ANGUS & HEREFORD BULL AND FEMALE SALE

Roland and Janet Starnes

Owen and Starnes Family

John and Bailey Eberhart

Maurice Lizotte and Marissa Perkins

*Do it with
Passion
or not at all*

It is with great excitement that we welcome you to our 13th Annual High Cotton Bull and Female sale! We want to welcome you to scenic Lookout Mountain Monday, October 26th. As we sit here writing this invitation letter one month prior to sale day, we often reflect on the past year, our wonderful customers, both past and present, and notice truly how fast time does go by. This summer has presented many challenges, as most of you have been through yourselves. We started getting rain when we desperately needed it, but since mid-August there's been hardly a drop of moisture. Couple that with the unrelenting heat that has been happening for all of us and we understand this is what "The dog days of summer" mean. As each day passed and we get closer to October, that just means two things: It's bull sale season, and we are one day closer to cooler evenings and temperatures in general.

What a great time it is to be in the cattle business. What we are seeing in this feeder-calf market, although a few down weeks, truly is unprecedented with extreme optimism for a strong cattle market for years to come. As you flip through the book, you will notice several half, three-quarter, and full-sibs that will sell, offering a great opportunity to have a very consistent set of offspring. We are extremely proud of this group of bulls, and we feel like this is our deepest and best set yet between both breeds. You will notice many calves are sired by industry leading bulls within each respective breed; however, we feel there is extreme value in the bulls sired by our walking herd-sires. Our focus here is simple, real world cattle that go out, work and add value to your program. Our goal is to create a consistent product designed to handle the harsh environments we can encounter in the Southeastern US. With that being said, we don't chase extremes, we choose to focus on keeping maternal value in our herd with a balanced set of EPDs. We are extremely hard on selecting which bulls will make the sale and have always leaned hard on quality not quantity. The bulls offered are slick haired and stout, ready to go to work in the hot, humid Southeastern US. There is not a bull in the sale that we wouldn't recommend to a customer because his mother isn't a good cow. We cut some very good calves every year because we don't like their mother as much for some reason. She may be a little hairy, have just an "ok" teat and udder shape, and maybe she's just not "our type". We feel very confident in these bulls ability to go out and work for you. Our bull management is not geared toward the heaviest weaning weight, or yearling weight; our bull management is done with the producer in mind. They are developed in large pastures in groups of 25-35 head on a high roughage diet to hold up under breeding conditions and not melt. Bulls with any feet problems, attitude problems, or any other problems that are detrimental to the producer are culled. We don't believe in trimming feet and disguising feet problems, matter-of-fact, our saying is that we trim feet from ear to ear hanging upside down. Now we do understand problems can arise, or develop and this is the reason we stand behind our bulls 100%. If you have a problem arise give us a call and we will work through it. While we don't have as many commercial pairs to offer as we have in the past, we still wanted to keep that division, so we made up with some spring calving Hereford cows and heifers that will go straight to work for their new owner. Following suite from last year, we are offering 8 Black Baldie yearling heifers that are ready to turn out with a bull just as soon as you get home. We feel as though you will be very proud of that set once you see them. We wanted to keep that set to use in our recipient program, but we always want to offer our very best and show you the potential of these bulls. You won't buy from a program anywhere else that appreciates is as much as we do here at TRM.

We are very much a family operation, and we could not do it without all the help "Da" Roland, "Nonnie" Janet, "Poppy" Randy, "Mimi" Kelly. Harper and John Owen keep us all on our toes, from the late afternoons in the show barn, late night on the ball fields, to letting them drive us around in the gator, we wouldn't trade anything in the world for being able to live out this dream everyday with family close. Whatever your are bobbies are do it with the whole family for "TIME FLIES."

