HEREFORDS • ANGUS • BALDIES

SATURDAY • MARCH 21, 2026 • NOON (EDT)
HELD AT THE FARM IN WADLEY, GEORGIA

36TH PARTNERS IN PROGRESS FEMALE SALE

WELCOME!

Friends,

It is always a privilege to sit down and put this small letter together to welcome you to our Partners In Progress Sale. Thinking back on the letters I've written for this, I am reminded that this is my 20th year of living in Georgia and working for Mr. Charles and 20 years of being married to his beautiful granddaughter! Jenn and I were honored to have judged the Supreme Champion Open Heifer Show at the Cattlemen's Congress this January. She briefly spoke on how much the word "privilege" seemed to resonate that day. We all have so many privileges that we tend to overlook and certainly take for granted. Family, freedom, friends, health, opportunity, education, etc. And if ever one or more of those is tested, we see how much of a privilege it is to have faith and hope. Thank you Lord that we get to live in the United States of America and to realize how blessed and good we really do have it. It's a privilege to raise cattle, but it's only as good as the people you get to do it with. And speaking of that, I want to thank a special person for the years of providing top-notch photos for our sale, and wish him a happy retirement. Don Birk has been a wonderful friend and one of the valued partners in our progress over the years. Don, thank you for being so professional and being my daughter's hero.

Thank you for taking the time to look through our offering, and if possible, join us in your busy Spring schedule. Our goal constantly remains the same, year to year... sell the kind of cattle that we would like to buy. I've said it before, this is a fast-paced industry right now, and genetics are constantly changing, hopefully for the better. Several years ago, I quoted a statement in the catalog from T.S. Eliot that said, "It is impossible to design a system so perfect that no one needs to be good." We have more information available to us than ever before, but cattle still need to be good, period. You know something, people should be too! Please come join us as we celebrate the start of Spring in Georgia!

THIRTY³⁶SIXTH PARTNERS IN PROGRESS FEMALE SALE

HEREFORDS • ANGUS • BALDIES

SATURDAY • MARCH 21, 2026 • NOON (EDT)
HELD AT THE FARM IN WADLEY, GEORGIA

TERMS & CONDITIONS

TERMS: Cash or check. Each animal to be sold to the highest bidder. The auctioneer shall settle any disputes as to bids. All cattle are to be paid for by the purchasers during or immediately after the sale and will not be released until settlement has been made. Each animal will be at the purchaser's risk immediately after the animal is sold.

Registration Certificates of the animal will be transferred to the buyer at the seller's expense. All calves born before the sale will be registered by the seller. All calves born after the sale will be registered by the buyer. Each buyer must be sure to give the clerk his proper name and address for making transfers. AI certificates will not be furnished by the seller on females carrying the service of non-owned AI sires.

EPDS: The EPDs included were current as of Feb. 4, 2026 (Hereford) and Feb. 4, 2026 (Angus). The most current information can be viewed on the individual breed websites.

HEALTH: All cattle selling will have interstate health charts required for shipping into other sections of the United States. All females who are old enough are officially calfhood vaccinated.

PREGNANCY EXAMINATION INFORMATION: All cattle have been pregnancy examined by a competent veterinarian and are called safe to the AI or pasture dates as best can be determined by advanced palpitation. With respect to AI dates, they are not unconditionally guaranteed, other than the fact that they are pregnant.

BREEDING GUARANTEE: Animals sold in this sale are guaranteed by the owners to be breeders, provided they are properly handled and cared for by the purchaser. If any breeding-age animal fails to breed, the seller must be notified by October 1, 2026, otherwise the animal is no longer guaranteed in any way. If animal is in sound, healthy condition, buyer may return it to the seller who shall have six months to test it and then, if the animal proves to be a non-breeder, a satisfactory exchange will be made or purchase price refunded.

Every known blemish will be called before the animal is sold and no animal will knowingly be sold that is not sound in any way. Any changes in breeding dates will be announced sale day. Any female selling with calf at side is considered to be a breeder with no further guarantee in this regard. Cattle will sell under the suggested terms and conditions of their respective breed association, either the American Hereford Association (www.hereford.org) or the American Angus Association (www.angus.org/Pub/suggested_sale_terms.pdf).

