FRIDAY | DEC 4, 2026 | 5 PM CST.

Location: G4G Cattle Co. | Sallisaw, OK

Schedule

Thursday, December 3

Cattle available for viewing all day.

Friday, December 4

Cattle viewing starts at 1 PM.
5 PM CST - Hereford Legacy Elite female sale.
Brisket Dinner - Immediately following the sale.

Welcome to the Inaugural Hereford Legacy Elite Female Sale!

Dear Friends and Fellow Cattlemen,

It is with great excitement that we invite you to join us for the Inaugural Hereford Legacy Elite Female Sale on Friday, December 4, 2026, at 5:00 PM CST, hosted at G4G Cattle Co. in Sallisaw, Oklahoma.

G4G Cattle Co. and Shockley Ranch Herefords have joined forces to assemble an exceptional offering of elite Hereford genetics. We are extremely proud of the quality and depth of this offering and believe these females represent some of the very best genetics our programs have to offer. From proven cow families to exciting young prospects, this is a set of cattle we feel can make a lasting impact on programs across the country.

Our goal with the Hereford Legacy Sale is to offer cattle that not only represent the strength of our programs today but also have the genetic potential to build a lasting legacy for generations to come. We are committed to offering the kind of quality that fellow breeders can invest in with confidence.

We welcome everyone to visit the sale site and evaluate the cattle prior to sale day. We encourage you to come early, study the offering, and enjoy the fellowship. Following the conclusion of the sale Friday evening, please join us for a brisket dinner.

Above all, we are grateful for the friendships and relationships this great breed has brought into our lives. We look forward to visiting with old friends, making new ones, and sharing an enjoyable evening with our fellow Hereford enthusiasts.

Thank you for your interest in our programs, and we look forward to seeing you on December 4th!

Sincerely,

G4G Cattle Co. & Shockley Ranch Herefords

SALE TERMS & CONDITIONS
TERMS: Cash or good check. All cattle will sell to the highest bidder. The auctioneer will settle any disputes regarding bids. All purchases must be settled before cattle are released. Each animal becomes the responsibility of the purchaser immediately upon being sold.
HEALTH: All cattle will be accompanied by the necessary health certificates for shipment as required by state regulations.
GUARANTEE: All cattle will sell under the recommended Terms of Sale for Auctions established by the American Hereford Association, unless otherwise stated or announced from the auction block.
BREEDING GUARANTEE: All breeding animals will be guaranteed in accordance with the applicable American Hereford Association Terms of Sale. Any special conditions regarding donor females, embryo transfer, pregnancies, or reproductive guarantees will be stated in the catalog or announced sale day.
EXPECTED PROGENY DIFFERENCES (EPDs): EPDs printed in this catalog reflect information available as of the catalog cutoff date. EPDs are updated regularly by the American Hereford Association. Current information is available at www.hereford.org.
ANNOUNCEMENTS: Announcements made from the auction block on sale day will take precedence over printed material in this catalog and all other advertising.
LIABILITY: All persons attending the sale do so at their own risk. The sale hosts, consignors, and sale management assume no liability, legal or otherwise, for accidents or loss of property, to the extent permitted by law.
G4G AND SHOCKLEY RANCH RESERVE THE RIGHT TO TWO SUCCESSFUL FLUSHES ON ALL FEMALES IN THIS SALE.

