Dear Cattlemen & Friends,

We want to extend a very hearty welcome to each of you to attend our 7th Annual Production Sale Sunday, April 13th. We are very excited about the offering this year and what these bulls can do for your bottom line.

It is an exciting time to be in the cattle industry, as prices are reaching new highs. With that, it has never been more important to have confidence in the quality of your breeding stock. We strive to breed the best Hereford cattle available for the commercial cattleman's bottom line. With a positive future ahead in the cattle market we firmly believe this is the time to invest in bulls of this caliber to further improve your cow-calf herd. It has taken years, but we have added udder quality, thickness, growth and carcass quality.

Purchasing quality genetics is an investment and we want you to feel confident that our cattle will fit your needs. We certainly appreciate your past support and look forward to discussing how to meet your program's needs this year. Please give us a call, we are here to help.

Sincerely,
Kevin

Kevin & Janice Bennett; Eric, Stacy & Piper Moltzan;
