On behalf of the Pérez Family, I'd like to welcome you to our Spring-Calving Female Dispersal Sale.

This decision was not made lightly. Our hearts and souls have gone into building this group of females. As a family, we made the choice to condense our program into just a fall-calving season. With the realities of labor, time management, and wanting to spend more quality time with our kids (who are growing up way too fast), we feel this was the right move.

The quality of females we're offering is second to none—stacked with maternal power deluxe. These cows have played a major role in helping us build two very successful bull sales. This herd has been tested over the years in some tough environmental conditions and has proven they can produce and perform.

As you'll see in the pedigrees, we've built our cow herd around the strength of NJW Dream Day 73S and BW 91H 100W Rita 79Z. Most of the females selling will carry the strength of that lineage multiple times over.

We've been fortunate this year with a wet spring and early summer, which has allowed these females to express their full potential. We're excited to host you on Saturday for a steak dinner and live music from Jake Hooker. Then on Sunday, August 31, we believe there will be some real opportunities for folks looking to make an impact in their programs.

Feel free to reach out anytime if you'd like to come take a look at the cattle beforehand. Thank you for your consideration. We look forward to seeing you on sale day.

Kyle Pérez

CHAMPIONSHIP Form RANCH Function™

Schedule of Events

Saturday, August 30, 2025

Cattle available for viewing all day

6:00 PM (MT) - Steak Dinner

8:00-10 PM - Dance with Live Music from
Jake Hooker & the Outsiders

Sunday, August 31, 2025

11 :00 AM (MT) - FEMALE SALE

Complementary Lunch Served During the Sale

Time Zone

*Pérez Cattle Company resides right on the timeline.
All event times are Mountain Time. Amarillo and
Dalhart, TX are in the Central Time Zone, be sure to
plan accordingly.*

The Maternal Power Behind the New Mexico Ladies

Our breeding program is simple, but our goals are lofty. There are several key elements that make-up The New Mexico Ladies and the breeding program behind Pérez Cattle Company.

- Our program is built around proven cow families. We have stacked our pedigrees with some of the best cows in the breed, which has yielded us predictable genetics.
- We select and breed for efficient, productive cattle that are balanced in their genetic values and are phenotypically correct.
- Our herd sire battery is back by iconic females and they have the genetic base to breed up.
- We don't breed for the great ones, we breed for good ones and the great ones follow.
- Our donors stay in production and are required to have a natural calf yearly. We want to see first hand her ability to raise a calf in our natural environment.
- Championship Form & Ranch Function is not an oxymoron. You can have both!

NJW 79Z 22Z MIGHTY 49C ET

75% of the offering trace back to 79Z.

Breeding Consultation

We've spent decades with these cow families—we know their history, their dams, and their granddams. We know which matings have been successful and which ones didn't pan out. We'd be happy to offer a breeding consultation for the 2026 breeding season to any buyer who purchases 15 or more females.

Pérez Cattle Company Spring-Calving Cows Herd Dispersal

This group of donors and ET heifer calves might be the hardest to part with.

There are some truly special opportunities in this set. Females you can build a program around. If you study this catalog closely, you'll notice a few foundation cows that show up over and over again in the pedigrees. It only takes a few to make a big impact. These are those "impact" kind of females.

These ET calves have their whole future ahead of them—and the sky's the limit.

- 3011 is a striking 2-year-old daughter of RST Unique out of the prolific 6002 donor who was the 2017 Show Heifer of the Year and was undefeated as a 3-time National Champion Cow/Calf Pair. She is dark red, short marked with full pigment and comes equipped with a beautiful udder. 3011 is built correct from the ground-up, square in her hip design, ultra feminine and has true Championship Form and Ranch Function. This young donor flushes well and her future earning potential and mating possibilities are wide open. Dam sells as lot 6. Maternal sisters sell as lots 2, 3, 4, 5, 6A-6E, 16, 44, 57, 68, 94 and 138.
- IVF Flushed 3 times to average 14.7 transferrable embryos per flush.
- P.E. from 5/4/25 to 7/27/25 to Pyramid Highland 2537. Ultrasound checked safe 105 days.

