SALE LOCATION

Wildcat Cattle Company, 14990 County Road F, Darlington, WI

INSURANCE

Insurance will be available sale day.

ACKNOWLEDGMENTS

Dr. B.J. Jones, Center Hill Vet Clinic, Embryologist
Transova Genetics, Embryologist
Adam Swigart, Photography/ Videography
Generation 6 Marketing, Catalog Design

ANNOUNCEMENTS

Announcements at the sale ring by the owners or auctioneer concerning the cattle will take precedence over printed material.

EPDS

The EPDs in the catalog were current as of 9/2/26. Up-to-date EPDs may be viewed online any time at www.hereford.org.

AI CERTIFICATES

AI certificates will not be furnished by the seller on females carrying the service of non-owned AI sires.

SALE VIDEOS & PHOTOS

All sale videos and pictures can be viewed at www.badgersouthernselect.com Additional show pictures and donor information is available at www.wildcatcattle.com.

GUARANTEE

All cattle sell under the Sale Terms and Conditions recommended by the American Hereford Association. See www.hereford.org. All cattle in this sale are guaranteed in accordance with the rules and regulations of the American Hereford Association. Any female which is stated to be pregnancy checked safe in calf is guaranteed to be pregnant at the time of this sale. All females safe in calf or with a calf at side are thereby considered breeders with no further guarantee. All females who have been serviced but not checked safe in calf carry no guarantee of this breeding. If any open heifer fails to breed, the seller must be notified by Oct. 1, 2027. Otherwise, the animal is no longer guaranteed. Females cannot be guaranteed if they are subjected to estrus synchronization or super-ovulation treatment. We understand that when something goes wrong that both the buyer and the seller have losses. We will make every attempt within reason to stand behind our cattle.

HEALTH

All females will be OCV unless otherwise noted. Per Wisconsin rule, ATCP 10.21, Animal Disease Control, all animals sold at this auction are not guaranteed of future Johnes's disease test status. Herds that are on whole herd Johnes's classification programs will disclose their test status. No animals that have ever tested positive for Johnes's will be sold. All cattle selling, except states that require Tuberculosis test, will have interstate health papers required for shipping into other sections of the United States. For cattle selling to states requiring a TB test, these cattle will be tested immediately following the sale and arrangements can be made for shipping upon test results.

TERMS OF SALE

Cash or check unless prior arrangements are made. No cattle will be released until paid in full. The auctioneer will settle any disputes as to bids and such decision will be final. Cattle will not be transferred until paid in full. Buyers should give clerks correct name, address and breeder number for transfer of sale animals. Each animal becomes the purchaser's risk as soon as sold. Announcements made sale day by the owners or the auctioneer will take precedence over statements printed in the sale catalog. All consignors would like to retain the right to two collections of either, conventional embryo flush or IVF aspiration, on all females sold in the sale. This would be at the expense of the seller and convenience of the buyer.

ACCIDENTS/ILLNESS

The sale management, the consignors and the owner of the grounds will not be responsible in any case for the condition of the grounds, the behavior of the animals or illness and disclaim any liability in the event of personal accident, sickness or property loss.

LODGING

Darlington Inn (closest)608-776-8830
201 Christensen Dr, Darlington, WI 53530
We have a small block of rooms available, rate \$130/night. Please ask for Kim Jones/Wildcat Cattle Company when making your reservations.

Quality Inn.608-987-4747

WILDCAT CATTLE COMPANY | DARLINGTON, WISCONSIN | WILDCATCATTLE.COM

BRANDSTON X LADY LUCK

AS

Choosing Lot 1 was no easy task in this deep set of heifers, but Lavender separated herself early. Ideal at the ground, beautiful necked, balanced and covered in the kind of hair fitters love, she was one we wanted to show from the start. She has already backed it up as Champion Hereford Heifer and Reserve Supreme Heifer Overall at the Wisconsin State Fair. Her dam, Lady Luck, was the 2024 Junior National Reserve Champion Cow-Calf and has become our most consistent donor. With Brandston on the top side and Lady Luck behind her, Lavender has the credentials to compete now and become a front-pasture female when she's done.

