Elite Hereford Genetics

Dear Cattlemen and Friends,

We are excited to invite you to join us for the Burns Farms & Friends Sale on Sunday, September 7, 2025, where quality genetics, hard work, and good cattle speak for themselves. This sale offering represents not only our own program's best but also outstanding cattle from our *Friends* and fellow breeders who have partnered with us for this special event.

This event kicks off Saturday night, September 6th, with a casual dinner, an in-person preview of the cattle, and football games on the big screens. It's the perfect opportunity to relax, enjoy good food and fellowship, and get a first look at this outstanding lineup.

Leading off the sale as Lot 1 is an exceptional bull that we believe embodies the standard we strive for—breed-leading EPDs, powerful in his build, sound on his feet, and backed by proven genetics that will make a lasting impact in any program. "*Eminence*" is the kind of herd sire prospect that doesn't come along often, and we're proud to have him carry the banner for this year's sale.

We are equally proud of the cattle our *Friends* have brought to town. This year's lineup showcases the depth and diversity of breeding programs that are committed to raising cattle that work in the real world—cattle that perform in the pasture, hold their own in the ring, and keep you in business year after year.

Mark your calendar and plan to join us for a day of good cattle, good people, and a shared passion for the Hereford breed. We look forward to seeing you Sunday, September 7th or before and visiting with each of you about the cattle and the future of our herds.

Best regards,

David Burns

SALE TERMS & CONDITIONS

Cattle will sell under the recommended terms and conditions of the American Hereford Assn., hereford.org.

HERD HEALTH

All cattle will be accompanied with proper health certificates for immediate shipment. All females that sell bred have been checked safe in calf by a licensed veterinarian. All females of breeding age will be sold as guaranteed breeders. If a female is diagnosed as a non-breeder, a written statement or phone call to Burns Farms must be made within six months of the sale date. At that time, a credit will be issued, purchase price minus salvage value, for a future purchase at a Burns Farms bull or female sale.

ANNOUNCEMENTS

Announcements made sale day from the auction block take precedence over the catalog and other printed materials.

We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

EXPECTED PROGENY DIFFERENCES

The EPDs printed in this catalog are from the 8/11/25 report of the American Hereford Assn.

Up-to-date EPDs may be viewed online on the Association website. EPDs that are genomically enhanced are indicated by this symbol:

All persons who attend the sale do so at their own risk. Neither the owners, the sale manager nor anyone else associated with the sale assumes liability for accidents or loss of property.

Online bidding will be available to registered bidders through LiveAuctions.TV.

Eminence

NJW 1A 173D RITA 157F "Big Spread" || Dam of Lots 1 & 2

Burns Farms & Friends

em-i-nence *noun* fame or recognized superiority, especially within a particular sphere or profession.

- We lead off the 2025 edition of the Burns Farms & Friends Sale with what we feel is without question an **elite herd sire prospect**. "Eminence" is a powerful, rugged, stout made bull with added pigment, ideal color pattern, excellent testicular development and look to burn. Couple that with a numerical profile that is littered with GE-EPD rankings in the top 1% of the Hereford breed, and you can see why we are so high on this stud.
- Full sisters to Eminence were highly sought after in both the May 2024 and 2025 Burns Farms Female Events, commanding \$32,500 and \$30,000 to P&J Farms and Double Seven Ranch. This pedigree has continually worked for us, and we think the stars have aligned in Eminence. We continually strive to create cattle that combine elite look with an elite numerical profile, and nobody does that better than 111M's dam, the immortal Rita 157F. These cattle push the envelope on their EPD profiles without sacrificing real world structure and muscle. Study Eminence for what he is:

A game changing herd sire that will live up to his name!

Elite flush sisters sell as Lots 3 & 4...

LOT 3 || BF 11J AMBITION 25N ET

The flush sisters selling as Lots 3 and 4 have been in the back of our mind ever since their dam entered the donor pen. BF Ambition 11J, is one of our favorite cows in the donor lineup. Her pedigree needs no introduction if you've followed us along in recent years...BLUEPRINT x NOVEL 5502. When the Musser family partnered with us on 11J back in 2021, we told them to sit tight...that she would make something someday. Looking at the pictures of these two, I'd say that day is here.

We loved the sire of these heifers, Stimulus, for how sound and genuine he was in his rib and muscle shape. When we flushed 11J to Stimulus, the resulting offspring couldn't have been closer to spot on for us.

We've had several people already ask which one of these sisters is better. We aren't sure, so take your pick of which hammer you like; we'll supply the nails. We believe that these females are as good as we can produce, and we can't wait for you to see them for yourself in Pikeville!

- Buckle your chin straps, folks—it's time! We think 24N is as good as any horned female we have produced in recent years. 5502's progeny have been and continue to be as highly sought after as anything in the country. Just this past May, a son sired by Marksman commanded \$50,000 for half interest, his full sister commanded \$85,000, and a full sister to 24N commanded \$12,000.
- 24N comes at you with a monster foot and bone, soft joints, big rib, big top and a high arching head and neck set. This female will compete as a calf and keep going all the way through as a big bred. Lock in here!

- Here's a cow family that should be fresh on your mind. In May, a maternal sister to Lot 7 sired by Marksman commanded \$40,000 and recently went on to win her class at the JNHE in Louisville in July. These Generator daughters have been phenomenal for us, and 22N carries the load well. This female doesn't have a bad day. She is so correct in her lines with an extra shot of punch in her lower one-third. We are big fans of this one now, and when she hits the pasture as a producer, she won't be scared to make money.

- Opportunity knocks with this proven donor by GO King E33 out of the immortal Novel 5502. 0253 carries the incredible style, balance and power that you expect a 5502 daughter to have in addition to conservative markings and pigment. Last May in the Burns Farms Female Event, two daughters of 0253 by Merit commanded \$42,000 and \$30,000 to Delaney and GKB, respectively. 0253 is also the dam of 77 Bomber 0253 73G L35 ET, an up-and-coming herd sire in the Double Seven program who is a homozygous polled calving-ease sire with a huge spread from birth to yearling and an incredible EPD profile across the board that you will be hearing much more about in the future. 0253's only fault is that she is a DB carrier, but her progeny have been well accepted, and the positive attributes she offers far outweigh the negative. Her progeny to date have been sound, functional and good marked and possess impressive numerical profiles.

• We lead off the bred heifers with a truly unique female that is one of one in terms of her combination of an elite GE-EPD profile and phenotype. She is **the only female in the AHA database with her combination of BW, WW, YW, Marbling and \$CHB**. She is unequaled in her birth to yearling spread, maternal prowess and exceptional carcass traits. This Thomas County daughter is bold centered with extra length of side and shape. She is balanced on the side profile and projects to have a beautiful udder with small teats when she calves. The future is bright for this special young female that is a homozygous polled numerical phenom with added style, balance, power and overall quality.