• 6002 was the 2017 Show Heifer of the Year and an undefeated 3-time National Champion Cow-Calf Pair. Her dam, Sheila 457Y, has made a priceless impact on our program's success—but 6002 is well on her way to topping her, currently tracking to become our number one income producing female. Not only does 6002 produce beautiful females, but she has also produced numerous herd sire prospects that have topped the bull sales. Her bulls are consistently well-received by commercial cattlemen for their mass, muscle, and pigment. As this sale offering shows, every mating out of 6002 has resulted in success. 16 daughters sell as lots 1, 2, 3, 4, 5, 6A - 6E, 16, 44, 57, 68, 94 and 138. Full sister sells as lot 148. Maternal sisters sell as lots 48, 54, 55, 56 and 118.

- Last 5 IVF Flushes averaged 15.2 transferrable embryos per flush.
- P.E. from 5/4/25 to 7/27/25 to Pyramid Highland 2537.

- 3022 is a mouth-watering female and sure to be a feature attraction for many. She is a maternal sister to the 2022 National Champion Bull, PCC Maverick 0183, and her maternal sisters have been in high demand nationwide. She's an attractive, big-bodied female with excellent udder quality and brood cow presence. Dam sells as lot 10. Maternal sisters sell as lots 9 and 134.
- IVF Flushed once to produce 12 transferrable embryos.
- P.E. from 5/4/25 to 7/27/25 to Pyramid Highland 2537. Ultrasound checked safe 105 days.

- 7009 is one of the highest revenue-generating donors on the ranch, consistently producing top-tier progeny. We haven't found a mating that disappoints—every combination yields impressive results. Remarkably, she remains youthful in appearance with perfect feet and udder, even at her age. As you'll see throughout the offering, her daughters and granddaughters are featured lots - proof of her lasting impact. Daughters sell as lots 8, 9 and 134. Full sisters sell as lots 11 and 81. Maternal Sisters sell as lots 82 and 116.
- Last 5 IVF Flushes averaged 11.6 transferrable embryos per flush.
- P.E. from 5/4/25 to 7/27/25 to Pyramid Highland 2537. Ultrasound checked safe 110 days.

- 9143, a full sister to 7009, is the younger version following right in her sister's footsteps and throws more power and look in her progeny. Jensen Ranch bought a flush for \$8,000 in the 2022 female sale and her ET 4 daughters went on to average \$17,000 in their 2023 Chosen Sale. With a pedigree tracing back to our legendary 4006 donor, the maternal power in this female is undeniable. This is a proven bloodline built for performance, consistency, and long-term success. Full sisters sell as lots 10 and 81. Maternal Sisters sell as lots 82 and 116.
- Last 5 IVF Flushes averaged 18 transferrable embryos per flush.
- P.E. from 5/4/25 to 7/27/25 to Pyramid Highland 2537. Ultrasound checked safe 85 days.

Pérez Cattle Company

Spring-Bred Heifers

This is a powerful set of spring-calving bred heifers, including several donor prospects that will make a lasting impact in any progressive seedstock program.

These females represent years of disciplined genetic selection and include daughters of past and current donor cows. Built to thrive in the rugged, arid conditions of New Mexico, they are equally suited to perform in any environments across the country. A dispersal is the only time you'll have the opportunity to select from our entire group of elite young females—each with her full productive life ahead.

