ABSENTEE BIDS

If you would like to place a bid on any lot but will not be able to be with us, we would be happy to handle mail or phone bids for you. Please direct them to the owners, the sale manager or any member of the sale staff. Internet bidding will be available to registered bidders through the LiveAuctions.tv site.

TERMS OF SALE

Cash or good check will be required for purchases before leaving the premises. Each animal will be sold to the highest bidder; the auctioneer in charge will settle any disputes as to bids.

GUARANTEE

All cattle sell under the recommended terms and conditions of the American Hereford Association, www.hereford.org. The cattle sell as guaranteed breeders and will become the responsibility of the purchaser as soon as sold.

REGISTRATION CERTIFICATES

Seller will transfer registration certificates to the buyer. No animals will be transferred until paid for in full. Proper breeding statements will be signed for the buyer to use in registering calves born after the sale.

HEALTH

All cattle will have interstate health charts required for shipping into other sections of the United States.

FREE DELIVERY & TRUCKING

Doyle Hereford Ranch offers free delivery on bull purchase(s) of \$10,000 or more within 300 miles of Wolfe City, TX. No per bull delivery fee in the continental U.S. will exceed \$500 per head. No free delivery on females. Reliable livestock haulers will be available to assist with trucking sale day.

LIVESTOCK INSURANCE

Livestock mortality insurance for your purchases will be available sale day at the clerk's desk.

Announcements made sale day from the auction block will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time. All persons who attend the sale do so at their own risk. Neither the owners, the sale manager nor anyone else associated with the sale assumes liability, legal or otherwise, for accidents or loss of property. As the sale manager, Layton Auction Services, LLC is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. EPDs were current as of 1/19/26. EPDs are continually being updated and can be viewed at www.hereford.org

the Doyle Difference!

Valued Guests,

Welcome to the Doyle Hereford Ranch! We appreciate your interest in our breeding program. We are proud to host the second annual production sale after our rebirth and growth since our complete dispersal in 2018.

The Rockin' D brand is a family tradition, and we are confident in its history. Our ranch and our brand started in 1964 when Dale Doyle and his son, Mike, bought Mike's first show heifer. Dale grew a fine herd and kept the ranch going for over 54 years through trials and triumphs. He paved the way for Mike to continue cattle ranching and join in the family business. Mike and the family kept the herd and the Rockin' D brand growing even after the sudden passing of Dale in 2011. In 2018, it was necessary to disperse the heart of our herd and work to rebuild over time. This is when the next generation stepped in. Landon, Mike's son and Dale's grandson, felt that the Lord called him to partner with his dad and continue the family tradition of raising registered Herefords. Landon and his family are proud to be third generation cattle ranchers and serve as the Rockin' D legacy.

Now let's talk about the cattle!

We searched the US for our next herd sire and came across **Stardance** 8086 in 2020 in Hamilton, Texas. We purchased him and he is now our foundation sire, siring over 463 calves in 35 registered herds from Idaho to Tennessee. With a +.98 marbling EPD, a low birth weight EPD of -.02 and a +11.0 CED, a +54 milk EPD and +216 \$CHB, he is a 12-star AHA trait leader! He is known for deep bodied calves that are top quality. Now with many **Stardance** daughters in production, Mike and Landon later found SR **Pinpoint** 252K, the \$25,000 top selling bull at Stuber's Hereford Ranch in North Dakota, to breed the great **Stardance** daughters back to. **Pinpoint**, weighing over 2,700 pounds with just a +3.0 birth weight EPD plus high growth and carcass, has made a huge impact in our last two calving seasons, putting pigment on 95% of his calves and adding extra body length. Many of his first sons are selling this year. **Pinpoint** will be displayed here at the ranch sale day. So come see what you think about our next foundation sire!

If you have any questions, don't hesitate to call—we would love to visit! Or if you would like to view the offering before the sale, please give Mike or Landon a call.

We'd like to thank you for your interest in our program and for attending this sale. Also, we would like to extend a special thank you to our repeat customers. You are the reason we keep our herd growing strong. Now sit back and get ready to bid, because you are about to experience "the Doyle Difference!"

