INCLUDING 75 HEAD OF PAP TESTED BULLS!

plus!

1000 HEAD OF COMMERCIAL FEMALES (BRED HEIFERS, TWO YEAR OLDS AND FALL PAIRS)
ALL OF OUR ANGUS & HEREFORD DECEMBER BORN ET HEIFER CALVES

the RIGHT PLACE *for the* WHITE FACE!

welcome

Fellow Cattlemen,

Welcome to our annual fall sale. We are extremely excited about this offering as we feel every division both the bulls and the females are extremely deep in quality, phenotype, and exhibit strong EPD profiles. I think we are in a time of great stability for the cow/calf producer. If we took away all the media and the darts thrown at this thriving business, it would be a lot more enjoyable. However, when demand is so strong and we're producing such a superior protein product, this market has stood extremely strong on its own. We produce a product second to none and the world's population has figured it out. I feel it's a great time to incorporate youth and other emerging producers back to this industry. Like many of you, there's no better way of life to raise families and harvest grass than running cows.

You will notice for the last couple of years we have sent our 18 month old bulls to Walden, CO to be PAP tested by Dr. Tim Holt. As we strengthen PAP genetics on the Angus side, you will notice that the Hereford bulls excel at elevation. However, this year we do have over twice as many Angus bulls that have PAP scored 42 or under! We are also testing every sale bull for BCHF.

The yearling Angus bulls are as stout as you'll find anywhere. We pride ourselves on phenotype and structure and a problem free, low maintenance cow herd. On top of all that, these bulls have strong EPD profiles that stack up against the breeds best. Like every bull sold, these come with a three year foot guarantee.

We also have a set of December born embryo Angus bull calves that we are selling. They are out of the front end of our donor battery and are as strong of a set of bulls as we have ever offered.

Another new division to this year's sale is our entire set of December ET heifer calves. They are phenomenal. The Angus are exceptionally strong on phenotype, femininity, and big numbers. We often get asked to sell Angus females and unless it's something substantial this is the only way we are going to sell them. The Hereford ET heifers are a true set of elite genetics. Many out of the dam of Bar JZ On Demand, the number two bull for Hereford registrations. She would be one of my dad's all time favorite cows. The On Demand daughters are impressive in production. This set of females is a must see and I think are very unique because for most areas, you can roll them up in your fall program, you can leave them right where they're at or you can breed them for spring calvers. They offer a tremendous amount of flexibility.

This will be the largest set of commercial females we have ever offered and we have not backed up in quality whatsoever. This set of females is extremely functional and are over the top on fertility. This year on over 2,000 females we were 95% or above on pregnancy rate. You have to have the right cattle and the right management team and we are very thankful for both.

We are very thankful for the family involved, the great friends, and customers, that we get to work with throughout the year! None of this would be possible without our first class crew. I often thank God for letting me be apart of this lifestyle with my family and hope all of you are able to experience the same way of life.

My Best, Jason Hoffman

Jason, Kaycee, Haxton, Kennedy, Hayden

Denny & Dixie

Stellpflug Family

the RIGHT PLACE *for the*

FERTILITY

Time and time again the black baldy F1 female posts our highest pregnancy rates in our commercial heifer program. American Hereford Association data shows a 7% pregnancy advantage of a black baldy female compared to her straight bred counterpart!! We have always beat this difference.

There are unlimited advantages to using Hereford bulls on your straight black or red cows.

EFFICIENCY

It takes less feed for us to run our black baldy females, and they still provide more output. Dr. Lalman at Oklahoma State University found that black baldy females consumed 2 pounds less feed per day and were a 0.5 body condition score better!! SHE SIMPLY DOES MORE WITH LESS!!!

LONGEVITY

Often our customers tell us they had to ship their 8-10 year-old Hereford bull because they couldn't use him anymore due to having too many daughters in the herd. Herefords are built to last and structure breeds on, these baldy females will flat last. Plus Herefords continue to receive Industry praise for genetic resistance to PAP and congestive heart failure in the feedlot.

THE HOFFMAN IMPACT & GUARANTEE

Some of the biggest yearling, feedlot, and cow calf producers in the US are Hereford bull customers of ours. These are guys that own their cattle the whole way through harvest. The biggest we deal with have been pleased with the end product performance of our genetics and enjoy the cheaper cost of gains at closeout time.