BRANDSTON X LADY LUCK

Lot 2A – A full sister to Lot 1, Lotus carries many of the same qualities that made Lavender stand out—exceptional in her structure and build at the ground, stout legged, goggle eyed and loaded with hair. She simply checks a lot of boxes. Their dam, Lady Luck, has proven she can do far more than make show heifers. She is the dam of the \$30,000 Wildcat Legacy, \$33,000 Wildcat Lemonade and Wildcat Landman, the Reserve Spring Bull Calf at Oklahoma City valued at \$64,000. That's the kind of consistency we like to build around.

Lot **2B**

Lot 2B – The youngest of the three full sisters, Lily may be the greenest today, but she could have as much future as any of them. She is super long necked, heavily pigmented and carries the same excellent hair quality as her sisters. When these Brandston x Lady Luck females hit the ground, we liked them enough to flush their dam back the same way. With Lady Luck's maternal strength behind them, we believe all three have the potential to be beautiful, productive cows long after their show careers are over.

We thought highly enough of Lilac to wean her early, and she rewarded us by being named Calf Champion at the Wisconsin State Preview Show. Sired by Travis, the 2024 Junior National Reserve Champion Bull, she is one of the first females from an exciting young sire. Deep cherry red, red necked and goggle eyed, Lilac has a design that spells cow power—ultra complete, huge bodied and exceptional in her structure. Combine that with Lady Luck on the bottom side, and the maternal potential here is hard to ignore.

Labyrinth has been a fan favorite of early visitors, with more than one picking her as their favorite of the offering. A full sister to Wildcat Legacy, the \$30,000 top-selling bull at the 2025 Iowa Beef Expo, she has the kind of body and design that simply spells COW. Moderate, stout and truly three-dimensional in her build, she combines tremendous rib and power with great structure. Add in an attractive head, conservative markings and extra eye pigmentation, and it is hard to find a hole in this one.

-4.5	3.9	61	95	39	69	0.005	0.93	-0.14	130

The youngest Lady Luck daughter in the offering, this late-March female is one exciting prospect. Levee has the kind of eye-catching look that gets you noticed—up-headed and level topped, with a tremendous rib cage and a front end that demands attention. She combines style and presence with the body and maternal foundation we've come to expect from Lady Luck. We think this one has a bright future, and we think you'll love her.

RED RIVER X PATIENCE

Patience put our program on the map, with 15 different progeny winning divisions at national shows. She can no longer be flushed, and these daughters will be among the last we offer.

Pura Vida has as much potential as any Patience daughter we've sold. This Red River female is striking from the side. She has a long, elegant neck tying high into her shoulder, a huge sweeping rib cage and a powerful hip. Add soft pasterns and an ideal leg set, and we see big things ahead.

DIGNIFIED X PATIENCE

Lot 7A – These three Dignified x Patience sisters have been favorites since we first laid eyes on them as baby calves at the cooperators, and this mating is already proving itself. Full sister, LONE OAK FLIRT N DIRTY ET, shown by Henri Gabbert, was Reserve Champion Polled Heifer at the 2025 Wisconsin Spring State Show. Paloma may be the stoutest and longest of the bunch. Level topped and big ribbed, she combines tremendous body and power with a great set of feet and legs. Hard to pick a hole in and easy to find a place for.

Lot 7B – Pillar stands out in a group. Elegant and cocky, she has a neck that ties high into her shoulder and a beautiful head that completes the look. Wide topped and level made, she combines that presence with a pleasing set to her rear leg. Another full sister, LONE OAK KISS N TELL ET, was named champion multiple times on the 2026 Wisconsin spring jackpot circuit. This mating has already shown it can compete, and Pillar brings a little different kind of style to the package.

Palomino is a unique creature—goose necked, huge ribbed and long bodied, with an awesome leg set. She brings the look up front and the body and power to back it up.

Like her full sisters, she has been one we've admired from the start. She is also extremely laid back and easy to work with, making her a great option for a younger exhibitor. This one is flat out good.