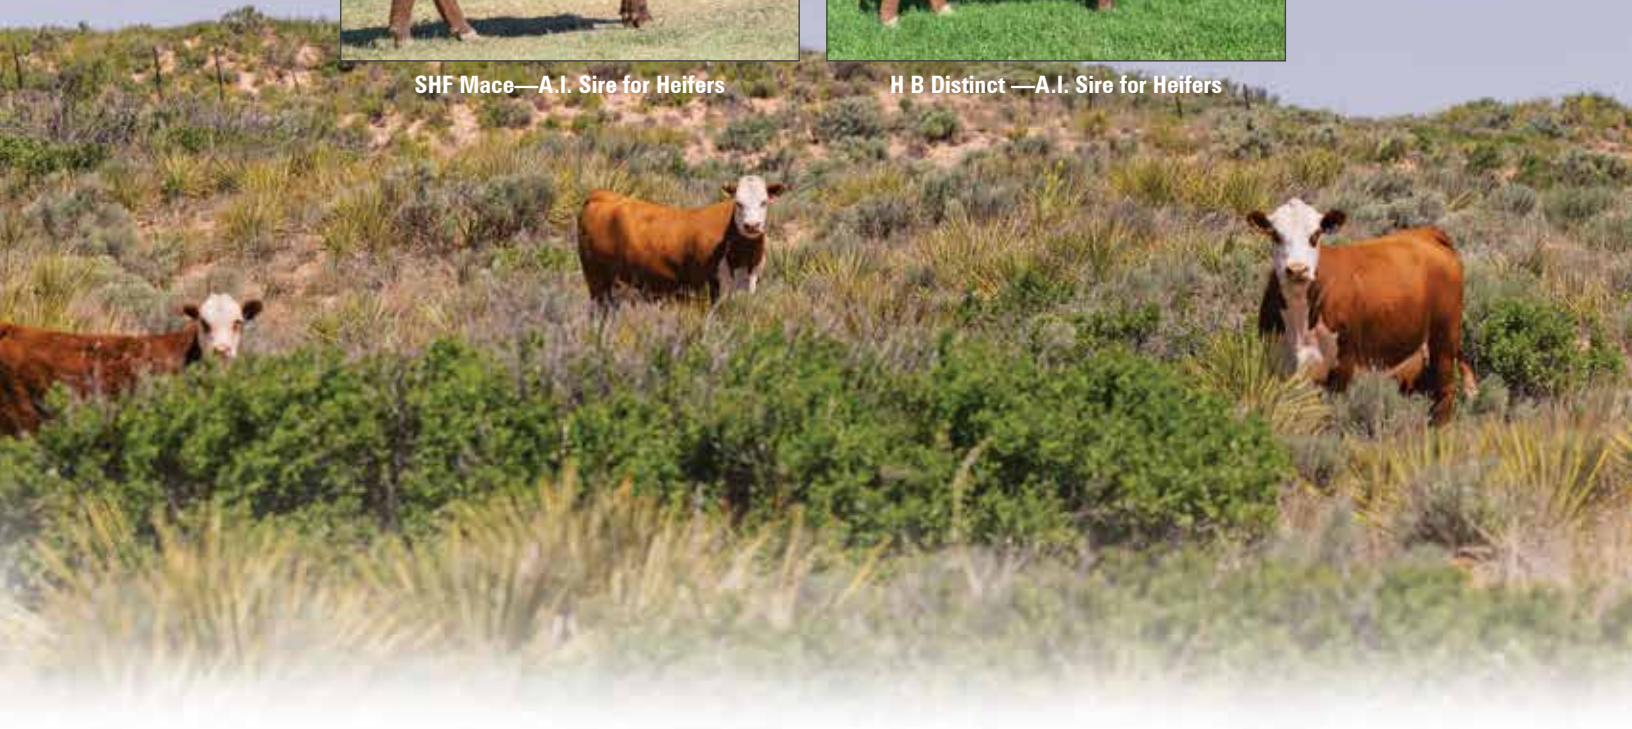

All heifers were A.I. bred to SHF Mace J338 M002, an exciting sire we recently added to our lineup or to HB Distinct 00049, the \$75,000 valued multi-trait leader.

• Heifers like this are what keep us excited about the future. She's a powerful combination of the 8127 and 7009 cow families, a maternal sister to the 2025 Junior National Cow/Calf Pair and a full sister to the high-selling bull in our Spring 2025 sale. We love her cow look, added body, mass, dimension, and substance—all wrapped in a balanced, eye-appealing package. She's the kind of female that can transform a cow herd. Full sister sells as lot 14. Maternal sisters sell as lots 12A, 12B, 37, 52, 53, 73, 115, 122 and 129.

- This dark red, heavy-pigmented Maverick daughter is a true matron in the making. Her dam is a full sister to 6002, adding even more value to her pedigree. With her striking phenotype and impressive index profile, she may very well be the next donor in the making. Be sure to check out her dam, 7017, selling as Lot 148—this high-quality bred heifer is all the proof you need.
- A.I. 4/21/25 to SHF Mace J338 M002.
- P.E. 4/30/25 to 5/21/25 to SHF Mace J338 M002. P.E. 5/21/27 to 6/27/25 to PCC 7009 88157 Peerless 3081.

