

Landgren RANCH

Annual Bull and Female Sale
MARCH 12TH, 2026
2 PM AT THE RANCH IN BARTLETT, NEBRASKA

Welcome

Welcome to the Landgren Ranch Bull & Female Sale

On behalf of everyone at Landgren Ranch, we would like to personally welcome you to our annual Bull & Female Sale. Whether you are joining us in person or bidding from afar, we sincerely appreciate your interest in our program and the genetics we have worked hard to produce.

This offering represents years of focused breeding decisions built around soundness, performance, and functional cattle that thrive in real-world conditions. Our goal has always been simple, raise cattle that work for commercial producers and add long-term value to progressive seedstock programs alike. We believe this year's set is one of the most complete and consistent groups we have ever brought to town.

Headlining this year's sale is an elite set of herd sire prospects that were members of the Reserve Champion Carload at the National Western Stock Show in Denver. A true testament to the quality, consistency, and kind of cattle we strive to produce.

Another featured highlight is a rare genetic opportunity centered around our cornerstone donor, 9103. We are offering the chance to flush this influential female, whose impact on our program continues to grow with every calf crop. In addition, we are proud to offer a direct daughter of 9103 that we believe is a true top-end donor prospect with the potential to carry her legacy forward in a big way.

The bulls are developed with longevity and durability in mind, designed to go to work and stay productive for years to come. The females represent the kind of maternal strength and quality we have built our program around productive, practical, and backed by proven cow families.

We are incredibly grateful for the friendships and partnerships this business has created over the years. Your trust in our program means everything to our family, and we are committed to standing behind the cattle we sell.

If we can assist you in any way whether evaluating the offering, discussing your breeding goals, or helping you select the right cattle. Please don't hesitate to reach out. We enjoy visiting with fellow cattlemen and are always happy to help.

Thank you for your interest, your support, and your confidence in Landgren Ranch. We look forward to seeing you sale day.

Sincerely,

The Landgren Family

• 5059 has been a standout and true ranch favorite from day one and was the lead bull of our 2026 NWSS Reserve Champion Carload of Bulls in Denver — a role he earned honestly. A direct son of the legendary donor 9103, he combines proven maternal power with elite phenotype and real-world value.

• An elite calving ease option that still brings muscle, power, and performance. Big bodied, bold ribbed, and square built, he offers a unique and attractive look with added presence and herd sire character.

• Dark red and goggle-eyed with eye appeal that demands attention. Homozygous Polled to add flexibility and long-term value, this is a high-impact herd bull built to leave a lasting mark in progressive breeding programs. Ranks in the top 10% of the breed for 9 traits.

LOT 2 • LAND 2072 5084ET

Denver Carload Member

- 5084 is a big, stout, rugged son of the Dam of Distinction 9103 that brings real power and substance to the table. Wide based with loads of muscle and body, he offers extra mass while still coming in a low-birth-weight package.
- This mating flat worked. A full sister to 5084 was the high seller in our 2025 Fall Online Female Sale, going to our good friends at Upstream Ranch — a strong endorsement of the quality and consistency behind this bull.
- 5084 is a high-quality individual that checks a lot of boxes and will have no shortage of friends on sale day. A practical, powerful herd bull prospect built to go to work and add value. Ranks in the top 10% of the breed for 6 traits.

LOT 3 • LAND VOYAGER 5093

Denver Carload Member

- Lot 3 – 5093 is an extra long-made Voyager son that was raised by the Dam of Distinction 9103 herself. A high-growth bull with real stretch and extension, he is the cowboy's kind — built to cover ground and add pounds.
- Dark red with added pigment, 5093 is highly appealing on the hoof, offering power, balance, and quality in a practical, athletic package. Study him from the ground up and the pieces just work.
- Where this bull really separates himself is on paper. He posts an elite EPD profile, ranking in the upper echelon of the breed for growth, milk, maternal strength, and carcass merit. This is one that truly puts it all together. Ranks in the top 10% of the breed for 11 traits.

Here is the opportunity to flush the very cow that built the foundation of a proven and influential cow family. The Dam of Distinction 9103 has truly made her mark on the Hereford breed.

The first two natural calves raised by 9103 were nothing short of elite, producing the past National Champion Land Slinger and Land Chief, the highest WW and YW bull in the Hereford breed. Few cows can claim that level of immediate and lasting impact.

A past high seller from Upstream Ranch, 9103 has continued to add value and influence with every generation. She has had a tremendous impact on our program, and her influence is felt throughout this sale as well. This offering gives you the opportunity to tap into one of the most proven and powerful maternal lines in the breed today.

Terms of IVF Flush: 9103 is due to calve in April and will be ready to flush 45 days after her calving date. Seller guarantees six transferrable embryos, will buyer be receiving any embryos up to 10. Buyer and seller will split any embryos produced over 10. This will be an IVF flush conducted at Transova Iowa. Buyer will be responsible for supplying semen and for all cost associated with the flush. Buyer will be guaranteed two 90-day pregnancies if transferred by a certified embryologist.

What a rare opportunity to acquire a standout 2-year-old female that is truly destined for the donor pen. Sired by the popular EXR Generator and backed by the Dam of Distinction 9103, this is the kind of cow that can move a program forward in a big way.

4032 is a big-bodied, long-made female with an elegant front end and undeniable presence, all wrapped in a dark red, goggle-eyed package. She offers the look, balance, and femininity that are so hard to find at this age, while still maintaining the power and body to be a long-term producer.

She is a maternal sister to some of the breed's hottest sires, including Land Chief and Land Slinger, and comes from the same cow family behind Lots 1-3 bulls that highlighted the Reserve Champion Carload at the 2026 National Western Stock Show in Denver last month. The upside and mating flexibility in this female are exceptional, making her a true cornerstone-type investment.

Selling ½ embryo interest with no possession. Landgren Ranch will manage 4032 in Bartlett, NE and plans to utilize her extensively in their embryo program alongside the new owner. Landgren Ranch will retain the natural calf by the side of 4032.
