PERKS RANCH 14th ANNUAL FALL CELEBRATION SALE

The Doug Perks Family

The Boatman Family

"Ghostwood"

His first progeny and his service sell!

Dear Hereford Friends,

It is with great pleasure that we WELCOME you to Perks Ranch for our **14th Annual Fall Celebration Sale**. We truly enjoy this time of year—cooler temperatures, fall colors, football, and most of all visiting with *YOU*, our Hereford friends and family, about our operation as well as yours. It truly is a great time to be in the cattle business!

This has been a bittersweet year for us. We have watched our kids, Kade and Kendall, graduate from high school and achieve much success and goals. Being twins and having the same passions, they have always been told that we work as a team. A big dream came true for them this summer at the Junior National Hereford Expo, where they were selected as the 2025 Junior Herdsmen of the Year as a duo. Kendall was also elected to the National Junior Hereford Board of Directors, and Kade earned the Walter and Joe Lewis Memorial High Point Senior Award.

We are super excited about this sale offering and feel there is something for everyone: show heifer prospects, replacement heifers, future donors, bred cows, herd bull prospects, embryos, and commercial bred heifers. A highlight of this sale is all the young females being offered.

Our first "He Delivers" daughters came into production this spring, and they are everything we hoped for. A sale feature you will surely find is Lot 13, a two-year-old He Delivers daughter with an On Demand heifer calf at side and bred back to Loewen Sandhill. You will find more He Delivers progeny and his service throughout the offering. Another exciting feature is the "Ghostwood" progeny and service selling. He is a He Delivers son that was recently selected the 2025 Illinois State Fair Champion Polled Bull that we are very excited about.

There are many people to thank, but first we want to thank *YOU*, our valued customer. Without your continued support and friendship, we could not continue. Once again we welcome the Kyle McMillan family and Max Stotz family along with new guest consignor (but not new to the Hereford family), the Jim Adcock family, to be a part of this event; we appreciate them being a part of our team and bringing their absolute best. And to the Perks family for allowing us the opportunity to do what we love to do, which is breed Hereford cattle and raise our kids in agriculture.

The cattle will be available for viewing anytime, so if you are in the area, please feel free to stop by for a tour. If you are unable to attend, live internet bidding will be available at LiveAuctions.tv as well. Please check our website or *Like* our Facebook page for updates. Videos will also be posted around 10 days before the sale.

If we can help in any way, please reach out to any of us. *We invite you to join us Friday, October 10th, to view the cattle and enjoy a CHB® brisket dinner with us, and then on Saturday, October 11th, for the sale at 1 p.m.*

Sincerely,

Tom and Tammy Boatman

TERMS OF SALE

Cash or good check. All lots are to be paid for during or immediately after the sale and will not be released until after settlement has been made. The auctioneer will settle any disputes as to bids, and such decision will be final. Cattle will not be transferred until paid for in full. Each animal becomes the purchaser's risk as soon as sold.

GUARANTEE

All registered cattle sell under the Sale Terms and Conditions recommended by the American Hereford Association, online at hereford.org.

HEALTH

All cattle will sell with proper interstate health certificates for shipping.

TRUCKING

We will be happy to assist you with trucking arrangements.

INSURANCE

Insurance for your purchases will be available sale day through James F. Bessler Livestock Mortality Insurance, LLC.

ANNOUNCEMENTS

Announcements made sale day from the auction block will take precedence over statements printed in the sale catalog or other advertising.

EXPECTED PROGENY DIFFERENCES (EPDs)

EPDs are updated weekly by the American Hereford Association, so we cannot guarantee the EPDs listed in the catalog. The EPDs printed were current 8/28/25. Up-to-date EPDs may be viewed online at hereford.org. EPDs that are genomically enhanced are indicated by this symbol: 

PREGNANCY EXAMINATION INFORMATION

All cattle have been pregnancy examined by a competent veterinarian and are called safe to the AI or pasture dates as best can be determined by advanced palpation. With respect to AI dates, they are not unconditionally guaranteed, other than the fact that they are pregnant.

All persons who attend the sale do so at their own risk. Neither the owners nor the management assume liability, legal or otherwise, for accidents or loss of property.

Perks Ranch reserves the right to one future flush on all 2025-born females at their expense and the buyer's convenience.

Homozygous Polled

Lady in Demand is a logical choice for this year's Lot 1, being a daughter of our 2024 Lot 1, whose half interest sold to GKB as a bred heifer. Sired by Endure and out of the famed 5101, that bred heifer turned into one of the stoutest two-year-olds that we have had the opportunity to be around. She also has the udder quality, the look, the pedigree, and the performance data to be the kind of cow that makes a donor.

5010 is as powerful as any heifer you will see sell this fall, as is reflected in her weaning and yearling weight EPDs that put her in the top 1% of the breed. With all that power, she still has a maternal build and an attractive look. She is also red eyed, conservative marked and Homozygous Polled. Her sire, On Demand, is one of the popular bulls in the breed; his first calf crop has demanded a premium, and this future donor will demand your attention. She's one that has all the guesswork removed and is the type you can build a herd around.