We couldn't do what we need to do without all of the guys help on the farm. They are truly the ones that keep it going doing the nitty gritty behind the scenes work. "Da" Roland, has been here over ten years now and is an unreal asset to TRM. He thought he was coming to slow down and chase grandkids. He has chased grandkids more often but we are still trying to figure out how to slow him down. We can't thank him enough. Rickey Carroll, Randy's brother-in-law, is our tractor and equipment operating machine. He has been a big help to us, and we can let him focus on planting, bushhogging, or cutting hay so we can focus on the cows. John Eberhart has been here every day, over four years now and knows how to do anything, from cows, to fencing, to equipment operation, he is truly irreplaceable. He and his wife, Bailey welcomed their first child this past February and are amazing first time parents. Chuck Wright has been here over five years now and oversees daily care of the bulls at our bull stud and helps with all cow working at the farm. He has been a tremendous asset to the Lookout Mountain Genetics and Tennessee River Music families. Adrian Wooden, who's been here going on three years, runs the lab and business side at our bull stud and keeps the ball rolling! Our newest team member is Maurice Lizotte, who started in August 2025 and bit the ground running in all aspects of working on a cattle operation. His fiancé, Marissa Perkins, runs the day to day with Harper in the show barn. As you can see, we are very thankful and fortunate of the team we have here at TRM and would put them up against anybody! They mean everything to us.

We look forward to seeing each one of you on Monday, October 26th. If you have any questions on the bulls, please contact any one of us anytime. Bulls will be videoed prior to the sale and available online for viewing. Bulls are available to look at any time before the sale as well if you're unable to attend sale day. We know how busy life can be, and we truly value and appreciate your interest of our program. Let's have a sale!

Forever Grateful,
John and Randa Starnes

Served at 11:00 before the sale

Sale broadcast by

Real-time bidding will be available via the internet through the LiveAuctions.TV website and superiorlivestock.com.

Sale contact:
Katie Colyer 208-599-2962

Be sure to register to bid prior to sale day at LiveAuctions.TV or superiorlivestock.com (click on purebred tab). You may also contact the owners, sale manager, sale consultants or any member of the sale staff to place a bid if you will not be able to attend the sale.

Videos will be available prior to sale day.

13th ANNUAL SALE

Monday • Noon
October 26, 2026

At the TRM Sale Facility
Ft. Payne, AL

Terms & Conditions:

Cattle will sell under the suggested Terms and Conditions of their respective breed association, either the American Hereford Association or the American Angus Association.

Hereford Association:

<https://hereford.org/wp-content/uploads/2017/01/Terms-of-Sale-for-Auctions-2009.pdf>

Angus Association:

https://www.angus.org/pub/suggested_sale_terms.pdf

Liabilities:

All persons who attend the sale do so at their own risk. The owners and sale staff assume no liability, legal or otherwise for property loss or any accident that may occur.

Herd Health:

- All bulls selling have been trich tested
- Routine herd health and vaccinations are up-to-date on all bulls
- Complete BSE's (Breeding Soundness Exams) will be completed on all bulls
- Bulls will be accompanied by proper health certificates for immediate shipment

Guarantees:

We guarantee that all bulls sold by TRM are fertile to the best of our knowledge and have passed a BSE 30 to 45 days prior to selling. We know, however, that certain problems can arise after purchase. To help insure your investment, TRM will guarantee all bulls selling against breeding injury, and to be sound breeders the first breeding season, which is defined as the 90-day period following the first turnout of bulls. We will provide you with a satisfactory replacement, if available, or issue you a credit equal to the bull's purchase price minus the salvage value, if received for the bull. This is not a life insurance policy, however. We will not replace a dead animal if it is killed or dies for any reason.

- Number 2 Calving Ease Maternal EPD and Number 5 Functional Longevity EPD by a Select Sires foundation female sire whose daughters make tremendous cows.
- A full brother to the dam of the \$31,000 top selling female of the 2026 Dixieland Delight sale chosen by Trent Ray of Glencoe, Oklahoma and that full sister to this herd sire prospect if the granddam of the \$17,000 top selling bred heifer of that sale selected by David Daily of Russellville, Alabama.
- Another full sister to lot 15 by S A V Rainfall sold as the top open heifer in the 2019 Dixieland Delight Sale to Farmington Angus and Deer Ridge Angus for \$13,250.
- Ranks in the top 10% for CEM and DMI.

