Keokuk, IA ..... 319-524-9000

#### Best Western Macomb Inn

Macomb, IL ..... 309-836-6700

#### Prairie Winds Motel

Carthage, IL ..... 217-357-3101

**TERMS:** Terms of the sale are cash or check. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids.

**PURCHASE:** Each animal will be at the purchaser's risk as soon as sold and can be moved after settlement has been made.

**ANNOUNCEMENTS:** There will be a supplement sheet available sale day. Announcements at the sale ring by the manager or auctioneer shall take precedence over statements in the sale catalog. The owner is responsible for any statements or announcements regarding his consignments in the sale.

**HEALTH:** All cattle will have health certificates that will enable them to be shipped to any state. All bulls will sell with a Breeding Soundness Exam that was completed within 30 days of the sale. All females selling as "bred" will be checked and confirmed "pregnant" on their health papers.

**CONSIGNOR'S RESPONSIBILITY:** The seller is the responsible party for all representations made about their cattle. The management, auctioneer and sales staff of the sale assume no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and the seller.

**PAPERS:** The certificates will be transferred to the buyer at the seller's expense. All calves born after the sale are to be registered by the purchaser. No AI certificates are furnished.

.....

**NOTE:** As the sale manager, Illinois Hereford Association is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the owners of the consigned cattle nor the Illinois Hereford Association assume liability, legal or otherwise, for any accidents which may occur.

## Winter Classic Welcome

Welcome to the 2025 Illinois Hereford Association Winter Classic Sale!

We're proud to bring you the third edition of this premier state consignment event — a platform where Illinois Hereford breeders showcase the very best genetics their programs have to offer. Each year, the Winter Classic Sale has grown in reputation and impact, and 2025 is no exception. The Board and I are thrilled with the tremendous success this sale has seen for both consignors and buyers.

While previous years have seen great results in the sale ring, what excites us most is the lasting value these cattle are delivering in herds across the country. The quality of the cattle consigned this year raises the bar once again. Our breeders have truly brought their best to town, and I'm confident this is the strongest offering we've had to date. These cattle are ready to go to work and make a difference in their new homes.

As in years past, the selection process was critical. Nominations were carefully screened based on phenotype, calving intervals, genetic merit, and long-term productivity. Once again, our consignors stepped up to the challenge and delivered.

The catalog breaks down as follows:

**Lots 1–3: Bulls** – Small in number, big in value. These bulls are ready to go out and work.

**Lots 4–35: Bred Heifers** – The heart of this sale. A deep and diverse offering with something for every program.

**Lots 36–47: Cows with Calves at Side** – One of our deepest divisions to date, including three split pairs and a strong group of fall pairs.

**Lots 48–52: Bred Cows** – A new division this year, offering more flexibility for consignors while maintaining the same high standards.

From 65 degrees and sunshine in year one to an ice storm in year two, we've seen it all. Here's hoping for something in between this year! No matter the weather, we invite you to join us on Saturday, December 13th for what promises to be another outstanding event. I've had the chance to see many past consignments thriving in their new homes, and it's clear that the cattle offered through this sale are making a real impact—and will continue to do so for years to come.

If you have any questions about the offering, please don't hesitate to reach out.

See you at the sale!

Best regards,  
Noah Benedict

- A stout built bred heifer from the ground up that has always excelled in width and dimension of body in a sound, attractively constructed package. This Maverick 0183 daughter is pigmented with freckles, just like all of the siblings of this flush have been. Three sisters are at home and being retained in the herd is the only reason this female is being offered to the public. Notice that her maternal grandam is the "dam of herd bulls," RST GAT NST Y79D Lady 54B ET.
  - Bred AI on 5/3/25 to H B Distinct. Checked safe to the AI Date. Expected due date of 2/9/25.
- Consignor: Glen Waters — Norborne, MO — 660-707-3646

Lot 4 — STET RF 0183 Lady 3212 ET

- We purchased 411's dam from the Robby Harfst family in Reno, thinking she would be an elite cow prospect and she has far exceeded expectations. This one has the look to produce show cattle, but the functionality to raise any kind you want. The only reason she is being offered is due to some family partnerships. Excellent EPD profile with 8 traits in the top 20%. She has a freckle face and udder, bred back to Sherman ... sounds like a good idea to me!
  - Bred AI on 3/27/25 to Churchill W4 Sherman 2157K ET. Checked safe to the AI Date with a heifer pregnancy. Expected due date of 1/9/26.
- Consignor: Stephens Herefords — Taylorville, IL — 217-825-7913

