# FEMALE & BULL PRODUCTION SALE

**SATURDAY MAY 9, 2026 NOON**

At the Mead Sale Headquarters • Versailles, MO

**350+  
HEAD SELL!**

**The Nation's #1 Pathfinder Herd**

**ANGUS, CHAROLAIS, RED ANGUS AND HEREFORD.**

# Welcome

## CATTLEMEN & WOMEN,

It is with great pride and appreciation that we welcome you to the Mead Farms Female & Bull Production Sale on May 9th. For 84 years, our family has been dedicated to the cattle business, and today we are honored to carry that legacy forward as the #1 Pathfinder Herd in the nation. We are deeply grateful for the trust and support you have placed in our program, and we do not take that responsibility lightly.

As we reflect on today's cattle industry, it is clear that we are in an exciting and historic time. Strong markets and growing demand continue to reward quality, efficiency, and performance. There has never been a better time to invest in proven genetics that add value and move your operation forward. We firmly believe that disciplined breeding, backed by real-world functionality, is the foundation for long-term success.

At Mead Farms, our approach has always been intentional, developing cattle built to perform, last, and add value. Every mating decision is centered on structural soundness, maternal strength, performance, and carcass merit. These cattle are developed under practical conditions and built for longevity, adaptability, and profitability in real-world environments.

This year's offering is one of the most complete sets we have assembled. From powerful herd bulls ready to go to work, to high-quality, functional females backed by proven cow families, the depth and consistency throughout this group reflects the strength of our program. These cattle are designed to not only meet the demands of today's market but to position your herd for the future.

More than anything, we value the relationships behind this business. Whether you have been with us for generations or are considering Mead Farms for the first time, we sincerely appreciate the opportunity to earn your business. We stand behind our cattle and are committed to supporting our customers long after the sale.

We invite you to visit the cattle prior to sale day and evaluate them for yourself. Videos and additional information will be available to assist in your decision-making. If we can help in any way—whether discussing the offering or your program goals—please do not hesitate to reach out.

Thank you again for your continued support and interest in Mead Farms. We look forward to seeing you on May 9th.

Sincerely,  
Alan Mead  
Juliette Mead  
Annaliese Mead

## MEAD FARMS BREEDING GUARANTEE

We guarantee that all breeding cattle sold by Mead Farms, both bulls and females, are fertile to the best of our knowledge. Each bull has passed a complete breeding soundness exam by a licensed veterinarian.

### Breeding Age Bulls

Bulls will sell with first season guarantee. A breeding season is defined as 90 days from the bulls turnout date. If a bull is found to be infertile at any point during this first breeding season following the sale so to make him functionally unable to service and settle a cow, we will provide you with the following.

- 1) A satisfactory replacement, if one is available.
- 2) Credit in a future Mead Farms Sale equal to the purchase price less \$3,000 (salvage value).

This is not an insurance policy, nor does it cover death, accidental injury or neglect. We suggest contacting an insurance representative to inquire about mortality Insurance. We ask they you contact us immediately discovering the problem. All claims against bulls in this sale need to be made to Alan Mead (573) 216-0210 or email meadangus@yahoo.com by September 1, 2026.

### Females

All females that are sold as bred will be ultrasounded the week before the sale to confirm pregnancy. Unless agreed upon previously, females selling that have calves or have been preg checked prior to the sale, sell with no further guarantee. Spring cows will be sold as exposed, as they are still running with a bull. We recommend taking them home and putting them with the bull of your choice until the end of your breeding season. Ultrasound information was done by Dr. Hunt Tainter, DVM and gives an estimated breeding date. We provide all the information we have on the breeding of these animals to the best of our knowledge. The replacement females are guaranteed to breed within the first 6 months after the sale date. All claims against females sold in this sale must be made to Alan Mead (573)216-0210 or email meadangus@yahoo.com by September 1, 2026.

All Mead Farms Genetics sell under the Terms and Conditions of their respective Breed Associations.

## SALE DAY PHONES

Joe Rickenbaugh, Special Guest .....	(785) 633-3188

Bulls that meet the Show-Me-Select criteria have the Show-Me-Select logo on their pedigree in this sale book.

The Targeting the Brand™ logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the Certified Angus Beef® brand. Bulls must meet genetic requirements of +0.65 Marbling EPD and +55 \$Grid of non-parent Angus sires to qualify for use of the Targeting the Brand™ logo.

## RETAINED INTEREST

Mead Farms retains a one-third semen and revenue sharing interest in all bulls selling. This simply means that if at any point in the life of the bull Mead Farms would like to collect semen on the bull for their own use, or if semen is marketed, Mead Farms will share in any of the revenue generated.