Pixie brings the power. She's massive in her makeup, huge boned and big footed, with a deep belly and a long neck. This rugged horned female is backed by a Marksman x Patience mating that has already delivered. Full sister Wildcat Providence 5347, last year's Lot 1, was Spring Calf Champion at Fort Worth for Briar Bannahan, Texas. Another full sister, Wildcat Parma 3176, was Champion at the 2024 Kentucky Beef Expo for Huck Gray, Indiana. Pixie has big shoes to fill and we think she has the pieces to do it.

TRAVIS X PATIENCE

Lot 10A

Lot 10B

Lot 10A & 10B – Among the first Travis daughters to sell in the country, these Patience sisters are like peas in a pod. Travis caught our eye with his power and mass at the 2024 Junior National, where he was named Reserve Champion Bull. Watching him develop into such a sound-moving big bull has only strengthened our confidence. Both are long bodied, long necked and super sound—soft on their feet, with the kind of running gear we want under a big bred heifer. These two are still green, but we think they'll develop into beautiful big heifers. You can't go wrong choosing either one.

24 KARAT X PATIENCE

My family thought I was crazy when I suggested flushing Patience to Angus standout SCC SCH 24 Karat 838, but nobody is questioning that decision now. These first F-1 Black Herefords from Wildcat combine 24 Karat's flawless phenotype with the mass, power and look that made Patience the foundation of our program.

Lot 11A – Impeccable in her design, moderate built and beautiful through her neck and front end, flowing into a deep belly. We haven't seen many Black Herefords, but we believe this one is elite and exactly what we envisioned when we planned the mating.

Lot 11B – Super stout and performance driven, with big feet and a traditional baldy head with goggle eyes. She reminds us so much of Patience as a young female and could be a powerful breeding piece for any Black Hereford program.

We remember the day Sangria was born. Our cooperater sent a message saying, "We've got a great one!" They were right, and she has continued to impress as she's matured. Red necked and long from end to end, Sangria combines a beautiful set of running gear with tremendous depth from her front flank through her rear flank. She is stout, complete and covered in the kind of great hair that will make her fun. Her dam, CW CC Merlot 361 ET, was added from Carter Ward's program to bring fresh genetics to Wildcat. A former Wisconsin Preview Champion and Reserve Horned Female at the Illinois Preview, Merlot is one of our youngest donors and judging by Sangria, she'll be seeing plenty more use.

MARKSMAN X MYSTERY

Lot 13A – An eye-catcher since birth, this dark cherry red female draws you in with her long neck and striking profile. She carries the soundness and eye appeal we love throughout these Mystery daughters and is one you naturally gravitate toward.

Her dam, Mystery, is a maternal sister to Patience and another foundation donor at Wildcat, who's a true power cow and still sound at 10 years old. These daughters remind us so much of Mystery as a calf, when she sold to Lauren May as Lot 1. That family resemblance gives us plenty of confidence in their future.

Lot **13A**

Lot **13B**

Lot 13B – Her goose neck grabs your attention, and the longer you study her, the more you like her. This Marksman daughter is beautiful from the side and built right from the ground up, combining the look you want with the structure to back it up. She is another reminder of how consistently Mystery passes on her soundness and eye appeal.

MARKSMAN X MYSTERY

Lot 13C – These four full sisters have a cookie-cutter design, and this one delivers that family look in a moderate, cherry red package. Eye pigmented and made right, she is especially good at the ground. She carries the soundness and eye appeal we love in Mystery with a kind of presence that is hard to deny. This is the kind of consistency that makes this set of sisters so hard to sort.

Lot **13C**

Lot **13D**

Lot 13D – Elegant with power, this cherry red, pigmented female is incredible in her design. She has the eye appeal to grab your attention and the substance to back it up. Hard to find a hole in this one. She rounds out an impressively consistent set of Marksman x Mystery sisters with plenty of style.

LIBERTY X MYSTERY

Lot 14A – Red necked, huge bellied and stout legged, Moment brings natural thickness from end to end. She carries the body and power we love in Mystery, with a proven mating behind her. This Liberty daughter is a full sister to past Lot 1, Wildcat Mardis Gras 34 ET, the 3rd Overall Bred & Owned Heifer at the 2024 Junior National.

Lot 14B

Lot 14B – Freckle faced and pigmented, Mimic is one you need to see on the move. More moderate in frame, she has a beautiful curve to her rear leg and squishy pasterns that let her travel with ease. This Liberty x Mystery daughter carries the kind of running gear we want under a female for the long haul.