LOT 1 DAM BW 91H 100W RITA 79Z ET

- No better way to lead off the inaugural Hereford Legacy Sale than with a true powerhouse that carries generations of Hereford greatness throughout her pedigree! 129H is a big-time power female that combines all the qualities progressive cattlemen demand in an elite donor prospect. Her dam, the legendary 79Z, needs absolutely no introduction to the Hereford breed. With over 200 registered progeny in the American Hereford Association database, 79Z has established herself as a household name among progressive breeders and a female whose genetic influence continues to leave a lasting mark on the breed.
- When you study the potential impact 129H could have on a breeding program, the possibilities are endless. She offers tremendous mating flexibility, backed by a genetic package that checks every box. Phenotype, maternal strength, carcass merit, and genetic excellence are all wrapped into one impressive individual. This is the kind of female you build a donor program around, with the power, pedigree, and genetic credentials to make a lasting impact for generations to come.
- Ranks in the top 10% of the breed for seven traits.
- **Bred AI 3/24/26 to Loewen Sandhill L70 ET. Checked safe to A.I.**
- **P.E. 4/10/26 to 5/25/26 to TH 66G 2157K Sherman 509M.**

LOT 2 SIRE CHURCHILL SMOKEY 3128L ET

- When we think of cutting-edge genetics and females destined to make a lasting impact on the Hereford breed, 257 comes to mind! This female has done nothing but get better and better with each passing day, and her future is nothing short of exciting. Her dam, 3414, was the high-selling female on Day 1 of the historic Churchill dispersal and the talk of the crowd, commanding attention with her tremendous power, performance, and overall quality. We believe 3414 will be a cornerstone donor in our program for years to come, with the potential to make an even greater impact than her legendary dam, 1162Y.
- Study the genetic value and unlimited potential Lot 2 brings to the table. Sired by the popular AI sire Churchill Smokey, she combines some of the most sought-after genetics in the Hereford breed. To further illustrate the strength of this cow family, a full sister to Smokey commanded an impressive $220,000 as the high-selling female of the Churchill dispersal. The pedigree, phenotype, and genetic potential are all here in one extraordinary package. This is a female with the credentials to become a breed-leading donor and a tremendous opportunity to invest in the next generation of elite Hereford genetics.
- Ranks in the top 10% of the breed for seven traits.
- **Sells open.**

- **RIGHT TO FLUSH 3414**
- Here is an elite opportunity to flush one of the most talked-about young females in the Hereford breed! 3414 was the high-selling female on Day 1 of the historic Churchill dispersal, commanding an impressive $60,000 and capturing the attention of progressive breeders across the country. Built like a Mack truck, 3414 possesses tremendous power, dimension, body mass, and overall quality that set her apart from the crowd. Backed by the legendary 1162Y cow family, she represents the kind of genetic powerhouse that has the potential to leave a lasting mark on the breed. The sky is truly the limit when you consider the mating flexibility and endless possibilities this female offers. Whether your goal is to produce your next elite donor female or a breed-leading herd sire, 3414 has the genetic foundation and physical credentials to make it happen. Take advantage of this rare opportunity to access the genetic potential of one of the breed's most exciting young donors!
- 3414's last flush yielded over 50 oocytes.

TERMS-

- 3414 is open and ready to aspirate immediately.
- Seller Guarantees six transferrable embryos, with all embryos produced in the flush to the buyer.
- Buyer will be responsible for supplying semen and for all cost associated with the flush.
- This will be a IVF flush that will be conducted at G4G Cattle Co, a Trans Ova satellite.
- **Buyer will be guaranteed two 90-day pregnancies if transferred by a certified embryologist.**

- Tremendous opportunity to invest in the future of one of the most exciting young donors in the Hereford breed! J59 is a powerful, Homozygous Polled Genesis daughter that has quickly established herself as a proven producer of elite genetics. With three daughters selling at public auction to average $28,700, including the $51,000 top-selling female in the 2025 Dry Creek Farms Production Sale, her production record speaks for itself. This exceptional donor combines an impressive phenotype with a breed-leading genetic profile, highlighted by a $CHB of 218. Here is your opportunity to acquire pregnancies sired by two of the breed's most exciting sires, the $70,000 Churchill Legacy and the ever-popular CC Lifetime. The genetic potential behind these matings is tremendous, combining the proven maternal strength and production of J59 with two highly sought-after sires. A rare opportunity to get in on the ground floor of genetics that have the potential to make a lasting impact on any program!