We like feeding cattle and certainly don't mind standing behind our genetics. In fact, maybe one day cattle will be traded on their genetics and quality opposed to hide color but until then bring us your red hided sort offs. Bring them to either of our sales and we will give you an equal price for what their contemporaries brought in bull credit.

PROGRESSIVE GENETICS PAY.

FAGE

CUSTOMER

SERVICE

1/5

is our brand!

WE GO THE EXTRA MILE

Free delivery to any state in the continental United States on all bulls is something we proudly offer. Occasionally, a buyer may need to meet a trailer at a central spot, but we will do our best to get them directly to you.

WE APPRECIATE YOUR BUSINESS

We value our volume buyers and gladly offer discounts on multiple bulls purchased.

Volume discounts offered at a 5% discount for 5-9 head and a 10% discount for 10+ head. Call Hoffman's for details.

WE GUARANTEE SATISFACTION

Bids can be called in to Jason (530-604-5096), Denny (406-425-0859) before the sale. We guarantee satisfaction on all orders.

WE BELIEVE IN OUR PROGRAM

Bulls are guaranteed to be 100% sound and healthy breeders with an unconditional first breeding season guarantee.

WE GO THE EXTRA MILE

Every year, we place large groups of replacement heifers throughout the U.S. We also stay in direct contact with feed yards that are interested in and familiar with our genetics.

*Free Transportation, Volume Discounts
and an Outstanding Guarantee!*

We want your baldy calves!

This fall we have simply run out of baldy females to find for people. The baldy female is only going to get more expensive as we rebuild the nations cowherd so it's time to start making your own. American Hereford Association data over a 10-year simulation, shows baldy females return \$90 more in net income per year and \$300 more in net worth per year than their straight bred counterparts.

angus *bulls*

LOTS 1-67 >> YEARLING BULLS

This set of bulls is always the highlight of this sale and this year is stacked with even more depth of quality. The lot 1 bull is a $\frac{3}{4}$ brother to Heisman, the high selling bull from last years fall sale that sold for \$300,000 to ST Genetics.

Top Gun is a true performance bull that we have turned out the last couple of years for natural service. He's done an exceptional job breeding. These are true performance cattle that have outstanding foot quality. He will add pounds, and his sons should definitely add pounds to any calf crop. The progeny out of the Top Gun sons should feed among the very best. He is the sire of Hoffman Heisman, who sold for \$300,000 to ST Genetics in our spring sale. His first daughters calved this spring and we were pleasantly surprised how great they are and excellent uddered.

We purchased elevate as an older proven bull. At the time we purchased him, he was the #1 bull in the breed for low PAP EPD. His daughters are very functional and good uddered. His sons have extra muscle and shape.

North Star has done an exceptional job here. We calved his first daughters this spring and I would say that every one of them has an ideal udder with great milk flow. And since we have calved his daughters, we have gone back and added his influence even more.

Boaz is an outcross bull for us. We are very pleased at the density and quality that he transmits. The bulls look like bulls and the females look like females. We will continue to use his influence in the future.

We are quite pleased with the New Standard daughters. Most of them are ideal uddered, raise big calves and hold themselves together extremely well. The thing we love about him on the bull side is that his sons have unbelievable muscle that is a unique combination to their scrotal size They are thick sound, and easy fleshing.

One of the best individuals in this sale, male or female. I love this heifer a lot. I like the way she carries herself. She's massive bodied, appears to have near perfect feet, good hiped, carries herself extremely well on the move, and has added bone. Top 1% UDDER, Top 2% \$M, Top 2% TEAT, Top 4% YW, Top 10% \$C, Top 10% \$F, Top 10% \$W, Top 10% CWT, Top 10% Claw, Top 10% HPreg, Top 10% WW, Top 15% \$AxH, Top 15% \$AxJ, Top 15% \$B, Top 15% Angle, Top 15% FL, Top 20% RADG, Top 20% REA, Top 25% Doc, Top 25% MCW, Top 25% MH, Top 30% \$G, Top 30% Milk

LOTS 226-245 >> DECEMBER BORN ET CALVES

herefords

This is an exciting set of December embryo heifer calves. They are out of proven donors. Most of the lead heifer calves are maternal sisters to the number two Hereford bull in registrations, Bar JZ On Demand. The On Demand daughters have exceeded our expectations in production. The sons have sold to many of the leading herds throughout the United States. There are also some out of the 2024 JNHE Champion Cow Calf. You'll see Churchill Lady 2286. A very popular cow that is doing an exceptionally good job. This will be a fun division of females never before offered.

