10:00 AM	Cattle on display
10:30 AM	MN Jr. Hereford Breeders meeting
12:00 PM CST	45 th Annual Go-Pher the Purple Sale McLeod County Fairgrounds <i>lunch available on-site</i>

**MCLEOD COUNTY FAIRGROUNDS
HUTCHINSON, MINNESOTA**

Welcome!

On behalf of the Minnesota Hereford Breeders, we welcome you to the 45th Annual Go-Pher the Purple Sale. **45 years is no small feat – it reflects decades of dedication, strong breeder participation, and the shared commitment that has allowed this event to thrive for nearly half a century.** We are grateful for the support that continues to make this Hereford tradition possible.

The consignors have assembled another powerful group this year. With the diverse offering that only a consignment sale can provide, there's truly something to complement any operation.

As in previous years, we will be hosting a live video sale, with all lots on display for the duration of the event. Cattle will be available for inspection after 1 p.m. on Friday. We invite you to scan the code below to access the video catalog at your convenience.

If you are unable to join us on sale day, you can bid live through LiveAuctions.tv or reach out to any of the owners, staff, or committee members for assistance.

We hope you'll join us this December for the 45th Annual Go-Pher the Purple Sale – a landmark year for a beloved Minnesota Hereford tradition!

45TH ANNUAL MINNESOTA HEREFORD BREEDERS

GO-PHER THE purple SALE

Sale HQ -

McLeod County Fairgrounds

AG Agribition Building - 792 Century Ave SW, Hutchinson, MN 55350

Days Inn..... 320.587.6030
Hwy 7 West, Hutchinson, MN 55303

AmericInn..... 800.634.3444
Cobblestone Hotel & Suites..... 320.587.7777

Format - The sale will be conducted as a video sale using the same bidding process as a live auction. Cattle will be available for inspection beginning Friday, December 13th at 1 pm. No animals will be released until the conclusion of the sale.

Terms - Cattle will be sold to the highest bidder, with the auctioneer settling any disputes. Terms of the sale are cash or check payable during or after the sale, required before cattle will be released. Each animal will be at the buyer's risk immediately after the animal is sold.

Absentee Bidding - If you would like to place a bid but are unable to attend the sale, please direct your bid to any of owners or sale staff. You may also bid online as the sale will be broadcast live.

Health - All cattle will be sold in compliance with the health laws of the State of Minnesota. Health papers will be provided for interstate travel. Bred females have been pregnancy examined.

Guarantee - Cattle will sell under the suggested terms and conditions of the American Hereford Association. Bulls under 12 months of age, are guaranteed per the seller.

Registration & Transfer - Registration certificates will be transferred to the buyer at the seller's expense. Each buyer must be sure to give the clerk the proper name and address for making transfers. Registration certificates for calves born from a bred female purchased in this sale will be obtained by the buyer at their expense.

EPDs & Announcements - EPDs listed in the catalog are current at time of catalog printing. Any information or announcements on sale day take precedence over all printed material.

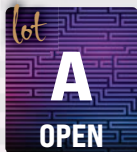

Watch the sale and bid live at liveauctions.tv

We are pleased to offer this year's Gopher Sale donation heifer, as the Minnesota Junior program has been so important to our family! We have five grandchildren showing in the NJHA shows, with a couple more soon to follow. The Hereford breed and the Minnesota Hereford Breeders continue to support and expand opportunities for Hereford youth, helping to build a strong next generation of Hereford breeders.

553N represents generations of JRR prefix genetics on both sides of the pedigree. She is dark red, well marked, and out of a beautiful three-year-old cow.

SELLING LOTTERY STYLE

\$10 per ticket, sold at auction.

Winner will be drawn from collection of all tickets sold.

All proceeds to benefit the Minnesota Junior Hereford Breeders.

Our thanks to the Reed family for this donation!

Bid with confidence to support a great program benefiting the Hereford Champions and youth at the Minnesota State Fair!

4328

LIBERTY

Full sibs to proven winners! In 2024 and 2025, two full sisters really lit up the show road. One, shown by Paisley Conroy (pictured), won her division at FWSS, San Antonio, and Houston. The other? Reserve division at the JNHE, Champion Hereford at the MN Beef Expo, and Reserve division at the 2025 NWSS.

This pedigree isn't just good on paper—it works in the ring. The 4328 donor has really taken off lately, raising three National Champions in the last five years, in both bulls and females. Maternal brothers include ECR WF Gus 058 ET and ECR HDF Travis 3503 ET.

1J

OLD FASHIONED

Homozygous Polled mating. 1J was a standout in our 2025 Genetic Opportunity Female Sale, commanding \$15,000. She combines exceptional phenotype with an elite numerical profile, making her a true donor-quality female. Old Fashioned needs no introduction—he was the high-selling bull at the 2025 National Western Hereford Sale.

Guaranteed one confirmed pregnancy when the embryo is transferred by a certified embryologist.

Liberty has been highly popular in the Hereford breed recently, and this heifer perfectly demonstrates why. She is a very correctly made, long-bodied female, backed by the lead donor at Freking Cattle and Fawcett's Elm Creek Ranch. Her maternal brother was recently named Reserve Bull at the 2025 American Royal! With a strong pedigree and her own impressive phenotype, this heifer is one to watch.

