Roland & Janet Starnes

It is with great excitement that we welcome you to our 12th Annual High Cotton Bull and Female sale! We want to welcome you to scenic Lookout Mountain Monday, October 27th. As we sit here writing this invitation letter one month prior to sale day, we often reflect on the past year, our wonderful customers, both past and present, and notice truly how fast time does go by. This summer seems to be the "Tale of two Summers". We were extremely blessed with moisture all summer long until about mid-August, and have struggled since with getting any moisture.

What a great time it is to be in the cattle business. What we are seeing in this feeder-calf market is truly unprecedented with extreme optimism for a strong cattle market for years to come. As you flip through the book, you will notice several half, three-quarter, and full-sibs that will sell, offering a great opportunity to have a very consistent set of offspring. We are extremely proud of this group of bulls, and we feel like this is our deepest and best set yet between both breeds. You will notice many calves are sired by industry leading bulls within each respective breed; however, we feel there is extreme value in the bulls sired by our walking herd-sires. Our focus here is simple, real world cattle that go out, work and add value to your program. Our goal is to create a consistent product designed to handle the harsh environments we can encounter in the Southeastern US. With that being said, we don't chase extremes, we choose to focus on keeping maternal value in our herd with a balanced set of EPDs. We are extremely hard on selecting which bulls will make the sale and have always leaned hard on quality not quantity. The bulls offered are slick haired and stout ready to go to work in the hot, humid Southeastern US. There is not a bull in the sale that we wouldn't recommend to a customer because his mother isn't a good cow. We cut some very good calves every year because we don't like their mother as much for some reason. She may be a little hairy, have just an "ok" teat and udder shape, and maybe she's just not "our type". We feel very confident in these bulls ability to go out and work for you. Our bull management is not geared toward the heaviest weaning weight, or yearling weight; our bull management is done with the producer in mind. They are developed in large pastures in groups of 25-35 head on a high roughage diet to hold up under breeding conditions and not melt. Bulls with any feet problems, attitude problems, or any other problems that are detrimental to the producer are culled. We don't believe in trimming feet and disguising feet problems, matter-of-fact, our saying is that we trim feet from ear to ear hanging upside down. Now we do understand problems can arise, or develop and this is the reason we stand behind our bulls 100%. If you have a problem arise give us a call and we will work through it. While we don't have as many commercial pairs to offer as we have in the past, we still wanted to keep that division, so we made up with some registered angus cows, many of which will have fall babies on their sides. For the first time, we are offering 12 Black Baldie yearling heifers that are ready to turn out with a bull just as soon as you get home. We feel as though you will be very proud of that set once you see them. We wanted to keep that set to use in our recipient program, but we always want to offer our very best and show you the potential of these bulls. You won't buy from a program anywhere else that appreciates is as much as we do here at TRM.

We are very much a family operation, and we could not do it without all the help "Da" Roland, "Nonnie" Janet, "Poppy" Randy, "Mimi" Kelly. Harper and John Owen keep us all on our toes, from the late afternoons in the show barn, to letting them drive us around in the gator, we wouldn't trade anything in the world for being able to live out this dream everyday with family close. Whatever your are hobbies are do it with the whole family for "TIME FLIES."

We couldn't do what we need to do without all of the guys help on the farm. They are truly the ones that keep it going doing the nitty gritty behind the scenes work. "Da" Roland, has been here over nine years now and is an unreal asset to TRM. He thought he was coming to slow down and chase grandkids. He has chased grandkids more often but we are still trying to figure out how to slow him down. We can't thank him enough. Rickey Carroll, Randy's brother-in-law, is our tractor and equipment operating machine. He has been a big help to us, and we can let him focus on planting, bushhogging, or cutting hay so we can focus on the cows. John Eberhart has been here every day, over three years now and knows how to do anything, from cows, to fencing, to equipment operation, he is truly irreplaceable. Chuck Wright has been here over four years now and oversees daily care of the bulls at our bull stud and helps with all cow working at the farm. He has been a tremendous asset to the Lookout Mountain Genetics and Tennessee River Music families. Our newest team member is Maurice Lizotte, who started in August and hit the ground running in all aspects of working on a cattle operation and getting thrown in the "Lion's Den" of bull picturing about 3 weeks after starting. We are very thankful and fortunate of the team we have here at TRM and would put them up against anybody!