- **Homozygous Polled**
- What a doll! Here is a female that has all the makings of a big-time donor prospect! When we talk about one that checks every box for quality, color, EPD profile, and an exceptional donor dam behind her, 1508 is exactly what we have in mind. The Laredo daughters have certainly caused quite a stir throughout the breed, and this female is a prime example of why. Study her exquisite look, feminine front end, added length of body, and overall balance. She possesses that rare combination of eye appeal and genetic excellence that is so difficult to put together in one package. Backed by a proven donor dam and an impressive set of numbers, 1508 offers tremendous potential to make a lasting impact in any progressive breeding program. This is one that deserves serious attention and consideration as a future cornerstone donor. Donor time right here!

- **Homozygous Polled**
- What an exciting way to kick off this extraordinary offering of direct daughters of the legendary Mercedes 11E! Here are two exceptional females sired by the popular AI sire KJ Liberty, the sire of the renowned KJ Tomahawk, who has sired as many champions in recent years as nearly any bull in the breed. When you combine that kind of genetic influence with the proven production power of Mercedes 11E, the possibilities are endless!
- Lot 8 is an absolute beast! Big-footed, sound as a cat, and equipped with a killer look and tremendous extension, she has all the pieces to compete at the highest level in the show ring. This is a female that commands attention with her power, presence, and overall quality. Lot 9 is a dark red beauty that brings exceptional length of body, an exquisite look, and the kind of eye appeal that is hard to overlook. Two high-quality females that offer their own unique strengths while sharing an extraordinary genetic foundation. Whether your sights are set on the show ring or building your next generation of elite donor females, these two Liberty daughters deserve serious consideration!

- Here are two more outstanding direct daughters of the legendary Mercedes 11E, this time sired by the widely used and highly regarded H B Distinct. Distinct has seen extensive use in breeding programs across the country, and his daughters are quickly earning a reputation for their quality and maternal excellence. These two females are certainly no exception!
- Lot 10 is an absolute standout and one that deserves serious consideration! This easy-fleshing, red-eyed beauty combines exceptional length of body, added shape, tremendous dimension, and an eye-catching phenotype. A true performance standout, she was the heaviest calf among her ET contemporaries, further demonstrating the growth, power, and genetic potential she brings to the table. She possesses that rare combination of performance, maternal strength, and undeniable eye appeal that makes her an exciting breeding piece with tremendous long-term value. Lot 11 is a big, broody, powerfully constructed female that is absolutely loaded with red meat and tremendous dimension. She's a tank through her center body yet still possesses the maternal qualities and genetic credentials that make her so intriguing. Study the calving ease and maternal strength these two females offer on paper, combined with the proven production power of Mercedes 11E. These are the kind of females that can become cornerstone breeding pieces and make a lasting impact on a program.

- Here are two more direct daughters of the legendary Mercedes 11E, a donor that was truly the gift that kept on giving! Mercedes was an extraordinary producer whose ability to consistently generate high-quality offspring made her one of the most prolific and influential females in the Hereford breed. With over 190 registered progeny to her credit, her production record speaks for itself. Sired by the renowned JDH AH Benton 8G ET, these two females are full sisters to the $60,000 P 6MC 11E Bentley 2L ET, further demonstrating the tremendous value and consistency of this proven mating.
- These two sisters are high-performing, powerfully constructed females that combine added growth, exceptional quality, and the kind of running gear it takes to compete at the highest level. They possess the structural integrity, athleticism, and overall presence to make their mark in the show ring, while carrying the genetic foundation to become exceptional producing cows. The combination of performance, phenotype, and proven genetics makes these two females exciting prospects with tremendous versatility. Whether your ambitions are in the show ring or the donor pen, these Benton daughters have the credentials to get it done!