- Land Grant's progeny turned heads at the 2025 Junior National—and for good reason. They carry a broody, maternal presence that's hard to ignore. Our two-year-olds that calved this past year are proving it, with beautiful, high-quality udders. Take a hard look at this big-time donor prospect—she brings the phenotype and the numbers, with standout indexes to back it all up. Dam sells as lot 6. Maternal sisters sell as lots 1, 2, 3, 4, 5, 6A-6E, 44, 57, 68, 94 and 138.

- 4042 and her mother were one of our favorite pairs. She's big-bodied, solid-marked, heavily pigmented, and maternally built. She traces back to the renowned 634 Harrell Hereford cow family. With her calving ease and balanced EPD profile, this female offers both functionality and long-term value to any program. Dam sells as lot 150. Maternal sisters sell as lots 92 and 101.

- A maternal sibling to four of the standout show animals that caught attention at the 2025 Junior Nationals. Her dam, 0152—Libby's first show heifer—has proven to be a powerhouse producer of big-bodied, thick-ended cattle that excel in pasture and the show ring. This Endure daughter is easy fleshing, practical, and built to be a long-term, solid-producing female. Maternal sisters sell as lots 7A, 7B, 93 and 100.
- A.I. 4/21/25 to SHF Mace J338 M002.
- P.E. 4/30/25 to 5/21/25 to SHF Mace J338 M002. P.E. 5/21/27 to 6/27/25 to PCC 7009 88157 Peerless 3081. Ultrasound checked safe 70 days.

- This is 6002's natural calf—and she's the kind that turns heads. Dark red, pigmented, big-bodied, wide-based, and stout-featured, she's a broody female with standout indexes. Her pedigree is stacked with productivity, featuring two of the most influential Hutton 109Z daughters on the top and bottom: 6002, a 3-time National Champion Cow/Calf Pair, and 6020. Dam sells as lot 6. Maternal sisters sell as lots 1, 2, 3, 4, 5, 6A-6E, 16, 57, 68, 94 and 138.

- Attractive, big-ribbed, square-hipped, and well-structured—this female checks all the boxes. Her dam, 7028, is Kyle's favorite cow on the ranch. A Mighty 49C x Sheila 457Y daughter, she brings as much mass, rib shape, and volume as any female in the herd. This heifer combines the influence of 7009 with the strength of the Sheila cow family, making her a valuable breeding piece. Maternal sisters sell as lots 67 and 133.

Pérez Cattle Company Spring-Calving Cows/Heifer Calf Splits

A Practical, Productive Set of Spring-Calving Females

This is a functional, maternally focused set of spring-calving cows with an outstanding set of heifer calves at their side. This productive group of females combines balanced EPDs with that added look, fleshing ability and good udders. With our extensive ET program many are backed by proven donor cows and have the quality to follow in their footsteps.

Nearly all were A.I. bred to Loewen Sandhill L70 ET or TH 66G 2157K Union 528M ET—two exciting sires recently added to our lineup.

- 3045 is a powerhouse Maverick daughter that is just flat out raising an outstanding bull calf. Visually she is a strong powerful, big-ribbed female with added substance. It is hard to find this kind of combination that still offers this kind of calving ease. Study her EPD profile and you will see strength across the board with added emphasis on carcass merit. This cow will be a big-time income producer for her next owner. Dam sells as lot 139.
- When we initially laid out the catalog we believed 3045 had a heifer calf, after we received our DNA results we figured out she had switched calves with another heifer who had a bull calf on the same day.
- A.I. 4/29/25 to TH 66G 2157K Union 528M ET.

• 3034 is definitely one of my favorite two-year-olds in the pasture. I love the way she is elegant through her front one-third and the way she transitions back to a big sweeping rib cage and possesses excellent udder quality. 3034 will be a great addition to any herd, with her herd moving phenotype and genetic values. This is a no-miss opportunity. Dam sells as lot 6. Full sisters sell as lots 2, 3, 4 and 57. Maternal sisters sell as lot 1, 5, 6A - 6E, 16, 44, 68 and 138.

- 2058 is a broody made Mighty daughter that is backed by her hard-working mother, 143E, who has always done an outstanding job with her progeny. Take advantage of the built-in production of this cow family. She is an attractive, bold-ribbed, wide-based female with an excellent udder and possesses extra calving ease and longevity. Dam sells as lot 149. Maternal Sisters sell as lots 33 and 135.
- A.I. 4/29/25 to Loewen Sandhill L70 ET.
- P.E. 4/30/25 to 7/6/25 to PCC 7009 173D Maverick 0183F. Ultrasound checked safe 100 days.

