- H204 is a highly productive Mandate daughter with maternal power running deep in her pedigree. She's a direct descendant of 675D, who traces back to the great Dance 2042 – a cow family known for quality, consistency, and longevity. This female offers the extra look and presence that turn heads, paired with exceptional udder quality and the kind of build that lasts.
- Maternal sister sells as Lot 9 and Lot 49.
- Serviced AI to L III EFBEEF TALL GRASS 2017 on 12/12/24, then pasture exposed to BR E133 BELLE AIRE 1324 from 12/17/24 to 3/19/25. Safe in calf. Believed to be AI.

JW 1857 MERIT 21134 — Sire of Lot 1A

- 4134 is the real deal — she is the program. This is the kind of female we strive to produce. A Merit daughter that's flawless in her design, structure, shape and muscle mass. On paper, she's just as impressive, ranking in the top 10% of the breed for 13 traits. The kind that generates big-time figures. On the maternal side, she stems from one of the most time-tested, proven cow families to ever walk the pastures in Morrison, the legendary Dance cow family. She'll take your program to new heights.

LOEWEN GENESIS G16 ET — Sire of Lot 2

- This female won't be hard to find in Morrison. A direct daughter of the famed \$100,000 Loewen Genesis and backed by the high-powered donor N188 that originated in the CES program in Georgia. Power, maternal strength, and added carcass merit — it's all here. Who says they can't have it all? Here she is.
- Serviced AI to CHURCHILL EQUITY 3316L ET on 1/27/25, then pasture exposed to DVOR 619G 933 EXPLORER 110J from 3/5/25 to 8/1/25. Safe in calf. Believed to be AI.

CES JULIA 122L N188 ET — Dam of Lot 2 and Grandam of Lot 2A

- What a female here! You want to talk about cow power ... about adding value to a program...about putting an operation on the map, this is the kind of female that can do it. Her pedigree is rare and powerful, fusing the Merit x Genesis combo with an added shot of the N188 donor — a name that needs no introduction in the Hereford breed. Powerful on the hoof. Powerful on paper. Enough said.

- 4133 is a very intriguing female in her own right. She is big-footed, square-hipped, dark red and loaded with pigment. We've been nothing but impressed with our calves sired by CRR 66589 Balance 107. They are easy calving with tons of growth in a sound, functional and high-quality package. The maternal side is just as strong, as her grandam, 799E, has been an absolute slot machine and now serves as a donor at MG/4M Farms in Mississippi. Genetics, structure and performance, it's all here.
- Sell open.

- Yet another highly productive daughter of the 675D donor, this female offers a touch more frame and the kind of maternal ability that defines the Dance cow family. She combines big-time calving ease with impressive growth, excellent udder quality, and a unique EPD profile ranking in the top 20% for 17 traits. A big-time producer in the prime of her life and the kind you can build around.
- Homozygous Polled
- Maternal sister to Lot 1 and Lot 49.
- Pasture exposed to BR E133 BELLE AIRE 1324 from 12/17/24 to 3/19/25. Safe in calf.

- This Explorer daughter will knock your socks off in more ways than one. If you remember the impressive set of Explorer daughters that sold last year, this one might top them. She's got the look, the color and all the bells and whistles. Even more exciting, she's out of a Genesis x 675D daughter, making her one uniquely bred and highly predictable female. The guesswork is done.
- Sells open.

- 4304 is yet another impressive Gunsmoke daughter. She's part of a sire group that's been incredibly consistent in type, kind and backed by high-quality genetics. She's out of the G3 cow, a proven donor in our program who also sells as Lot 56. With this kind of genetic backing, this female is an easy choice for anyone looking to add power, predictability and style to their program.
- Sells open.

- We couldn't ask for much more out of this highly productive 2-year-old. She's doing exactly what we want our young females to do — raise the kind of calf that moves the needle. Just look at the sale feature at her side, Lot 44A, sired by Churchill Equity. The dam of 3234, X70, was a standout in last year's sale and now works in the John Weil program in Texas. The proof is in the pudding. We are putting the ball in the winning bidder's court. Selling choice one time of the unique 2-year-old or the elite Equity heifer calf.
- Serviced AI to WALKER FULL CIRCLE 3511 ET on 3/22/25, then pasture exposed to DVOR 619G 933 EXPLORER 110J from 4/5/25 to 8/1/25. Safe in calf. Believed to be AI.

