WELCOME FROM TS HEREFORD & QUARTER HORSES

Welcome to our 62nd Annual Production sale at TS Hereford and Quarter Horses.

A few years back we made the decision to deviate from the norm and stop producing Registered Hereford bulls. A partnership was developed with our long-time friends JC Cattle Co. to provide high-quality Hereford bulls in our sale. They carry the same genetics and hearty conditioning that we provided four past ranch minded customers. With the changing markets and the demand for high quality female replacements on the rise, we felt like we could help our area Cattlemen fill the void. Registered Black Angus bulls from Hinkson Angus were implemented on our registered purebred Hereford cows, thus giving our customers the best of both worlds. We wanted to provide replacement females that were great, proficient calf producing cows. We are hopeful to be able to double our replacement female numbers for sale to the public by next year.

We are still raising quality Quarter Horse yearling colts along with a few riding horses and started youngsters. We are updating our Stallions and Broodmares as we see needed, but always leaning heavily on our solid foundation that Elmore Stout established many years ago.

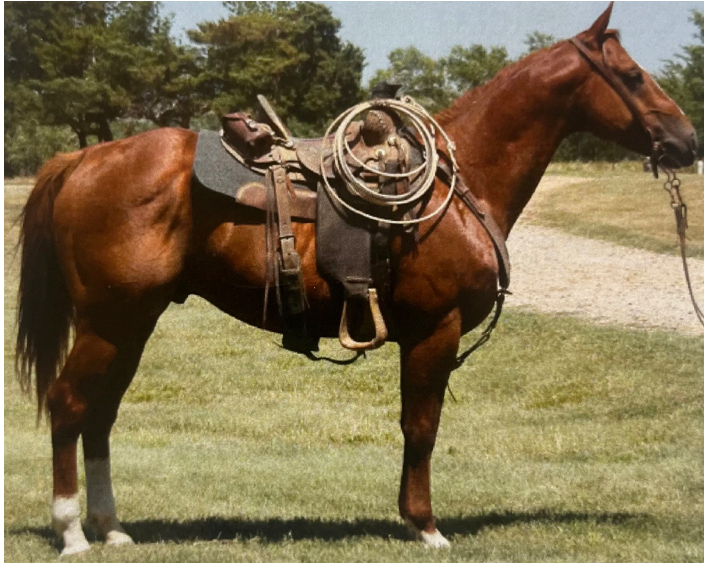

The ranch would like to thank all our family and friends that help make "Sale Day" possible.

See you next year and God Bless!

Wes, Richell and Pake Bailey

"Mary" is started correctly, very soft in the mouth and willing. No issues with bucking or spooking at all. She will drag her rear if you ask just by sitting down. Travels out straight with a purpose. Very smooth movement. Responds with very light leg pressure. Picks up both leads. Side pass to get gates. One of the most talented horses we have offered. Great conformation with unmatched ability. 30 days of ground work, driving reins and logging a tire around. 60 plus days riding outside the arena. Teeth are good and feet have been trimmed multiple times.

Wes has 3 horses of this exact cross in his own private string, so goes to say he believes in them and the ability they have is an understatement. This mare will excel in the performance world whether roping or working cow-horse.

Lay her off a while and then catch her up, she doesn't miss a step, almost like you never let her rest. Never a wreck or blow up in starting. All the time and work is done.

Horses started this well with this much talent and breeding are tough to find and tougher to purchase.

MARKINGS: STAR AND SNIP WHITE IN LEFT NOSTRIL. WHITE IN RIGHT NOSTRIL. RIGHT FORE CORONET WHITE. LEFT HIND SOCK. NO OTHER MARKINGS.

WELCOME FROM JC CATTLE CO.

Welcome to the JC offering of bulls and females!

Twelve years have flown by in a blink of an eye since we were first offered the chance of putting bulls in the TS Ranch sale in 2015, and we are so incredibly grateful for the opportunity! A little about our program with both the Herefords and Balancers. From day ONE our breeding stock must fundamentally hit hard on the basics in functionality. Along with coming in a moderate easy feeding package they must have the growth and maternal basics, breeding for udder quality and feet and breed back year after year. These bulls are developed all summer on grass for longevity, and then a basic high forage silage ration is added in the fall. These bulls will continue to work hard for you and grow. Females are developed in the same way and will be functional females to add to your herd.

Thanks for taking the time to read through our offering this spring and don't hesitate to reach out if you have any questions on our offering!

What a TRUCK! This guy does like to greet you with the gelbvieh greeting, a little bellar here or there, but he's kind and respectful. We kept this young bull to offer in this sale out of a great flush the kids raised a few years back. If you're looking for an outcross on some cows to add pounds at weaning here's your guy. If you know about the Grund breeding program you know about rockstar Gelbvieh genetics and loads of carcass merit in their breeding stock. We took the higher percentage Grand Plan bull and crossed it on a fantastic young purebred Angus female, Lori picked up out of the Molitor Angus ranch sale. Good stock here.