Lots 14 and 15

- The now-deceased donor dam of lots 14 and 15, CF Fly Bis 110, was the \$44,000-valued top selling Angus female in the 2015 Dixieland Delight Sale. 110 is a beautiful and powerful donor female that is a direct daughter of the Pathfinder Sire and former breed leader for registrations, SAV Bismarck 5682, back to a daughter of the Pathfinder Sire and ABS Global AI sire Mytty In Focus, and back to the Pathfinder granddam CF Fly Plus 2906. Four maternal sisters to lots 14 and 15 led off the Angus offering in the 2021 Dixieland Delight Sale and grossed \$18,500 to average \$6,167, with four maternal sib embryos selling for \$700 per embryo in that same offering.
- Another maternal sister to lot 14 and full sister to lot 15 by S A V Rainfall sold as the top open heifer in the 2019 Dixieland Delight Sale to Farmington Angus and Deer Ridge Angus for \$13,250, with another full sister to lot 15 producing the \$31,000 top selling female of the 2026 Dixieland Delight sale chosen by Trent Ray of Glencoe, Oklahoma. Other maternal sisters to lots 14 and 15 sold in the 2016 Dixieland Delight Sale to Burns Farm, Pikeville, TN, and Jared Ray Aden, Saint Joseph, IL, for an impressive average of \$5,125, while another maternal sister to lots 14 and 15 by Denver sold to Pollard Farms in Oklahoma for \$12,000 from our 2015 sale.

- This powerful Red Man son is one of only two bulls in the Hereford breed to possess his combination of performance traits when searching CE, BW, CW, REA, MARB, \$BMI, \$BII and \$CHB, and he posts the 2nd highest \$CHB index in this sale. In addition, 5041 has solid data for growth and maternal traits. Recommended for use on heifers, while not sacrificing growth, and outstanding feedlot and carcass performance.
- We are excited to offer the first breeding age sons of ASM 405B RED MAN 325L ET and we feel that he did exactly what we wanted him to in terms of replicating his numerical balance and the impeccable phenotype that led to him being named Grand Champion Polled Bull at the 2025 Cattlemen's Congress.
- Homozygous Polled
- Dam records progeny ratios of: BW: 3@93; WW: 2@106
- Ranks in the top 1% for CW, SCF, \$BMI, \$BII and \$CHB; top 2% for TEAT; top 4% for MG; top 5% for MARB, MILK and REA; top 6% for BW; top 10% for CED; top 11% for UDDER; top 14% for WW; top 21% for YW; top 25% for MCW.

- Lot 43 combines an incredible data set with exceptional performance and plenty of muscle and eye-appeal. Ranking in the top of the breed for Milk, MG and growth, as well as Carcass weight and REA, the male calves will mash down the scales whether you sell at weaning or retain ownership through the feedlot. In addition, you will want to retain the females for highly productive replacements with plenty of look.
- Dam is a beautiful female that originated in the Shaw program and sold in the 2026 Dixieland Delight sale for \$9,500.
- Homozygous Polled
- Dam records progeny weaning ratios of: 2@114
- Ranks in the top 1% for CW, MILK and MG; top 4% for REA; top 5% for \$CHB; top 6% for WW; top 9% for YW; top 10% for CED; top 12% for \$BII; top 13% for CEM; top 15% for \$BMI; top 18% for BW; top 22% for MARB.

- The Merit sons exemplify what the TRM Program is all about...the balance and performance in these bulls is impeccable, all offering sound Calving Ease and low Birth Weights for confidence during your calving season, but will still add performance and growth. The BMI and BII scores on these paternal brothers are all in the upper 10% making them perfect for any crossbreeding program whether it be Baldy or Brahman Influence.
- As an added bonus, these brothers offer the perfect maternal traits, ranking in the upper echelon UDDR, TEAT and Sustained Cow Fertility to produce replacement females with quality udders and added longevity.
- The Merit x Mandate mating continues to yield great results as is evident in this Homozygous Polled maternal brother to lot 65 in the 2025 High Cotton bull sale that sold for \$10,000.
- Ranks in the top 1% for SCF, UDDER, \$BMI and \$BII; top 2% for CEM and TEAT; top 3% for CED; top 7% for WW; top 8% for CW; top 9% for BW; top 10% for MG; top 19% for YW; top 21% for \$CHB.

- Lot 52 owns one of the most impressive sets of data in the entire Hereford offering. Top 1% of the breed for 5 measurable traits, as well as \$CHB index. In addition, he ranks in the top 4% or better for MARB, \$BMI and \$BII.
- The dam of lot 52, 196J, is a very well-constructed female that is long and smooth fronted. She recently commanded \$9,250 in the 2026 Dixieland Delight sale.
- Dam records progeny weaning ratios of: WW: 2@109
- Ranks in the top 1% for CW, WW, MG, UDDER and \$CHB; top 2% for YW, TEAT and \$BII; top 4% for MARB and \$BMI; top 7% for MILK and SC; top 15% for REA and SCF; top 19% for FAT.

