Schedule

Friday, Nov. 27

Noon – 5 p.m. ..... Cattle available for viewing

Saturday, Nov. 28

9 a.m. – 11 a.m. ..... Cattle available for viewing
11 a.m. ..... Sale
Lunch available following the sale

Terms and Conditions

TERMS: Cash or good check. Cattle will be sold to the highest bidder. The auctioneer will settle any disputes as to bids. All cattle are to be paid for by the purchaser prior to loadout unless prior arrangements have been made. Each animal will be the purchaser's risk immediately after it is sold.

HEALTH: The health of the cattle selling is excellent. All animals will be accompanied by a proper health paper.

BREEDING GUARANTEE: All animals are guaranteed to be breeders. All bulls have passed a Breeding Soundness Exam within 30 days of the sale. All females sold as bred will be examined by a veterinarian and determined pregnant. There is no guarantee that a bred female will deliver a live calf. All open heifers are guaranteed to breed.

GUARANTEE: All animals sell under the American Hereford Association's Recommended Terms of Sale for Auctions (*www.hereford.org*). All guarantees are between the buyer and seller. Any problems should be reported to the seller within 6 months of the sale date. The guarantee is for one breeding season. Any issues with the bulls will be worked out between the bull's seller and the buyer. The bull seller reserves the right to have a 3rd party vet to check the bull for issues.

ANNOUNCEMENTS: Announcements made from the auction block take precedence over statements in the catalog.

LIABILITY: All persons who attend the sale do so at their risk. The sale management nor any other persons connected with this sale assume liability, legal or otherwise, for accidents or loss of property.

TRUCKING: For sale day trucking contact William Ward 434-334-2625.

INSURANCE AVALIABLE: Jensen Livestock Agency, Shelia Jensen, 785-262-1116, jensenks197@hotmail.com

Online Bidding

The Southern Partners in Performance Sale will be live on the internet. Real-time bidding is available via the internet for this sale. Live audio and live video will allow buyers to bid on the animal just as if they were present at the sale.

A buyer account must be created prior to the sale.

Please visit ***www.livesuctions.tv*** to create an account and request a buyer number.

MARKETING OPPORTUNITIES FOR YOU

We want to be your source of Hereford bulls. Our goal is to be a genetic supplier and partner with an outlet for the progeny of the Hereford bulls you purchase from us. You are welcome to market select daughters of the bulls from this sale in the commercial heifer portion of future sales.

Plus, your steers are always welcomed by the Certified Hereford Beef marketing programs. Black white face and other Hereford crosses consistently top the market nationwide.

Please reach out to the bull suppliers, Tommy Coley or Will Thompson for more information!

Here is a long and deep bodied Majestic son out of a C Miles McKee x TCC Ms Diana cow. Diana is Hereford royalty, and his sire carries our prefix, but he was bred by Churchill Cattle Company in Montana. MF3C Majestic was her last natural and calf his actual weaning weight was 616 lbs. This bull will work on heifers! Homozygous Polled.

This dark red, short marked bull is long bodied, deep, stout and has performance written all over him. Like his sire he will be an easy fleshing bull that can be used on heifers as well as mature cows. His dam is a big bodied broody cow that knows how to wean heavy calves. This is an exceptionally good polled bull that should be easy to find on sale day.

You're going to have to do a lot looking to find a horned bull with this much muscle, base width, and bone that still gets out and moves. I would not be afraid to use him on heifers given his calving ease EPD is 4.5 with a 2.2 on birth weight. His dam is the first heifer we purchased from Hoffmans in Nebraska, and she always produces a great calf. We like this cow family so much we have 4 more half-sisters to her. UPS Sensation 2296, his sire, produced some great bulls that were heavily used in AI programs across the country.

A scurred, easy fleshing, deep, practical kind of bull in an attractive, dark red package just like his sire. His horned dam is one of our oldest females that always delivers. His weaning and yearling weight EPDs are in the Top 19 and 25% respectively. This is a bull that may slip through the cracks if you are not careful. Heterozygous polled.

This is a horned bull sired by Dominate 308F from Stuber Ranch. He is long bodied, with lots of bone, and width. His maternal grand sire is C Miles McKee, at one time the highest selling bull in the world. Put him on a set of black cows and make some highly marketable steer calves. Horned.

Here is an extremely nice bull that is very sound, deep and easy doing with lots of pigment. He is a Baldy maker, boasting a BMI$ in the top 2% of the breed. Without doubt this fellow is heifer safe. If you miss on a horned bull you might want to consider this one since he is sired by the legendary Churchill Sensation 028X. He is the first calf out of an extremely nice Genesis cow we purchased from Express Ranch in Oklahoma. Heterozygous polled.

This bull has a nice EPD profile. He is in the Top 10% for weaning weight and the Top 30% for all three indexes. His dam is an excellent milking female and that is reflected in his 680 lb weaning weight. Birth weight and calving ease is a not a concern as you can breed him to heifers comfortably. His sire is all Churchill genetics which is all you need to know. Heterozygous polled.

6.1	1.5	66	105	28	60	5.8	126	1.40	1.40	1.3	69

Solid describes this bull in both genotype and phenotype. He has a very uniformly solid set of EPDs from calving ease to the Baldy maternal index. Those solid numbers are packaged into a bull that is dark red, short marked, with plenty of depth and width. His maternal grand sire is MSU TCF Revolution 4R which was one of the most widely used AI sires in the breed and known for making some excellent females. The sire side is powered by Churchill genetics out of the Majestic bull. Homozygous Polled.