- 2049 is definitely one of the featured 3-year-olds in the offering and is one of Kyle's favorite 6002 daughters. She commands your attention with her added balance, feminine design and commanding presence. I just love how bold she is in her rib and the amount of width she has from her hooks to her pins. She is so sound in terms of structure and has an extremely high-quality udder. Dam sells as lot 6. Maternal sisters sell as lots 1, 2, 3, 4, 5, 6A-6E, 16, 44, 57, 94 and 138.
- P.E. 4/30/25 to 7/27/25 to NJW PMH Commitment 137J.

• 2026 is a high-quality cow that your eye consistently gravitates towards, I just love the eye pigment she offers combined with her dark red, short-marked exterior. From the profile you will be impressed with her style, strength of top, big square hip design and bold three-dimensional rib shape. She offers a very balanced EPD profile and with time she will be a foundation donor for her new owner. Dam sells at lot 85. Maternal sister sells at lot 25.

- P.E. 4/30/25 to 7/27/25 to NJW PMH Commitment 137J.

- As a sire group you will love the maternal qualities of these Standout 16G daughters. 1097 is paternal sister to the grand champion cow calf pair at this year's NJHE. Her dam, 754, and grand dam, 2043, were both proven doners that produced high quality, highly marketable seedstock. She is a sharp fronted, level topped and bold ribbed female with extra udder quality. Every rancher would love to have a pasture full just like her. Maternal sisters sell as lots 102 and 107.
- P.E. 4/30/25 to 7/6/25 to PCC 7009 173D Maverick 0183F. P.E. 7/7/25 to 7/27/25 to Pyramid Highland 2537.

• 1060 is a great example of what Mighty 49C did for our program. She is a moderate framed, heavy pigmented, short-marked, big ribbed, nice uddered and beautiful female. Her dam, 6020, is among our favorite Hutton daughters, who consistently produced cattle that are the top end of their contemporaries. Full sister sells as lot 124. Maternal sister sells as lots 49 and 95.

- 9311 is a current donor whose EPD profile reads the most progressive in her carcass values. Visually she is a moderate framed square designed short-marked cow that passes on the quality and stoutness to each calf. Peyton would have exhibited her beautiful land grant daughter at the junior national this year. Opportunities to acquire a female like this don't come along every day. Ranks in the top 1% for REA and CHB; top 2% for CW; top 3% for MCE, BMI and BII; top 5% for MM and Marb; top 7% for CED. Maternal sister sells as lot 90.
- A.I. 4/29/25 to TH 66G 2157K Union 528M ET. Safe A.I.
- P.E. 4/30/25 to 7/27/25 to NJW PMH Commitment 137J.

- Here is another excellent example of the Hutton X Mighty combination. 9120 is a moderate framed, big ribbed, efficient, nice uddered female with style that is very productive. Her direct calving ease and BMI EPD offers her next owner breeding versatility. Daughter sells as lot 76.
- A.I. 4/29/25 to Loewen Sandhill L70 ET.
- P.E. 4/30/25 to 7/27/25 to NJW PMH Commitment 137J. Ultrasound checked safe 110 days.

Pérez Cattle Company Spring-Bred Cows

Proven Spring-Bred New Mexico Ladies

This is a top-notch group of spring-bred cows with bull calves at side. This offering is backed by the very best genetics our family has built over the years. These cows are consistent producers—raising replacement females and bulls that have sold in our bull sales and gone on to become herd sires for both purebred and commercial cattlemen across the country.

The “keep and cull” has already been done. What’s left are proven, hard-working females that are ready to go out and make a difference for their next owner. With growing demand at our bull sales, we’ve made the decision to retain all the bull calves—they’ll sell in our February 2026 sale.

Nearly all of these cows were A.I. bred to Loewen Sandhill L70 ET or TH 66G 2157K Union 528M ET, two exciting sires we added to the Pérez Cattle Company lineup this past year.

• 9224 is a beautiful Partner daughter that traces back to the 634 Harrell cow family. She is as close to the ideal Hereford female that we have to offer, personally I love her femininity, balance, broodiness, length and udder quality. She has been very productive and has big-time income earning potential for her next owner. Daughter sells as lot 27. Dam sells as lot 150. Maternal sisters sell as lots 17 and 101.