- 417's pedigree is stacked and backed by several great cow families. We purchased her grandam from C&L in the Perks Ranch Fall Celebration Sale with Tyler Galloway and the Prairie Corss. That 9B cow has sure left her mark on all of our prgrams. The 9115 cow is a favorite to anyone who visits the farm. This one is only up for grabs because we are retaining a full sib. She has 10 EPD traits in the top 20% of the breed.
  - Bred AI on 3/27/25 to HUTH CLC WF Deluce K16, then pasture exposed from 4/1 to 6/1/25 to BAR S LHF Mr 0186 412. Checked safe to the pasture exposure, expected due date of 2/5/26.

- This standout dark-red, horned female is right from the heart of our ET program. M4 embodies her dam, the Triple Crown winner BOY Harley 018H in several ways, elite balance with a maternal body shape, and still offers real world production traits: a great foot shape, incredibly sound with a refined udder design. We believe M4 could be a valuable asset for any firm — the more time goes on the more we question why we are letting this female go.
- Pasture exposed from 5/20 to 7/20/25 to KJ BJ 309C Leader 182F. Checked safe to the pasture exposure, expected due date of 3/30/26.

- Wow, wow, wow. I can not believe we are selling this straight Colyer bred female. 429's dam, 1257, was purchased as a bred heifer in Colyer's fall 2023 sale for \$25,000, making her one of the high selling breds that day. 429 has a great EPD profile, highlighted by her carcass traits and CHB of 141. Love her look, disposition and the fact that she is bred back to Sherman.
- Offered with Pete Loehr and Anderson Cattle Co.
- Bred AI on 3/27/25 to Churchill W4 Sherman 2157K ET. Checked safe to AI with a heifer pregnancy, expected due date of 1/9/26.

- Haven is loaded with pigment on both sides of her face and is backed by three generations of YCC cows. Her full sister was shown successfully by Addison as a calf and yearling heifer. Her full sister (Fern) was named Iowa State Fair Grand Champion horned heifer in 2022 as a calf. Fern went on to produce the steer that the girls campaigned this summer. With her pigment, pedigree and carrying a calf out of a Homo polled son of KCF Bennett Monument J338 (bull leased from Goldstein Farms) — this mating is exciting!
- Pasture exposed from 4/27 to 6/12/25 to MH Dirty Blue 2415. Checked safe to the pasture exposure, expected due date of 3/4/26.

- Out of one of the breed leading maternal sires, CL 1 Domino 0186 this heifer ranks in the top 20% for MM and top 25% for MG. This heifer is sound, big middled and easy fleshing. Her dam is out of the famed NJW 79Z and is a big bodied, easy fleshing cow with excellent udder quality that breeds back the first time every year. I feel this heifer is going to be every bit as good.
- Pasture exposed from 4/1 to 8/1/25 to CL 1 Domino 407M. Checked safe to pasture exposure, expected due date of 1/10/25.

- 2411 is out of one of the best Leader daughters that I have ever raised. We flushed her twice, then decided to sell her to our friends at TNT. She is backed by 6124 as her paternal granddam, that cow was instrumental for us. This bred heifer offers a great look, and very balanced EPD profile. If she was due in January, she would be staying in Taylorville.
- Bred AI on 3/27/25 to SHF Houston D287 H086, then pasture exposed from 4/1 to 6/1/25 to BAR S LHF Mr 0186 412. Checked safe to the pasture exposure, expected due date of 2/5/26.

- If you like cattle that are easy doing 403 is the one for you. Out of our 503 donor this bred by Endure is dark red with eye pigmentation. I have a full sister that is made the same way. Maintenance free bred here that will not cannibalize herself and melt away on you after she calves. GE-EPDs, no genetic defects. Great disposition and broke to lead. Safe to Brent Behrends new herd sire Birdwell Pivotal whose mother is the famed 7098 cow. Was at Brent's recently and the Pivotal calves are really nice. Red, eye pigment, long fronted, with plenty of rib. I'm not a huge numbers guy, but EPDs on this mating look to be really good.
- Bred AI on 5/20/25 to Birdwell Pivotal 7098 2553 ET, then pasture exposed from 5/24/24 to 8/31/25 to CF WRB Chiseled. Checked safe to the AI, expected due date of 2/26/26.