Polled, Fully Pigmented. A very maternal designed female that is like a lot of Proud's. She is pretty up through her head, attractive through her front third, has good depth of body, is good footed, and high quality. Her mother was a power cow we bought out of the Logterman dispersion, and the Sadler family bought a full sister in last falls female sale for \$20k. For every bull you buy, your name gets entered into the drawing for a custom built Hoffman Ranch saddle made by Texas Saddlery. 10 bulls = 10 entries!
Must be present to win. Other prizes will also be drawn after the saddle!

DOG WORKING DOG "H"

This year the dog we are selling should look familiar. He was raised by the kids, and was sold during our spring of 2024 bull sale to Darrin Lurkins. He goes by the name, H.

"H" is a 3 year old border collie that comes from Jirl Buck bloodlines in Oklahoma. He was started on sheep after his basic obedience by Darrin. After "H" started showing progress, and was controllable he went to Seth for some real world experience. "H" went back and forth over 60 days until he was able to go to the pastures and work alongside a horse or side by side. Once he made it to a certain level of trust he has stayed with Seth ever since working most days he was needed.

"H" really has become Seth's most dependable asset of lately, and that's because of the time put into making sure this dog is right for the sale. This dog is 100% usable in all aspects of ranching and feedlot work. He is trustworthy, and will go all day long. He stays put, does great with kids, and knows what his job is.

HOFFMAN ^{1/5} RANCH

Bringing Back Balance

commercial female sale

November 12, 2026 - After the Bull Sale

DELAY 2ND CALVERS

March Calvers - 151 Head of BWF

April Calvers - 59 Head of BWF, 3 RWF

Bob Miller & Sons origin. These two year olds were purchased by Todd Delay in last falls sale. They are great mothers. We had nearly 100% weaned calf ratio. Todd passed away this summer and that is why we are dispersing these females for his family. They are the best of the best and are bred back to Hoffman Angus Bulls.

HOFFMAN 2ND CALVERS

March Calvers - 50 Head of Blacks

A phenomenal set of straight black two year olds coming three. All these females raised calves this spring and did an outstanding job. They are bred back to Hoffman Ranch Hereford Herd Bulls. ALL AI Bred Heifers are bred to Hoffman Bar None, Owned by Genex and Hilltop Angus. All bull bred females are bred to Hoffman Ranch Angus heifer bulls.

BOB MILLER & SONS BRED HEIFERS

AI'd February Calvers - 195 Head BWF

March Calvers - 58 Head BWF

April Calvers - 27 Head BWF

These heifers from Bob Miller and Sons are a highlight every year. We have watched these baldy cattle top every market they have been in whether it be they're feeder calves, bred heifers, or open heifers. These are as legit as you can find. They are out of straight Angus commercial females and Hoffman Horned Hereford Bulls. These guys are outstanding cow men and really good friends. Disposition is an A+ and everybody who has ever had these females has been more than satisfied. AI'd to Hoffman Bar None.

BURES/FORSTER/RIVER SAND RANCH BRED HEIFERS

AI'd February Calvers - 88 Head of Blacks, 89 Head of BWF, and 2 Reds

March Calvers - 41 Head of Blacks, 39 Head of BWF, 1 Red

April Calvers - 23 Head of Blacks, 13 Head of BWF

The majority of these black baldies come from Forster in Gordon, NE and also River Sand Ranch in Joes, CO. They are outstanding. The straight black females come from River Sand Ranch Joes, CO and Andrew Bures Whitman, NE. AI'd to Hoffman Bar None.

JERRY, TRAVIS, AND JAMES WARREN BRED HEIFERS

308-546-9061

50 Head of Black Bred Heifers

Bulls were turned in June 10th for 23 days. They are straight black and are role model Sandhill type heifers. They have lots of eye appeal, extreme quality and great dispositions, and have been developed right. There will be 50 head due in March to early April. Calving ease angus bulls 1/3 of which come from Hoffman Ranch.

E/A BELGIAN & CATTLE FARMS BRED HEIFERS

636-284-9917

20 Head F1 Baldies - Due February 2 bred to Hoffman Heifer Bulls

These heifers have been pelvic measured, screened for disposition and have had a full vaccination and mineral program. They are located at 2448 King Road Corydon, IA 50060 and will be shipped from there.