LIABILITY: All persons who attend the sale do so at their own risk and the owners and sale manager assume no liability, legal or otherwise, for any accidents that may occur.

ANNOUNCEMENTS at the sale ring by the owners or auctioneer concerning the cattle will take precedence over statements in the sale book.

EPD ABBREVIATIONS:

Hereford

CE (Calving Ease Direct); BW (Birth Weight); WW (Weaning Weight); YW (Yearling Weight); DMI (Dry Matter Intake); SC (Scrotal Circumference); SCF (Sustained Cow Fertility); Milk (Maternal Milk); M&G (Maternal Milk & Growth); CEM (Calving Ease Maternal); MCW (Mature Cow Weight); UDDR (Udder Suspension); TEAT (Teat Size); CWT (Carcass Weight); FAT (Rib Fat); REA (Ribeye Area); MARB (Intramuscular Fat); BMIs (Baldy Maternal Index); BII\$ (Brahman Influence Index); CHBs (Certified Hereford Beef Index).

Angus

CED (Calving Ease Direct); BW (Birth Weight); WW (Weaning Weight); YW (Yearling Weight); Milk (Milk); MARB (Intramuscular Fat); REA (Ribeye Area); \$M (Maternal Value); \$W (Weaned Calf Value); \$B (Beef Value).

INSURANCE: Insurance will be available through Harding and Harding by contacting the sale cashier when settlement is made. Transportation: Trucks will be available sale day.

ORDER BIDS: Order bids may be handled by the owners or any of the sale staff. Please feel free to call.

SALE LOCATION: 1095 CHARLES SMITH RD, WADLEY, GA

From Wadley, take Hwy. 78 south 1.5 miles, left on first paved road 3.3 miles.

From Louisville, south on U.S. 1, cross the Ogeechee River Bridges and go 4 miles, turn left on Pete Smith Rd. Stay on paved road until sale site.

• SELLING ONE-HALF INTEREST.

- This royally bred female is a daughter of the Pathfinder sire and record-selling Coleman Bravo 6313 back to the \$90,000 valued Coleman Donna 4203.
- Coleman Banker 9215, a full brother, was the top-selling bull of the 2021 Your Maternal Source Sale where he sold one-half interest at \$75,000 for a \$150,000 valuation to Voss Angus of Iowa. Other full sibs include the \$20,000 Coleman Donna 9309, the \$14,000 Coleman Donna 9308, and the \$15,000 Coleman Donna 9307. Maternal sisters include the \$90,000 valued Coleman Donna 9220, the \$37,500 Coleman Donna 9310, the \$130,000 valued Coleman Donna 2417, and the \$310,000 valued Coleman Donna 1430.
- Coleman Donna 4203, her dam, is the \$90,000 valued Lot 1 female of a past Your Maternal Source sale and full sister to the all-time, record-selling Coleman Donna 8146, who sold for one-half interest at \$375,000 for a \$750,000 valuation going to ZWT Ranch of Tennessee. Another full sister to the dam went on to produce the dam of the \$300,000 valued GENEX Beef AI Sire, Coleman Below Zero 2106.
- Has averaged 13 eggs on 3 Conventional Flushes
- Her spring bull calf by Sitz Eternity 739A will be retained in the Predestined Cattle Company program.

COLEMAN DONNA 8146 – THE \$750,000 VALUED FULL SISTER TO THE DAM OF LOT 1.

COLEMAN DONNA 9220 – THE \$90,000 MATERNAL SISTER TO LOT 1.

THE #11 \$M NON-PARENT FEMALE OF THE BREED

DESTIN DONNA B81 – SHE SELLS AS LOT 1B.

COLEMAN DONNA 9235 – DAM OF LOTS 1A-1E.

• SELLING ½ INTEREST IF 1B IS SELECTED

- One of the elite genetic packages you'll find anywhere this spring regarding maternal excellence and phenotype. A maternal sister to these heifers was our high-selling female of 2024, going to Southall Angus for \$25,000. This Donna is the highest ranked \$M non-parent female of the sale. Combine that with low birth and high CED, this Craftsman heifer is sure to make the donor pen someday.
- The most moderate of the three sisters, this heifer's structure, balanced profile, and feminine head and neck will always make her a standout, just like her mother.