- This polled daughter of MMK Lady T 1502 is one of my favorites of a flush that was pretty amazing. Multiple class winners and champion horned heifer at Wisconsin and Illinois preview shows. She is so elegant through her front end and transitions into a massive body with great feet and legs. Killer look with cow power!
- Bred AI on 4/26/25 to BAR JZ On Demand, then pasture exposed from 5/20 to 6/20/25 to Hoffman On Demand 4237. Checked safe to AI with a heifer pregnancy, expected due date of 2/2/26.

- This one is hard to let go. Honey B is the first daughter out of H BL Honey 226 ET, a full sister to the Popular NJHE and NWSS heifer exhibited by the Hoffman Family. Sired by a very popular 33Z son. Honey B is maternal in her build with added eye appeal. Great set of feet and legs with a gorgeous udder coming on. Her service sire, 4073, is a full brother to arguably the best female to ever walk LF pastures, LF Bacon 33Z Holly 7014 ET. Don't miss this one!
- Pasture exposed from 3/20 to 5/1/25 to LF 332U Victor 33Z 4073 ET. Checked safe to the pasture exposure. Expected due date of early-mid January.

- The daughters of 1502 have been making quite a name for them selves here and at Perks Ranch. Multiple sale toppers and much success in the show ring. But the most important thing is they are making cows! This bred heifer proves that; bold sprung, stout made, clean fronted and sound as they come.
- Bred AI on 5/20/25 to BAR JZ On Demand, then pasture exposed from from 5/25 to 6/20/25 to Hoffman On Demand 4237. Checked safe to AI with a heifer pregnancy, expected due date of 2/26/26.

- 2410 has been one thing her whole life — consistent. It's what we have come to expect from the Mandate daughters, they come easy, hit the ground running, and don't require much extra attention to do their job. Her relaxed build and bold upper rib shape make her the right kind in any environment. Her mother had an excellent On Demand heifer this spring so we feel even more confident about this mating!
- Bred AI on 5/24/25 to Bar JZ On Demand. Checked safe to the AI, expected due date of 3/2/26.

- This young cow will open some eyes. She was our top spring born heifer last year and the first of our Trump bred offspring. We used the Denver champion Trump extensively last year and love the look of his calves. They have all been deep sided, heavy muscled cattle that are super correct. This heifer is also big bodied and sound with a ton of bone and look. Her mother was an Illinois Preview Show division winner in 2020 that we loved and went back to our very first show heifer from the Torrance family. Video will be available on Facebook before the sale.
- Bred AI on 5/28/25 to KJ BJ 309C Leader 182F, then pasture exposed from 6/3 to 9/1/25 to CHURCHILL Sherman 4113M. Checked safe to the pasture exposure, expected due date of 3/29/26.

Consignor: Stollard Herefords — Sullivan, IL — 217-358-6386

- 417 is an attractive daughter of our 33Z son, who left us great udders, and a cow that I purchased from Benedicts that traces back to their Keynote donor 100K. 417's dam has always produced cattle with eye appeal. Her calf this year will be a show steer for someone. With that parentage, I am excited to see the udder 417 develops. She was set to replace her mother in our herd until Noah picked her out for this sale. GE-EPDs with no genetic defects. Broke to lead. Examined safe to the Greives bred and McCaskill owned sire, GG MCF Verified Merit 323L. That right there is the thing that gets me asking myself why am I selling her.
- Bred AI on 5/5/25 to GG MCF Verified Merit 323L, then pasture exposed from 5/24 to 8/31/25 to CF WRB Chiseled 1524. Checked safe to the AI, expected due date of 2/11/26.

• Check out this high quality daughter of the famous Lady 54B cow (dam of 3 National Champions). 29J has been a proven producer in our operation. She has exquisite structure and a beautiful front end. Her udder is top tier. This is a great opportunity! Her calf, 52N, is sired by a special son of the renowned H B Distinct. 52N has all of the makings to be a great herd sire for any kind of producer. These kind of numbers and this pedigree make him stand out from the crowd. Act. BW 62 lbs.

• 104 is a true power female backed by an outstanding pedigree. Sired by BR Ringo 8017, a bull we really admired both in the ring and on grass, he has stamped out progeny that have been very sought after. Her dam is a direct daughter of 206, a female that has produced countless champions and still pops up just a generation or two back in many popular females today. While this female is impressive to see, her heifer calf at side is truly exciting. Sired by Gus, a former JNHE champion, she is a 3/4 sister to Addison's highly successful show heifer the past two years.

