WELCOME...

Dear Friends,

We would like to once again invite and welcome you to our Spring Turnout Bull & Female sale. What a great year it has been for cattlemen with these record high prices. There is no better time to invest in genetics that will improve your herd.

We say it sale after sale, that this set is the best offering to date. If you do your homework, each calf crop should be better than the last. That is exactly what we are doing in our program at MG/4M, striving to improve every season. All the registered cattle have been DNA tested to ensure the most accurate EPDs for our customers. We breed for consistency and to meet the demand of the cattle industry. In our program, we feel our bulls have been raised with the customer in mind. They are raised on a forage-based ration and are rotated in 30- to 40-acre pastures.

In addition to the super set of Hereford, Angus and Ultra Black bulls, there will be a superb set of 10 long yearling registered Hereford heifers. They are sired by our great herd bulls and some well-known AI sires. We also have a super home raised set of maternal bred and exposed commercial heifers. Our program allows us a lot of diversity with the size of our herds. Our commercial replacement heifers have not let any of our customers down!

To say the least, we couldn't do any of this without the continued support of our customers, friends and fellow cattlemen. Please feel free to contact us with any questions or if you would like to view the cattle before the sale.

Thank you and see you at the sale!

TERMS & CONDITIONS

- TERMS:** Cash or check. Each animal to be sold to the highest bidder. All cattle are to be paid for immediately after the sale and will not be released until settlement has been made. Each animal will be at the purchaser's risk immediately after the animal is sold. Load out will take place following the sale.
- REGISTRATION CERTIFICATES** of the animals will be transferred to the buyer at the seller's expense. Each buyer must be sure to give the clerk his proper name and address for making transfers.
- EPDS:** The EPDs included were current as of January 5, 2026. The most current information can be viewed on www.hereford.org.
- ORDER BIDS:** Order bids may be handled by the owners or any of the sale staff. Please feel free to call.
- GUARANTEE:**
 - Bulls** - All Bulls have passed a breeding soundness exam (BSE) and all are virgin bulls. Bulls over 18 months will be trich tested negative as required for health papers. Non-virgin bulls will be noted.
 - Limited warranty:** if a bull needs to be replaced, a bull will be

substituted or a credit purchase price less salvage value of the bull will be applied toward a future purchase in our sales.

- Bulls must be managed** in a sound management program, vaccinated, wormed as needed and also run in a good pasture for a breeding season of a 60 to 120 days with appropriate number of females for age of bull. Rest and Recovery between seasons and must maintain a body condition score of 5 to meet our guarantee.
- LIABILITY:** All persons who attend the sale do so at their own risk and the owners and sale manager assume no liability, legal or otherwise, for any accidents that may occur.
- ANNOUNCEMENTS:** Announcements made sale day by owners or staff and supplement sheets sale day will take precedence over sale catalog.

- Pigment, RE 100% LE 100%
- Ranks in the top 15% for CE, 10% for BW & WW, 8% for YW, 25% for MILK, 10% for SCF, 10% for UDDR, 30% for TEAT.
- He also ratioed at 107 for WW and YW.
- What a bull! He will fit any program!
- Here is an extremely unique individual, he combines the ruggedness of a herd bull with a stylish look. 507 is dark red with desirable red eyes and is conservatively marked. His structure is impeccable and will serve him to last many breeding seasons.
- 507's dam is the epitome of the females and dams we are trying to produce. His dam goes back to 2 of our very impactful sires that has helped us build our cow herd, 111 ET & 666D. His dam has recorded a progeny ratio of 2 @ 107 for WW and 2 @ 108 for YW. Don't miss this opportunity to upgrade your herd.

- Heifer Safe
- Pigment RE 100% LE 100%
- He ranks in the top 11% SCF, 10% MILK, 2% for UDDER, 5% for TEAT, 16% for BMI and 20% for BII.

022 Sire Group

- This set is big boned, rugged and stout made, yet still relative in size. As we have watched these bulls develop, we feel like this sire group is very consistent, phenotypically. If you purchase half-brothers, it benefits your calf crop with consistency. 022 goes back to the well-known R Leader sire, and his well known, impactful dam being Mercedes. This group of bulls have an outstanding BMI and BII index as a whole. Most being in the top 15% for both, they would be a great choice for commercial cattlemen for keeping replacements.

- He is out of our highly productive 1090 donor and the infamous Trust 100W. 192 has put an incredible look on his offspring. 192 sired bulls and heifers have been well received by our customers. We have calved out some first calf heifers and we are truly impressed with their udders and teats. These bulls could be versatile no matter your operation. He will continue to be used heavily.

- When we purchased 221, we were really excited about the daughters and creating a new maternal line that would cross well with our horned genetics, but little did we know how impressive the sons were going to be. We sold 8 half-brothers in our fall sale that were highly popular with the crowd. They are all relative in size, dark red and packed with power. 221 goes back to the famous Hutton 4030 that has sired over 400 progeny, and owned by Barber Ranch in Texas and his dam being in the herds of Iron Lake Ranch, Langley Farms and DKM Parker Farms.

- Homozygous Polled
- Red Label is an impressive individual that we are extremely excited about and will be using extensively in our program. He offers exquisite phenotype with added bone, body and power. For today's marketplace, he offers all the extra amenities when it comes to color, markings and pigmentation, as he is dark red with big red hooded eyes on both sides. Super correct in his structure with excellent feet and legs, 88M has the ability to add value to any program and will sire both bulls and females that will have added value and command top dollar. This herd sire is the outcross herd sire everyone has been looking for.
- 88M offers a very balanced EPD profile that combines moderate birth, performance, carcass merit and maternal strength. He ranks in the top 1% for both Teat and Udder EPDs; top 6% for CW, BMI and BI; top 7% for SCF; top 12% for YW; top 14% for CHB; and top 15% for SC.
- Owned with: Dry Creek Farms, Alabama; Makers Cattle Co., Tennessee; Triple J Farms, Tennessee