COLEMAN DONNA 9308 – THE \$14,000 FULL SISTER TO THE DAM OF LOTS 1A-1E.

• SELLING CHOICE OF LOTS 1B-1D.

- Highest growth and highest \$C sister here, this one makes the choice all the more difficult as to which is the best. Such an awesome set of figures across the board, and adds a lot of power phenotypically.
- Visually stunning female that puts together probably the most center body and robust rib shape that Donna's are known for, and Craftsman adds another shot of eye-appeal.

COLEMAN DONNA 9309 – THE \$20,000 FULL SISTER TO THE DAM OF LOTS 1A-1E.

DONNA FAMILY

- **SELLING CHOICE OF LOTS 1B-1D.**
- This sister is probably to combination female of her two sisters. She's the second highest of the three for both \$M and \$C and still combines the same quality growth and foot scores seen in this cow family.
- This is the longest bodied of the 3 heifers and still has enough substance at the ground while remaining smooth shouldered and long necked. These three Craftsman heifers are just enough alike and just different that even the smartest of cowmen might find it difficult to choose the best.

COLEMAN DONNA 0105 – A full sister to the dam of Lots 1A-1E.

DESTIN DONNA B97 – SHE SELLS AS LOT 1C.

• LOT 1E.

- We sure did like the look that KR Inspiration had to offer and even more the look of his mother, the great Miss Bell 8036. After discussing him with my friend, Jake Scott, we thought he'd be a neat mating with 9235. Bringing together the power and growth of Incentive and Outside, in combination with the maternal goodness and smooth shoulder of Donna.
- High CED heifer calf that ranks in the Top 1% for Claw, Angle, and \$M. Don't overlook this one just because she's a fall baby. She's got a brother or two that are standouts in the bull crop.

- Tracing back to the original Donna, J311, the granddam of this beautiful replacement female was the start of our Donna line for Predestined Cattle. 7600 was a big time producer and most popularly known for producing the \$50,000 Donna P24 that Fancy Free Farm sold to Blue Lake in Kentucky.
- We used Midas to incorporate the Justified genetics in our herd, and we like the calving ease and high maternal traits that he can add to the already prolific traits of the Donna family.
- AI on 12/5/25 to Sitz Genuine 491L. Exposed to CES FA Deep Trust A28 from 1/22/26 – 3/1/26.

- The first couple of calf crops by Deep Roots were all so good as babies, that many of them went into our production sales the last few years. So, this is our first good year at seeing his daughters in production, and we are blown away with our first two-year olds and the job they are doing raising calves. I don't like to sell many first calf heifers, so this is your only shot.
- The Deep Roots daughters are going to be moderate and have beautiful, tight udders. A60 is actually one of the bigger framed daughters that we got, largely due to her Acclaim lineage.
- The ticket to this young cow, I believe, is the Commerce heifer calf on her side. She could be big-time good, as we have successfully mated several Deep Roots females to him.
- Sells with a heifer calf at side (Lot 3A) born 12/1/25 by Connealy Commerce. Tattoo: C99 Reg.No.21496056.

• FOR REFERENCE ONLY

- Owned with Elrod Farms, Talmo, GA; Partisover Ranch, Colbert, GA.
- Partisover Deep Roots 126 is an exceptional individual by the Pathfinder sire, Connealy Confidence Plus, back to Partisover Burgess 744 of the legendary Burgess family.
- This bull reads with a tremendous phenotype and EPD profile that is balanced across the board.
- He is backed by generation and generation of highly maternal females and reads with tremendous spread from birth to yearling without sacrificing carcass and \$Values.
- His first offspring have certainly made an impact throughout the country, and his progeny will highlight this year's event.