Buyers receive full possession and 100% salvage value on all bulls purchased.

• Starting our May 2026 sale off with a bang. Mead Primrose T145 is a culmination of the effort and dedication from Mead Farms over the past 8 decades. Descending from the two best cows to ever walk our pastures, Lot 1 carries with her the maternal excellence that has made us one of the top Pathfinder herds in the nation for many years. Many donor prospects have graced our sale ring through the years, Mead Primrose T145 offers a unique opportunity. Her first daughter was a sale topping bred heifer to Glenn Farms, IL. Laurie liked that cow so well she serves as a joint donor for the both of us. Lot 1's first son is pictured here and sold as a feature to Russell George, MO.

• Mead Primrose T145's individual production record is elite with a 370 day calving interval on her first 5 calves coupled with a 102 nursing ratio and 101 yearling ratio.

What more can you want from a cow? There is consistency in this cow built on one of the strongest maternal foundations in the country.

• Lot 1 was AI bred to Connealy Crusader on 04/09/2026. Pasture exposed to Mead National U3019 from 04/12/2026 to 05/09/2026.

• Lot 1 sells with a bull calf, Lot 1A, born 02/03/26, 72 lbs, sired by Sampson Dynamic. Tattoo: 60904.

Mead Final Choice L239, Sire of Lot 1

- We work really hard to offer a sampling of our best cows for this annual sale. Lots 2 & 3 are proven Pathfinder cows ready to go to work for you. Mead Lass V078 has raised her first 3 calves to an average 106 nursing ratio. The sire of Lot 2 is a grandson of Mead Juana H168, the granddam of Lot 1. H168 raised 10 natural calves for us at an average 108 nursing ratio and the dam of Lot 2 raised 7 natural calves at a 103 ratio. You want longevity and proven genetics, Don't go home without Lot 2 on your trailer.
- Lot 2 was AI bred to Connealy Crusader on 04/09/2026. Pasture exposed to Mead National U3019 from 04/12/2026 to 05/09/2026.
- Lot 2 sells with a heifer calf, Lot 2A, born 3/2/26, 78 lbs, sired by Mead Confidence Plus V1081. Tattoo 60932.

- Pathfinder cow Mead Rito T1702 was brought to the donor pen after her 4th calf was born. We flushed her in the fall and then added her to our spring herd. This Growth Fund daughter is the epitome of what we work hard to achieve. This beautiful proven cow has 10 Pathfinders, including her dam and maternal granddam, in her 3 generation pedigree. Her twin sister was purchased by John Garavaglia, MO in the May 2021 sale. Before going to the donor pen she had a 368 day calving interval and sells today with a future herd sire prospect.
- Lot 3 was AI bred to Connealy Crusader on 04/09/2026. Pasture exposed to Mead National U3019 from 04/12/2026 to 05/09/2026.
- Lot 3 sells with a bull calf, Lot 3A, born 2/19/26, 72 lbs, sired by DBA Veracious. Tattoo 60925.

• A unique opportunity to acquire a proven cow that is a descendent of Mead Primrose N198. The dam of Lot 11 and the cow selling as Lot 1 are flush sisters. A full sister in blood to Lot 11 serves as a donor for Glenn farms and us. This double digit CED daughter of Tahoe has top 10% \$M and Top 2% \$W. Mead Primrose V748 has raised 3 calves to an average nursing ratio of 103 with a 367 day calving interval.

- Lot 11 was AI bred to Connealy Crusader on 04/09/2026. Pasture exposed to Mead National U3019 from 04/12/2026 to 05/09/2026.
- Lot 11 sells with a bull calf, Lot 11A, born 2/22/26, 71 lbs, sired by Connealy Vindicate. Tattoo 60927

# MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating your cattle with AngusLink<sup>SM</sup> programs: AngusVerified<sup>SM</sup> and the Genetic Merit Scorecard<sup>SM</sup>. AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day. The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

Users of the AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

AngusVerified and the Genetic Merit Scorecard are administered by IMI Global.

• Connealy Craftsman led the breed in registrations and with daughters like Mead Leann 41808, it's not hard to see why. This descendant of the great K109 has the power we have come to expect from that cow family. A full brother to the dam of Lot 37 was shown very successfully by Juliette before going to work at Gleonda Farms, MO.

- Lot 37 was AI bred to SydGen Stability on 04/06/2026. Pasture exposed to Mead Statesman Z2411 from 04/09/2026 to 05/09/2026.
- Lot 37 sells with a bull calf, Lot 37A, born 12/27/25, 67 lbs, sired by Connealy Commerce. Tattoo: 60366