• As we have prepared for this sale numerous people have asked me what cows would be on my short list, 2014 is definitely on that list. Her dam, 0152, is quite possibly the most productive Mighty daughter on this ranch. We took 3 maternal sisters to the junior national this year who were all extremely competitive. Visually, she is a maternal built, feminine fronted, and big-ribbed calf raiser. Her 2025 bull calf is among our best. When you study her EPD profile, she does a lot of things well and excels at carcass and indexes. Ranks in the top 1% for BMI and BII; top 2% for REA; top 4% for Marb. and top 7% for CHB. Maternal sisters sell as lots 7A, 7B, 7C 32 and 100.

- A.I. 4/29/25 to Loewen Sandhill L70 ET. Safe A.I.
- P.E. 4/30/25 to 7/6/25 to PCC 7009 173D Maverick 0183F.

- This Final Print daughter is backed by one of our most powerful Hutton daughters who traces back to the 634 Harrell cow family. She is a freckle faced, heavily pigmented, short-marked female with added rib shape and eye-appeal. 3135 also offers an excellent EPD profile which offers a lot of breeding flexibility. Maternal sisters sell as lots 49, 79 and 124.
- A.I. 4/29/25 to Loewen Sandhill L70 ET.

- This striking Historic daughter is a true New Mexico Lady that shows the result of our breeding principles and exemplifies the Championship Form and Ranch Function. 0115 is the first natural calf out of our productive 8127 donor, who is a producer of highly marketable seedstock, and the proof was solidified this past spring as 8127 had 4 sons average \$11,312 in the bull sale. This female is backed by the influential donors Daydream 73S, Rita 79Z, and Gabrielle 5082 which only supports her numerical profile which is balanced across the board with tremendous maternal strength and fertility. In the flesh, she is balanced on the profile with added volume and capacity and a near perfect udder in a short-marked package. Maternal sisters sell as lots 12A, 12B, 14, 37, 52, 53, 73, 115 and 122.
- A.I. 4/29/25 to Loewen Sandhill L70 ET.
- P.E. 4/30/25 to 7/6/25 to PCC 7009 173D Maverick 0183F. Ultrasound checked safe 105 days.

- 6036 is a Hutton daughter out of the Harrell 634 donor. 6036 was successfully flushed in the program and has several daughters that will be some of the featured females in the offering. Her bulls have been in high demand in every sale they have been offered in, including 2 sons sired by Partner in the spring of 2022 sale that both commanded \$11,000. These older females wouldn't still be around if they didn't produce year in and year out. Daughters sell as lots 17, 92 and 101. IVF Flushed 3 times to average 14 transferrable embryos per flush.
- A.I. 4/29/25 to Loewen Sandhill L70 ET. Safe A.I.
- P.E. 4/30/25 to 7/6/25 to PCC 7009 173D Maverick 0183F.

- The Hutton daughters did so much for our program and females like 5036 exemplify the udder quality, overall brood cow design, strong maternal traits and longevity he passed on to our herd. This female never misses and is still producing strong at ten. Daughters sell as lots 71 and 99.
- P.E. 4/30/25 to 7/6/25 to PCC 7009 173D Maverick 0183F. Ultrasound checked safe 100 days.

Terms & Conditions

SALE TERMS

The cattle will sell under the standard terms and conditions as recommended by the American Hereford Association and become the property of the buyer as soon as it is sold. All persons attending the events do so at their own risk. Pérez Cattle Company, sale manager or staff assumes no liability legal or otherwise for accidents or injuries that may occur.

PAYMENT

Terms are cash. Payment must be made prior to load out unless prior arrangements have been made. Registration papers will be transferred once payment is received.

HERD HEALTH

Females are current on all vaccinations. All cattle will be accompanied with proper health certificates for immediate shipment to most locations in the United States. All females are IE, HY and diluter-free by pedigree, unless noted in the catalog. Any additional tests required for entry into certain states or countries will be performed after the sale at the seller's expense and prior to delivery.

DELIVERY

Delivery is at buyer's expense. We will help put loads together and get your purchases to you promptly.

SUPPLEMENTAL INFORMATION

A supplement sheet will be available sale day with updates and additional preg check information. Visit PerezCattleCo.com the day before the sale.

LOAD OUT

Load out will take place after the completion of the sale.
