PELL CITY, ALABAMA

Welcome to Dry Creek Farms!

3rd Annual Production Sale

October 26, 2024

5:00 p.m., Saturday

Pell City, Alabama

10.26.2024

47 HEREFORD LOTS
...77 HEAD + EMBRYOS

*Join us for dinner & live music
following the sale!*

Friends and Fellow Cattlemen:

On behalf of the St. John family, we invite you to join us for our **3rd Annual Female Production Sale** on Saturday, October 26th at 5:00 p.m. CDT. Dinner and live music will follow the sale. Cattle will be on display for viewing the afternoon of Friday, October 25th.

As we sit here and write this, we're reminded how blessed we are to breed Hereford cattle and to be involved in a breed full of great people. Dry Creek Farms started as a 4-H project exhibiting Hereford cattle back in 2005, as our parents saw an opportunity to teach us real life lessons in an agricultural setting. We cannot thank our families enough for their support. This is truly a family operation, and we are excited for the opportunity to share these experiences with our youngest St. John cattle farmers.

We are extremely proud of the cattle that we are presenting to you and feel that this set shows where our program is headed. We strive to offer cattle that will be an asset to any program. Our focus is on production females with an eye for phenotype, balanced genotype, calving ease, growth, maternal ability, and added carcass value. We have searched low and high to build a bull battery that we believe is second to none. As you will see, most of the cattle are bred to Dry Creek Farms-owned sires and popular AI sires.

Additionally, we would like to thank our good friends and partners at Dye Branch Farms for providing an excellent set of cattle and putting their best foot forward to bring you cattle ready to meet your needs.

If you have any questions at any time, please do not hesitate to call us. We are more than happy to answer any questions you may have. We look forward to seeing you in Pell City, Alabama!

SALE TERMS & CONDITIONS

TERMS: Cash or good check. Cattle will be sold to the highest bidder. The auctioneer in charge shall settle any disputes as to bids. All cattle are to be paid for by the purchaser during or immediately following the sale and will not be released until after settlement has been made. Each animal will be at the purchaser's risk immediately after it is sold.

HEALTH: The health of the cattle selling is excellent. Each animal will be accompanied by an individual health certificate for immediate shipment.

GUARANTEE: Each animal will sell under the American Hereford Association's Recommended Terms of Sale for Auctions (www.hereford.org).

BREEDING GUARANTEE: All animals are guaranteed to be breeders with the exception of (a) calves under 12 months of age at time of purchase; (b) any female that is placed in an embryo transplant program and subjected to super-ovulation; or (c) gross negligence on the part of the buyer. Females sold as safe in calf have been examined by a competent veterinarian and checked safe by ultrasound. The ultrasound results reported are as accurate as possible but are not guaranteed. No guarantee is given that bred females will deliver a live calf.

Open females are guaranteed to be without calf. Any agreement with respect to embryo transfer production shall be a separate agreement between buyer and seller.

EXPECTED PROGENY DIFFERENCES (EPDs): EPDs are updated weekly by the American Hereford Association. The EPDs included were current 9/27/24. The most current EPDs can be viewed online at www.hereford.org.

LIVESTOCK INSURANCE: Insurance for your purchases will be available sale day.

ANNOUNCEMENTS: Announcements made sale day from the auction block will take precedence over statements in the catalog or other advertising. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

LIABILITY: All persons who attend the sale do so at their own risk. Neither Dry Creek Farms, the owners, the sale managers nor any other persons connected with the sale assume liability, legal or otherwise, for accidents or loss of property. The sale management has no responsibilities other than those involved in conducting the sale.

LOEWEN DCF DEFIANCE H49 ET

Full brother to dam of Lot 1...
his progeny & service sell

- We kick off the 3rd Annual Dry Creek Farms Production Sale with an elite female sired by the ever-popular Houston, who is a feature Hereford AI sire in the ST Genetics lineup. 31K's donor dam is a full sister to Loewen DCF Defiance H49 ET, a resident herd sire at Dry Creek Farms and the sire of Loewen Sandhill L70 ET, a new and upcoming AI sire that was recently purchased by Sandhill Farms and Perez Cattle Co.
- 31K is one impressive individual to appraise. Built right from the ground up and marked perfectly, she is dark red, red necked, red to the ground and full of pigment. When you study her build, you must appreciate her added length of body, squareness of hip, superior balance and ultra-cool eye appeal.
- Study this female's EPD profile, as she checks a lot of boxes that put her in the upper echelon of the breed. She combines moderate birth with explosive growth, maternal strength and value-added carcass merit. Ranking in the top 5% or better for five EPDs and all three dollar indexes makes her an elite performance female, and equipped with superior phenotype certainly makes her one of the elite females to sell this fall.
- Ranks in the top 1% for CW and REA; top 2% for YW, Udder and CHB; top 3% for WW, BMI and BII; top 7% for Marb; top 8% for M&G; top 9% for SC and SCF.
- PE 4/18/24 to 6/1/24 to Churchill Equity 3316 ET. Checked safe.