- What a 2-year-old. We don't typically offer many, but the few we are offering this year put it all together and we're committed to selling our best. This beautifully uddered female combines big-time calving ease in a dark red, goggle-eyed package that, in our opinion, is the prototype of what a 2-year-old is supposed to look like. 391L is the natural calf out of our 675D donor and is proving to be highly maternal herself, calving at just 21 months and doing an excellent job.
- Maternal Sister to Lot 1 and Lot 9.
- Serviced AI to INNISFAIL TRADEMARK 1939 ET on 3/22/25, then pasture Exposed to DVOR 619G 933 EXPLORER 110J from 4/5/25 to 8/1/25. Safe in calf. Believed to be AI.

- We're committed to offering our very best, and this is without question one of the deepest sets of bred heifers we've ever put together. M43 is a rockstar in every way. A no-holes kind of female. Sired by the popular \$175,000 National Champion bull, C Arlo 2135 ET, she's well on her way to becoming a foundation piece, just like her dam. Her mother, 9195, was our \$15,000 pick from the 40th Annual Dixieland Delight Sale at Tennessee River Music and has continued to produce at a high level. M43 is the next great one in the making. Buy with utmost confidence.
- Serviced AI to WALKER FULL CIRCLE 3511 ET on 4/4/25, then pasture exposed to SFCC TRM MANDATE 3047 from 4/21/25 to 6/3/25, then pasture exposed to WLKR JH EXPLORER 0220 424M ET from 6/4/25 to 8/20/25. Safe in calf. Believed to be AI.

- G92 is a direct daughter of the legendary "Carcass Queen" 333, the staple donor in our program for the last decade. She's the kind of donor that moves the needle for carcass traits in a big way. Sired by the ever-popular EFBEEF BR Validated B413, G92 has an elite EPD profile that will take your program to the next level. She's the only animal in the Hereford database with her combination of REA, MARB and \$BII. She's a truly rare and valuable genetic package.
- Pasture exposed to H GO PRECISION 234 from 4/16/25 to 8/20/25. Safe in calf.

- Sale Feature! Opportunities to acquire females like 398J don't come around often. She's a full sister to KJ 7603 Vienna 698K ET, the \$80,000 high-selling female in the C&L Hereford Ranch Dispersal, now owned by GKB Cattle Co. in Texas. She's also a maternal sister to KJ 7603 Element 019L ET, the \$95,000 feature herd sire now working at Upstream Ranch, Fawcett's Elm Creek Ranch and Hickey Bros. 398J combines a unique, eye-catching look with depth of body, muscle shape and structural power. This is the kind of female with truly unlimited potential.
- We are retaining her spring 2025 heifer calf to carry on 398J's legacy.
- Serviced AI to JW 1857 MERIT 21134 on 5/22/25, then pasture exposed to DVOR 619G 933 EXPLORER 110J from 5/30/25 to 8/1/25. Safe in calf. Believed to be AI.

KJ 7603 ELEMENT 019L ET — Maternal full brother to Lot 94

C&L 7603 VIENNA 698K ET — Full sister to Lot 94

We invite all cattle breeders to join us on September 5th and 6th for our Foundation's For The Future '25 sale. It's a great time to be in the **HEREFORD** business. The demand for high quality **HEREFORD** genetics has never been higher.

This year's offering has the combination of phenotype, genomics and performance that offer long term value. You have the opportunity to select from top end open and bred heifers along with power females in the prime of their life.

Join us on Friday evening for a country dinner at 5:30 p.m. and the Frozen Genetics Sale at 7 p.m. The live cattle will sell on Saturday at 11 a.m.

If you have any questions or just want to talk **HEREFORDS**, don't hesitate to contact us.