Offered with GKB Cattle.

Lots 2, 3 and 4 are flush sisters out of MMK Lady T 1502. We could write a book about all the accolades that 1502 has accomplished over her lifespan. Her progeny have been sale toppers and hung lots of banners, but most importantly they are producing in the pasture. These three sisters may be the most maternal looking we have had out of 1502 to date. Being sired by He Delivers, they will make outstanding cows—his first progeny have come into production this year and are exceeding our expectations.

PERKS 1502 DELTA 5003 ET

1/5/25 • cow P44676399 • BE 5003 • Polled

Kate got her name from the new member coming into the Benedict family, as we own this heifer with them. Kate, the person, has become my favorite part of Noah, and Kate, the heifer, will be a favorite to many who observe her. Just like her dam, who was a many-time champion, Lot 7 has a striking look. This mating to Liberty has added depth and capacity to this cow family.

Kate is a big spread female from birth to yearling and ranks in the top 20% for WW and YW. This is another heifer we think is big time.

Offered with Benedict Herefords.

Another 7036 daughter, Miss Kitty is sired by the National Champion Gunsmoke. She is one that keeps getting better every day. When this heifer was a month or two old, we thought she was going to be a really productive cow type; now she has grown into herself, and we still think she will be an awesome cow but also an elite show heifer. Miss Kitty is loose structured and flexible off the ground. Big bodied and powerful. She is one you will want to see in person and is definitely better than her picture. Her data is impressive as well, ranking above breed average in 12 traits and all three dollar indexes.

Full sib embryos sell as Lot 44.

Mis River is one of the most exciting females in this sale. And yes, you will have to wait on the video to see her, as she is not pictured. Her sire, Red River, is extremely popular and sired the Supreme Champion Bull at the Congress in OKC. Her dam, 7036, is one of the best uddered cows we have seen. At eight years of age, she still looks like a three-year-old. Mis River has the look, power, and build to run with the big dogs. She will be a fun one and very competitive in the summer division.

Maternal sib embryos sell as Lot 44.

7036's natural calf this year, Miss Cocoa is the youngest heifer in the sale and is also very impressive. There is no doubt that she will make an exceptional cow. She has a maternal build that reflects her outstanding Teat EPD of +1.5 and Udder of +1.4. She also has a maternal milk of +33 that puts her in the top 13% of the breed. Her sire, Houie, is becoming known for his daughters' udder quality and teat size. The fact that he puts 5101 in her pedigree only adds quality to this impressive package.

Maternal sib embryos sell as Lot 44.

Offered with Adcock Cattle.

A Duncan daughter out of Kade's favorite three-year-old on the ranch. This heifer is so smooth made with the way she blends out of her shoulder, and the angle and slope to her shoulder are ideal. She is plenty deep and another one that will compete at a high level. Good calving ease and low birth weight with a big spread to YW. She's one you don't want to miss.

Homozygous Polled

Lot 12's dam, 3006, is a two-year-old who did an awesome job on her first try. Her granddam, 8042, is also the dam of Lots 5 and 6. Her sire, On Demand, was purchased by Genex and Hoffman, and his first progeny have commanded top value throughout the country. Just like her dam and granddam, 5022 has another gear when it comes to performance. She is long and extended and will really push the scales down. She ranks in the top 1% of the breed for WW and YW EPDs and the top 2% for REA.

Offered with Paul and Elvia Johnson.

- Sells open.

A fabulous way to start off the pairs with this outstanding two-year-old. She is one of the very first He Delivers daughters in production, and they are meeting every expectation we had of them. Just look at what she did on her first try. Her dam is a Munson daughter with excellent udder quality who sold to Dan Bixler. 3029 ranks above breed average in 12 traits and all three dollar indexes, highlighted by top 10% Milk and Udder EPDs.

- AI 4/29/25 to Loewen Sandhill L70 ET.
Checked SAFE with a HEIFER CALF, expected due date 2/6/26.

An elite individual and one that is hard to turn loose of. Her sire, Copper Candi, was National Champion in Denver and has gone on to sire top end cattle throughout the country. 507N is a late March horned, and we think she will compete. She is very flexible and sound structured with some added power, reflected by top 5% WW and top 7% YW EPDs. Buy with confidence, as she will not only be fun in the show ring but will be a fun one to breed and watch her progeny flourish.

Offered by 2TK Cattle Co.

- Sells open.

Homozygous Polled

One of the most unique individuals born at Perks Ranch! This Merit son possesses the phenotype we are all searching for—long bodied, cool necked with plenty of depth, pigmented and conservative marked plus Homozygous Polled. His EPD profile is off the charts, ranking above breed average in 15 traits and all three dollar indexes. Super low BW of +0.8 (top 14%) and big spread to +77 WW and +121 YW that rank him in the top 2% of the breed. He's also in the top 2% for Udder and top 4% for Teat. His carcass traits rank in the top 1% for CHB, top 2% for Marbling, and top 10% for REA. This bull will command your attention, as he is the kind we are all chasing.

