the sale.

**Identification:** Seller offers each animal with a readable tattoo corresponding to registration. Buyer agrees to check tattoos for accuracy.

**Handling and Risks:** Each animal will be purchaser's risk as soon as sold.

**Rights and Obligations:** In the event of default in any part of the Terms and Conditions covering the sale by either the buyer or seller, it shall be the responsibility of the buyer or the seller to instigate any action necessary to bring about a fair settlement of any claims arising from this sale and to be responsible for any and all costs involved therein. The sale management assumes no responsibility, legal or otherwise, for the failure of either seller or buyer to fulfill their obligations.

## Announcements

Any changes from printed information of any kind will be announced from the auction block and such announcements shall take precedence.

## Registration Certificates

A certificate of registration and transfer will be furnished for each animal at no cost to the buyer.

## Liability

All persons attending the Western National Show and Sale do so at their own risk. Neither the sale manager, board members of the Western States Hereford Association or any person involved with the management of the show and sale assumes any liability, legal or otherwise, for any injury or damages.

## Delivery

Sale management will assist in making delivery arrangements of the sale animals to the new purchaser's destination at the least possible cost. Delivery will not exceed $750 per lot to a central location within the United States if arrangements are made by the sale coordinator. All such deliveries will be at the buyer's risk.

## Livestock Mortality Insurance

Insurance will be available.

## Health and Guarantees

- A certified Nevada veterinarian will be on site to handle sale cattle health.
- All bulls will be tested for Brucellosis, Trichamoniasis and appropriate health papers will be available for immediate shipment. All females are officially Brucellosis vaccinated. Cattle selling to any area that requires additional testing will have to complete tests prior to shipment.
- All females selling safe in calf will have been tested within 60 days by an accredited veterinarian, and a statement of proof will accompany the health papers.
- Video females may be not onsite. Health papers and brand, will be managed by the consignor directly. Transportation will be determined between the buyer and seller.
- Embryo lots are only guaranteed when implanted by a certified embryologist.

*On behalf of the Western States Hereford Committee, it is a pleasure to welcome you to our annual sale in conjunction with our other activities in Reno. We pride ourselves on being a stand-alone Hereford event that hosts generations of Hereford families, enthusiasts and supporters to Reno every December.*

*From our open show, junior show, new futurity, scholarships and activities ... you will be energized with fun for the whole family as we get together.*

*We've put together an exciting offering of top-level Hereford genetics as well as our annual semen sale to support the gathering here in Reno. New this year, Hereford influence genetics are offered for those looking for a commercial twist to their purchases. Take a look, raise your hand and add to your future with genetics in Reno.*

*Sincerely,*
*Western States Hereford Committee*

# Western States Hereford Sale

## Friday, December 4, 2026

**4 p.m. (PST)**
**Reno Livestock Event Center**

LiveAuctions.TV

**Thank You to the Sale Social Sponsors**

F&M BANK
Farmers & Merchants Bank of Central California

***Introducing the ...***

# WESTERN STATES HEREFORD FUTURITY

**Welcome to the Western States Hereford Event in Reno!** We're excited to introduce our new futurity which will be a unique opportunity for juniors who invest in genetics sold in the Reno sale.

Genetics offered in this sale and purchased by juniors, will be eligible to show in our Futurity Show in the coming years as well as the Junior Show in Reno. Cattle bought in the sale, progeny from those cattle and embryos bought in the sale are all eligible and welcome to show in our futurity moving forward. Be sure to get a Junior buyer number before the sale.

This is an exciting opportunity to be part of the Futurity with Western States Hereford Association, build your herd and win some extra cash along the way!

- A Lifetime daughter that displays the exceptional phenotype of her sire, Lifetime. Some of the great foundation cows of our herd can be found on the top and bottom of this heifer's pedigree, several Reno champions included.
- Great disposition and ultra feminine. Her maternal brother was our high selling bull in Red Bluff last year. The future is bright with 42P! Retaining 2 flushes at seller's expense and buyer's convenience.

- A rare opportunity to acquire the hard-to-find Lincoln genetics! This April Polled heifer has been exhibited locally and nationally including both the Royal and Nebraska State fair. She has the road experience, gentle disposition, and kid-friendly docility to make her an excellent match for a junior exhibitor of any age.
- Out of a first-calf heifer, she combines sought-after genetics and a broke in show-tested female that will launch your herd. Don't miss your chance to own a special one in Reno!

- Alice is a heifer destined to live up to her namesake and build a legacy of her own. Long-necked, beautifully balanced, and exceptional in her combination of muscle, bone, and structural integrity, she possesses the kind of quality that makes her stand out from the crowd. Add in her striking, eye-catching pigment, and Alice becomes an exciting package from every angle.
- This is a mating we knew had the potential to be explosive, and Alice continues to exceed expectations. With the phenotype, maternal potential, and quality to make a lasting impact, she is the kind of female you can build around and confidently invest in for the future.

- An exciting, bred heifer backed by some of the most influential genetics in the Hereford breed!
- Sired by Churchill Big Shot 1136J ET, known for adding tremendous body, dimension, and eye appeal. Her dam, 2312, did an outstanding job raising this female as a first-calf heifer and is a full sister to the 2025 Red Bluff Supreme Champion Bull. Her maternal granddam is none other than the legendary $87,500 donor, JDH AH MS 34X Victor 33Z45C ET (45C), renowned for producing breed-leading herd sires and outstanding females. Combining proven cow power with an impressive pedigree, this female was also exhibited by Tymber as a bred-and-owned project.
- She is bred to KJ 488G Justice 606M, an exciting young sire offering calving ease, maternal strength, and exceptional carcass merit. A tremendous opportunity to invest in a powerful cow family with a bright future! Due to calve, March 12.