We look forward to seeing each one of you on Monday, October 27th. If you have any questions on the bulls, please contact any one of us anytime. Bulls will be videoed prior to the sale and available online for viewing. Bulls are available to look at any time before the sale as well if you're unable to attend sale day. We know how busy life can be, and we truly value and appreciate your interest of our program. Let's have a sale!

Forever Grateful,
John and Randa Starnes

12th ANNUAL SALE

Monday • Noon
October 27, 2025

At the TRM Sale Facility
Ft. Payne, AL

Semen Collection Special:

Lookout Mountain Genetics is offering free collection of up to 50 units of semen on the top-selling Angus and Hereford bulls.

Terms & Conditions:

Cattle will sell under the suggested Terms and Conditions of their respective breed association, either the American Hereford Association or the American Angus Association.

Hereford Association:

<https://hereford.org/wp-content/uploads/2017/01/Terms-of-Sale-for-Auctions-2009.pdf>

Angus Association:

https://www.angus.org/pub/suggested_sale_terms.pdf

Liabilities:

All persons who attend the sale do so at their own risk. The owners and sale staff assume no liability, legal or otherwise for property loss or any accident that may occur.

Herd Health:

- All bulls selling have been trich tested
- Routine herd health and vaccinations are up-to-date on all bulls
- Complete BSE's (Breeding Soundness Exams) will be completed on all bulls
- Bulls will be accompanied by proper health certificates for immediate shipment

Guarantees:

We guarantee that all bulls sold by TRM are fertile to the best of our knowledge and have passed a BSE 30 to 45 days prior to selling. We know, however, that certain problems can arise after purchase. To help insure your investment, TRM will guarantee all bulls selling against breeding injury, and to be sound breeders the first breeding season, which is defined as the 90-day period following the first turnout of bulls. We will provide you with a satisfactory replacement, if available, or issue you a credit equal to the bull's purchase price minus the salvage value, if received for the bull. This is not a life insurance policy, however. We will not replace a dead animal if it is killed or dies for any reason.

**FREE DELIVERY ON ALL BULLS
SELLING FOR \$4,000 OR MORE**

AM EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink®, CAB®, Pathfinder®.

Dear Friends and Fellow Breeders,

Welcome to the 12th Annual High Cotton Bull and Female Sale at Tennessee River Music, Inc. This fall sale features the best of both breeds in the outstanding set of bulls being offered, along with a select group of registered Hereford spring bred heifers, registered Angus fall calving cows, commercial fall calving two-year-old females, and a dozen fall open commercial heifers ready to breed.

I would first like to thank Randy, Kelly, John, Randa, Roland, John, Chuck, and the rest of the TRM crew for allowing me to assist them in the marketing of this exceptional set of bulls and commercial females, that in my opinion, is their best to date. John and Randa have embraced their role as parents to Harper and John Owen, as well as their management role here at TRM. With the help of their family and crew, they have assembled a tremendous offering; the presentation of the cattle is second to none.

This offering is the culmination of years of careful breeding decisions and the constant pursuit of a better product for their customers. These bulls represent elite Angus and Hereford genetics that combine performance with excellent phenotype to become competitors at any level in our industry. These bulls have been developed the right way, with emphasis on maintaining soundness and maximizing fertility and longevity instead of being fed for maximized gain. I think you will be pleased when you analyze the feet and structure in this offering. The select group of females offered provide TRM an opportunity to share their registered and commercial genetics in the fall season of the year to better fit the needs of some of their customers.

For those of you who have not attended a TRM sale, you are in for a real treat. This is a family operation, and the hospitality extended by the Owen and Starnes families is like no other. They work very hard on the presentation of the cattle, and you are sure to appreciate their efforts once you lay eyes on this exceptional offering.

Please evaluate the needs of your operation, and feel free to preview the cattle prior to sale day. Then, join us on Monday, October 27, 2025, for this great event. Please do not hesitate to call me with any questions about either breed or if I can help you in any way.

Sincerely,

Matt Sims

- Another big-spread, powerful Commerce son to round out this sire group that exhibits the same muscle shape, body, and dimension that made his maternal brother such a popular choice a year ago when he sold for \$12,000 as the second top-selling Angus bull in the 2024 High Cotton Sale.
- His CED, BW to YW Spread, RE, and \$Value Indexes set him apart from his breed contemporaries on paper, while his exceptional phenotype is sure to make him a visual favorite of this offering.
- The dam of this lead lot in the two-year-old Angus bulls was TRM's selection from the Callahan family in the 2021 Oklahoma Angus Gathering Sale.
- Impressive adjusted weaning weight of 746.
- Dam records progeny ratios of BW: 4@100 and WW: 2@100.
- Ranks in the top 1% for CEM and MILK; top 3% for CED; top 4% for \$W; top 10% for RE; top 15% for YH and \$AXJ; top 20% for YW and PAP; top 25% for WW, RADG and \$AXH.