• SELLING ONE-HALF INTEREST

- Rarely do we present an opportunity such as this in our Partners In Progress Female Sale, but we thought this bull was special enough to go outside of the box. And that's probably a great way to describe this two-year-old stud. So many of his traits fit well within the box of today's acceptability of genetic and EPD values, but when you study this bull visually, he takes quality to a greater level.
- Ask Jennifer what she thinks of Deep Trust. She'll tell you his name is Kevin and looks like a frat boy. I'm not sure if there's anything to that I should be worried about, but she just describes him as being one of the coolest looking dudes we've ever raised, and Kevin is just a typical cool dude name, I suppose.
- Deep bodied, great legged, up headed and arrogant in his stride. Combining Deep Roots and Stormy was no accident. Dry Creek Farms has acquired an unbelievable full sister this year, and we've already flushed another full sister. Full brothers are working for Bar A Ranch in Georgia and Schwenk Cattle of Indiana. Look at the maternal sisters selling over the next couple of lots. This deal is for real. Owned with Farmington Angus.

SFCC TRM JG STORMY 8146 – DAM OF LOT 4.

CF FLY BIS 110 – GRANDDAM OF LOT 4.

STORMY FAMILY

- Stormy came to us through a past Tennessee River Music sale with our partner, Farmington Angus in Tennessee. Dr. Bills has let me experiment with her and do some neat things. We flushed her soon after Sitz Eternity hit the market, and hoped for something cool. Just like Deep Trust, this pair of heifers is just that...cool to the max.
- B79 is the more refined sister of the two, but still big bodied and super feminine. She's got a beautiful top in her and sound moving. Nicely balanced female visually and on paper.

SITZ PRIDE 200B – Paternal granddam of Lots 4A and 4B.

CES FA STORMY B79 – SHE SELLS AS LOT 4A.

- I told Dr. Bills that I was going to flush Stormy to Connealy Commerce and use female-sexed semen. Breeding cattle can sometimes feel like a shot in the dark, but I have never been more optimistic and confident in a flush in my life. Commerce has made some unbelievable females for us here. Lot 5 is a sale highlight.
- C18 does a lot of things right. She's feminine and good structured with high CED and a great set of values.
- C25 is big time and is one of my favorites of the entire offering! Breeding for balanced traits is so important here. They have to look good first, and then we hope numbers will support their appearance. This heifer sets a very high bar for quality and genetic values. Study her WW, YW, MARB, & \$C. I would love to make cattle like this ALL DAY LONG.

• SELLING A PICK OF THE FLUSH OF ET CALVES DUE SEPTEMBER 2026.

- You can drive a lot of miles and not ever come across something as special as U68. At age seven, this is without question the best she has ever looked, and we continue to prove her worth with every generation. The daughters selling this year should be on the short list of every good cowboy looking for an investment. Structure, eye appeal, dimension, performance...U68 is big time good. A maternal sister by Stunner sold for \$10,500 to Farmington Angus in our last sale, and a full sister the same year going to Flint Farms of Indiana.
- This is a valuable opportunity to tap into some elite genetics, as we are selling the pick of the flush, sired by one of the industry's elite sire prospects, Coleman Maternal Balance. Selling one-half interest for \$260,000 to Southall Angus and Ingram Angus. A direct son of the great Chloe 9275, his density and power and genetic backing is unmatched. Don't miss this!
- Calf Birthdates: due September 8, 2026.

- I was picking out my final list of sale cattle when Z26 started to udder up again. I have flushed one full sister here, and questioned if I had flushed the wrong one. This Regiment daughter exemplifies what udder quality and femininity should look like. We throw the term "good udder" around a lot in this industry, and we need more cows like this to remind folks what that standard is. This was a powerful flush of females Z26 came out of. Needing a future herd prospect? Take note of this little baby.
- Top 2% YW and RE.

- Do your homework here. This is a pretty special pair of females carrying on a powerful legacy. The sire of Y76 descends from one of the most special cows we ever worked with here, Fanny 2037. My goal was to do a lot more combinations like this, blending 2037 and 4061 together, prior to 2037 being struck by lightning. Big league brood cow potential. This cow should be flushed.
- Deep bodied, deep muscled, and maternal from end to end. Reads with a great combination of traits and values in addition to eye appeal. Her Inspiration heifer calf will likely be even better than her mother. Big top and broody and just a November.
- Sells with a heifer calf (Lot 10A) by KR Inspiration born 11/4/25. Tattoo: C49. Reg. No. 21484062.

