

TRAITS OF **MERIT** BULL SALE

APRIL 2 - 2026

Welcome to the Second Traits of Merit Bull Sale for Waggoner Cattle Company.

Joe Waggoner and the Waggoner Cattle Company program is built upon foundation genetics from some of the stalwarts in the Hereford business across the country. For over 40 years Waggoner Cattle Co. has practiced comprehensive data collection in all facets of beef cattle performance, and they built that protocol into the foundation of the cow herd as it exists today. The bulls featured here represent years of focus emphasizing calving ease, growth, maternal traits and high end-product qualities featuring breed leading carcass weight, ribeye and marbling data.

Sired by some of the top performance bulls the Hereford breed has to offer such as Merit, Nevada, among others, the genetics in this offering rank in the upper echelons of the breed for all the major economically traits relevant to the beef industry in 2026. Backed by real world data, the traits represented for these bulls are of the highest accuracy you'll find anywhere in the Hereford breed. These age advantaged bulls are ready for immediate turnout.

As the US cowherd inventory continues to slowly rebuild itself, the maternal cross and Hereford sired Black Baldy females continues to be one of the most sought after commodities. The increases in fertility, performance at weaning & efficiency are as important as ever. This coupled with the major focus Waggoner Cattle Co. has had on end product & carcass merit will yield Baldy cattle designed to thrive in today's beef industry.

I want to thank Kaiser Angus for their hospitality, and their integral involvement in hosting this Hereford Sale. If at any time you have questions, please don't hesitate to reach out to me.