Lots 2A-B-C
& Lots 3-5*

- Selling 1/2 embryo interest with no possession. Flushes will be alternated or split 50/50 with the new owner. Each owner will responsible for all costs associated with their individual flushes.
- A feature donor in the program, J14 was a feature half interest female in the 2022 Inaugural Dry Creek Farms Production Sale, commanding \$50,000 for half interest for a \$100,000 valuation. A full sister, J13, was a feature in the 2022 Cattlemen's Congress Hereford Night in OKC Sale, commanding \$25,000 for half interest to Barnes Herefords in Georgia. A maternal sister, J12, was the Lot 1 feature in the 2022 Dry Creek Farms Sale at \$60,000 to Jankowski Cattle Co. in Pennsylvania.
- J14 is stout in her design and loaded with rib and volume, yet she is super attractive on the profile. She boasts an impeccable EPD profile, with nine traits ranking in the top 3% of the Hereford breed or better. If you are looking to add performance and value-added marbling with elite phenotype, J14 certainly fits that bill.
- The donor dam of J14, Hadley G16, is certainly of the best daughters of the marbling giant Validated you would ever lay your eyes on.
- Just a three-year-old, this donor has her entire productive life in front of her. Grab onto the opportunity to add this genotype and phenotype star to your donor program.
- Ranks in the top 1% for YW, Marb and BII; top 2% for Udder, BMI and CHB; top 3% for WW and SCF; top 4% for M&G; top 9% for SC; top 10% for Milk.
- Offered with Hunter Farms.
- Daughters sell as Lots 2A, 2B and 2C.
- Sells open, ready to flush.

■ Selling full possession and 50% semen interest.

■ Ranger is a unique herd bull prospect that is a direct son of the former Lot 1 \$60,000 half interest donor Lowen Hadley G16 J12 ET and sired by the 2023 Cattleman's Congress Grand Champion Polled Bull, Land Slinger. Ranger is built like a tank with tremendous body type, added muscle and complements that while being dark red color and very conservatively marked. It is hard to find Homozygous Polled bulls with this much mass, bone and power in a superior, sound package.

■ Study these numbers, as they are impressive. Elite performance with strong carcass merit in a moderate birth package. Ranger ranks in the top 1% of the breed in eight different traits!

■ Ranks in the top 1% for YW, SCF, Milk, M&G, CW, BMI, BII and CHB; top 2% for WW and Marb; top 6% for REA.

■ Maternal sib embryos sell as Lot 4.

■ Homozygous Polled. BW 73 lbs.

PICK OF FALL ET CALVES FROM 2 MATINGS

Selling the Buyer's Choice of 7 fall ET calves from two matings

Lot 5 will present a unique opportunity to dive into the heart of the Dry Creek Farms fall ET progeny with your selection of one of seven calves from two different matings that are being born as this footnote is being written.

All seven calves will be sired by the very popular Colyer Herefords and Knox Bros. herd sire C Cuda Belle 2111.

There will be three progeny out of the Hadley J13 donor, who commanded \$25,000 for half interest from Barnes Herefords at the 2022 Hereford Night in OKC Sale held at the Cattlemen's Congress. Four progeny will be out of the high performing Houston daughter Rose 2446 that was the top selling female in the 2023 Walker Herefords sale.

What an opportunity to dip into the heart of the Dry Creek Farms ET program and pick from their top fall matings. An update sheet with birth dates and sex of calves will be available at the sale.

- Buyer will have the option to select either a bull calf or a heifer calf after GE-EPDs are processed. If a female is selected, Dry Creek Farms will retain two future flushes at the buyer's convenience and seller's expense. If a bull is chosen, the buyer will own full possession and 50% semen interest.

- The dam of this mating is Homozygous Polled.

SPRING ET OPEN HEIFERS & EMBRYOS

Gather around here! The flush sisters selling as Lots 6A–B–C are Arlo daughters out of Delilah 601D, and boy—are they impressive! The dam of these flush sisters has been one beast of a cow for us—we can mate her to anything and get a good one. Love the attractiveness and overall cow power these impressive young females possess. There is super potential in each of these March heifers.

- Offered with Dye Branch Farms. Maternal sister sells as Lot 7.

- We simply can't say enough good things about the quality job this young donor has done. 024H was the first Genesis calf born at Dry Creek Farms. Shown successfully by the Hembree Family, she won her class at the Cattlemen's Congress in OKC as a calf and made her way to the donor pen for many reasons.
- We flushed 024H for her elite phenotype along with having added value in her EPD profile. When you study her Trademark daughters that sell as the Buyer's Choice Lot 8A-8B-8C, you will understand why we believe in this outstanding female.
- Offered with Hembree Hill Herefords.
- Maternal sibs sell as Lots 6A-6D. Daughters sell as Lots 8A-8C.
- Bred AI 5/8/24 to Churchill Equity 3316 ET.
 PE 5/18/24 to 7/29/24 to GR Entrust 3111. Safe to pasture exposure.

CHOICE OF LOT 7's SPRING ET OPEN HEIFERS

Here is a phenomenal set of flush mate sisters out of 024H, Lot 7, and sired by the popular and now-deceased ABS and Innisfail herd sire Trademark. We are very proud of these sisters, not only for having so much phenotype but for their added carcass merit, as all three of these ladies are in the breed's top 1% for Marbling and \$CHB. We are confident that any of these three females can be a big time herd improver and will make the way to your donor pen at an early age. Take your pick!

■ What a beautiful young Genesis daughter! 1008 is one of the most picture-perfect females in the offering. We always want to offer our best, and she is one of our very best. 1008 is young and high quality. She ranks in the top 10% for eight traits. Think of the value her Final Print calf will have at her side.

■ Homozygous Polled.

- What a big-time cow from our good friend Raleigh Mears. Raleigh purchased this female from us and showed her successfully across the Southeast. This is the type of female we strive to produce—ones that will compete in the show ring and then be front pasture type cows. 101J stems back to the famed 23S cow family that is known for maternal and fertility.
- Homozygous Polled.
- Due to calve before sale day to H Eisenhower 0593 ET.

• If you like them dark red and good, here is a polled direct daughter of the maternal giant Mighty 7850 and backed by an Endure daughter. Stacking these good maternal, high growth genetics is making these females more and more valuable.

• This impressive three-year-old is just getting started. Her first calf was a stand-out and sold to Edwards Farms in Cullman, AL.