• Cow will be bred AI to Churchill Sherman 2157K prior to sale date.

Consignor: Robbie, Chlesea, and Addison Duis — Petersburg, IL — 815-858-4129

Faith combines great phenotype and genotype. She is in the top 6% or higher in 6 different EPD categories! Great uddered, she is out of a gorgeous BoomTown daughter from Young Cattle Company and has grown into a great cow in her own right! Raising a beautiful and goggle-eyed heifer calf out of a Validated grandson we purchased from Behrends Herefords. Great opportunity here! Will be bred prior to sale day to Perks PRCC 0039 Ghostwood 3016.

Homozygous polled. Outstanding young Endure daughter here doing a great job raising a tremendous Makers Mark heifer calf. Beautiful udder, nice set of EPDs, deep sided, nice fronted, dark red and short marked.

Bred AI on 10/16/25 to JDH AH Prominent 21G ET.

Consignor: Paul Polled Herefords — Marseilles, IL — 815-326-9639

- You name it, Layla has it! Pigment, short-marked, sound structure, impressive Genomic EPDs and maternal foundation just to name a few. She fits the mold of female the Hereford breed is looking for. An added bonus: her Deluxe Bull calf at side that is marked and pigmented just like her.
- Will be bred prior to sale day to HUTH CLC WF Deluxe K016.

- A really nice bred heifer born and raised right here on the farm. Was successfully campaigned by a young junior in the summer of 2024 winning her class multiple times. 033L is a long sided big time cow prospect. With a fabulous udder coming on as she approaches her due date. This will be a cow a rancher holds onto for quite some time.
- Due to calve in November to GGSC MGS Ladies Man H09 ET (Reg. #44242197) a full sib to the ever-popular, Montgomery, that is free of all defects. Goldstein Farms have calved out around 15 calves to Ladies Man and they are very impressive, coming easy up and sucking in no time. This mating should be a very nice calf.

- 12L is the kind of female that you can count on year after year. Sound made, huge middle, and with an impressive pedigree to back it up.
- This Maverick 0183 ET daughter goes back to 88X and CRR 5280 on the bottom side. Her dam is from Colyer Herefords and has consistently produced our heaviest calves at weaning. 12L backs it all up with a balanced set of EPDs. Shania is the kind that makes raising cattle fun!

- Homozygous polled and defect free documented by genetically enhanced DNA. When Noah asked if I could submit my best for this sale, I dug deep and brought what I consider the belief in the future of Everhart Herefords! 216L is a picture perfect female with a big spring of rib and has delivered this outstanding May calf via a beautiful udder! She combines some of the great bloodlines in the breed with Hutton 4030, Olivia and About Time on the top side and Chevy, Redeem, Duke and Embracer on the bottom side of her pedigree.
- Pasture exposed from 8/1 to 10/1/25 to EF MF Longest Yard 19Z 228J, with an observed breeding date of 8/27/25. Will be verified prior to sale.

- 204 is an exceptional young female straight from the heart of our operation. Her sire, 8123, was a standout from a young age and selected by GKB from the Barber Ranch. He has done a great job for both operations, siring females that are the right kind. She was the first calf from BR Alex 0169, who is our top producing female. Maternal sibs have found success in the ring on all levels. While 204 herself was a many time champion, her udder quality and easy keeping look have shown her true value. Additionally she ranks in the top 10% for MARB and UDDR along with top 15% for BMI, BII and CHB. Bred to one of the hottest bulls in the breed, Churchill Sherman, whose progeny have been in great demand this year.
- Bred AI on 5/19/2025 to Churchill Sherman 2157K, no exposure. Checked safe to the AI, expected due date of 2/26/26.

- Truly one of the nicest females I have ever offered for sale. Her sire, Certified, is a Select Sires member purchased out of the 2021 IBEP sale. Her paternal grandam (816F), maternal grandam (811F) and dam (118J) are 3 of the nicest uddered cows raised here. 305L is a maternal sister to herd sire, GG Merit 405. All 6 maternal traits above breed average. MARB top 1%. Excellent udder and teat structure — top 3% and 4%. 2025 heifer calf had the top WR here.
- Bred AI on 5/23/25 to CMF 1720 Gold Rush 569G ET. Checked safe to the AI date with heifer calf pregnancy, expected due date of 3/1/26.