- This is a very intriguing pair of young females. Take advantage of this opportunity to acquire outcross genetics and breed-leading values. Stemming from Lucy 2552, this five-year-old blends a past high seller, the \$175,000 Connealy Emerald with EXAR Stud. Very balanced traits across the board.
- Moderate in stature, the right kind built for pasture, and will do a great job with a calf.
- Breeding information available on sale day.

- Bill Gray encouraged me to think outside the box when he said we should incorporate Peak Draft Pick in a few cows. He was right on this one. We didn't know much about him at the time, other than his big numbers and he stemmed from a great cow from Vintage Angus. That cow just went on to produce another top prospect at Poss Angus for \$180,000.
- This is a special young fall heifer calf that ranks the highest in the sale offering for carcass traits and \$C. Not only are her digits good, she's pretty easy on the eyes. Beautifully balanced!

- We found a pretty special donor at Bear Mountain Angus several years ago and unfortunately lost her too early in life. The mother of this top notch bred heifer, Judy 9549, blends Wilks Regiment with Capitalist 316, and was built like a truck with power and rib. We sold an outstanding daughter of 9549 and Deep Roots to our friends at Smith Brothers Farm in Pavo, GA in last year's From the Ground Up Sale.
- This Rise Above bred heifer brings the same power, build, and type as her pedigree would suggest.
- AI on 12/5/25 to Bear Mtn Pilot. Exposed to CES FA Deep Trust A28 from 1/22/26 – 3/1/26.

BEAR MTN JUDY 6535 – STEMS FROM THE SAME FAMILY AS LOT 16.

- Make sure you pay attention to this featured lot. Take special note of Lot 23A, a heifer calf sired by Connealy Commerce. I think in the right hands, this one could become a donor someday. Knowing the kind of daughters that Density has produced for several generations, and seeing the first set of wet Commerce daughters, do not overlook this female on sale day.
- I'm not sure what numbers will look like yet on this calf, but visually I am certain maternal traits were established a long time ago with bulls like T510 and Gardens Prime Time. Our Remarkable daughters have made great cows, and one of the all-time great females went to Pilgrim Angus as a \$10,000 past sale feature.
- Sells with a heifer calf at side (Lot 23A) born September 29, 2025 by CONNEALY COMMERCE. Tattoo: C46. Reg. No. 21484201.
- Breeding information available sale day.

CES PROTET P160 – STEMS FROM THE SAME FAMILY AS LOT 23.

- Another really nice balanced trait Barbara with a lot of eye-appeal. Blending cow-making sires together like that of Southern Charm, Upshot and Density, X163 is ultra feminine, straight lined, and beautiful uddered. Has a nice young herd bull prospect by Deep Roots. He'll make them deep and soggy, and she'll keep them pretty.
- Sells with a bull calf at side (Lot 29A) born January 2, 2026 by PARTISOVER DEEP ROOTS 126. Tattoo: C104. Reg. No. 21490517.

- This female should've been up at the barn picture day, but we didn't make the time. A big-ribbed, easy keeping daughter of the cow maker Growth Fund, we like the udder type and profile of this young brood cow. A high-growth female, make sure you take the time to look up this Commerce heifer she's produced. Commerce has been one of the most consistent bulls that we've used in recent years especially at producing females. They are so easy to like and this late fall heifer is certainly no exception.
- Sells with a heifer calf at side (Lot 30A) born November 21, 2025 by CONNEALY COMMERCE.