- Here are two more exceptional direct daughters of the legendary Mercedes 11E, sired by the popular calving-ease outcross sire C Cuda Belle. When you talk about maternal excellence, outstanding phenotype, added red color, and the kind of outcross genetics that offer tremendous mating flexibility, these two females check all the boxes! Cuda Belle brings a unique genetic twist to the proven production power of Mercedes, creating a combination that is extremely intriguing for progressive breeders. These females possess the quality, eye appeal, and maternal foundation to become highly productive breeding pieces with the versatility to be mated to a wide range of today's most popular sires. With the demand for fresh genetics and proven cow families continuing to grow, these two daughters offer an exciting opportunity to incorporate the influence of Mercedes 11E through a different genetic avenue. Big-time maternal prospects with the phenotype and pedigree to make a lasting impact!

- 1480 is an intriguing female to evaluate from a phenotype standpoint! Sired by a full brother to the renowned Benton 8G that walked the pastures at Shockley Ranch and did an exceptional job, this female brings together a powerful genetic foundation and outstanding quality. As the natural calf of the donor 9121, she is a prime example of the kind of cattle this program strives to produce. Study her overall design, balance, and eye appeal. A high-quality female with the pedigree and potential to become an exceptional breeding piece!
- Ranks in the top 10% for YW, CW and CHB.
- **Sells Open**

- A special female with a pedigree loaded with generations of Hereford greatness! Sired by the proven High Noon and backed by the legendary Churchill Lady 1162Y, this female combines some of the most influential genetics in the breed. A full sister was a standout and sale highlight in the historic Churchill dispersal, further demonstrating the tremendous value and quality behind this proven mating. Opportunities to acquire females with this kind of genetic foundation and proven family history don't come along every day.

- This thick-made, sow-bellied female is one you will really like.
- A daughter of Mighty 49C, a sire known for producing high-quality females all across the country.
- On the bottom side of her pedigree is the legendary P606, who was a maternal giant in his time.
- With this kind of pedigree and phenotype, look for this female to pass down the same maternal traits that made her ancestors so valuable.
- **Bred AI 3/9/26 to Churchill Laredo 3146L ET. Checked safe to A.I.**
- **P.E. 3/25/26 to 4/24/26 to KJ F31 Harvester 217L.**

- A big-time female here with a pedigree that deserves serious attention! This beautifully designed Broadway daughter offers exceptional extension, an attractive look, and the kind of balance and maternal presence that make her an exciting breeding prospect. What makes this female even more intriguing is that she is a maternal sister to the dam of the highly popular AI sires Stellpflug All That and Stellpflug Then Some! Talk about proven genetics and cow power! With this kind of maternal backing, combined with her impressive phenotype and genetic potential, she has all the ingredients to become a highly productive breeding piece. An exciting opportunity to invest in a powerful cow family that continues to make its mark on the Hereford breed!

- 1373 is a stout-made, big-bodied female sired by Big Shot. Her dam, 1162Y, could have chapters and chapters written about her, and we believe this female will follow in the incredible legacy her mother has created.
- A maternal sibling commanded $36,000 in the 7 Oaks and Friends Sale this past August, adding even more credibility to the cow family behind 1373.
- This is a female backed by proven genetics and a powerful maternal lineage.
- **Bred AI 6/14/26 to Churchill Laredo 3146L ET ET**
- **P.E. 7/1/26 to 8/15/26 to SRH J51 RED LIGHT 1380N ET. Calving date to determine sire.**

- What a special female to lead off this exciting set of mature cows! A true powerhouse donor that commands attention with her overwhelming presence, added dimension and overall quality. Sired by the ever-popular Benton and a maternal sister to the renowned RST Final Print, this female is backed by a pedigree loaded with genetic value. The possibilities are endless with a donor of this caliber. Just imagine the breeding potential and long-term value she could bring to any progressive Hereford program. A big-time opportunity to invest in proven genetics with an exciting future!
- This female flushes extremely well and normally can split her to multiple sires each aspiration.