- 536J, better known as "Coconut," is a direct daughter of Coco Creme that has anchored our donor battery for the last couple years. She is a Benton daughter, that has the rare ability to raise show heifers without sacrificing genotype to do it.
- We have a full sib to this mating on the ground, and if this heifer is any indication of what this mating will produce, we are excited to see more. The cow power in this mating alone makes this offering extremely intriguing. You include the added genotype, and the fact that we already have one on the ground that will most likely be Lot 1 in our spring sale ... I think the investment here is a no-brainer. We don't offer opportunities of this caliber often; take advantage!

- This could be as hot of a mating as you will find. CC 00127 1C Priscilla Emerie 25K ET is the dam of the popular herd sire and Champion Bull here in Reno last year, CC 133J 25K Lifetime 15M.
- Charlie Kirk, the $310,000 high seller from Colyer's Denver pen, has been a crowd favorite of many. The sky is the limit with this mating, dig in.

- If you have had a conversation with Rod about cattle, you most likely have heard about his 1C cow. 1C has been the main donor for Cache Cattle for many years, and for good reason. She is the grandam of Lifetime and produces our top calves every year.
- Her bull calf this year will be a highlight of our Reno show string and might be her best work yet.
- New River is the exciting New Standard son who was a high seller for Sand Hill Farms! A bull who we expect to add genomic value while still maintaining phenotypic excellence.

- It is with excitement and pride we offer this embryo package. Miranda 42 "Amanda" is the next generation that continues a long legacy of high-profile donor females for the cow family from which she stems from.
- Amanda is a broody, big hipped, long sided female that was shown successfully by Madisyn and Alliegh over the last couple years, including here in Reno and has continued with her production in the pasture.
- CC Lifetime needs no introduction, being named Champion bull in Reno in 2025 and doing great work in the Cache Cattle, GKB and Colyer programs. He is already putting his stamp on the breed, producing the high selling open heifer this fall in the Colyer sale.
- The documentation for this mating will be phenomenal and will rank in the top of the breed for many traits, especially the performance traits! There should also be plenty of color and pigmentation on resulting calves to add to their eye appeal!

- 5081 Reign. Let. It. Reign. We are proud to offer four sexed female embryos, full-sib matings to our lead-off heifer from the 2026 NWSS Champion Female Pen.
- Selected as the pick of the pen for $70,000, at Herefords in the Yards, this female represents the kind of quality and cow power we believe will make a lasting impact. These are embryos you'll want in your tank and for your future donor lineup.

- Two powerful sires paired with our standout Genesis daughter offer the potential for an explosive combination! 228's dam is an On Point daughter out of Purple Avery, a Purple Reign daughter, bringing together a pedigree with tremendous breeding potential and style.
- 228 brings both genotype and phenotype to the table. Her genetic profile combines low birth weight with explosive growth, maternal strength and elite carcass potential. Pictured in her working clothes, she backs that profile with a wide top, deep sides and tremendous rib shape — the capacity and substance we appreciate in a productive Hereford female.
- Paired with either New Standard 2912 or Next Step 4014, these matings offer the potential for curve-bending EPDs and a balanced package of growth, maternal value and carcass merit. Our goal is cattle with the genetic tools to move a program forward and the physical quality to make those genetics count for commercial cattlemen and registered breeders
- We have fall calves on the ground from both matings, and we're so excited about these pairings that we just had to share!

- A powerful pair of full sisters out of WSF Mira's Lady D320, one of the most influential donors at Wooden Shoe Farms!
- Sired by the proven maternal powerhouse /S Mandate 66589 ET, these females combine exceptional maternal genetics, udder quality, fertility, and longevity. D320 has played an instrumental role in shaping our breeding program, and these daughters carry forward the quality and consistency of this proven cow family.
- N101 is A.I. bred to Stellpflug Next Step, while N112 is A.I. bred to Bar JZ On Demand. **Both heifers are confirmed pregnant and due to calve February 12, 2027. Preg checked 7/23 - safe in calf.**
- These exciting matings offer the opportunity for a valuable first calf with genetics to build on for generations. A tremendous opportunity to invest in two maternally driven females with the pedigree, genetic value, and potential to become influential donors in their own right!
- Pasture exposed to WSF 9101 Who Maker M264 (44585427) from 5/26-6/26 then exposed to Angus bull until 8/24.

- Here's a nice pair of bred heifers that bring together power, performance, and some of the proven cow families here at Wooden Shoe Farms!
- N95 is a daughter of CRR 971 Levitate 142, a bull known for adding body, dimension, and growth. Her dam K76, is a Mr. Hereford daughter out of 415S, who has been one of the leading donors in our herd.
- N67 is a horned daughter of /S Mandate 66589 ET and WSF Mira's Lady D320, giving you another opportunity to own a female from this exceptional cow family.
- Both heifers have been pregnancy checked and are safe in calf to an Angus bull, with calves expected in late spring. We feel these two females have a lot to offer, combining proven pedigrees, quality genetics, and the foundation to become productive, long-lasting additions to any herd. Pasture exposed to Angus bull from 6/26 to 8/24.
- **Preg checked 9/17 – safe in calf.**

***Congratulations to one of our own crowned National Hereford Queen***

# Donation Semen Lots

- This will be an excellent opportunity to purchase the most cutting-edge Hereford genetics available today. We will be featuring semen and certificates on several National Champions and other powerful performance bulls, both horned and polled. Most semen packages will include three straws and one certificate unless otherwise stated. Shipping costs will be paid by the buyer. A listing of the bulls is included. More maybe available at sale time. **Contact Steve Lambert at 530-624-5256 for more information.**
