- Tianna is one of the most productive young cows in our herd. She raised twins as a 3-year-old and never missed a beat — even bred back earlier for the next year.

- With this dispersal we are also transitioning to fall calving only so it just made sense to offer our only spring bred heifer.
- Not only is Edna stunning to look at with that super sweet front end, but she's as stout as they come.
- Take her home and she'll make you some incredible show heifers and steers.
- Bred AI on 4/9/25 to AW STATESMAN 038H, then pasture exposed from 6/7 to 7/15/25 to THA 66589 ERNEST 004H.

Open Heifers

- This is a heifer that will have success at the state level; however, what she will do in the pasture will impress you more.
- She has a great demeanor and would be fit for a young showman.
- This female will be easy doing as they come, and we are excited to see how she can compete next summer!

- Abilene was the lead heifer of the 2023 Cattlemen's Congress Reserve senior heifer calf pen and collected several other grand and reserve titles throughout her show career. She's beautiful uddered and her first calves are looking amazing!
- Deluxe is one of the hottest bulls in the breed. He will add pigment and correct a lot of things on paper.

- We don't offer matings out of 1481 often because quite frankly they're hard to part with.
- At 11 years of age, 1481 is still raising our highest quality calves.
- We love the added dimension she provides while still maintaining those heifer safe birth weights we are all after.
- With how well On Demand cattle have been received this year at sales and at junior nationals, this mating should produce the quality we all strive for.

- The 7757 cow, we purchased from Hoffman ranches and one we keep liking more and more every year.
- Her running gear is impeccable, as well as her udder quality and she combines these features and more into an ultimately smooth patterned female that balances a lot of traits.
- She always throws pigment in her calves having the google eye we all love.
- With how well On Demand cattle have been received this year at sales and at junior nationals, this mating should produce the quality we all strive for.

- This is a bull we loved since we got him up as a calf.
- He's unique in the best way possible, stands on a great big foot and has the added substance anyone wants.
- He follows his sire KLD RW MARKSMAN D87 ET's look with also being extremely shapely and then having the eye-catching look from the side. He checks all the boxes.
- His bottom side being BACC CHANDON 180 ET, and stems from one of the best cow herds in the breed, Coyote Ridge Ranch.

- This bull represents phenotype, stoutness and growth.
- He had a yearling weight of 1345 and weighed 1973 as of 8/1/25.
- He is a son of Houston out of an outstanding Mead cow. Dark cherry red, goggle eyed and red to the ground. Long as a freight train and thick to boot.
- He's done amazing in the show ring as well. He was Division Champion and 3rd overall Hereford Bull at 2024 Louisiana State Fair, Res. Division in Houston, plus Grand Champion Hereford Bull 5 times this summer at county fairs, and Supreme Champion 3 times.
- We feel he will fit any program by adding growth and performance as well as soundness and longevity.