- Selling 2/3 interest and full possession.
- AS OF 9/29/25, LOT 24 IS ONE OF ONLY TWO BULLS IN THE ENTIRE HEREFORD DATABASE TO OFFER HIS COMBINATION OF CE, BW, MILK, CW, RE, MARB, AND \$CHB.
- It is rare that find a sire prospect with this much calving-ease that displays this much phenotypic power!
- Lot 24 is one that could be a major contributor to the registered side of the Hereford breed and one that could sell a lot of semen to heifer projects around the country.
- Dam posts progeny ratios of 7@94 for BW; 6@107 for WW; and 3@102 for YW, and 1@108 for RE.
- Third dam is an AHA Dam of Distinction.
- Ranks in the top 1% for CED; top 4% for BW, CEM, SCF, MCW, \$BMI and \$BII; top 5% for CW; top 7% for \$CHB; top 9% for UDDER; top 11% for MARB; top 13% for TEAT; top 19% for MILK.

- A dark red, powerful calving-ease bull that still offers great genetic predictors for growth and muscle.
- This short marked, slick-haired Arsenal son is suited for the southeast but has the phenotype and numerical profile to adapt and contribute to any herd in any environment.
- Dam posts progeny ratios of 7@94 for BW; 6@107 for WW; and 3@102 for YW, and 1@108 for RE.
- Third dam is an AHA Dam of Distinction.
- Ranks in the top 2% for CW and \$BMI; top 3% for CED, SCF and \$BII; top 6% for \$CHB; top 10% for REA; top 11% for BW; top 22% for MILK; top 23% for MG; top 25% for MCW.

Lots 24 through 25

- The dam of these powerful two-year-old flush brothers selling as lots 24 and 25, /S Lady Peerless 4007B, was our \$13,500 selection from the 2016 Shaw Cattle Co. Sale and is now one of our top Hereford donors.

- Three maternal brothers to lots 24 and 25 sold in the 2024 High Cotton Sale for an average of \$8,500.
- In addition to the donor dam of lots 26 and 27, maternal sisters to lots 24 and 25 include: a daughter by Masterplan that is a full sister to the bull mentioned above, that along with her heifer calf combined to sell as a \$15,000 pair in the 42nd Annual Dixieland Delight where four embryos by Red Man also sold for \$900 per embryo; the \$24,000 top-selling heifer calf in the 2021 Dixieland Delight Sale, SFCC Lady Fortified 1041 ET, selected by Abby Hill along with the outstanding daughters that sold as lots 3, 4A, and 4B in the 2022 Dixieland Delight that grossed \$36,000 to average an impressive \$12,000. She added to that legacy in the 41st edition of the Dixieland Delight with daughters selling for \$8,000 and \$7,500, and seven embryos selling for an average of \$600 to add to her already outstanding progeny sales total.

- The dam of this powerful Vanguard son combined with a maternal brother to lot 32 to sell as an \$8,500 pair in the 2025 Dixieland Delight Sale, while a full sister to the dam of lot 32 combined with her Roughneck heifer calf to sell as an \$11,000 pair in the 2024 Dixieland Delight Sale.
- The grandam of lot 32 was used extensively in the ET program at Express before joining the donor herd at TRM and then selling again in the 2023 Dixieland Delight Sale. Her influence has had a profound impact on the breed by producing great daughters as well as making herd bulls for innovative breeders.
- This big outlined, high volume bull traces to the legendary donor, Dani 60Z that was a herd sire producer for Topp.
- Ranks in the top 1% for SCF, TEAT, \$BMI and \$BII; top 2% for UDDER; top 9% for MARB; top 16% for MCW; top 19% for MILK.

- This maternal brother to lot 34 has breed elite numbers for WW and YW with a RE EPD that validates the muscle you see when you get behind this massive-hipped, big-topped bull.
- "Hardy" has been shown successfully by Harper, winning a class at the side of his dam and standing 2nd in the bull show at the Junior National Hereford Expo.
- Posts an impressive adjusted weaning weight of 776.
- Dam posts progeny ratios of 2@103 for WW.
- Ranks in the top 1% for REA; top 3% for YW; top 6% for CW and \$CHB; top 7% for WW; top 10% for FAT and SC; top 12% for \$BMI; top 13% for MG and \$BII; top 24% for SCF.