- It's always exciting each year to come up with the right animal to fill the Lot 1 position. Although typically it's something that Mr. Charles doesn't like to part with. This year is no exception. When Bloom Y120 calved again, I knew she was THE ONE this year. Red or black, this is probably the best udder on the farm. Her top 2%MM and 10% Udder on paper is verified physically.
- Stonegate Farm purchased the granddam of Y120, Bloom H100, in a past sale and she could do no wrong. Everything you mated her to would produce the most maternal females with unbelievable udders. The dam of Y120, S10, was purchased by Walker Hereford Farm, Dirt Road Farms, and Jernigan Hereford and this female is a product of Genesis embryos that we purchased the following year.
- Moderate, good structured and raising a dynamite heifer by one of our newest herdsires that sells as Lot 103, Definitive. One of the really special pair of females you'll find this Spring.
- Flushed one time conventionally to produce 8 high quality embryos
- AI on 1/19/26 to KJ TWJ 907E Liberty 159H

• TERMS ANNOUNCED SALE DAY

- As I mentioned in the Angus section, we rarely part with something as special as Lot 103, as we typically just sell females. But this year I thought it would be pretty cool to sell part of a proven Hereford herd bull. After I saw the first few calves from Definitive Z73, I knew this was the one. This guy was part of a highly successful flush out of a 2-year-old from Walker and Jernigan, Belle 9247. We rarely flush first calf heifers, but we knew she was the right kind. Only bad part is that I had a friend, Blake Willis, starting in the Hereford business, and I felt she could get him started on the right track...that was before the ET calves were even born. That flush produced two show heifers for Diana Kate, and another herdsire for Green Meadow Farm in Indiana. Maybe I should've kept her.
- This bull is big statured, long bodied, good-footed and striking to look at. Not to mention he's a top 2% CHB, 4% MARB, and 8 & 9% respectively for WW & YW. These kind aren't made everyday, so if you're in the need for an upgrade, Definitive is worth the look.
- Sire of Lots 101A, 102A and 115A

• SELLING A FLUSH TO THE BULL OF THE BUYER'S CHOICE.

- Diana Kate is the sweetest girl you'll ever meet, but she's a bit hard headed. The only way you'll ever get a piece of A13 (who we call "Cinnamon") is sale day. Selling the right to flush A13 to the bull of the buyer's choice. Cinnamon was our Senior Yearling show heifer last summer and had a remarkable run. She was a Class Winner at the 2024 Southeast Hereford Regional, Reserve Grand Champion at the 2025 Georgia Field Day, and 3rd at the Junior National Hereford Expo. She caught the attention of judges last summer for her impeccable udder development and elite EPD spread.
- Top 4% MARB and 6% CHB, this young 2 year old is destined for great things as Diana Kate starts her Hereford herd. A full sister to Lot 103, Definitive, these cattle are built right for the times. Classy enough to show, genetically enhanced enough to progress a program.
- Flush guarantee of 6-8 conventional embryos to be performed within 60 days after the sale, as we are possibly showing her with her bull calf this summer. Anything over 8 embryos will be split with Diana Kate Gillooly.
- Buyer is responsible for flush costs and semen.

"MORE GOOD GOIN' ON"

50% of the proceeds from Lot 104 Flush will be set aside for the Influence Livestock Ministries fund. Started in 2024 as a small Bible study group of like-minded men who love the Lord and cattle, the Influence group expanded into an industry-wide ministry with one goal in mind...spreading God's Word. This past January, the leadership of Influence Livestock Ministries started preparations to take this mission to as many Junior National breed shows and livestock events as possible this summer. Establishing opportunities for Bible Study groups for youth and young adults, handing out free bibles for those that may not have one, and providing Influence merchandise are just a few examples of this outreach program. If you are interested in how you can get involved or support this discipleship ministry, please reach out to any of the following: Kyle Gillooly: kg_cattle@hotmail.com, Jake Scott: Jake@krebsbranch.com or Beth Pembrook: bethpembrook@icloud.com

CES & PREDESTINED BELLE FAMILY

DESTIN DAISY BELLE 3316 B120 – SHE SELLS AS LOT 105A.

CES DEFINITIVE H49 Z73 – Full brother to the dam of Lots 105A and 105B.

- Continuing the opportunity to tap into the Belle 9247 lineage, is this high quality yearling heifer sired by the popular Churchill Equity. The dam of B120 is the first show heifer that Diana Kate showed out of that impeccable flush by Defiance and 9247, making "Rosey" a full sister to Cinnamon and Definitive.
- B120 is a beautiful female that has continued to blossom since picture day in December. We think this heifer has a much potential to become a donor like A13. Awesome set of figures, birth to yearling spread and carcass merit. Mark this one sale day.