Delivery Man 4088 is a bull we probably should have halter broke and shown. He has an awesome look, being up headed, big bodied, and stout. His pedigree is bred to be maternal with lots of udder quality bred in. He combines P606, 124Y, and 2296 with Hometown and Endure. His size is ideal for a bull his age, and we believe he will sire some exceptional progeny. So whether you are needing a bull to cover cows this fall or get a jump on next spring's bull battery, this He Delivers son is ready to work.

GE-EPDs available before sale day.

Full sib embryos sell as Lot 43.

Offered with Jeff Kaney.

Homozygous Polled

Nadia 5N is a full sister to the Lot 43 "Misty" heifer that sold in last year's Fall Celebration Sale to GKB in Texas. What is the saying? "Same song, different verse." These two heifers are very much alike at the same stage of their development. We aren't sure which one we like more.

Nadia is big topped, big middled and square hipped plus dark red with pigment. Her dam is Ballerina, who won her division as a calf in Louisville and Denver and then went on to be cow/calf champion as a two-year-old in Kansas City. Her granddam is none other than STAR KKH SSF Olivia 15U. Her maternal sister is Bella, who was very successfully shown by Kendall Boatman in 2020.

If you missed out last fall with Misty, here is your second chance with her full sister Nadia. Still all the bells and whistles that will compete at a high level in the show ring and then go on to your donor herd.

Great EPD spread from +0.5 BW to +107 YW with ranks in the top 1% for Teat, top 3% for REA, and in the top 20% for a total of nine traits.

Maternal sister to dam of Lots 45, 46, and 47 embryos.

Homozygous Polled by pedigree

You may not have heard much about 1N's sire, Horizon. He is a very maternal bull bred by Sandhill Farm and used heavily by Crittendon Brothers in Canada and Double Seven Ranch in Oklahoma; many of the feature lots in Howard Crittendon's dispersal are sired by him. Lady Horizon 1N has that "Wait til I'm a cow" look. She has 15 traits that rank in the top 20%, highlighted by a top 8% Marbling EPD and top 11% CHB \$Index plus a top 4% BW EPD.

This super stout 2296 daughter carries herself like a lady—long sided, feminine, and beautifully extended up front. Her dam's side traces back to GKB Legend and GKB 146 Breeze, and she has the kind of disposition you love (thanks to a successful show run with Nolan Lee). This female checks the boxes—docile, stout, and maternally proven. The fancy May heifer at her side speaks volumes about her maternal abilities, and she's bred back for a full sib to repeat the success.

Wynonna is just a May baby with style to spare. Flashy, long sided and sweet fronted, she seems to know she's destined for the ring, always posing in the pasture like she's already made the backdrop. Her dam was competitive for Nolan Lee, and her sire earned top honors at the Illinois State Fair, making this pedigree a proven blend of performance and eye appeal. She will be a fun one for a junior next summer. And when her show career wraps, she has the genetics and design to raise that junior some sweet bred and owned.

Beast mode here! Anna traces back to a Trump daughter Cody purchased from Dakitch in 2014 who is still in production for us and the foundation of a cow family that has delivered in the show ring and in the pasture. We've retained daughters and grand-daughters that have shown successfully and matured into exceptional cows.

This dark red, solid marked female is long sided and stout made. Longevity and udder quality are built into this one. You should have a Levitate calf on the ground before Thanksgiving.

- AI 2/13/25 to CRR 971 Levitate 142.
- Checked safe, expected due date 11/22/25.

We never planned for this one to leave our place, but when asked to be guest consigners, we knew we had to dig deep and bring our best. This March bred heifer is sleek fronted, sound footed, and big ribbed with undeniable presence. Her dam is one of our never-miss cows and was a division champion at the World Beef Expo. Sired by the Illinois State Fair champion SLC Bar S Mr 49C Dynamic, a Mighty son out of the legendary Reba cow. Cindy Lou is the kind we've been working toward—balanced, maternal, and built to impress. She's destined for the front pasture, and the heifer calf she's carrying by 322 is icing on the cake. Maternal sister to Lot 35.

Adcock Cattle reserves the right to one future flush at their expense and the buyer's convenience.

Calene is a maternal sister to Lot 34, ASC Cindy Lou, and she has her own story to tell. This stout but feminine February bred heifer is smooth made, nice ribbed and great fronted. We love how she balances up, and if her udder follows her dam's, it'll be a beauty. The stouter of these two maternal sibs but maybe not as flashy, Calene will shine where it counts. She will be the kind of cow we all love—problem free, fun to look at in the pasture, and will do her job year after year.

- AI 6/9/25 to JDH Victor 719T 33Z ET.
