

TRAITS OF **MERIT** BULL SALE

WAGGONER
CATTLE COMPANY

APRIL 3 - 2025

Welcome to the Inaugural Traits of Merit Bull Sale for Waggoner Cattle Company

Joe Waggoner and the Waggoner Cattle Company program is built upon foundation genetics from some of the stalwarts in the Hereford business across the country. For over 40 years Waggoner Cattle Co. has practiced comprehensive data collection in all facets of beef cattle performance, and they built that protocol into the foundation of the cow herd as it exists today. The bulls featured here represent years of focus emphasizing calving ease, growth, maternal traits and high end-product qualities featuring breed leading carcass weight, ribeye and marbling data.

Sired by some of the top performance bulls the Hereford breed has to offer such as Merit, Nevada, among others, the genetics in this offering rank in the upper echelons of the breed for all the major economically traits relevant to the beef industry in 2025. These age advantaged bulls are ready for immediate turnout.

As the US cowherd inventory continues to slowly rebuild itself, the maternal cross and Hereford sired Black Baldy females continues to be one of the most sought after commodities. This coupled with the major focus Waggoner Cattle Co. has had on end product & carcass merit will yield Baldy cattle designed to thrive in today's beef industry.

I want to thank Kaiser Angus for their hospitality, and their integral involvement in hosting this Hereford Sale. If at any time you have questions, please don't hesitate to reach out to me.

All purchases will be delivered at no charge to your ranch or farm within 300 miles. Pick up your bulls sale day and receive a \$50/head discount.

Breeding Guarantee

All bulls sold through the sale are guaranteed to be satisfactory breeders for the first breeding following the sale. A breeding season is defined as the 90 day period following the first turnout of the bull.

All bulls have been given a breeding soundness exam by Dr. Paige Grothusen, Butterfield Trail Veterinary Service. Breeding soundness exam includes general physical examination, examination of the testes and measurement of scrotal circumference, genital tract examination, collection and analysis of semen samples. Actual scrotal circumference was taken February 23, 2025. If there is a reproductive problem, please contact us immediately and a replacement bull will be provided if available, or a credit equal to the animal's purchase price, minus salvage value, will be issued for the replacement of one animal. This guarantee does not cover illness or death of the animal.

The life we lead...

Kaiser Angus

Darrell & Frina Kaiser ▪ 6051 County Road X ▪ Park, KS 67751
Home: (785) 754-2334 ▪ Darrell: (785) 673-3357 ▪ Frina: (785) 673-9785
dfkaiser@ruraltel.net ▪ www.KaiserAngus.com

Welcome to Kaiser Angus 25th Annual Production Sale. We appreciate every customer who has supported our program over the last 25 years. As time passes quickly, we are fortunate to bring our family back into the farm and ranching operation. They will be the future force and face in our progress moving forward.

Current cattle prices have rewarded producers with very nice premiums in the cow/calf sector. Now more than ever is the importance of choosing the best genetics to keep the cow herd trajectory headed towards the best product we can produce.

Kaiser Angus is excited to add two unique products to our production sale. We have the opportunity to offer an elite set of PAP tested yearling bulls from Hidden Valley Ranch. They have been pulmonary tested at 5800 feet. These bulls will be suitable to run at altitudes for our customers of higher elevation. We also welcome Waggoneer Herefords as an outcross option for our customers. Both Angus and Hereford bulls selling will provide a nice choice of leading genetics in each breed.

On behalf of all of us at Kaiser Angus I would like to thank you and invite you to join us on Thursday, April 3rd for our 25th Production Sale.

Sincerely,

Darrell Kaiser Family

PERFORMANCE DATA & ANGUS GS

All of the individual performance and Angus GS data is included in the epd's. The EPD'S are the most accurate tool for selection. If you would like to see the actual performance and Angus GS data we will gladly share it with you. All cattle selling are free of known genetic conditions.

TERMS & CONDITIONS

Cattle sell under the standard terms and conditions as recommended by the American Angus Association.

INSPECTION OF THE CATTLE

The sale cattle and the cowherd are available to be seen anytime at the ranch. Please call ahead.

LIABILITY

All persons attending the sale do so at their own risk. The owners or sale staff assume no liability, for property loss or accidents that may occur.

HERD HEALTH

All bulls have been vaccinated for IBR, BVD, BRSV, PI3, 7 way Clostridial. They have also been wormed and poured. Tested negative for BVD-PI.

DELIVERY

All purchases will be delivered at no charge to your ranch or farm within 300 miles. Pick up your bulls sale day and receive a \$50/head discount.

BREEDING GUARANTEE

All bulls sold through the sale are guaranteed to be satisfactory breeders for the first breeding following the sale. A breeding season is defined as the 90 day period following the first turnout of the bull.

All bulls have been given a breeding soundness exam by Dr. Paige Grothusen, Butterfield Trail Veterinary Service. Breeding soundness exam includes general physical examination, examination of the testes and measurement of scrotal circumference, genital tract examination, collection and analysis of semen samples. Actual scrotal circumference was taken February 23, 2025. If there is a reproductive problem, please contact us immediately and a replacement bull will be provided if available, or a credit equal to the animal's purchase price, minus salvage value, will be issued for the replacement of one animal. This guarantee does not cover illness or death of the animal.

BULL DEVELOPMENT

Fall bulls are weaned mid to late April. We background them for 60 days to assure herd health. Then they are turned out on native grass until early November to let them grow in their natural environment. From November until sale day the bulls are on a high roughage diet to condition them for breeding longevity.

MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating your cattle with AngusLinkSM programs: AngusVerifiedSM and the Genetic Merit ScorecardSM. AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day. The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

Users of the AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

The Genetic Merit Scorecard and AngusVerified are administered by IMI Global.
