POLLED HEREFORDS

Welcome to Broadlawn Farm!

With nearly 50 years of commitment to the Hereford breed and the cattle industry, we are proud to welcome you to our farm and share an offering that represents generations of dedication to the Hereford breed. We truly believe the present years are some of the most exciting yet!

Our family's involvement in the cattle business began in the early 1970s, when Jim purchased acreage in Leake County, Mississippi, and added a Hereford bull to a group of commercial cows. From those humble beginnings, Broadlawn Farm has grown and evolved tremendously over the years.

While much has changed, the qualities that first attracted us to Polled Hereford cattle remain the same today. Their maternal ability, efficiency, disposition, adaptability and ability to add value to the commercial cattle industry have kept us committed to the breed for nearly five decades.

Our dedication to the Hereford breed has extended well beyond our own pastures. Jim had the honor of serving on the American Hereford Association Board of Directors, giving him the opportunity to represent fellow breeders and contribute to the advancement of the breed on a national level.

Through the years, Broadlawn Farm has continued to focus on producing practical, functional Hereford cattle backed by sound genetics. We are proud of where we started and thankful for the people and cattle that have helped us along the way.

We hope you can join us Saturday, October 24, at the farm in Lena, Mississippi. We look forward to welcoming you to Broadlawn Farm, visiting with old friends and new, and sharing with you the cattle and genetics we have worked so hard to develop.

Sincerely,

The O'mara Family