THE POWER OF GENOMICALLY ENHANCED EPDS

The American Hereford Association (AHA) has embraced the use of genomics into their genetic evaluation by launching a first of its kind single step analysis that utilizes the marker effects of specific traits. Likewise, AHA is directly estimating accuracy values rather than approximating. The direct estimation of accuracy results in a more conservative value but a more accurate value than previous methodologies. The AHA is producing the most reliable genetic evaluation that is supported by Whole Herd TPR™ and genomics, which will give prospective buyers added confidence in purchasing young and unproven animals.

Buying animals that have a genomic profile incorporated into their Expected Progeny Difference (EPD) offers many advantages that allow for quicker breed and herd improvement. To the right is a table showing the average increase in accuracy when buying a young animal with a Genomic Enhanced EPD (GE-EPD) versus an animal without a GE-EPD. Similarly, an effective progeny number increase is listed by trait that shows how many progeny equate to a genomic enhancement of a young animal (e.g. yearling). That's right, buying a young animal that has been genotyped is like having 2-17 progeny, depending on the trait. The proof gained on young, non-parent animals, through a genomic enhancement is valuable and greatly mitigates the risk and allows for more directed selection.

AHA TRAIT	ACCURACY IMPROVEMENT	EFFECTIVE PROGENY NUMBER INCREASE*
CALVING EASE	0.09	17
BIRTH WEIGHT	0.12	8
WEANING WEIGHT	0.14	12
YEARLING WEIGHT	0.16	9
SCROTAL CIRCUMFERENCE	0.17	6
MATURE COW WEIGHT	0.12	4
UDDER SUSPENSION	0.17	7
TEAT SIZE	0.17	7
CARCASS WEIGHT	0.11	3
FAT	0.08	2
RIB-EYE AREA	0.07	2
MARBLING	0.10	3

* Effective Progeny Number Increase (EPNI) - EPNI is the difference gained for genotyped animals versus non-genotyped animals.

Each animal tested is recognized with the AHA GE-EPD logo.

- We kick off the 2026 Doyle Hereford Ranch Sale bull lineup with a powerful Stardance M8086 ET son who is short marked, big bodied and athletic. 4119 is the epitome of "The Doyle Difference" that customers have come to expect.
- Study the numerical package this young stud offers in a stout made, big scrotaled package with balance and eye appeal. 4119 offers calving ease with strong growth, maternal strength and tremendous carcass traits, including highly sought-after marbling.
- His dam is DHR Lady Belle Air Dom 879 ET, who is a Dam of Distinction that combines the Sires of Distinction BR Belle Air 6011 and CL 1 Domino 032X. 879 records average progeny ratios of 6@95.5 for BW, 5@109.8 for WW and 4@105.3 for YW.
- 4119's sire, Stardance M8086, is a high accuracy multi-trait leader that offers unmatched calving ease, marbling and maternal. He has made a tremendous impact on the Doyle program, and his daughters are making impressive females in production.
- Recommended for use on heifers.
- Ranks in the top 1% for Milk, M&G, Marb and BII; top 2% for CEM, BMI and CHB; top 3% for SCF; top 11% for SC; top 15% for CED.
- Selling 2/3 interest and full possession. Doyle Hereford Ranch retains 1/3 semen interest.

- SR Pinpoint 252K is an outcross pedigreed horned bull that is thick made from end to end, big scrotaled, wide based and deep sided with an abundance of rib shape. He is fully pigmented and short marked with a well balanced "herd bull" look. We appreciated his added growth and bought him as an outcross on our cow herd—especially the Stardance M8086 daughters. The results are better than we expected, as his calves have been standouts since birth.
- We teamed up with Robyn Mrnak of Z Arrow T Ranch when we purchased SR Pinpoint 252K as the top selling bull in the 2023 Stuber Ranch Sale.
- Owned with Stuber Ranch and Z Arrow T Ranch.

SR PINPOINT 252K

Sire of Lots 2, 13-24, 42-44 & 62-64