— *Eric Walker*

## Terms of Flush

- Seller guarantees six (6) frozen embryos. If more than six they all belong to the buyer.
- If less than six, the selling price will be pro-rated back accordingly.
- One-half payment due sale day and balance due upon confirmation of embryos.
- If service sire is not owned by Walker Hereford Farms, buyer must furnish semen and certificates.
- Buyer pays all cost related to flush.

• 3504 is a full sister to Full Circle, offering incredible udder quality in a unique phenotypic package. This female brings valuable genetic diversity to many different bloodlines within the breed. The sire of these embryos is Loewen Sandhill L70 ET, the popular young sire making waves in the Loewen, Sandhill and Pérez programs. Proven cow power meets next generation.

# FROZEN EMBRYOS

We guarantee one 60-day pregnancy per mating, if implanted by certified embryologist – All embryos are located at Trans Ova, Georgia.

- The dam of this set of eggs is a special, up-and-coming female. We wanted to offer our newest and freshest mating, so here's your opportunity to dive into a set out of a unique 2-year-old Houston daughter. These are sired by Stellplug Next Step, the popular KCF Bennett Monument son and \$64,000 Genex selection from Stellplug Cattle Co. These sexed embryos combine two powerhouses in carcass and genetic value. The guesswork is done, this is next-level potential.

• Our goal has always been to produce cattle that excel in phenotype, genotype and EPD profile and Full Circle 3511 delivers on all fronts. He was the \$32,000 half interest selection by Whispering Wind Farms in Missouri in the 2025 Foundations for the Future Bull Sale. This carefully planned mating was built to create elite seedstock like Full Circle, offering outcross genetics to progressive purebred breeders. He's been heavily utilized in the /W program for his unique pedigree and standout phenotype. He's a true breeding piece with real-world value.

- The first opportunity to purchase sexed female semen.
- Full Circle 3511 is enrolled in the NRSP Program at Olsen Ranches in Nebraska.
- Homozygous Polled

## TERMS AND CONDITIONS

1. Terms are check, credit card or cash. Each animal to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids.
2. All cattle are to be paid for by the purchasers during or immediately after the sale.
3. Each animal will be at purchaser's risk immediately after the animal is sold. They will be fed and cared for free of charge for a reasonable length of time after the sale, but at the purchaser's risk (buyer can have them insured against this risk at a nominal rate) and will be turned over to the buyer or shipped as he may direct.
4. Registration Certificates: The animals will be transferred to the buyer at the seller's expense. Cattle will not be transferred until paid in full. Each buyer must be sure to give the clerk his proper name and address for making transfers. All calves born before the sale are to be registered by the seller. All born after the sale to be registered by the purchaser. Proper breeding statements will be signed by the seller for the buyer to use in registering calves born after the sale. The purchaser will be responsible for obtaining AI certificates to register resulting calves from females carrying the service of non-owned bulls.
5. Breeding Guarantee: Animals sold in this sale are guaranteed by the owners to be breeders, provided they are properly handled and cared for by the purchaser. If any fail to breed, the seller must be notified by March 6, 2026. Otherwise, the animal is no longer guaranteed in any way. If the animal is in sound, healthy condition, the buyer may return it to the seller who shall have six months to test it and then, if the animal proves to be a non-breeder, a satisfactory exchange will be made or purchase price refunded. Every known blemish will be called before it is sold and no animal will knowingly be sold that is not sound in every way. Any changes in breeding dates will be announced sale day. Announcements from the auction box will take precedence over information printed in this catalog.
6. Any female selling with calf at side is considered to be a breeder with no further guarantee in this regard.
7. Health: Cattle may be shipped into any state. All heifer calves have been calfhood vaccinated. The Walker cow herd is certified Brucellosis free. #662211
8. Announcements at the sale ring by the owners or the auctioneer concerning the cattle will take precedence over statements in the sale catalog.
9. All persons who attend the sale do so at their own risk and the owners or management assume no liability, legal or otherwise, for any accidents that may occur.
10. EPDs listed in the catalog were current as of July 13, 2025. Visit [HerefordsOnDemand.com](http://HerefordsOnDemand.com) to view and search Live EPDs.

**\*\*We gladly accept American Express, Discover, Mastercard and Visa.**