- Like his brother, a Homozygous Polled herd sire prospect with attractive numerical balance for all measurable traits.
- Dam records progeny weaning ratios of: 1@139
- Ranks in the top 1% for UDDER; top 5% for TEAT; top 9% for WW; top 11% for \$BIJ; top 13% for \$BMI; top 15% for SCF; top 16% for MARB, SC and \$CHB; top 17% for CW; top 19% for FAT; top 20% for BW; top 21% for REA and YW.

lots 65 and 66

- Lots 65 and 66 are flush brothers that combine the balance, eye-appeal and statistics of Bar JZ On Demand with the prolific donor, the \$100,000 valued /S Lady Endure 0043H ET, who was the \$50,000 1/2 interest selection of Salt Log Branch from the 2022 Dixieland Delight. In the 2026 Dixieland Delight sale, a flush sister to these bulls sold for \$20,000 to GKB Ranch, Waxahachie. Three maternal brothers to lots 65 and 66 sold Averaged \$13,083 in the 2025 High Cotton Bull Sale. In the 2023 Dixieland Delight, a maternal sister to lots 65 and 66 by Merit sold for \$11,000 while a heifer pregnancy by Houston sold for \$9000.
- The maternal grandam of lots 65 and 66, /S Lady Leader 7201 ET, is a prolific donor at Shaw Cattle Co. She is a full sister to /S Mandate 66589 ET who was the \$62,000 1/2 interest top-selling selection of ST Genetics from the 2018 Shaw Bull Sale.
- A full brother to the dam of lots 65 and 66, /S Arsenal 00161 ET, was the \$31,000 2/3 interest high-selling bull from the 2021 Shaw Cattle Co. Bull Sale while a maternal sister was featured as lot 1 and sold for \$21,000 in the 2023 Dixieland Delight.

- The /S Devout 22097 sons are typically at the top of the spectrum for phenotype, growth and muscle, and lot 75 is no exception. He powerfully constructed and ranks at the top of the Hereford breed for both Weaning and Yearling weight. His \$Indexes of BMI, BII and CHB indicate that he will perform well in any type of crossbreeding program and his calves will perform in the feedlot and on the Rail.
- Homozygous Polled
- Dam records progeny weaning ratios of: 2@104 and third dam is an AHA Dam of Distinction.
- Ranks in the top 3% for YW; top 5% for WW; top 11% for UDDER; top 12% for \$BII; top 14% for \$CHB; top 15% for \$BMI; top 16% for TEAT; top 18% for MARB and MG; top 21% for CW; top 22% for SCF; top 23% for SC; top 25% for REA.

- Lot 76 balances phenotype and statistical data as well as any bull in the Fall Hereford group. He is in the top 5% of the breed for 5 measurable traits and top 10% for all three \$Indexes. His dam had an impressive individual weaning ratio of 118, and 4595 posted an individual weaning ratio of 109.
- Homozygous Polled
- Dam records progeny weaning ratios of: 2@103 and grandam and third dam are AHA Dams of Distinction.
- Ranks in the top 3% for UDDER; top 5% for YW and TEAT; top 6% for WW and \$BII; top 8% for MARB, \$BMI and \$CHB; top 9% for MG; top 10% for SCF; top 13% for CW; top 18% for REA; top 24% for MCW.

OUR CATTLE RANCH consists of Angus and Hereford genetics, with an emphasis on quality in all facets, from pasture to rail. The cattle spend the majority of their lives grazing lush, green grass before being finished on a grain-based ration to maximize marbling and taste. We strongly believe the key to quality meat is comfortable, respected and humanely-raised animals. High-quality animals yield a high-quality product. We have a deep love and respect for agriculture, our community, our livestock and the land that has been passed down for generations here in Northeast Alabama.

The Market at TRM was created as a way to share our locally-sourced beef with the community. Our dream has long been to bring to families the same homegrown, healthy beef that our families have been enjoying for decades. We believe in all aspects of the cattle industry, and we admire and respect the versatility of the beef animal in all that it provides. We appreciate the opportunity to join you and your family at the dinner table!
