THE EHLKE ADVANTAGE

ACCURACY

We believe the only good kind of data is accurate data! When it comes to utilizing EPDs and performance data in our herd we recognize these resources as tools that work side by side with phenotype selection. We realize the importance of accurate records and how that information plays a role in building a successful, predictable cow herd.

1ST GENERATION

Our family is proud to be first generation ranchers and have enjoyed watching our kids grow up in the cattle business. We are excited to have the second generation involved on the ranch as we continue to grow.

Starting from humble beginnings has challenged us to work hard and expect more from our cow herd — every cow has to earn her keep!

OUTCROSS

When searching for new genetics to add to our herd **we know the importance of powerful, outcross genetics that will perform with predictability.** If you're looking for an outcross or something different to add to your herd, we look forward to the opportunity to get to know your operation and help create your success!

On behalf of everyone here at Ehlke Herefords, we invite you to our annual Montana Made Sale. We hope you can come to the ranch to see the sale animals on display, watch the sale closeout and enjoy steak dinner with us. If you can't make it here, please take a look at the sale offering. The sale will be live on Tuesday, September 15th with close out on Saturday, September 19th at 5pm MST.

This year, we have all of our top end bred heifers on offer and rather than write notes on each individual, it is our thought to let you decide and select based on your priorities. We are also offering a select group of fall born opens, as well as 2 outstanding fall born bulls. These are very exciting times in the cattle industry and we feel this offering has potential for "raising the bar".

Special thanks as always to those of you who have purchased and bid in the past, we appreciate your confidence and support. Please, feel free to contact us with any questions you may have. We hope to see you on September 19th!

TERMS AND CONDITIONS

Bidder/User Registration and Responsibility: Buyers (a.k.a. users)
must register to participate. Establishing a user account or bidding
or buying at this auction/sale acknowledges bidders consent to
the terms and conditions as outlined below. Bidders will be solely
responsible for any and all actions taken with their bidding account
including all purchase amounts, freight, and any costs associated with
collecting same.

Cattle will sell under the standard terms and conditions
recommended by the American Hereford Association. Invoices will be
sent via Smart Auctions immediately following the close of the sale,
payment is due per their terms, or can be made at the ranch for those
in attendance.

Terms of all sales will be cash unless arrangements are made between
purchaser and seller prior to sale. Individual health papers will be
furnished with each animal permitting shipment to any state.

Certificates of registration are all in order and will be transferred
to the new owner when payment is made. All sale cattle have DNA
tested to be free of any known genetic diseases or defects recognized,
parentage has been verified and EPDs genomically enhanced. EPDs
are current as of catalog print date.

The animal becomes the property of the purchaser as soon as sold
but it shall be the responsibility of the seller to see that animals are
properly cared for until delivered to the purchaser.

Any death or injury after the animal is sold is at the buyer's risk.
Buyers are encouraged to insure their purchases. Livestock mortality
insurance can be purchased from Devin Murnin 406-696-1502.

35K was our selection from the 2023 Atkins/Delaney bull offering. This Benton son offers calving ease/low birthweight with above average growth. 35K also posts stellar carcass EPDs. Ben has been greatly appreciated by all who see him. Exportable semen is available.

We couldn't be more pleased to be a partner on 65J. Down Jones posts extreme growth and carcass numbers all while having a strong maternal background. The 65J sons here have been among the first to leave our full offering and his daughters have been visitor favorites. Owned with Clifford Farms and Steve Wolff.
