LiveAuctions.TV

HERE'S HOW IT WORKS

Go to www.LiveAuctions.tv. Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number". The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it. Type the code from the text message into the area requiring it and you will then see your name along with a buyer number listed at the top of the webpage where the live video is and you will be able to bid. You will only have to complete this two-step verification process one time. After that you will be able to immediately request a buyer number on any auction without verification through an e-mail or text message again.

LiveAuctions no longer requires an app. If you wish to view/register/bid on a smartphone just type LiveAuctions.tv in whatever web browser you use. The registration process is the same as it is on a desktop computer, but the website is built mobile friendly. Click on the three lines in the top right corner to access the menus.

Bidders who are successful in making purchases will be contacted by the ranch after the auction to settle payment and discover your shipping plans.

If you need help registering to bid or to view the auction please call Technical Support at (682) 816-4900 or e-mail us at TechSupport@LiveAuctions.tv.

- No Risk was the pick of our 2026 NWSS pen in the Denver National Western Hereford sale for \$30,000. We are ecstatic to partner with W&A Herefords, 5J Cattle Company, Underwood Farms, Ehlike Herefords and EVC Cattleman on what we believe will be a great breeding bull. This Homozygous Polled bull offers elite calving ease, ranking in the top 5% of the breed, along with massive growth with both his WW and YW ranking in the top 1%. Coupled with that, his UDDR and TEAT rank 9% and 13% respectively. 333M was one of the top performing bulls for Chapman as he ratioed 118 at weaning time and posted a massive YW ratio of 122! It's not often you can find herd sire prospects loaded with this much performance along with double digit calving ease. A rare and lucrative opportunity for another breeder to own and walk this tremendous individual.

- 312M, a Steadfast son out of the late TH Lana 76E. His donor dam was the dam of the entire Reserve Champion Pen in 2024, and she's hit it out of the park again with this calf. Her maternal ability is rock solid, as she's posted progeny ratios of 12@99 for BW, 12@101 for WW, 7@103 for YW, 9@103 for REA and 9@99 for IMF. He offers a high CHB figure with a WW in the top 4% and YW in the top 6%. Couple with that, his calving ease ranks in the top third of the breed with strong REA & MARB numbers.

- A great testimony to everything herd sire, Deluxe K016 has brought to our programs. 354M is so well rounded as an individual, very sound, lots of thickness, all while still maintaining top maternal traits. His dam 1052 has an ideal udder and teat that no doubt will compliant tremendously with Deluxe. This has been one of my favorite bulls from the beginning.

GKB TRADEWIND 4706

- A bull we purchased at the side of a cow at the 2024 GKB female sell. His dam has since become a donor in both the Woolfolk and Boyd Beef Cattle donor programs. To offer this type of calving ease and carcass as well as bone shape and presence is hard to come by. The guess work is done with this one.
- Believed to be heifer acceptable.

- When selecting a herd bull, part of the process is considering how well he complements his predecessor. Backin' The Saddle is the first product of the Deluxe X Steadfast cross. When we envisioned what the mating would look like, he is the perfect example of how we thought those sires would mesh. Excellent footed with adequate bone and square top. Plenty of muscle to go along with rib shape and an ideal pattern from front to back. We expect his dam 307L to be a focal point of our donor program for many years to come. Dam — TH 227E 738C MEGAN 66G

- Dauntless — showing fearlessness and determination. One of the most unique individuals you will be able to find in the Hereford breed. Dauntless not only excels in his unmatched genotype, but as a true physical specimen as well. There is no other sire in the AHA database that can match his spread of BW to YW and CHB. It was not necessarily the genotype that drew us to this bull, but rather his dark red color, full pigmentation, extremely wide base/rear, as well as super thick top line. Not only just as a heifer acceptable bull, but as a herd bull in general. The total package that Dauntless offers will be hard to match, and we believe he has the potential to be a program changer.
- Selling (25) units in packages of (5).

- One of the most impressive Sherman's sons to date, 528M Union is a homozygous polled, goggle-eyed, powerhouse! As a breeder, you will be visually attracted to his dense build, added capacity, structural correctness, and overall design. What pushes 528M to elite herd bull status is his mother. She is one of the best cows at Topp Herefords ideal in frame size, ultra-broody, and capacious in her rib with a perfect teat and udder design. If you are looking for a true power bull with an outcross pedigree, pigment and elite maternal backing this bull excels in all those areas.
- Top 10% - BW, SCF, MCE, REA, BMI
- Top 5% - CE
- Top 1% - UDDR, TEAT
- Owned with 5J's Cattle Company, Perez Ranch and Fredrickson Ranch
- Selling (25) units in packages of (5).

TERMS & CONDITIONS

Floor Price on All Bulls Selling: A minimum floor price of \$3000, is set on each bull. This is the average value of bulls this weight if marketed through our on-farm freezer beef program.

Terms: Cash or check unless prior arrangements are made with the owners.

Registration Certificates: Certificates of registration are all in order and will be transferred to the new owner according to instructions given with clerks.

AI Certificates: Any female that is mated to an AI sire, that is not owned by the seller, will not have an AI certificate furnished.

Insurance: Insurance will be available.

EPDs: EPDs are updated weekly by the AHA and we cannot guarantee the EPDs listed in the catalog. The EPDs are current at print time from the Evaluation of the American Hereford Association.

Health: Proper health papers will be available.

Lunch: Lunch will be available sale day.

Trucking: Trucking will be at cost to buyer to central points. Buyer responsible for pickup from central points.

Bids: The auctioneer in charge will have final say regarding all final bids. We hope everyone can attend, but those who cannot, may mail or call bids to the sale manager or any of the representatives.

Catalog: Statements made from the auction box take precedence over printed material in this catalog.

Buyer needs to make arrangements ahead of sale if cattle need to stay at seller's farm for more than one week.
