

SNEDDEN RANCH ANNUAL BULL SALE

**SATURDAY,
OCTOBER 10, 2026**

AT THE RANCH • MARICOPA, CALIFORNIA

Welcome Friends and Fellow Cattle Producers,

What an exciting time to be in the cattle business! Outstanding consumer demand and a tight cattle supply has resulted in record prices. It is exciting to know that the product we cattle producers make is the number one choice to be in the center of the plate at important meals. The shift of the food pyramid to a healthier, more protein centric alignment has made consumers realize they can achieve their health goals while simultaneously enjoying the best tasting food out there, beef. Consumers have gotten accustomed to a high-quality beef eating experience, as long as we keep the quality high, we as cattle producers should see high demand for years to come.

We humbly invite you to look through this years offering of high-quality bulls and replacement heifers. We continue to build on the foundation that was started over 50 years ago in this herd. We strive to make every generation of cattle a little better than the last while not changing the foundational principles of fertility, efficiency, and maternal excellence. We don't take your genetic investments lightly, that is why we challenge all Snedden Ranch seed stock in real world range conditions. Whether bulls or commercial replacement heifers, we believe we have something for you to consider.

*As always, we have a sight unseen guarantee on any purchase if you are unable to attend. Videos of sale bulls will be posted at **sneddenranch.com**, and online bidding will be available through **salesmadeez.com**. We appreciate your interest and look forward to seeing you Saturday, October 10th.*

*Thanks,
The Snedden Family*

2026 SNEDDEN RANCH SALE INFORMATION

GENERAL INFORMATION

GUARANTEE

We guarantee that all breeding cattle are fertile to the best of our knowledge. We guarantee all sale cattle to be breeders under normal management practices. If they are injured any time in the 12 months after they are purchased so as to make them functionally infertile, we will provide you with a satisfactory replacement, if available, or issue you a credit equal to your purchase minus salvage value at the following years sale.

**VIDEOS AND UPDATED INFORMATION WILL BE AVAILABLE
ONLINE AT SNEDDENRANCH.COM**

Online bidding available through SALES MADE EZ

HEALTH

All sale bulls will have passed a breeding soundness exam, including scrotal measurement and semen test. All bulls have been tested BVD-PI free. Anaplaz vaccinated. Three shots of Vision 8, 2 shots of Vista 5L5, and 1 shot of Vista Once and Safeguard. All Hereford bulls have been DNA-tested free of all known defects recognized by the American Hereford Association.

DELIVERY

Receive a \$50 trailer discount for any bull that is hauled home on sale day. Free delivery within 300 miles. To locations greater than 300 miles, Snedden Ranch will share delivery costs with buyer.

BULL UPDATES

Yearling weights, scrotal measurements and carcass ultrasound will be available on sale day. All Hereford bulls have Genomic-enhanced EPDs.

TERMS AND CONDITIONS

Cash or check will be terms of payment for bulls purchased.

ANNOUNCEMENTS

Announcements on sale day by the owners or sale supplement will take precedence over statements in this catalog.

LIABILITY

All persons attending the sale do so at their own risk. Neither the owners or any person associated with the sale, assumes any liability, legal or otherwise

R\$ INDEX

R\$ Index is a measure of an animal's pedigree to value its potential to make cows with longevity and calves that push down the scale. R\$ is derived by reaching back into the pedigree and measuring the number of natural calves produced by dams on both sides of the pedigree, as well as the lifetime weaning ratio of the dam's progeny. This is a completely unbiased, data based approach to find traits of critical economic importance. Individuals that rise to the top are ones that have proven longevity and weaning performance exhibited in their pedigree. As you look through the catalog, the bulls with a higher R\$ number, have a pedigree that has a proven economic advantage.

2026 SNEDDEN RANCH SALE FORMAT

Each lot will be displayed on video monitors during the auction. Bulls will be available for viewing in person leading up to the sale.

Snedden Ranch will be reserving an interest in several of the Hereford bulls, several of these are denoted in the catalog. Snedden Ranch may retain possession as a herd bull on one or more of these bulls pending yearling and ultrasound data. Feel free to call concerning the interests in these bulls as the date approaches. We will be offering updates on our website as to interest and terms of possession. Announcements on sale day regarding these bulls and any others will take precedence over the catalog.

Call Austin with any questions, 805-423-0248.

Our pick from the 2023 Frederickson sale. His first set of calves were the top selling sire group in our 2025 sale. His daughters are thick, moderate, and easy fleshing. 2401 offers exceptional calving ease and calves that grow rapidly. Expect lots of muscle expression and moderate mature size. This bull throws a lot of pigment and has great carcass traits. Owned with Lambert Ranch.

The youngest bull in the sale but don't overlook this calving ease bull. Smooth made and sound with extra carcass value in the top 5% of the breed for marbling. His dam is a long-bodied cow with a level udder.

STAMPED FOR MORE.

More Hereford-influenced females wean their first calf and breed back as 2-year-olds, remaining in the herd longer.*

COWS THAT STAY, **PAY.**

STAMPED WITH
MORE **DOCILITY**,
MORE **FERTILITY**,
MORE **EFFICIENCY**,
MORE **LONGEVITY**.

THE WHITE FACE IS VISIBLE.
THE ADVANTAGE IS MEASURABLE:
HEREFORD.ORG/STAMPED

*ONGOING MULTI-YEAR STUDY, UNIVERSITY OF ILLINOIS

COMMERCIAL HEIFERS

These heifers were chosen off the very top of our commercial replacements. We hand selected each of these as the ones we would pick to make cows.

They have been raised in rough country, weaned on long hay for 5 days and then turned back out on native pasture. We believe this is a pretty elite group of heifers that will pay for themselves multiple times in the years to come.

There are solid reds, red mottle-faced, red-cheeked and white faces. We will sort these heifers in groups of 5 based on like kind.

All heifers have been Brucellosis vaccinated and 3 rounds of Vista 5L5 and Vision 8.

Lot 1: 5 Commercial Hereford Heifers

Lot 2: 5 Commercial Red Heifers

Lot 3: 5 Commercial Red-Cheeked and Mottle-Faced Heifers