CES BELLE 3316L B72 – SHE SELLS AS LOT 105B.

CES ALLIE BELLE H49 A13 – A FULL SISTER TO THE DAM OF LOTS 105A AND 105B.

- A full sister in blood to Lot 105A, B120, this Equity heifer is pretty neat too. A notch more moderate, as her mother was, but this heifer's best days are to come, and they are coming. An amazing set of a numbers from one end to the other, as this bloodline continues to prove.
- Dam was another full sister to Rosey, Cinnamon and Definitive. Jim Gillooly said Z66 was the best one at birth that year, her recipient dam just wasn't as productive.

- As difficult of a female to part with maybe as Lot 101 is. This is the only heifer out of this SHF Liberty x Jewels mating. Not sure who the cowboy or cowgirl is that will lock in and find this one, but she's special. I was prepared to buy one of two animals at Sandhill Farms in 2024, until I found out I wasn't. The second high selling bull that day was SHF Liberty H028 L356, and his mother, Lacy G313, was the top selling female. She came to Georgia, but to Tony Lasseter instead. Next best thing I could afford was to get semen, and breed some good ones to him.
- S14 is continuing to write a wonderful story here for Predestined Cattle. Julia E195 will go down as one of the all-time great donors, but S14 may be my favorite Julia of all time. There's just something about the Mr Maternal freckle face that gets to you. Outdid herself with the production of Armory Y146, the joint herd sire for us and Seven Oaks in Georgia. You'll like his progeny sale day too.
- Lot 106A is top 2% UDDER, 4% TEAT, 5% MARB, 7% CHB, and she's really good too.

CES GG JEWELS 156T S14 ET – DAM OF LOTS 106A AND 106B.

-3.5	3.6	62	96	36	82	.16	.63

- I had to work pretty hard to decide which one of three sisters would make this cut for Partners In Progress. MKS Cattle and Parker Brothers of Tennessee purchased the first pick of these females in August for \$7500 and they weren't even born yet. That leaves one for you and one for Diana Kate. We're keeping the Heterozygous Polled heifer for her, and you're getting the Homo Polled sister, that is the darkest red of all 3 and big ribbed. This heifer keeps coming on and I think you're gonna like her sale day. Has the potential to be on the radar for juniors interested in a show prospect.
- Liberty 159H has worked really well here, and I truly feel this trio of ET heifers might be the best set of flush sisters ever born here. Julia daughters and granddaughters have headlined Partners In Progress Sales for years, and Lot 106 could have easily done the same this year.

CES JULIA 4009 E195 – GRANDDAM OF LOTS 106A AND 106B.

CES & PREDESTINED JULIA FAMILY

CES K ONE JULIA 3316L B81 – SHE SELLS AS LOT 107.

CES JULIA R1 U43 – Granddam of Lot 107 and dam of Lot 108.

- Perhaps one of my most favorite photographs of a Hereford that we have ever taken is Lot 107. She is also one of the most awesome genetically engineered heifers as well. What a cool combination of Churchill Equity, Arsenal and Julia. The dam of B81, was a member of a flush from a cow owned with K-One Cattle in Louisiana. We sold half interest in a full brother to Sam Henderson in our last sale and he's done an awesome job at incorporating calving ease and pigment into his calves. The full sister was a sale feature going to 4B Herefords in North Carolina. We sold a lot of Arsenal genetics in our previous sale, so we're holding a little tighter to him this year. Just one of a few chances to acquire some of these genetics.
- A high CED female that is so well-balanced visually and on paper. I think truly one of most unique breeding pieces that we have offered in recent years. This one is special folks!

CES JULIA K225 B6 ET – SHE SELLS AS LOT 108.

CES JULIA 4009 E195 – FOURTH DAM OF LOT 107 AND THIRD DAM OF LOT 108.