This dark cherry red, moderate-framed heifer comes from a great dam. Her mother was purchased from Stangeland Farms at the Go-Pher Sale in 2018, and she has consistently produced outstanding calves ever since. This heifer will make a great 4-H project for the coming year.

This Red Thunder daughter really catches your eye. She's soft through the middle with a long, smooth neck and carries herself with balance and presence. Built right and attractive, she's the kind of heifer that should do well in the showing.

Outstanding young female with an exceptional pedigree. 120N is deep-bodied, sound-footed, and offers extra skeletal width and mass. She's ultra broody and cow-y in her appearance, combining an impressive phenotype with an elite set of EPDs. Her \$Indexes rank in the top 4% of the breed, and she ranks in the top 5% or better in eight traits—making her a female built for profitability and ready to move any progressive program forward.

A heifer straight from the heart of my program. Big-eyed and correct in every way. Her maternal siblings have done well in other herds across Minnesota. She's a heifer that can show and has the potential to be a tremendous cow down the road.

Here's a sharp-made heifer by the widely used On Demand and a proven 9116 daughter. No surprise, she was the pick of our heifer calves at the MHB Fall Tour. 38N has the look to stand out in the show ring, but her real value lies in her maternal strength — every 9116 descendant in our herd has become a standout cow. A half sibling to this female produced our high-selling bull each of the last two years. GE-EPDs available sale day.

Here is a dark red, short-marked Valor daughter. We really appreciate this one's level lines and added volume. She's the kind that's hard to let go of—her 9-year-old mother has one of the favorite udders on the farm. There's no guesswork here; this heifer will be a fun and rewarding one to get into production.

50N is a dark red, attractive heifer with plenty of growth and natural thickness. She carries 100% eye pigment. Her 9-year-old dam is a never-miss cow that consistently brings in a top calf. We are excited about our Vegas-sired calves—they are dark red, display excellent pigment, and carry that extra thickness we all appreciate!

Another great heifer from Stockman, she had many friends at the Minnesota Fall Hereford Tour. This clean-fronted, deep-bodied heifer with her distinct white ear is sure to be an eye-catcher in the ring. Keep in mind that with some hard work and dedication, she could be in the running for the prize money awarded at the MN 4-H Heifer Show for a Minnesota-bred heifer.

This is Makenly's first Hereford calf, and she is a stout, well-put-together fall-born heifer with an impressive pedigree: 628 x Copper x 4328. You can take her home and breed her for a fall calf, or hold her over for next year's spring crop. Her mother is one of my favorite cows on the place—she milks well, keeps her condition, and is an all-around good mom. I'm confident this heifer will be a good one for you too.

Here's a powerful bred heifer that offers exceptional power, mass, and balance. Her mother, nearly 10 years old, never misses and consistently produces beautiful udders. She is bred to our Upstream herd bull, who has already impressed with his first calf crop.

Expected calving date: February 26, 2026. Examined Safe.
Bred to SR Expedition 619G ET; exposed UPS 7167 Domino 2314K.

44M's dam, 215Z, was the Champion Cow/Calf at NAILE in 2014. Her sire, Venture, was the high-selling bull of the 2022 NWSS Sale to Larson Hereford Farms and Kaitoa Polled Herefords. Since then, his maternal sibs have created a big stir in the breed. KJ 7603 Element 019L was named the 2024 NWSS Res Champion Bull, and KJ 7603 Vienna 698K ET was the high seller at the C&L Hereford Ranch sale.

Expected calving date: March 23, 2026
Bred to Bar JZ On Demand (44355795). Examined Safe.

If we could have a herd full of females like Velvet, we'd be happy campers! We love 406's rib shape combined with her robust muscle expression and complete structural makeup. She has been pasture-exposed to our dark red heifer bull, a Venture son.

Expected calving date: February 17, 2026.

Bred to VCC 309J Venture 402. Examined Safe.

28M is a well-balanced, moderate-sized, easy-keeping female with brood cow written all over her. Her flush mate sisters have done an excellent job on their first calves—these females are good-uddered and have weaned off not only some of the biggest Hereford calves we've had, but most importantly, the highest-quality calves!

Combine her individual quality, proven pedigree consistency, and the fact that she's bred to the \$73,000 Final Print—this is one you don't want to miss on sale day!

Expected calving date: April 8, 2026

Bred to RST Final Print 0016 (44178105). Examined Safe.

Delia has always drawn attention in the replacement pasture. She is a phenomenal heifer that will pass on all her amazing traits to the Churchill Jack Frost calf she is carrying. Here's the opportunity to have one of the first calves out of easily one of the best calving ease bulls in the breed. Breeding date 5/23 - due early March

Expected calving date: March 2, 2026.

Bred to Churchill Jack Frost 458M ET. Examined Safe.

412 is a heifer that combines mass with femininity in a complete package. Her mother is an 11 year old cow that has shown us the value of longevity having never missed a calving season. We think 412 will mirror her mother - beautiful fronted, fertile and hard working cow. Bred to a Venture son for ease and style.

Expected calving date: May 11, 2026.

Bred to VCC 309J Venture 402. Examined Safe.