BRANDSTON X POETRY

Lot 15A – Odessa has brood cow written all over her. Goggle eyed and deep bodied, this horned Brandston daughter combines a moderate frame with plenty of width and dimension.

Her dam, Poetry, is a past Lot 1 and Fort Worth Division Champion we own with Maddie Smith, Texas. This young donor is already delivering: daughter Wildcat Overtone was Reserve Supreme Female at the 2025 Wisconsin State Fair and Reserve Division at Kansas City for the Aue family.

Lot **15A**

Lot **15B**

Lot 15B – Opal is a fitter's dream, with great hair and a look that reminds us so much of Poetry at the same age. Long headed and long necked with an explosive rib cage, this horned female combines traditional Hereford markings with a little chrome that will get her noticed.

Maternal sister Wildcat Ophelia was a Division Champion at Kansas City and Reserve Division at JNHE for Karley Shivers, Iowa. We love Opal's look and the production record behind her.

The youngest calf in the offering, Truffle won't take a back seat to anyone. She blew us away as a baby and keeps impressing. Moderate yet cocky, this Premier daughter is huge ribbed and deep bellied, with a big top and a great muscle pattern.

Her dam, Pristine, is a past Lot 1 we own with Maddie Smith, Texas. We haven't had many calves from her yet, but she is already stamping them with her stunning look.

Elegant in her design, Temptress has been a standout in this offering. She combines a beautiful neck that ties high into her shoulder with a huge top and a super deep belly. This Red River daughter has the look to catch a judge's eye.

Her dam, Pristine, is one of our favorite show heifers ever, earning Division or Reserve Division honors at Kansas City, Junior National and Oklahoma City. Temptress gives us plenty of reasons to believe that show-ring presence will carry into the next generation.

OPEN SHOW PROSPECTS

Lot 18 – Chica could be a sleeper in this deep offering, but she deserves a close look. Her beautiful profile, ultra smooth shoulders and squishy feet remind us so much of her full sisters.

Her dam, MF 308N Caitlin 13C ET, was the 2021 Junior National Champion Cow-Calf and still has an ideal udder at 11 years old. Full siblings by High Roller earned reserve honors at Keystone for Abigail Billings and the Iowa State Fair for Emmet Lovrien. We see this good-looking horned female becoming a front pasture cow.

Lot 18

Lot 19

Lot 19 – Super long necked, big middled and stylish, Nectar is still green with plenty of upside. She is built right at the ground with those squishy feet we love. Feed this one and let her roll.

She reminds us so much of her dam, DelHawk Callen 48G ET, at the same age. Callen comes from the Mirage cow family, known for producing Junior National champions. Callen herself had a distinguished show career, earning Reserve Champion Female at the Louisville Junior Show and Reserve Division as a yearling at OKC.

EL DORADO X POLISHED

Lot 20A – We love Stella's length. Stout with a big hip and top, she has the makings of a power cow.

She and Sienna are the first ET calves from Polished, who earned Reserve Division honors at the 2023 Junior National and Reserve Supreme Female at the Wisconsin State Fair. Polished gave us a fantastic show career, and these first daughters have us excited about her future as a donor.

Lot 20A

Lot 20B

Lot 20B – Red eyed, moderate and good looking, Sienna puts it all together on a sound set of feet and legs.

Her sire, El Dorado, is a total outcross for our program. Bred by Copeland and owned by Hoffman and Buck, he appears to be adding look and power to his offspring. We're excited to combine that fresh pedigree with Polished's proven quality.

AI'd to Churchill Majestic 903G ET; confirmed heifer pregnancy due 9/22/26.

Aluminum is an impressive two-year-old with serious bone, power and hip. We see a true power cow in the making, and carrying a heifer calf by the popular calving-ease sire Majestic makes her even more exciting.

Her dam, Polished, is a fantastic young cow who earned Reserve Division honors at the 2023 Junior National and has since moved into our donor pen. Aluminum carries the substance and strength we're excited to build around.