- The dam of this special heifer is also the granddam of Lot 107. A granddaughter of the immortal E195, U43 is one of the most powerful Julia donors that we had.
- This goggle-eyed beauty stems from a bull we purchased with Seven Oaks out of a past Sandhill Farm sale, Kickback. This heifer resembles him so much in terms of eye pigment, deep red and long bodied. This is an ET heifer and the only female in that flush. A full brother went to the Rowland boys in Lincolnton, Georgia. This is a really nice balanced trait female.
- AI on 12/5/25 to KCF Bennett Dominion

CES & PREDESTINED ARSENAL AND PENNIE FAMILIES

- One of the rare opportunities to tap into some of the first born genetics of Armory Y146. This female is double-bred Endure, combining Arsenal with that of Miss Endure, and Upstream-bred female we purchased from our friends at Dry Creek Farms.
- Long-bodied and smooth patterned, we think the potential of the Armory daughters will be big-time, considering the paternal granddam.
- AI on 12/6/25 to KCF Bennett Dominion

- Very good producing daughter of Cuda that traces back to the quality Reigns lineage we started from one of my all-time favorite females in this herd when I moved to Georgia, A349. She combined 46B and 103T, two studs from back in the day. Just coming into the prime of her life, what she will be able to produce will pay for her several times over. Look at her yearling heifer!!
- The dam of Y28 was an awesome daughter of Whit 33B that sold to Walker, Jernigan and Dirt Road in our previous sale. The females know how to raise one. Awesome little bull prospect of the side, and an elite daughter selling as lot 114B! A really cool set of figures that go along with him.

- Pay attention here. My favorite Armory heifer of the sale! This was one when I weaned several months ago, I had big plans for, but I knew she'd take a good picture and that's when they always end up in a sale. This one needs a really good home, because I think she could make someone a pretty special donor someday.
- Red-eyed, freckle-faced, super deep, super sound, and backed by unbelievable productivity.
- Predicting what cattle will do is like playing the lottery sometimes, but this one's as good as the Powerball with even better chances.

- Without a doubt one of the elite phenotype cows of the entire offering. We didn't get her up for picture day, and that was my biggest regret of the entire catalog. Visually stunning, and near perfect udder under this Fortified daughter. So much resemblance to her dam, N6, who still holds the prize for best cow picture award.
- Feminine, straight-lined, and tremendous hip and hind leg. Much of the reason I bred her to Liberty last year. This bull calf has some great days ahead of him. He got a little behind in January as he got a little sick on us, but is turning the corner again. Don't discount either one of them. This cow is good enough for donor synchronization.

- A granddaughter of the Julia N6, this Arsenal daughter is pretty special. She's outproducing herself this year with one of the elite heifer calves of the whole offering. I haven't decided on how competitive of a show heifer she could be, but I'm certain she's got a whale of a future. Sired by Final Chance, we have had great success with his first calves...they come easy, are well built and nicely pigmented. Don't miss this baby.
- A neat blending of balanced traits and genetic giants like Arsenal, Final Print, and Standout. Incorporates high calving ease with plenty of growth genetics.

- We sure were hoping for a heifer calf when we mated this K187 daughter to On Demand, but if you're in the market for a young herd bull prospect, take note of this red-eyed guy. X163 carries on a tremendous legacy from of now deceased original Sunny cow. When we bought 43P as a bred cow from Eric Walker years ago we had no idea how that calf would impact our herd.
- A maternal sister to Finance, this Endure x K187 brings power, performance with top 1% RE. Productive pair of cattle.

- We purchased Gerber G144 from a past Sandhill sale, and she's fit in beautifully in the pastures of the Southeast. Moderate in frame, but big-barreled, you'll understand why she ranks in the top 2 and 4 percentiles for Udder and Teat when you see her calved out. The only reason she sells is due to the Arsenal heifer calf she left us with last year. The mating to Army could be a homerun!
- A top 7% MARB female, be sure to mark this one down if you want a highly productive, low-maintenance female with a lot of life left in her.
- Flushed one time producing 4 high quality embryos.
- Sells bred to pasture exposure to DESTIN Army 00161 Y146 ET from 7/6/25 – 8/22/25

DESTIN DIXIE 174E W117 – MATERNAL SISTER TO LOT 125.
