The Virginia Hereford Association is pleased to announce the 2024 Virginia Hereford Association Honoree is

Don Richardson

Congratulations to this year's
2024 Virginia Hereford Association Honoree
Mr. Don Richardson

Don Richardson grew up on a farm near Clarksburg, West Virginia. His father, Warren Richardson, had to work many jobs to provide for his family: he was a farmer, a teacher, and a coal industry worker. His mother, Jessie, was one of the few women in the area who had gone to college; she was also a teacher. They primarily raised Jersey cattle on their farm in West Virginia.

When Don went to high school, the family sold the farm in West Virginia for the coal rights, and bought Strathmore, a farm in the Shenandoah Valley in Virginia. His father began raising horned Herefords, which was the beginning of their life-long love of the breed.

Don met his wife, Sheila, when he was in medical school at the University of Virginia, and she was in a pre-nursing program at Mary Washington University. Although she was a city girl, Sheila quickly fell in love with the country and farm life. They soon married and started a family. After a short time as a flight surgeon in the Air Force, Don set up practice as a dermatologist in Charlottesville, Virginia.

Desiring a place to escape from the pressures of the medical practice, Don and Sheila bought a farm west of Charlottesville near Crozet, Virginia, where he began his own herd of polled Herefords. Even though as a teenager Don could not wait to get away from farm work, he now realized that being around country people and a farming lifestyle was exactly what he did want. They named this farm "Dun-rovin", because they felt that they would never want to leave this beautiful part of God's creation.

In addition to his "day job", Don made time to become involved in what was then called the Virginia Polled Hereford Association. He served on the board for the organization for approximately 30 years from about 1970 to 2000. During that time, he promoted Hereford cattle in Virginia in many and sundry ways. Always willing to help his friends in the cattle business, he was a breeder with a flair for marketing cattle. He worked to improve the annual association sales in a variety of ways which included scouring the state for high quality black baldies to sell in the sale and encouraging the larger breeders in the state to put one of their "really good" females in the Virginia Association sale. One memorable year, he used some persistent, gentle persuasion to get Paul Bennett from Knoll Crest Farm to put an excellent cow in the Virginia Hereford Association sale that Paul was somewhat reluctant to part with. On sale day, Paul Bennett greeted Don with a huge smile and an enthusiastic handshake after the excellent cow sold for four times as much as Paul was hoping to get for her! Another fun project was the "Send a Cow to College" program. The Virginia Association encouraged their members with larger herds to donate one female to VPI, to improve the previously limited VPI Hereford breeding program.

By God's grace, Don Richardson is still enjoying breeding a small herd of Hereford cattle on Dunrovin Farm, where love for the Lord, family, friends, Hereford cattle, and wholesome farm living characterize everything he does. He is assisted by his treasured wife of 67 years and his four children and eight grandchildren.

- 927 is a short marked, very sound, great looking heifer that I feel is going to turn into one heck of a brood cow. A great opportunity to get in on one of the first live calves to sell sired by Huth CLC WF Deluxe K016, the new herd sire for Chapman Land and Cattle, as she sells with a 73 lb. heifer calf born August 26th.