Wow! Sarah spells maternal. Red necked, goggle eyed and moderate in her build, this beautiful Blueprint daughter stands on a set of feet and legs we love.

She combines Blueprint's strength across multiple traits with the maternal foundation of a beautiful uddered 028X daughter. Add a confirmed heifer pregnancy by Perfecto, and Sarah offers plenty to get excited about. A true sale feature and a breeding piece we're proud to offer.

AI'd to LCX Perfecto 11B ET; confirmed heifer pregnancy due 10/9/26.

What a way to lead off our bred heifers! From an embryo purchase from Bar Star in Montana, Whatagirl is great at the ground, long necked and long bodied with tremendous rib shape. We can't wait to see her in production.

Her dam, 410, has generated over \$500,000 on 20 bulls placed in purebred operations, with phenomenal full sisters to Whatagirl already producing at Bar Star. Her Fresh Prince heifer pregnancy will be linebred to 410, and we think the udder potential is through the roof. Don't miss her.

LADY LUCK FAMILY

Lot 24 – Moderate framed, deep bellied and packed with muscle, Ladybug has the makings of a smaller cow that should wean a whale of a calf.

Her dam, Lady Luck, affectionately known as LuLu, is our most consistent donor and the 2024 Junior National Reserve Champion Cow-Calf. Ladybug is also a full sister to Wildcat Legacy, the 2025 Wisconsin State Fair Champion Bull and \$30,000 top seller at the Iowa Beef Expo. There is plenty of production and performance behind this compact package.

AI'd to EF MF Longest Yard 19Z 228J ET; confirmed bull pregnancy due 3/17/27.

Lot 25 – Stylish, moderate and beautifully designed, Limeade combines the look we love with great structure. Her dam, Lady Luck, continues to impress us with the consistency and quality of her offspring.

Full brother Wildcat Landman was Reserve Spring Bull Calf at OKC, where his sale established a \$60,000 valuation. He'll be a big part of our program. Full sisters include the \$33,000 Wildcat Lemonade and Wildcat Lyric, Champion Heifer in the Ohio Cattlemen's Association Point Series for Gaige Hall, Ohio. That's a mating we believe in. Add a confirmed heifer pregnancy by On Demand, and there is plenty to look forward to in this young female.

PATIENCE FAMILY

Lot 26

Lot 26 – Moderate framed, stout and powerful, Poppy combines great rib shape with an easy keeping build. This Premier x Patience daughter carries the mass and substance we love in her dam.

We showed a full sister to a class win at the 2025 Junior National Bred & Owned Show before she sold to Garman Cattle Co., Oklahoma. Add a confirmed heifer pregnancy by the multiple trait leader Longest Yard, and Poppy combines the power of Patience with an exciting mating.

ALL THAT X PATIENCE

Lot 28A

Lots 28A & 28B – Dark red, large framed and long bodied, these beautiful All That x Patience sisters bring a consistent look and plenty of future. Both carry confirmed heifer pregnancies by On Demand, giving you two opportunities to put this mating to work.

Their sire, All That, was Champion Horned Bull at both Cattlemen's Congress and Denver, combining performance with an impressive EPD package across multiple traits. His semen has been available exclusively through auction, most recently bringing \$500 per unit. These sisters offer access to those sought-after genetics backed by the proven Patience foundation.

BRED HEIFERS

Lot 29

Lot 29 – Rugged built and big topped, Hannah comes from the heart of the Perks Ranch program. We've always been big fans of Copper Lady 5101, and combining her influence with Duncan on the bottom side gives us plenty of confidence in Hannah's future.

She has the build and pedigree to make an impact in production. Add the Longest Yard mating, and we think there are big things ahead for this female.

Lot 30

Lot 30 – Well grown and stout constructed, Aspen combines two outstanding cows: Caitlin and Adora 339A. Our perfect uddered Caitlin was Junior National Champion Cow-Calf and produced Aspen's sire, Casino Royale, an American Royal Division Champion. Adora 339A adds her own record of producing national champions. Aspen's dam, Amelia 015, backed up that family's reputation as Champion Horned Female at the 2021 Illinois Preview. There is a lot to like in this pedigree, with a confirmed On Demand heifer pregnancy adding to the opportunity.
