PARTNERS IN PERFORMANCE 2026
18TH PRODUCTION SALE

SATURDAY, OCTOBER 10 • 1:00 PM • LEBANON, MO

PARTNERS IN PERFORMANCE 2026

SATURDAY, OCTOBER 10 • 1:00 PM

Sale Location

South of Lebanon on 5 Hwy, 6 miles. Turn right on C Hwy, then turn immediately left onto Pecan Rd. Turn right onto

16255 Pecan Rd., Lebanon, Mo 65536

Sale Day Phones

Kevin Johansen - 573-289-1061

Jonathan Bellis - 417-440-1300

Jamie Johansen - 573-645-6317

Terms

Cash or check unless prior arrangements are made with JD Bellis Family.

Liability

Each animal will be at the purchaser's risk immediately after the animal is sold. Insurance can be obtained by contacting the sales clerks. Persons who attend the sale do so at their own risk. Owners assume no liability, legal or otherwise, for any accident which may occur.

Insurance

Insurance can be obtained by contacting the sales clerk.

Registrations/Transfers

Certificates of registration will be transferred to the buyer by the seller. No AI certificates will be provided on sires not owned by the Bellis family.

Health

Herd health is under the supervision of Dr. Clint Eastburn of Eastburn Veterinary Services at the Lebanon farm. Dr. Eastburn will provide health certificates for cattle being transported. Dr. Ryan Jones, Aurora Animal Clinic provides support of the Aurora farm.

Dr. Will Chamberlain, Benton County Veterinary Services handles our embryo transfer program.

Nutrition

The herd is supported by Letterman Feed of Niangua, MO. Providing quality feed rations for each division of the herd.

EPDs

Printed EPD values are the latest and the most up-to-date available from the American Hereford Association at the time of print. We have taken great care to make sure that the EPD data is correct, but sale day updates will be made if a mistake has occurred. **Genomic data will be made available on sale day.** All DNA samples have been submitted. The catalog will be available via Hereford on Demand to allow real-time updates leading up to the sale.

Trucking

At the buyer's request, we will help make arrangements for delivery of the cattle after the sale. Leave detailed information with the sale clerk. We recommend that you insure your purchases prior to trucking.

Announcements

All announcements at the sale by the owner, sale staff or auctioneer concerning the cattle will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

Accommodations/Airport

Holiday Inn, Hampton Inn and Super 8 in Lebanon, MO; Sand Springs Resort in Bennett Springs, MO

Springfield/Branson National Airport is approximately 1 hr from the sale location.

Lebanon Regional Airport for smaller aircraft.

Sale Staff

Clint Hunter, Auctioneer 417-860-1624

Kevin Johansen 573-289-1061

Austin Brandt, AHA 712-621-1829

Clint Cunningham 918-557-2624

**Kevin, Austin and Clint C. can take phone bids on sale day.*

Acknowledgments

Sale Cattle Photos by Pearl's Pics, Greg and Pearl Walthal

Schedule of Events

Friday, October 9

1:00 pm Cattle viewing begins

Saturday, October 10

9:00 am Cattle viewing begins

11:00 am Lunch will be served

1:00 pm Sale begins

Complete EPDs are listed for each animal in the sale. For ease of understanding the data, an EPD graph is listed for most cattle. The line in the middle of the graph represents Hereford breed average. Anything to the right of the middle line is better than average. To the left of the line is lower than breed average. The percentile rank for each trait is at the bottom of each graph.

LiveAg

Live Ag online bidding instructions on page 21.

JD Bellis Family

HEREFORDS

Welcome to the 2026 J.D. Bellis Herefords “Partner in Performance” Sale.

For more than four decades, our family has worked to build a Hereford program around purposeful breeding, documented performance, and cow families that prove themselves generation after generation. Dad believed in the numbers, but he believed even more in cattle that could work, last, and perform beyond the show ring. That philosophy continues to guide our decisions today.

As we look toward the future, we are excited about the direction of our program. We are intentionally re-establishing the cow family foundation that has been such an important part of J.D. Bellis Herefords through the years. Our embryo program is a significant part of that effort. We are using some of our top females and carefully selecting sires that complement them, with the goal of producing offspring that we believe can contribute to any program.

At the same time, we are developing young females to become the source of our next generation of production cows. The sale offering looks different than in years past. While we work to develop and produce these young prospects, you will have the opportunity to acquire new genetics as we develop them. Most of the offering is under the age of three, unless they are a donor cow or a recip carrying a pregnancy. Our goal is to offer some of the best-bred and open heifers, as well as three- and four-year-old females that give our fellow Hereford breeders the opportunity to make a return on their investment. We believe the best way to honor the work Dad spent a lifetime building is not simply to preserve it, but to continue improving it.

We are proud of this offering and believe it represents where we have been and where we are going. We appreciate the confidence Hereford and commercial breeders have placed in J.D. Bellis Herefords through the years, and we look forward to being your Partners in Performance for many years to come.

Dedicated to Producing “No Excuse Herefords.”

We hope to see you on October 10 in Lebanon, MO.

The Bellis Family

Offering 50% interest and 50% possession on this exciting young herd sire. You will see his service on both the spring and fall bred heifers. This **On Demand** son has growth, maternal and carcass traits in the top 15% of the breed, making him a versatile breeding piece. You will notice his maternal side is a little old-school, but his granddam, **507P**, was a cornerstone donor for our program. Don't miss this opportunity to add a young sire to your bull battery.

Introducing **27K**, an outstanding **Masterplan** daughter we selected out of the Churchill dispersal. This heifer pregnancy could be something very special. The **Churchill Smokey** calves were high-quality and commanded top dollar in the dispersal. Just take a look at the EPD combination for this future heifer calf. **27K's** heifer calf brought \$9500. We wanted to offer our best and you benefit with this heifer calf pregnancy. The recip is **H129**, a commercial Hereford female. Calf is due by sale day.

7539's cow family needs no introduction, she stems from the **Lady Boom N045** donor that produced an outstanding line of females. This cow family was also successful in the show ring. We made an effort to have **7539** as a foundation female and re-establish this very productive pedigree line. You have two opportunities to get in on these exciting matings.

During the World Hereford event in KC last year, we saw this lot in the Ladies of the Royal sale and had to buy these embryos. We were able to get pregnancies made and wanted to offer our best available genetics, so this heifer pregnancy is being offered. This mating with **JW 1857 Merit 21134** could easily result in a very high quality, high valued heifer calf. We might be regretting selling this pregnancy, don't miss this opportunity. Recip **209F** (43969061) preg checked safe to calve 3/6/27.

It is no secret we have found **C Barracuda** to work well on our females. We really like the daughters we have in production but this one might be one of the best of those daughters. We nicknamed her **Freckles**, she is super long bodied and really attractive. It will be hard to let this one go but she is very worthy to lead off the spring bred heifer group. She sells safe in calf to the AI date of 5/22/26 to **H Richmond**.

This **Generator** daughter challenged **Freckles** to be the lead spring bred heifer. **N020** is a COW in the making. Her dam **F063** is one of the last **Bruno** daughters and always puts eye appeal and performance into her calves. This heifer can be a foundation female for any farm or ranch. She is confirmed safe in calf to **James M414**.

N528 is out of **JDB 719T K077 BRUNO A008 ET**. For a November heifer calf, she has a cool look and a lot of potential to show as a senior yearling. And has enough cow power and performance genetics to find a spot in the replacement heifer group to make you money. Sells open.
