Dear Cattlemen & Friends,

We would like to extend a very warm welcome to each of you to join us for our 8th Annual Production Sale on Sunday, April 12th. We truly appreciate the interest and support from our customers and friends, and we are excited to share this year's offering with you.

This past year has been a big one for us here at Sand Rock Ranch. One of the projects we were most excited to complete was the construction of our new 60 x 200 open-front production facility, finished in November. This facility now houses our production sale bulls and replacement heifers and allows us to raise and develop our own cattle right here on the farm. Having them close to home gives us the opportunity to watch them grow, work with them daily, and manage their feed and care the way we believe it should be done. It's something we've wanted to do for years, and we believe it will only continue to improve the cattle we bring to town each spring.

The bulls in this year's sale are an impressive group. We are particularly excited about the Long Haul and Body Builder sons in the offering. Many of these bulls started with moderate birth weights, but they have really gone to work, packing on the pounds and tipping the scales at around 1,000 pounds by 12 months of age. They combine growth, muscle, and performance while still maintaining the traits that matter to commercial cattlemen.

As always, our goal remains the same—to produce Hereford cattle that add value to the commercial cattleman's bottom line. We continue to focus on the traits that matter: sound structure, growth, udder quality, and carcass merit, especially marbling. We believe this year's set of bulls reflects that commitment.

Purchasing quality genetics is an investment, and we want you to feel confident that our cattle will work for your program. We sincerely appreciate your past support and look forward to visiting with you about your herd and how these bulls might fit your operation.

Please feel free to give us a call anytime—we're always happy to talk cattle.

Sincerely,

Kevin Bennett

Kevin & Janice Bennett; Eric, Stacy & Piper Moltzan;
 Todd, Sarah, Kylie & Makena Monson
 Scott Bennett

**Cattle Videos, EPDS and
 Ultrasound Data Available Online**

www.sandrockranchherefords.com/production-sale

HERD HEALTH

All of the cattle selling will be ready for immediate shipment and accompanied by proper health certificates. SandRock Ranch has a full vaccination program. Complete ultrasound and performance records will be available on or before sale date.

BREEDING GUARANTEE

The bulls will be semen tested prior to sale. We guarantee the first 60 day breeding season. In the event an adjustment is necessary, it will be made with a suitable replacement or credit at the next SandRock Ranch sale. No adjustments after 6 months.

PEDIGREE

All registered animals in the sale are clean of any genetic defect to the best of our knowledge. All potential genetic defect carriers have been DNA'd and will have a profile on file with the AHA.

ABSENTEE BIDS

Any person unable to attend can place a bid through Kevin or any of the listed sale representatives.

LIABILITY

All persons attending the sale and related functions do so at their own risk. SandRock Ranch, the sale management and staff assume no liability, legal or otherwise, for any accidents or injuries that may occur.

TERMS & CONDITIONS

This will be a video auction. All animals will be penned outside. All animals will sell to the highest bidder with the auctioneer settling any disputes as to bids. Announced changes in catalog information will take precedence over any printed material in catalog. The animal becomes the property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that the animal is properly cared for until delivered to the purchaser. Any death or injury after the animal is sold is at the buyer's risk. All lots are to be paid for during or immediately after the sale and will not be released until after settlement has been made.

DELIVERY

Free delivery on animals to any one location within 300 mile radius if delivered by SandRock Ranch. We will cooperate on deliveries outside that area. Day of sale receive \$50 credit on any bull hauled that day or within 1 week.

CATTLE VIDEOS

Cattle videos are available for viewing now at www.sandrockranchherefords.com

CATTLE AVAILABLE TO VIEW

Cattle will be available to view at SandRock Ranch please contact Kevin or Stacy to make an appointment.

**Cattle will be on display starting at 9:30 a.m.
Lunch at noon, Sale at 1:00 p.m. Cattle will be available to haul out following the sale.**

CALVING EASE

If a bull has this icon **CE** we would be willing to use him on our first calf heifers and would expect a relatively easy calving experience. In order for a bull to receive this icon, he would have had to have a fairly low actual birth weight, been born unassisted and have a fairly high calving ease direct EPD.

HOMOZYGOUS POLLED

If a bull is homozygous polled you will see this icon **HOMOZYGOUS polled**. In order for a bull to receive this icon, he inherits a dominant polled gene from both parents. Meaning its genetic makeup contains two matching alleles or polledness rather than one polled and one horned. The specific genotype ensures the bull will always sire polled offspring, regardless of the cow's genotype.

SALE ORDER

The sale order will be different from the catalog order. The sale order will be posted two days before on the website, Facebook and available the day of the sale.

FOOTNOTES & PHOTOS

We have provided footnotes for every bull and only have room for so many photos within the catalog. Please know we are very proud of the high quality bulls who do not have photos with them. In fact, we have found consistent quality of this years offerings, bulls top to bottom.

Summer pasture photo of Lot 5008 SRR MR 3022 Delivery Man.
You can find his full details on page 11.

Lunch at noon, Sale at 1pm**

Cattle videos are available to view online at
www.sandrockeranchherefords.com

Cattle will be available to view at SandRock Ranch please
contact Kevin or Stacy to make an appointment.

HOW TO PARTICIPATE ON

LiveAuctions.TV

1 CREATE AN ACCOUNT

Click "Register to Bid" on the top right corner of LiveAuctions.tv Fill out the required information to bid online. Agree to the terms of service and finish with the "register" button.

2 REGISTER FOR A BUYER NUMBER

From the home page or the "all auctions" page, choose the sale you're interested in. When selected, click the "request a buyer number" button. Verify your email address with the email verification link. To verify your mobile number, click "send token". Follow the steps to authorize your mobile device and click "submit".

3 BID SUCCESSFULLY

You will only have to complete the two-step verification process one time. After that, you will be able to immediately request a buyer number on any auction without verification. If you're a winning bidder, your lots will appear in your cart on the bottom of your screen. You will be contacted by the ranch or sale manager for your payment and shipping plans.

If you need help registering to bid or to view the auction please contact technical support

EMBRYOS

Here's your chance to own some of the newest SRR donor genetics along with one of the TOP MARB & CHB indexing sires of the entire Hereford breed! We will be selling 3 embryos of each, with a guarantee of at least 1 pregnancy if implanted by a certified embryologist.

X3 CHURCHILL LADY 4320M X SHF HAVILAND F158 H02

JW 1857 MERIT 21134 (P44212986)
 CHURCHILL LADY 4320M (P44654455)
 CHURCHILL LADY 2248K ET (P44378116)
 SHF FORESIGHT B413 F158 (P43894968)
 SHF HAVILAND F158 H02 (P44123599)
 SHF MAGGIE Z311 F327 ET (P43986673)

We purchased this Merit daughter at the Churchill Cattle Co dispersal sale. She had the highest CHB\$ index of the ENTIRE sale (230). Her maternal grand-dam is the infamous Churchill "Udder Queen." One look at this female's EPD profile and you'll see that she covers all the bases, maternal and carcass, which is hard to find. Haviland is the 3rd highest ranking bull of the entire Hereford breed in MARB & CHB combined. We think this mating is going to take maternal and carcass to a whole new level.

Churchill Lady 4320M

Her EPDs are super good - top 5% growth, top 1% udder, top 1% in all carcass traits, plus top 3% CHB and 4% BMI!