- A super good herd bull prospect with good length of body and an attractive overall design.
- This young bull has plenty to offer, combining a functional build with the genetic merit to make a valuable herd sire.
- **He ranks in the top 20% of the breed for three traits, adding even more value to his genetic package.**

- **Lot 68 Flush**
- What an incredible opportunity to tap into one of the most proven and influential donors to come through the Churchill Cattle Co. program! H BL First Lady 1101 ET first made headlines as the $78,000 top-selling female in the 2021 Hoffman Female Sale and has done nothing but add to her legacy since. This powerhouse daughter of H The Profit combines tremendous bone, body, hip and substance with an elegant front end and an undeniable presence. More importantly, she has proven her worth where it counts "in production"! Her progeny includes a $47,500 daughter selected by W4 Ranch, the $20,000 Churchill Sister 3321L ET that went on to claim Reserve Champion Polled Hereford Female honors at the 2024 National Western Stock Show, and the $20,000 Gold Bar herd sire selected by Moscatelli Herefords. First Lady has established herself as a donor capable of generating high-value genetics across multiple matings. The opportunity to flush a female of this caliber, with this kind of proven production record, is something that doesn't come along every day. The groundwork has already been laid, and the earning potential is tremendous. A big-time opportunity to build around genetics that have already proven their value on the industry's biggest stages!

LOT 77 SIRE
CHURCHILL W4 SHERMAN 2157K ET

- (1141 is a powerhouse donor with more width through her hip and top than any cow we own. Huge boned and extended through her front third, she combines tremendous rib shape and depth of body with an easy-keeping build and ideal udder quality. Her production is every bit as impressive as her presence-her embryos have consistently delivered excellent conception rates, often settling 3 for 3 on transfers, and her natural calves are exceptional. She brings together the power, maternal quality, and proven production we want in a donor.

- 540N is a standout Maverick son that catches your eye with his combination of quality, balance, and performance.
- Another son of 45C, he offers an impressive combination of growth, maternal strength, and big-time carcass merit.
- He ranks in the top 20% of the breed for 11 traits and the top 5% for UDDR, TEAT, CW, FAT, REA, BMI, BII, and CHB.
- With this kind of genetic package and proven cow family behind him, 540N is a bull with plenty to offer.

- This bull is sired by the very popular Red River, and his dam, 45C, has been one of the most talked-about females in the Hereford breed.
- His maternal brothers include two of the breed's most influential sires, Benton 8G and Prominent 21G, both of which have produced high-quality progeny across the country.
- The guesswork is done with this bull, as his pedigree is backed by proven genetics and a cow family that continues to make an impact.
- He ranks in the top 20% of the breed for eight traits and the top 5% for REA and CHB.

- A son of the very popular Big Country 007, this is a bull we believe can work for anyone.
- His dark red color is matched by plenty of power, body, and stoutness.
- He offers the kind of growth and functionality that commercial cattlemen appreciate.
- A versatile herd sire prospect that should fit a variety of operations.
- An opportunity to have a direct son out of the infamous 1st lady and national champion Big Country 007!

- A big, robust son of Final Chapter, this bull offers plenty of body and substance.
- Correct in his structure and attractive in his overall design, he is a well-built bull ready to go to work breeding cows.
- He ranks in the top 20% of the breed for one trait, adding value to his genetic package.
- A stout, functional bull with plenty to offer his next owner.
- Night Shift 1376N is a stout, big-bodied son of Final Chapter with the substance, structural correctness, and eye appeal to command attention. His sire's impressive show career includes Grand Champion Bred-and-Owned Bull at the 2022 Junior National Hereford Expo, Grand Champion Hereford Bull at the 2022 NAILE, and Grand Champion Polled Bull at the 2023 National Western Stock Show. His dam, E D31 Jan G84, is a female we considered the best cow to come out of Ehlke Herefords at the time we purchased her.
- With championship genetics on the top side and an exceptional mother behind him, Night Shift offers plenty of substance and herd bull presence to put to work in your breeding program.
