Sale Day Phone

.....217-774-3939

Directions to the Sale

Go East on Illinois State Highway 16 heading out of Shelbyville. The United Producers barn is located on the North side of Highway 16.

Terms of the Sale

Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids. All cattle are to be paid for by the purchaser immediately after the sale.

Guarantee

Cattle sell under the terms and conditions of the American Hereford Association. **EPD's are current as of 10-9-24.**

Liability

Each animal will be at the buyer's risk as soon as the animal is sold. Precautions will be taken for the welfare of the cattle sold. Neither the owner nor the sale staff can be held responsible for accidents.

Registration Certificates

It is the buyer's responsibility to give the clerks the correct name and address for transferring purchased animals. Certificates will be mailed from the American Hereford Association at the seller's expense.

ATTENTION JUNIORS...

While you are shopping for this year's heifer at today's sale, remember the Heart of America Hereford Association offers awards for heifers purchased out of this sale. In order to qualify, your heifer will have to win one of the following:

PRIZE MONEY

CHAMPION: **\$50**
RESERVE CHAMPION: **\$25**
CLASS WINNER: **\$15**

One show per exhibitor per show season. Please contact Kevin Babbs if you have won any of the above so we can get you paid, and we can recognize you at the sale.

Health

Health papers will be furnished for each animal sold.

Catalog Material

All announcements at the sale by the owners or the auctioneer concerning the cattle will take precedence over statements in the sale catalog.

Kevin Babbs, as sale manager, acts only as an agent for the sellers and has no responsibilities other than those involved in conducting the sale.

Real-time bidding is available via the internet for this sale. Register to bid and view sale online at www.liveauctions.tv.

This is a proven bull that comes with a ton of upside. He is dark red with all the pigment you could ever want. Stout muscled, sound structured, and added look that will always grab your attention. This is a bull with big growth and carcass numbers. We used this bull on a number of cows this summer with confidence of what he will generate.

This bull is super dark red, big bodied, and big hipped. He is out of the great UPS Entice 9365 and his dam is out of the great Mr. Canada 10Z 15B. We feel that this bull will work great for the purebred and commercial cattlemen.

Aria is a January, Polled, Churchill Kingdom 128J ET daughter. Her dam, a Double Your Miles daughter from Young Cattle Company is also the dam of the bred heifer we have in the sale. She is dark red with great pigmentation, super attractive with a great profile. She was shown successfully this past summer as a calf and combines the right pieces to be competitive and a lot of fun next summer, and will go on to look great in the pasture as a cow.

We fell in love with this one's momma when we saw her as a baby at Stephen's and are sure glad we did! Ash is a spitting image of her momma and I think will be the kind that will raise you something special. She's bred to sexed Chuma semen, so you might even have that something special with the first calf! AI bred 6/26/24 to 2TK PERKS 5101 CHU-MA 8184 ET with sexed heifer semen then pasture exposed to SLC BAR S MR 49C DYNAMIC-IC 113ET. Preg checked positive to AI service with an approximate due date of 4/4/25.

This bred heifer is as powerfully built as you can find one. She is deep in her rib and has the cow look that we are all looking for. She has a pedigree that is unlike anything else for a long ways away, but that should only entice you to look at her hard. With everything she has to offer you can breed her almost any direction that you want, and it will work. She is bred to DB Broadway 1213. This is one that will produce some great ones.

Here is the first opportunity to own a female out of this flush! She embodies so much of what we were after with this mating. She combines the maternal power coming from her bottom side with extra look and balance. We have really liked what we have seen out of her flush mates. She has been confirmed safe A.1. to CRR Balance 107 to calve March 13, 2025.

Here is a heifer that will be able to do a lot of things for you. She is bred with some power in her pedigree that she will transfer on to her calves. Not very often do you find a High Roller bred heifer for sale. The dam of this heifer has been our lead donor for us and we are excited to see what this one should do. 3006 was AI'ed to Innisfail Trademark 1939 ET on 3-29-2024 (with sexed heifer semen), then turned out with Crutchers Ruger 2038 ET from 5-11-2024 through 8-20-2024. She was preg checked to the AI date to calve 1-8-2025.

Here is a easy fleshing bred heifer that fills all the holes. 3002 is out of a very strong maternal cow line that has some of the best cows ever in the Hereford breed. The Long Haul daughters have perfect udders when they calve and this one should also. When you add the power from Long Range into 3002 on the bottom side, it just completes the package. 3002 was AI'ed 4-1-2024 to SHF Houston D287 H086 then turned out with Crutchers Ruger 2038 ET from 5-11-2024 through 8-20-2024. She was preg checked for a mid February calf.

What an opportunity, one of the last Crystal females we had born on our farm. With a pasture full of these girls, and a full sib who has made her way to the donor pen, we thought this would be a great opportunity for someone else to get a start with these genetics. Bred to Cruthers Ironman 113 (P44335814) due 12/24. After seeing some pictures of the Ironman calves already on the ground this mating is looking to be quite promising.

Here is a cow that has done it right for us year in and year out. Goldie has a perfect udder and she has clicked with every calf she has had. This year, I decided to AI her to JDH AH Benton 8G ET on 5-13-2024. She was the tuned out with Langfords 2001 from 5-20-2024 through 6-1-2024, then with Cruthers Ruger 2038 ET from 6-1-2024 through 8-20-2024. She was preg checked to the AI date, and how exciting is that? Benton semen has been bringing around \$200/straw in auctions and there is very few opportunities left to get these genetics. Buy with confidence with this cow.

This beautifully made Hometown 27A cow can generate. Her first calf ended up being our best two-year-old pair this year. Miley has the power and look to fit into any breeding program. She sells safe in calf to TJ 2296 Bandwagon 903 (44036624) who was the Champion Bull at the Iowa State Fair. We have started calving out his daughters and have yet to be disappointed. Due 3/25/25.

Young cow from one of our most consistent cow families. She just weaned off one of our best spring heifer calves. 2020 Illinois Junior Preview show division winner and still looks great in the pasture. Sound, huge-middled and a great udder. This cow's pedigree is littered with great females. NJW Daydream, JWR Princess and STAR Keyonna. Bred 5/9/24 to RW KLD Ruger 109 7029 and pasture exposed to KJ 58Z Calabar 156F ET, checked safe to Ruger due 2/15/25.

A really good bred cow that we bought out of the Shingle Oaks program. She brings with her a great pedigree and is a no miss cow. Should calve around sale day to the Ironman bull from the Crutcher Program. With our boys showing and retaining their own heifers it is time for us to make room for them to expand.
