Dear Friends,

Welcome to the 40th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend of March.

Over the years, we've seen ups and downs in the beef cattle industry. But 2025 saw a rebounding of the market. Cattle prices were up more than 25 percent for much of the year offsetting the fact that there were fewer animals on the market. Cattle and calves brought in more than \$1.5 billion in cash receipts, making it one of Kentucky's top commodities

The cattle industry's strong showing for 2025 helped contribute to the overall agricultural sales for the state, which economists at the University of Kentucky anticipate will be near the \$8.3 billion record mark.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 31,000 farms with beef cattle, solidifies cattle among Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is integral for our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If my staff or I can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell  
Commissioner of Agriculture  
Commonwealth of Kentucky

## Welcome to the 2026 Kentucky Farm Bureau Beef Expo

Cattle have historically been an important part of Kentucky's agriculture industry for generations dating back to its earliest settlers. Through the years, our farm families have seen the sector grow from one used mainly for sustenance in the beginning to one with a substantial economic impact as the state has become the largest beef cattle producer east of the Mississippi.

This growth can be attributed to the hard work of our cattle producers, to incredible investments made in this and other agriculture sectors thanks to the Kentucky Agricultural Development Fund, and to years of continual research by our universities across the state.

Working in conjunction with the Kentucky Department of Agriculture, and with continual support by valued sponsors, the Kentucky Farm Bureau (KFB) Beef Expo has become a staple in Kentucky's storied cattle industry as one of the top events to exhibit, sell, and buy the best cattle in the region.

Dating back to 1947 the KFB Beef Expo has brought producers from the surrounding area together to showcase their cattle and highlight an industry so important to farm families across the commonwealth with multiple breeds showcased during the three-day event.

It takes many dedicated workers and volunteers to make this annual event held at Kentucky Fair and Expo Center run smoothly and I can't thank each one enough.

I would also like to acknowledge the many young people who participate each year and point out that often they represent past generations of their families who have made the Beef Expo a part of their farming experience.

I hope you have a successful Expo and we look forward to a great year on the farm.

Sincerely,

Eddie Melton, President  
Kentucky Farm Bureau

### Terms and Conditions:

Terms of the sale are cash or check. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids.

### Announcements:

Announcements made from the auction block take precedence over the printed matter in the catalog.

### Herd Health:

All cattle will have health certificates that will enable them to be shipped to any state.

### Certificates and Transfers:

The certificates will be transferred to the buyer at the seller's expense. All calves born after the sale are to be registered by the purchaser. No AI certificates are furnished.

### Purchase:

Each animal will be at the purchaser's risk as soon as sold and can be moved after settlement has been made. The animal can be left in the West Wing for 24 hours at the purchaser's risk of loss or injury.

**Other:** As the sale manager, the Kentucky Hereford Association is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the owners of the consigned cattle nor the Kentucky Hereford Association assumes liability, legal or otherwise, for any accidents which may occur.

**Consignor's Responsibility:** The seller is the responsible party for all representations made about his cattle. The management of the sale assumes no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and the seller.

**Changes:** Changes in these conditions will be binding only when reduced to writing and signed by the seller, buyer or clerk of the sale. Verbal agreements result in misunderstanding and the above rule is made to avoid such.

- Hart 4201 is a complete package of a bull. He is double pigmented, dark red, low birth weight, homozygous polled and backed by a credible pedigree. Hart 4201 will work exceptionally well in both registered and commercial herds.
- 4201 may be an ET, but his sire, Whitmore 132E, walked our pastures for years and proved himself time and time again. His dam, Mercedes 228G, has also made a name for herself for both Green Cattle Company and Cottage Hill Farm, producing several top dollar and highly sought after progeny.

- We always try to bring a young fall calf to the KY Beef Expo that is halter broke, on feed, and ready for a junior to take the lead on.
- This calf is just like the others and offers tremendous value for a young kid to have some success in the show ring and then have a maternal, functional cow to turn out.
- Sells open.