Lots 34 through 35

- Lots 34 and 35 are maternal brothers to the \$50,000 2/3 interest top-selling selection of GKB from the 2024 High Cotton Sale, Noble 2208, who was on the side of their dam when she was selected Division Champion Sr. Yearling at the 2022 NAILE.
- One-half interest in dam of lots 34 and 35 was \$26,000 selection of GKB Cattle from the 2024 Dixieland Delight after being named a many-time Champion for Harper Rose Starnes including being named Grand Champion Female and Supreme Champion Bred and Owned at the 2022 SE Regional Show; Division Champion at the 2022 NAILE; and Class Winner in the 2021 JNHE B&O Show.
- The grandam of lots 35 and 36, /S Lady Thor 2447Z, was the \$43,000 top selling selection of Tennessee River Music, Inc. from the inaugural Shaw Female Sale that was named Division IX Champion at the 2014 JNHE. Since that time, she has taken her place among the greatest members of the TRM donor program in terms of income generation.

- This moderate framed, big ribbed bull posts an impressive adjusted weaning weight of 716 to ratio 123.
- Third dam is an AHA Dam of Distinction.
- Ranks in the top 2% for WW and \$BII; top 3% for MARB, SCF and \$BMI; top 6% for YW and MG; top 8% for \$CHB; top 11% for CW; top 12% for BW; top 24% for CED.

Lots 45 through 55

- The TRM and Waggoner owned herd sire of lots 44 thru 55, Merit, is rapidly becoming one of the hottest performance sires in the breed with progeny ratios of BW: 490@99.7; WW: 306@102.5; YW: 103@100.9; RE: 86@99.1 and IMF: 86@104.7. His progeny have been topping sales across the county and he continues to be used in the top breeding programs. He sires moderate framed, big-ribbed cattle with shape and dimension, impeccable structure, and numerical profiles that are second to none. Take advantage of this opportunity to select from the largest sire group of this offering.

- Posts one of the top 3 \$CHB indexes in the Hereford offering.
- Impressive weaning weight ratio of 117 with breed elite EPDs for WW and YW.
- Ranks in the top 1% for CW and \$CHB; top 2% for MARB; top 3% for YW; top 4% for WW and \$BII; top 6% for REA, SC and \$BMI; top 8% for MG; top 20% for SCF.

Lots 56 through 58

- The sire of lots 56 thru 58, Houston, has caught the eye of many astute breeders for his unique combination of individual performance ratios, EPD profile, and striking presence. He descends from the 6X cow who's a favorite in the Loewen program, and out of a productive 6-year-old dam with excellent udder quality. Houston checks many boxes for progressive breeders of Homozygous Polled, stout featured Herefords with tremendous mating flexibility.

LOOKOUT MOUNTAIN GENETICS
A CUSTOM COLLECTION FACILITY

LOOKOUT MOUNTAIN GENETICS, LLC

is located in Northeast Alabama atop Lookout Mountain, and we are here to serve all of your custom bull collection needs.

We package 40 million cells per unit... every bull, every customer!

- Bull Housing
- Semen Collection
- Semen Storage and Distribution

At Lookout Mountain Genetics, the safety and health of animals entering and boarding at our facility are our No. 1 priorities. We strive to maintain a clean, comfortable housing environment with an emphasis on an optimal nutritional program suited for the reproductive performance of bulls.

Please feel free to contact us anytime regarding your semen collection, storage and distribution needs.

OUR CATTLE RANCH consists of Angus and Hereford genetics, with an emphasis on quality in all facets, from pasture to rail. The cattle spend the majority of their lives grazing lush, green grass before being finished on a grain-based ration to maximize marbling and taste. We strongly believe the key to quality meat is comfortable, respected and humanely-raised animals. High-quality animals yield a high-quality product. We have a deep love and respect for agriculture, our community, our livestock and the land that has been passed down for generations here in Northeast Alabama.

The Market at TRM was created as a way to share our locally-sourced beef with the community. Our dream has long been to bring to families the same homegrown, healthy beef that our families have been enjoying for decades. We believe in all aspects of the cattle industry, and we admire and respect the versatility of the beef animal in all that it provides. We appreciate the opportunity to join you and your family at the dinner table!
